Tonight's op-ed pieces will in part shock people into saying OMG it was all in front of our faces and yet so many couldn't see it, I have spoken about seeing the patterns, the seeing of them, will reveal further patterns as they always repeat, and then connecting the dots, like The Russia with Love series connected so many dots, the pieces tonight will connect a lot more. This show is known for connecting the sleight of hand tactics and bringing it to the fore, tonight you will see the real hidden hand, of how they operate, think ahead, plan strategically and set an intention, and how sadly we the people deliver what they wanted. Time to really think and act different.

\*With regards to things mentioned last night and recent shows, and the jury being out, I will say the jury is still out.

\*Feds and traitors in The Treasury are still playing games and I suspect they are trying to get funding from The Trust for the RV program, that will not be happening ever, they can take that to the bank, if they have any left.

\*Margaret Sanger and planned parenthood, Planned Parenthood is not a modern day thing and has it's roots that go way back into the 1880's, this piece and the follow up will show where it all started. The programs of division was born as far back as then, a piece that has all the ingredients of nazism, eugenics, occultism and psychotic tendencies, with all the usual characters in place. Jack Parsons, Darwin, Hubbard, Steiner, Blavatsky, Crowley, Ku Klux Klan, the Democrats, the catholic church and Feminism, all rolled into one giant future population reduction program. Born in Ireland and an advocate for women's rights, but also a strong advocate for birth control which was banned in America until hers and others work overturned it. Sanger was arrested at least eight times for expressing her views during an era in which speaking publicly about contraception was illegal. Anthony Comstock, a grocery clerk and leader in the purity movement, purity movement is another name for eugenics, Comstock successfully lobbied for the passage of the 1873 Comstock Act, a federal law prohibiting mailing of "any article or thing designed or intended for the prevention of conception or procuring of abortion" as well as any form of contraceptive information, this was to counteract the Free love movement that was prevalent at that time, and you all thought the hippie movement of the 1960's was the first public attempt at that, clearly not, history always repeats itself. The hippie movement of the 1870's then created the counteract movement of the 1880's and the new religion program called The New Age, which was later rolled out after two world wars and population reductionism program. It was the 1930's before the banning of materials linked to contraception was partially overturned, and 1957 before it was fully overturned. This woman had serious backing from somewhere as nowhere in her records shows where her funds came from in her early days for travel globally, based in New York, she

travelled to a Dutch birth control clinic in 1915, later funding became available and followed by trips to China, Korea and Japan in the mid 1920's plus the cost of setting up a clinic, the first of it's kind in 1923, the clinic and 3 trips to Asia were all heavily funded by the Rockerfellers. After World War II, the birth control movement had accomplished the goal of making birth control legal, and advocacy for reproductive rights began to focus on abortion, public funding, and insurance coverage. Birth control advocacy organizations around the world also began to collaborate. In 1946, Sanger helped found the International Committee on Planned Parenthood, which evolved into the International Planned Parenthood Federation and soon became the world's largest non-governmental international family planning organization.<sup>[27]</sup> In 1952, John D. Rockefeller III founded the influential Population Council. There is that connections again back from the 1920's of Rockerfeller and Sanger. But before we go in deeper lets just see did their plans put in motion in late 1800's work? In America back in 1909 there was 30 live births per 1000 people, and has plunged ever since, the baby boom they all burble on about and ooh they have had too many children, is a quirk of statistics only, a small increase in the middle of a plunging drop. By 1935 that 30 births per 1000 went to 18, a drop of 12 births per 1000 in 26 years, 40% drop, during the war time and up to 1950's it went back up to 26, and since then has plunged drastically. The Baby boom era is listed as 1946 to 1964, and yet the births increase was actually 1946 to 1950, when it reached it is highest peak since of 26.5, yet by 1964, it was down to 22, since then by 1970 it was down to 17.5, by 1977 it was down to 14.5, with slight increase during 1990's to 16.5 and it has fallen ever since, by 2004 it was 14, by 2015 the last figures I could find, it was 12.4. As a point of interest with regards to the free love promiscuous movement of the 1960, the birth rate in 1960 started at 25 and end that decade on 17.5, a 30% drop. With regards to the rise of the Feminism movement the middle of the 1960's the rate was 23, it is now 12.4, almost a 50% drop in live births, now you can see how these programs work, all very silently in the background, and how largely we are all oblivious to their intentions, not no more with this and other shows. Sanger was riddled with contradictory thinking which we covered in last weeks show as this statement shows, Sanger wrote that masturbation was dangerous. She stated: "In my personal experience as a trained nurse, while attending persons afflicted with various and often revolting diseases, no matter what their ailments, I never found any one so repulsive as the chronic masturbator. It would not be difficult to fill page upon page of heart-rending confessions made by young girls, whose lives were blighted by this pernicious habit, always begun so innocently. Is it not the case that masturbation prevents pregnancies? What is wrong with self love? nothing it is connected to one self, but of course the church and others in the program, don't want people going inward do they? all external and outside of themselves, and then restrict free love as well, it is classic mindfuckery program, so people are unsure of which role or mode to be in, it is the same word that came up last week, dichotomy, a division or contrast between two things that are or are represented as being opposed or entirely different, like I said it is mindfuckery, they have done this many times on many subjects. Maybe the problem is

she was raised a devout Catholic, where sex was almost considered a crime in any form, contraception banned, whilst the ones who made those rules, were committing all kinds of heinous sexual crimes on their parishioners. So, she advocated for women's rights, women's right to have sex without the burden of pregnancy responsibility, was supportive homosexuality and was declared non racist, all sounds good to me, but her statements said otherwise and was highly controversial and contradictory in equal measure as you will hear shortly. 19. "All of our problems are the result of overbreeding among the working class... Knowledge of birth control is essentially moral. Its general, though prudent, practice must lead to a higher individuality and ultimately to a cleaner race." -- Margaret Sanger, "Morality and Birth Control," Feb-Mar 1918. 10. "No more children should be born when the parents, though healthy themselves, find that their children are physically or mentally defective." -- Sanger, Margaret. (1918) When Should A Woman Avoid Having Children? *Birth Control Review*, Nov. 1918, 6-7, 7. "Eugenics without birth control seems to us a house built upon the sands. It is at the mercy of the rising stream of the unfit." -- Sanger, Margaret. (1919) Birth Control and Racial Betterment. *The Birth Control Review*. 2. **"The most merciful thing that the large family does to one of its infant members is to kill it."** -- *Woman and the New Race*, Chapter 5, "The Wickedness of Creating Large Families." (1920) 6. "The most serious evil of our times is that of encouraging the bringing into the world of large families. The most immoral practice of the day is breeding too many children..." -- Sanger, Margaret. *Woman and the New Race* (1920). Chapter 5: The Wickedness of Creating Large Families. 21. "Birth control itself, often denounced as a violation of natural law, is nothing more or less than the facilitation of the process of weeding out the unfit, of preventing the birth of defectives or of those who will become defectives... If we are to make racial progress, this development of womanhood must precede motherhood in every individual woman." -- "Woman and the New Race," 1920 8. "As an advocate of birth control, I wish to take advantage of the present opportunity to point out that the unbalance between the birth rate of the 'unfit' and the 'fit,' admittedly the greatest present menace to civilization, can never be rectified by the inauguration of a cradle competition between these two classes." -- Sanger, Margaret. (1921) The Eugenic Value of Birth Control Propaganda. *The Birth Control Review* 9. "The most urgent problem today is how to limit and discourage the over-fertility of the mentally and physically defective." -- Sanger, Margaret. (1921) The Eugenic Value of Birth Control Propaganda, *Birth Control Review*, 17. "Organized charity itself is the symptom of a malignant social disease..." -- Sanger, Margaret (1922). *The Pivot of Civilization*. 20. "Feeble-mindedness perpetuates itself from the ranks of those who are blandly indifferent to their racial responsibilities. And it is largely this type of humanity we are now drawing upon to populate our world for the generations to come. In this orgy of multiplying and replenishing the earth, this type is pari passu multiplying and perpetuating those direst evils in which we must, if civilization is to survive, extirpate by the very roots." -- Margaret Sanger, *The Pivot of Civilization*, 1922 16. "... these two words [birth control] sum up our whole philosophy... It means the release and cultivation

of the better elements in our society, and the gradual suppression, elimination and eventual extinction, of defective stocks -- those human weeds which threaten the blooming of the finest flowers of American civilization." "High Lights in the History of Birth Control," Oct 1923. 15. "Apply a stern and rigid policy of sterilization and segregation to that grade of population whose progeny is tainted, or whose inheritance is such that objectionable traits may be transmitted to offspring." -- Sanger, Margaret. "My Way to Peace," Jan. 17, 1932. Margaret Sanger Papers, Library of Congress 18. "My own position is that the Catholic doctrine is illogical, not in accord with science, and definitely against social welfare and race improvement." -- Margaret Sanger, "The Pope's Position on Birth Control," Jan. 27, 1932. 11. "A marriage license shall in itself give husband and wife only the right to a common household and not the right to parenthood." -- Margaret Sanger, "America Needs a Code for Babies," Article 3, 27 Mar 1934. 12. "No woman shall have the legal right to bear a child, and no man shall have the right to become a father, without a permit for parenthood." -- Margaret Sanger, "America Needs a Code for Babies," Article 4, March 27, 1934. 13. "Permits for parenthood shall be issued upon application by city, county, or state authorities to married couples, providing they are financially able to support the expected child, have the qualifications needed for proper rearing of the child, have no transmissible diseases, and, on the woman's part, no medical indication that maternity is likely to result in death or permanent injury to health." -- Margaret Sanger, "America Needs a Code for Babies," Article 5, March 27, 1934. 14. "No permit for parenthood shall be valid for more than one birth..." -- Margaret Sanger, "America Needs a Code for Babies," Article 6, March 27, 1934. 4. "I accepted an invitation to talk to the women's branch of the Ku Klux Klan... I was escorted to the platform, was introduced, and began to speak...In the end, through simple illustrations I believed I had accomplished my purpose. A dozen invitations to speak to similar groups were proffered." -- *Margaret Sanger, An Autobiography*, published in 1938, p. 366 **3** . **"We don't want the word to go out that we want to exterminate the Negro population..."** -- Letter to Dr. Clarence J. Gamble, December 10, 1939, p. 2 **1**. **"But for my view, I believe that there should be no more babies."** -- Interview with John Parsons, 1947 5. "I think the greatest sin in the world is bringing children into the world, that have disease from their parents, that have no chance in the world to be a human being practically... Delinquents, prisoners, all sorts of things just marked when they're born. That to me is the greatest sin—that people can—can commit." -- Interview with journalist Mike Wallace, 1957 As you can all hear now it is contradictory This is classic program double speak, the sleight of hand tactic used often in alt media, MSM, whereby they start off with a program that on the face of it, delivers good things for the people, but it hides behind a mask of a program, with real dark intentions. The classic example of this is the New Age movement, which funny enough started with some of the same people mentioned at the beginning of this piece, New Age was an alternative religious program, all prepared back in 1880's for when the public started to walk away from organized religion, they knew it was coming, we never. All love and light and lovey dovey, but with

a twist behind, oblivious to many, it was another organized trap set for many. Sleep walking people into training camps of mind control, better known as Waldorf Steiner schools, you all go into the woods hold hands and sing kumbaya (which was written in 1920's funny enough coincidence? nope, kumbaya my lord, oh dear a calling song for Anu, come here my Anu that song means, invoking the master to come here and reign over us? kumbaya is a word magic spell song oops), whilst people are off into the woods singing kumbaya, they carried on their sinister programs, the classic distraction program, where people think they are bucking the system, and are obviously sleep walking into a new program of their making.

\*So Sanger was one of the several programs ran from around 1880's through 1920's which set the stage for their future and are modern day programs, 1880's brought us Blavatsky, Albert Pike, which rolled into Rudolph Steiner, then Crowley and onto Hubbard and Parsons, Scientology, then into new age and the channelling programs, all of them have elements of not necessarily the truth, which they did, but more of a case of what you wanted to hear, it is the classic fishing program technique, where they lure you onto the line, and you can't see the hook at the end of it. Even when people see the hook, they go into Stockholm syndrome style behavior, due to investing so much time into it, and rather than feeling or looking stupid by admitting they went on a wrong path, which we have all done several times, they will defend it to the point of total unsanity, the classic example is the RV people, but the main one is religion, that has some way to go yet, before it fully reveals itself to the many, the pure folly of following that program. Nearly all of our current ills stems from that time period, Fed Reserve, Nazism, Eugenics and Research programs now known as black budget, genocide of many in WW1, genocide of the people of Rus and Slavic Ayrans which set the stage for the reverse program 20 years later, with the Nazis and their white only Ayrans race seeding the populace program, it was never totally about the Ayrans race and white only, but to get the public to hate all things white, and at a later date and link it with the Ayrans program and proverbially kill two birds with one stone, an example of this is Black Lives Matter, of course their lives matter, but they fail to see it is another program, all lives matter. The Ayrans program was sowing the seeds for a future program, get everyone against the idea of white only as that is Nazi, that is Ayrans superior race bs, no it was a hidden agenda of their next plan, eliminate the whites not the blacks. This next bit will shock you all, In the 1920's white people's were 30%+ of the world's population, that is now down to 12%, 2/3rd's of white peoples demographics gone in under 100 years, think about that for a second, 2/3rd's of one species gone, yet where is the save the whites program? white lives matter? save the whites charities? or public concerns of how to protect the whites? There is none, why? quite simple, they are trying to erase that group. There is no white power groups allowed remember, why? because of the program that was etched into peoples psyche, the equivalent of looking at a midday sun for longer than a few seconds by the Nazis, white power is fascist, racist, violent and divisive, oh the irony of all those words.

See how easy it is to set it all up over time? and also see how few could work out the real agenda behind it, only critical thinking will arrive any researcher to his destination, to the rest, you are stuck in the same station for the rest of your life, following a narrative these think tanks groups have all laid out for you. They plant the seeds, but it is we who grows them by blindly following their script and plans, we have to stop doing that and reverse the course, thinking and narrative. People will ask why eliminate the whites, common sense answer is the whites are their biggest threat, one could argue we are the most creative, that's not said to denigrate other colors, but many of the creative ideas, not necessarily the delivery of the ideas (sadly in most cases color slavery was used for that) have all come from the white race. So, if you connect the dots eliminate 70-90M Rus, eliminate Slavonic Ayrans which includes parts of Turkey, Syria and Iran (which means Land of the Ayrans), decimated Europe in WW2 then flooded it with migrants, create fear program of all things Ayrans via The Nazis and the stage is set, see the pattern now? once you see the pattern, you then connect the dots. The reality was it was setting the stage for the next program of WW3 clash of the civilizations of Muslims and Christians designated for 1990, which would have led to destruction of middle east, Europe and the Americas, setting the stage for Eastern control, as arranged back in 1912. Russian holocaust was done, the 6M Jews figure was imprinted into peoples psyche, Balfour Declaration, elimination in WW1 of between 20-50M Chinese (has anyone asked how 20M never mind 50M chinese were killed? or by whom? (when they never left their borders?))Planned Parenthood, Occultism and Crowley, Steiner narrative, the takeover of Ireland, takeover of the worlds finances, the changing of peoples culture and boundaries, the creation of the wealth families like Rockerfellers, Carnegies, Rothschilds, Warburgs etc kicking into a new gear, and people thought the Nazis in 1940's were the worst? that was the sleight of hand, these people, groups and programs were all implemented 50 or so years prior, and humanity 100 years later is still paying the price for that time period. The sinking of the Olympic not The Titanic heralded in the real dark ages of humanity, in essence the ship sinking is symbolic of the sinking of the white race, from where I am standing it is the elephant in the room, classic sleight of hand, appear to target one group, but are actually manipulating another, but it also symbolizes the fall of humanity in many ways, we have descended into the pit and we have a long climb to get back out, ultimately that rests in each and every one of us to make that climb.

\*In regards to the mention of where are all the good guys and reply there are none, is more true in the highest levels than people think, all bought and paid for to play their game, there is a few who got wrapped up in the system, but for the majority it is in them all along, cabal go on profiling from a young age and categorize if people fit into certain molds or roles, so it is in their DNA so to speak to begin with, like the cor-pirate structure, it is all about how far you can trample all over your work colleagues to get to the so called top, reality is, you are nowhere the top as you thought, you all just bought into the illusion of being important, even some of the 301 bloodline families have found

that out to their cost recently. Then we come to our level, of where are all the good guys? there is many good people, 1. but will they wake up? 2. if they do wake up how far will they go to be the change? 3. are they prepared in some cases to sacrifice their lifestyle to get involved? 4. will they accept heightened levels of abuse and ridicule? 5. will they put their life on hold whilst doing so? 6. Will they be bought off to shut up or stand down? 7. will they literally put their life on the line for the cause? 7 big questions that all can ask of themselves, the reality is very few will do all 7, and therein lies the issue does it not, just how far are you prepared to go to change not only your life, but everyone else's, it's a big sacrifice that sadly only the few are prepared to make, fighting for a cause that is greater than you, those people are few and far between, we know we have observed it. The key is like the 100 series, you have to create good guys by joining up together, overlapping circles of people that eventually form the pattern of the flower of life, that is our task ahead, and if you really want change, more people have to have the fortitude to do all 7 of the above. One of my biggest bug bears in America is the so called militia, training in the woods forever and a day it seems. Militia groups were highly prevalent around 2009 - 2014 that they were going to do this that and the other, reality is they did jack, now I know there are many passionate militia around the country who were willing to do what their affiliation stands for, but it was riddled with anti American agents, agency spooks and also cowards. The minute they were asked to do anything of note, they all turned tales and ran, fine running around the woods and shooting animals for sport it seems, but when it comes to real action, off they ran hiding behind legalese, oh we can't do that it's illegal, really? but our whole system of government is illegal and that's ok is it? The militia was formed to step in if a government went rogue supposedly, how rogue has it got to be before they act? I rarely give myself any praise as it is not in my nature, but you people should be utterly ashamed that a Brit has done more to try and correct the ills of this country, than all of you combined, and that applies to all Americans who haven't stood up enough as well. This is your country, you were all born here, I wasn't, proud to be American many of you sing, but not proud enough to protect and fight for your fellow Americans? it's shameful and a national embarrassment, stand up and show some back bone will you. This is your country, your country I am telling you now is in a death spiral, that is not a throw away line, it is a fact. We are dying by a death of a thousand cuts and you have by and large ignored it, 330M people and only a few bother, whilst pandering to psychopaths like Bushes, Clintons, Cheney, Rumsfeld, voted for people who are known sex offenders, voted for Nazis, and voted the mentally challenged like Pelosi and Waters, to name but a few, you all voted for them, they never forced you to vote, you just followed orders, have you forgotten you have your own choice, not theirs? Triality thinking not duality thinking, the glorious human creation that we are, reduced to cowering, fear, personal and collective apathy, acceptance of slavery, acceptance of crimes that are the most heinous things I have ever heard, acceptance of child abuse, child sex slavery, child harvesting and child ritual abuse, torture and death, and the majority of you in this country just ignore it, Proud to American? not in my book it's all

fake, and it is time when all stepped into reality. The important thing is not whether we get funding, or whether there was russian collusion or not, or whether Hillary has done 2000 crimes or just 1, the important thing is you all fight to save this country, it's dying, the financials are gone, there is nothing left, no military, no government, no constitution, no currency, no banks, no rights for legal representation, your car, your home, your possessions, your bank accounts and the worse, no rights to your children, and we tolerate this shit and spend time arguing whether the earth is flat or round, use the source damn brains you were born with for once, and fight not only for this country, this planet, but for the very survival of our species, and again that is not a throw away line, it is a fact. JFK's words ring in the ears, ask not what your country can do for you, ask what can you do for your country, reality is, the country has done nothing for us, so ask what can you do for your people? This is your country not mine, and it is both sad and shameful to me that a Brit has stood up more for this country than the majority of Americans have, time for you all to do your part me thinks and reverse that path. I am proud to be and live American, but how many of the 330M can really say they have done their part in saving the peoples of this country?
