Statements without facts, fact is fiction and fiction is fact, it will get ugly, pro pagan da no longer works too well, those that shout loudest are those who have much to cover up themselves, transparency will always over ride secrecy and pseudonyms, truth shines through no matter how long it takes, critiques are in the millions, whether awake or asleep there really is no difference, those actually doing the work are the few, those that target others are actually targeting themselves, envy like bitterness is a terrible disease, pointing fingers away from you never solved anything, ain't it a cohen cidence that those who critique are not in state or country groups and don't contribute to the TPC, question remains is what are you doing for humanity? I guess our show is having a big impact and it bothers some, inside and outside of the group, mainly those who haven't done an ounce of their own work. Our show and host will go on having a big impact in making this world a better place to live not exist on, too much chagrin from the weak, unhinged and under developed children, that reside in adult bodies.

Tonight's show will have a plethora of confirmations that were put out previously by this show, investigations, corruptions now being exposed, the programs ran us exposed now and is there for all to see. The impact this show is having now is enormous and encouraging, which is why the old system peoples attack it. It is a massive win for the alt media, despite it being littered with agency based trolls and narratives, that the media is covering our stories and wasting vast amounts of energy, resources and time trying to spin it back in their favor, it's not working and making them look more stupid than they are, they have lost the narrative and resort to their statements with no facts tactic, that is not working too well now either. oops. Tonight's show will be like a FRWL show mixed with the Clowns in Panic, so many confirms. The TPC introduction video is now up on thepeoplesclub.org website, and I hope you all enjoyed it and are encouraged to share far and wide. Donations are accepted via the thinkdifferent.thepeoplesclub.org site or via Paypal with email address of tgwusauk@hotmail.com I want to say a big thank you again to all who have contributed to The Peoples Club, including to the person with the large donation today, thank you very much, it is an investment into humanity, an opportunity to look after ourselves, an opportunity to improve peoples lives, and if people wish to critique that then fine, says more about them than me. Part 2 explaining the cooperative business model will follow shortly, it is almost ready. I would like all state and country groups to discuss these videos on their zoom calls and come up with ideas amongst you, to widen out the \$1 or more effort, also to check in your calls have people signed up for the automatic payment or contributed? We start from within and then expand out. Everyone can afford \$1 a month at least. Part 2 will be something all has to absorb and grasp, as that will be your responsibility to teach the wider masses about, when the time is right.

Small reminder to listeners in THI State and country groups, you must be in the group of the State or country you reside. Up to the leaders of the group to ensure that each member is from that state or country. When funding comes out members will be asked to validate their residency to the leader of the group, anyone found in the wrong group at that point, will be removed from the funding process. This is important to adhere to going forward, we have made few rules with regards to the groups, but this one is essential. To the leaders please double check your members list and remove those not residing there, even if you are friends. You are representatives of your state and country remember that, this is not a social group setting, this is a business and humanity restoration setting. Please stop requesting of our admins can you move to another state or group, it is not allowed. A further request to ask members to stop asking me, Holly, Ra, Michele or James for them to discuss or review your ideas or projects, all of us do this in our free time of which is limited, this is what your state and country groups are for, discussing ideas, building projects and coming up with proposals amongst each other. All proposals should be sent to thepeoplesclub.org website, you will receive an acknowledging email and you will not hear back until funding is in place. If you are setting up a new group, 1 per state and 1 per country as it stands, but please check via FB or Mewe by searching for THI - and state and country first, not just ask the admins to do it for you. Your group must have THI- and name in the title of your group, this is for ease of searching. Your group needs to have the guidelines posted in your group and your group must be registered with Holly or Ra and entered into the database file to be recognized as an official THI group, those not registered will be discounted when funding arrives, you have had around 9 months to get your groups in order, and it disturbs me the amount of time people are pulling on Holly, Ra or myself with basic questions at this point.

A twitter exchange between Trump and other people led to an exchange about the issue of thousands of dead people voting Democrat. Words flowed back and forth then one person said dead people don't vote Charles, so I'm not sure what point you are trying to make. Ignorance is a choice, all people who vote are already declared dead, which is why your names is in capital letters. As of yesterday, the oldest man in the world was confirmed to be 112 years old & 344 days and he lives in Niigata, Japan So how can Michigan explain having someone on their voter rolls born in 1823, making them 84 years older than the oldest man in the world?

It's not every day that the new boss flies in to give employees the stunning news that they're getting an instant raise to meet a \$50,000 minimum salary, but Gravity Payments CEO Dan Price isn't a typical boss. Price, who helms the Seattle-based payment processing company, famously slashed his \$1 million salary in 2015 to give all employees a minimum \$70,000 salary. Most employees at the company were making under \$30,000, according to Price. As part of the deal, he committed to immediately raising the minimum salary to \$50,000, offering many employees a significant pay bump.

He'll also give employees a \$5,000 raise each year, culminating in a minimum \$70,000 annual salary by 2024. Price said he was inspired to start the minimum income experiment after he read an article that detailed how more money can make a crucial difference in fostering happiness in the lives of people making less than \$70,000.

MSNBC's Rachel Maddow has been pushing unfounded and salacious conspiracy theories for years about President Donald Trump and Republicans. Maddow made herself the Queen of fake news after she dedicated two years of her show to falsely claim to her viewers there's evidence Trump colluded with Russia to win the 2016 election, but her lies finally caught up with her a few months ago when the conservative network One America News Network (OANN) smacked her with a cease and desist letter. Maddow is now in court trying to defend herself -- with legal help from Comcast and MSNBC -- because she's being sued for \$10 million for claiming a OANN reporter is a Russia asset trying to subvert America and help Trump. This story has taken several turns in recent months. "We literally learned today that that outlet that the president is promoting shares staff with the Kremlin," Maddow said July 22. "I mean, what? It's an easy thing to throw out ... 'Hey, that looks like Russian propaganda.' In this case, the most pro-Trump, right-wing news outlet in America really, literally is paid Russian propaganda." Statements not facts again Ms. Maddow

Apple has been fined 25 million euros (£21m, \$27m) for deliberately slowing down older iPhone models without making it clear to consumers. The fine was imposed by France's competition and fraud watchdog DGCCRF, which said consumers were not warned. In 2017, Apple confirmed that it did slow down some iPhones, but said it only did so to "prolong the life" of the devices. Apple said in a statement that it had resolved the issue with the watchdog. Many customers had long suspected that Apple slowed down older iPhones to encourage people to upgrade when a new one was released. In 2017, the company confirmed it did slow down some models as they aged, but not to encourage people to upgrade. It said the lithium-ion batteries in the devices became less capable of supplying peak current demands, as they aged over time. That could result in an iPhone unexpectedly shutting down to protect its electronic components. So, it released a software update for the iPhone 6, iPhone 6s and iPhone SE which "smoothed out" battery performance.

The World Health Organisation (WHO) has warned that "trolls and conspiracy theories" are undermining their response to the new coronavirus. WHO Director General Dr Tedros Adhanom Ghebreyesus told reporters that misinformation was "making the work of our heroic workers even harder". More than 34,800 people have been infected with the new coronavirus worldwide, the vast majority in China. There have been 723 deaths in China and one death abroad, in the Philippines. Of the 34,598 people infected within China, Dr Tedros said almost 25,000 are in Hubei Province - the region where the

outbreak was first reported, which has since become the epicentre of the virus. "I would also like to speak briefly about the importance of facts, not fear," Dr Tedros said. "People must have access to accurate information to protect themselves and others." He said misinformation around the new strain, 2019-nCoV, "causes confusion and spreads fear to the general public". "At the WHO we're not just battling the virus, we're also battling the trolls and conspiracy theories that undermine our response," he added. no you are battling losing your fake narrative.

WASHINGTON (Reuters) - International Monetary Fund Managing Director Kristalina Georgieva on Friday made her first major personnel move since taking over the institution last October, announcing that her top deputy, David Lipton, will leave at the end of February. The IMF said Lipton's departure as first deputy managing director was "in the context of changes she will be making to the leadership team." Lipton, a 66-year-old American economist, had held the position since September 2011, longer than any other first deputy managing director. But his departure comes 19 months before his official term expires in September 2021. Often critical of U.S. President Donald Trump's trade policies and tariff actions, Lipton began his professional career as an economist at the IMF in 1981, working to help stabilize poor countries. He also served as the U.S. Treasury's undersecretary for international affairs from 1993 to 1998 under President Bill Clinton and later worked in private sector finance, and Deputy Managing Director Carla Grasso, who was in charge of administration, will leave at the end of February. Musical chairs because things are not going according to plan.

The US has charged four Chinese military officers over the huge cyber-attack on credit rating giant Equifax. More than 147 million Americans were affected in 2017 when hackers stole sensitive personal data including names and addresses. Some UK and Canadian customers were also affected. Announcing the indictments, Attorney General William Barr called the hack "one of the largest data breaches in history". According to court documents, the four are allegedly members of the People's Liberation Army's 54th Research Institute, a component of the Chinese military. They spent weeks in the company's system, breaking into security networks and stealing personal data, the documents said. The nine-count indictment also accuses the group of stealing trade secrets including data compilation and database designs. The whereabouts of the suspects is unknown and it is highly unlikely that they will stand trial in the US. FBI Deputy Director David Bowdich said: "We can't take them into custody, try them in a court of law, and lock them up - not today, anyway." remember this piece I did in an earlier show of military involvement on the internet, now being uncovered

The senior Twitter executive with editorial responsibility for the Middle East is also a part-time officer in the British Army's psychological warfare unit (remember that term psychological warfare it will come up again soon), Middle East Eye has established.

Apparently, Gordon McMillan – twitter’s head of editorial for Europe, Middle East and Africa – not only works for the British government, but is a reservist in the 77th Brigade. In case you don’t know what the 77th Brigade is, it’s a “counter-intelligence” unit set up to “combat disinformation” on social media, they spread pro-Western propaganda on Twitter and Facebook. The unit was announced in 2015, in response, you can imagine, to a series of losses on the information warfare front, mainly re: Syria and Ukraine, it is not just there, they are losing information war on all levels.

Sudan's rulers have agreed to hand over ex-President Omar al-Bashir to the International Criminal Court (ICC) to face genocide and war crimes charges. Bashir is accused of serious crimes in a conflict that broke out in Darfur in 2003 and led to the deaths of 300,000. Authorities said the former president, and others charged by the ICC, should appear at The Hague to face a tribunal. The commitment came at peace talks between Sudan's government and rebel groups from the Darfur region. "Justice cannot be achieved if we don't heal the wounds," said Mohammed Hassan al-Taishi, a spokesman for the Sudanese government.

The number of US troops suffering from traumatic brain injuries (TBI) after an Iranian attack on a US base in Iraq in January has risen to 109, according to US officials. The figure is a significant increase from the 64 injured service members previously reported by the Pentagon. President Donald Trump initially said no Americans were injured in the raid. The attack on 8 January came amid tensions over the US killing of an Iranian general. Nearly 70% of the injured service members have returned to their duties, the Pentagon added in its statement. That story is a pro pagan da piece brought to you by Deep State clowns wanting to escalate war, failed again.

The US has launched investigations into Harvard and Yale universities over suspicions they received undisclosed funds from foreign countries, including Saudi Arabia and China. The US Department of Education said the elite schools did not fully report hundreds of millions of dollars in foreign gifts and contracts. Harvard and Yale told the BBC they were preparing responses for the government. It comes amid a clamp down on foreign funding to academic institutions. Under US law, universities are required to report all gifts and contracts from foreign sources that exceed \$250,000 (£193,000). Since July, the Department of Education said it had uncovered some \$6.6bn in previously unreported gifts from countries including Qatar, China, Saudi Arabia and the United Arab Emirates. It said this figure could be "significantly underestimated". Officials have previously described foreign spending on US universities as a "black hole" and warned that such money can come with strings attached. "This is about transparency. If colleges and universities are accepting foreign money and gifts, their students, donors, and taxpayers deserve to know how much and from whom," said US Secretary of Education Betsy DeVos. "Unfortunately, the more we dig, the more we find that too many are

underreporting or not reporting at all," she said. The Department of Education said Yale University had chosen not to report any foreign funding over the last four years, and is suspected of failing to disclose at least \$375m in foreign gifts and contracts. The agency said it was also concerned that Harvard lacked "appropriate institutional controls over foreign money" and had failed to fully report foreign gifts and contracts. Earlier this month, the chairman of Harvard's chemistry department and two Chinese researchers were charged with making false statements about ties to the Chinese government. well well well now its getting fun.

The UN human rights office has issued a long-awaited report on companies linked to Jewish settlements in the Israeli-occupied West Bank. The report names 112 business entities the office says it has reasonable grounds to conclude have been involved in activities related to settlements. They include Airbnb, Booking.com, Expedia Group and Motorola Solutions. The Palestinians said the report was a "victory for international law", but Israel called it "shameful". About 600,000 Jews live in about 140 settlements built since Israel's occupation of the West Bank and East Jerusalem in 1967. The settlements are widely considered illegal under international law, though Israel has always disputed this. The Palestinians have long called for the removal of the settlements, arguing that their presence on land they claim for a future independent Palestinian state makes it almost impossible to make such a state a reality. Last month, US President Donald Trump unveiled a peace plan that may pave the way for Israel annexing the settlements. In an address to the UN Security Council on Tuesday, Palestinian Authority President Mahmoud Abbas reiterated his rejection of Mr Trump's plan, describing the proposed Palestinian state as looking "like a Swiss cheese".

Sixty-four white supremacists have been sentenced to a combined total of 820 years' imprisonment in what is believed to be the largest collective prosecution of white supremacists in the United States, according to the U.S. Attorney's Office for the Northern District of Texas. On Thursday, Garry Cody Jones, 51, was sentenced to over 11 years in prison for his role in a drug dealing scheme, marking the 64th and final hearing in the second round of sentencing for a series of kidnapping and drug-related conspiracies involving hate groups. Jones' lawyer did not return a request for comment. "Not only do white supremacist gangs endorse repugnant ideologies, they also facilitate a violent drug and gun trade, putting our citizens in grave danger," U.S. Attorney Erin Nealy Cox said in a press release. "We were alarmed – but not necessarily surprised – at the quantities of drugs and firearms recovered during this investigation. The U.S. Attorney's Office is committed to working with our law enforcement partners to dismantle these organizations, disrupt their criminal activities, and put their members behind bars." Other defendants were charged with offenses ranging from threats to violent assaults. In one instance, a suspected neo-Nazi had "attempted to run over officers during his arrest."

HSBC has said it will axe around 35,000 jobs as it announced profits for 2019 fell by about a third. That has spurred the bank to target \$4.5bn (£3.5bn) of cost cuts by 2022 as part of a major restructuring. The bank's interim chief executive, Noel Quinn, said HSBC would scale back its headcount from 235,000 to about 200,000 over the next three years. HSBC, which makes the bulk of its revenue in Asia, reported annual profit before tax of \$13.35bn (£10.3bn). It said the fall in profits was mainly due to \$7.3bn in write-offs related to its investment and commercial banking operations in Europe. The 35,000 job losses are deeper than expected, and represent about 15% of the workforce. Analysts had expected about 10,000 jobs to be cut. Indicative whilst they all sit back and wait for orders from Roths and black sun, Titanic is sinking, lifeboats are ready but they follow orders towards their own demise.

Tel Aviv — It's a tense stakeout, waiting for Jimmy Julius Karow to appear. He is a wanted man and is considered dangerous. Accused of sexually assaulting a 9-year-old girl in Oregon in 2000, he fled to Israel before authorities in the U.S. could apprehend him or figure out where he went. Karow has been running from U.S. law enforcement ever since. Currently INTERPOL, an inter-governmental policing organization that works with 194 countries, has a Red Notice to alert police worldwide that he's a fugitive. Two years after he fled the U.S., Karow was convicted by an Israeli court of child molestation in a separate case. He served time and was released. Now another alleged Israeli victim has come forward, saying he began abusing her when she was 5-years-old, and continued for years. A CBS News investigation has found that many accused American pedophiles flee to Israel, and bringing them to justice can be difficult. Jewish Community Watch (JCW), an American organization that tracks accused pedophiles, has been trying for years to find Karow and help bring him to justice. JCW says Karow and other wanted men and women have been able to exploit a right known as the Law of Return, whereby any Jewish person can move to Israel and automatically gain citizenship. Since the small organization started tracking accused pedophiles in 2014, it says more than 60 have fled from the U.S. to Israel. Given its limited resources to identify these individuals, JCW says the actual number is likely much larger. "The same thing that is going on in the Catholic Church right now around the world, the exact same thing is happening in our community," JCW's founder Meyer Seewald told CBS News. "The cover-ups are the same, the stigma, the shame." Seewald says tightly-knit Jewish communities across the U.S. will sometimes meet accusations against a member with incredulity, and that can have a chilling effect. "Everyone goes and surrounds this individual and supports him because they can't believe a person can do such a crime. They take the abuser's side and the abuse continues," JCW says the majority of its cases originate from modern Orthodox to Ultra-orthodox Jewish enclaves in the U.S., but that it happens across the wider Jewish community. Because perpetrators can't be held accountable unless victims come forward, many cases are believed to go unreported. To

try to get them out into the light, JCW holds awareness events across the U.S., and offers victims of sexual abuse advice and emotional support. JCW tracked him down and confronted him in Jerusalem with a hidden camera. Yomtov admitted that he violated his probation and illegally fled the United States, with help. He also said that in Mexico he obtained a fake passport in order to travel to Israel, where he lives illegally. Epstein anyone?

Switzerland said it is investigating a report that the CIA and Germany's intelligence agency used a Swiss firm's encryption technology to spy on more than 100 nations. The company, Crypto AG, was the dominant maker of encryption devices for decades. None of the countries that bought the equipment knew it was run by the CIA in a secret partnership with West German intelligence. The spy agencies rigged the devices so they could easily read the encrypted messages. The Washington Post detailed the partnership and the company's history in a lengthy piece published Tuesday. The Swiss Defense Ministry then said it is scrutinizing Crypto's activities "to investigate and clarify the facts of the matter," according to Reuters. "The events under discussion date back to 1945 and are difficult to reconstruct and interpret in the present day context," the ministry said in a statement. A classified CIA report on the decades long operation refers to it as "the intelligence coup of the century" because it allowed the intelligence services to read top-secret messages of dozens of countries, including during times of crisis. The German intelligence agency left the partnership in the early 1990s, after years of tension over money and the Americans' willingness to spy on some of their allies. The CIA sold off the company's assets in 2018, creating two successor companies: Crypto International and CyOne Security AG. If Swiss authorities allowed the operation, Crypto may not have violated the country's laws that limit "unwelcome" espionage activities by foreign agents. However, Swiss politician Balthasar Glaettli said that if the country knew about Crypto's activities, "it would undermine the foundations of our political identity." Crypto International owner Andreas Linde called the report "distressing" and said his company has no connections to the CIA or German intelligence. CyOne Security said it also has nothing to do with the spy services. Swiss Economy Minister Guy Parmelin suspended the general export licenses of both companies until "the situation and open questions have been clarified." Clowns in panic show - oops

SUB INTEL The new decade in American politics has started with a hangover that keeps on getting worse - a quickening of the downward democratic spiral we have witnessed over the past 30 years. So much of what has gone awry has been resident in the trial of Donald Trump. The partisan vitriol. The degradation of debate. The use of what were previously rarely used weapons - in this instance impeachment - to escalate America's ceaseless political war. This sorry saga has offered yet more proof that, far from being an aberration, the Trump era is a culmination. The hyperpartisanship of Republicans and Democrats has been evident in the party-line votes to impeach and acquit. The coarseness

and ugliness of political discourse we have heard every day, which prompted the Chief Justice of the Supreme Court John Roberts to tell both sides to dial back the rhetoric. Again we have witnessed the negative statecraft of Republican Senate Majority Leader Mitch McConnell, who used parliamentary procedures to bar witnesses from even appearing in the trial - a case, historians may well conclude, of jurors actively obstructing justice. McConnell managed to block Barack Obama's final Supreme Court nominee, Merrick Garland, for almost a year. In preventing the Democratic House managers from calling witnesses, such as the former National Security Advisor John Bolton who could have completely blown up the president's defence, he hardly broke sweat. In their rush to impeach Donald Trump, the Democrats also decided not to fight a lengthy court battle for the right to hear testimony from Bolton and other White House aides. This opened them up to the criticism that the process was a naked political play rather than a grave constitutional undertaking. An interesting piece put out and the first signs of media discontent of how politics plays out, but they are also responsible for much of the theater as well. Twisting words and sentences to make people look bad, highlighting non important issues and never focusing on the policies.

A doctor who took his own life in Chicago left a note suggesting he had become "averse" to vaccinations and may have falsified records. The doctor, Van Koinis, may have left children unvaccinated, the Cook County Sheriff's Office said. Van Koinis expressed regret for his actions but his note was ambiguous. Officials are investigating if the much-loved paediatrician forged records so that anti-vaccination parents could obtain documents required for schools. Dr Koinis reportedly wrote that he had become averse to immunisation in his last decade of work. "He was incredibly regretful for what he did and it was the only thing he mentioned in the suicide note. It was this and only this," Chicago Cook County Sheriff Tom Dart told US media, adding that the note was "cryptic". "The biggest issue is parents who are under the impression their children are immunised when they are not," Sheriff Dart told the Chicago Sun-Times. Doctor writes a note of his anti vaccine stance, media twist it into something else, what happens when you lose information war, they are left to twist and spin things, that is a win for us.

The 2019–20 Wuhan coronavirus outbreak began in December 2019, in the city of Wohan, which houses the only Chinese biosafety level 4 facility. no coincidence. 1000 dead they say, where is their proof of claims? Why doesn't the alt media attack the media and ask them to show the proof to support their statements? Why do we blindly follow any organizations claims, when no evidence is supporting what they are saying? Stating that 1000+ are dead does not mean 1000 have died from that alleged dis ease, given most of their reports comes from Reuters which is ran by the CIA. Given the disease is so close to another country I am amazed they havent blamed the Russians for that yet.

Here is another MSM statement with zero evidence to support it, remember the 11K scientist piece on climate change recently? this is the same script. More than 2,000 former Department of Justice officials are calling on Attorney General William Barr to resign, according to the group Protect Democracy. "Political interference in the conduct of a criminal prosecution is anathema to the Department's core mission and to its sacred obligation to ensure equal justice under the law," according to the group, which has been critical of the administration in the past. The nonpartisan, nonprofit group said that the attorney general has "flouted" that fundamental principal. The former DOJ officials said it is "outrageous" the way Barr interfered in the Roger Stone case.

Lt Colonel Alexander Vindman is leaving the National Security Council (NSC) for the Pentagon, according to sources. But the president denied reports that his Acting Chief of Staff Mick Mulvaney is also for the chopping block. Mr Trump is said to desire a staff shake-up after senators cleared him in the impeachment case on Wednesday. Alexander Semyon Vindman (*né* Aleksandr Semyonovich Vindman) and his identical twin brother, Yevgeny, after the death of their mother, they were brought to New York by their father, Semyon (Simon), and were born in the Ukraine to a Jewish family.

NYT QAnon, a baseless but sprawling pro-Trump conspiracy theory, began online in 2017. It has since attracted thousands of followers, bringing what researchers call a cult and what the FBI says is a potential domestic terror threat into the offline world. FBI FOIA denied that is the case. More media lies, there is enough of which even in this show is considerable, this is all they have left now, spread lies, keep calling them out, we are winning the information war.

Here is a small list of what has happened around the world for those who say nothing is happening. Chinese Telecommunications Conglomerate Huawei and Subsidiaries Charged in Racketeering Conspiracy and Conspiracy to Steal Trade Secrets Jussie Smollett indicted with 6 charges for his hoax of hate crimes, in my opinion he should receive the same sentence a homophobic attacker would, and also the same sentence a racist attacker would receive, plus an additional period of time for the damage he has done to the people, in terms of our coming together. Something in line with the despicable white supremacists group got that was mentioned earlier. The Justice Department launches legal assault to roll back sanctuary cities AG Barr announced that Giuliani had turned over to them, investigative information about Ukraine corruption with the former Administration. Trump goes on a twitter spree highlighting that nothing ever happened to the crimes Tony Podesta did. Trump torches corrupt Judge Berman Jackson about injustices about Paul Manafort but gave HRC a pass. Michael Avenatti found guilty of all his charges. Roger Stone sentencing evaluated by AG Barr as being outrageous (9 years? For lying to congress? Rape Is only 3~5 years) and the 4 corrupt Mueller investigators all resigned. INTEL Fair few firings going on globally particularly in financial circles, IMF? all is connected.

The 2019–20 Wuhan coronavirus outbreak began in December 2019, in the city of Wohan, which houses the only Chinese biosafety level 4 facility. Funny that and a convenient distraction, the levels of fear porn from the Langley based YT channels is sickening, stick a lime in it, and from limes we go to lemons, from fear porn to desperation.

A Worldwide effort to get into the asset bunkers took place last Thursday, the same asset bunkers that were emptied years ago. Why? because it doesn't belong to them, all of it belongs to The Trust who will disperse it fairly and equally when the final reign of the dark forces ends. In essence it has already ended, but stupid minions still following fake gods and the failed programs are keeping the illusion going. Switzerland, Bank of England, Indonesia, Russia, Philippines, Hong Kong, Germany, NY, where the locations. Some paramilitary groups escorted the chosen ones to these areas and their access was denied. There was a few casualties in the Philippines because they stepped into wrong spot, only certain humans can survive in the golden column, and none of their ilk have the essence to survive in or too near it, I guess they don't listen or just too stupid and blinded by their fake titles and self appointed Chosen Ones status. They went into a "temple" that you have to pass through to get into the bunker, one that is occupied by the others, others are non human. The temple occupied by the others are refugees that got stuck near the column, they have been there a long time, as most escaped to there after the Mars war they said.

Clowns are stealing free weapons from Ukraine ex KGB weapons, on the promise money will come every mon wed and Friday and no money comes. Even though the same people

in America and China are making billions every year on free opium, via what was known as The Falcon Trust.

The De la rue printing house (owned by Rothschild) that took over for AB Corp money printers (owned by brown eagle family of black sun) formerly known as American Bank Note Company. Anyway their stock is falling due to others moving away from the printing house, because they got caught double printing also known as super notes, on behalf of several countries such as Venezuela, Zimbabwe, China, Bolivia, Argentina. The main stream media is only reporting Venezuela who recently signed a contract with Russia, expect more in coming months to be exposed, including the USA, for double and even triple printing of USD allocations. Federal Reserve printing plates and currency paper, has been used by De La Rue over the last few years making duplicated serial numbered notes.

AB Corp still holds the contract to print bonds and birth certificates as well as other government instruments.

They also facilitated the over printing of historical bonds, in cooperation with agencies run by the Black Sun, in countries such as China, USA, UK, Mexico and several other countries.

Hence the historical bonds like Black Eagle Bond, linked to Black Eagle Trust, which is where Leo Wanta and agency pals stole billions from the former Soviet Union. Golden Gun, and several others exposing who they printed them for, including massive over printing of the ruble during the fake cold war. The Cold war was a fake program to generate vast funds from the Government and it's people, to allow them to then loot the Soviet Union of all their considerable assets, stored from a long time back. No, Russians were not coming to get Americans, rogue Americans in rogue agencies went after the Russian wealth and stole it all. Not content with that, the mention of war means banks can print bonds, bonds are IOU's and they then make the people pay again in terms of National debt, this has in a lot of cases ended, and the rest still operating will end as well.

It is additionally called a "twofold S" and "sectional image". two fold S that is SS, connecting more dots and symbols now? It is all there Mr. Trump, the agencies, Treasury, Fed, elements of the Military, foreign national and dual citizen agents, Democrats and the media are all complicit in attempting to overthrow the government.

"Life would be better if you just turn over to us and quit" no, all life would be better if you gained an ounce of common sense. Your time of harvesting the peoples money is over, you all had a nice jolly time at our expense, with your fake treaties and non compete deals, those days are over. They were over 5 years before Kim took over the job, as the all hail Hydra man cut you all off, not Kim he did it, where was your bitching and whining then? Oh I forget he promised you all an RV currency revaluation and gave you fake pieces of paper to prove it, except it was all a lie, all of which you fell for, as the Rothschild man said to you all, it was carrots for jackasses. Kim is not turning anything over to you, remember you were all in part in charge of the Trust before Kim, and what did you do with it? you stole and cheated it, due to pure greed. The Trust is for the needy not the greedy, so quit your whining and come and share in the Trust, come and help us to help you and help the all, not controlling it or harvesting it for the few, that is over, get used to it and grow up, your acting like spoilt children. Us quit? your fooling yourself

OP-ED Coronavirus near lab, closing down cruise ships that provide no verifications of facts, then we have Gestapo style Chinese police they are not police they are mercenaries, rounding up people generally older people brutalizing them to force vaccines, it is ugly, desperate and indicative of their world. Did you know the authorities pushing vaccines refused to do a study of illnesses between those vaccinated and those not, point blank

refused in a recent high level meeting. Did you know if you vaccinate people and then give them the corona virus after the vaccinate, people die on the spot. Did you know they are using same swing the pendulum method they used on seeding the population with psychedelic drugs, is it psyche or psycho? the highs and lows of wrecking creational beings drugs, now being replicated in pharma, vaccine produced a high via your immune system, then the tablets like Valium et al, produces a shut down of your immune system.

Tonight I will highlight the plight of the Jewish people, where references to this information is thin on the ground, despite the media being ran by people largely presenting themselves as Jewish. The reasons are multiple. For one thing, the cost of living in Israel is extremely high and a lot of Israelis simply don't have the purchasing power to afford even basic necessities, let alone the luxuries that many of us take for granted. During the winter, for example, many Israelis have to choose between heating or eating. This is not a choice anyone should have to make. Another reason is that Israel has to spend a disproportionate amount of money defending itself from its many enemies. If not for the security situation, the Jewish state would have billions more shekels to fund social programs and help the indigent. I'm sure that most of Israel's politicians would prefer to spend taxpayers' money to give more financial aid to the poor, rather than spending it on new anti-missile systems and blowing up terrorist tunnels. But alas, Israel's very existence is still under threat, and as long as that is the case, Israel will have to continue spending large sums of money defending itself. Poverty doesn't affect all sectors of Israeli society the same way. As I already mentioned, children and seniors make up a large portion of Israel's poor people. Nearly one in three Israeli children live below the poverty line, as do about one in five seniors. But poverty is also concentrated among certain other groups in society: It is highest among the country's Arab and Haredi citizens. Almost half of Israeli Arabs are poor, as are more than 40 percent of all Haredim. The former make up a disproportionate number of Israel's poor in large part because Arabs simply have less job opportunities available to them in their communities, and may also be victims of discrimination when they apply for work. In addition, many Arab women are discouraged from seeking employment for cultural reasons. Many of the Haredim are poor because they don't have jobs. San Francisco: The statistics are a stark reminder that the issue is widespread, and growing. Forty-five percent of children in Jewish homes are living in poor, or near poor, households. Between 16 percent and 20 percent of these households are earning less than \$30,000, with 7 percent making \$15,000 or less. These are not statistics that show uniform wealth. In fact, while some of the most dire cases are, not surprisingly, retirement-age and elderly people, young adults are also among those most affected. Jewish poverty is a significant issue that deserves our urgent attention, and there is so much more we can do to uplift the most vulnerable members of our community. New York: New York City and the surrounding region has the largest number of low-income Jewish households in the United States and is an outlier when compared to the ranges included above. According to 2011 data, 20 percent of

individuals in Jewish households in New York lived in a household with an income below 150 percent of the federal poverty level, accounting for 361,100 individuals. Why won't the Jewish based media cover this? This is another example of people not looking after their own people is it not? yes all will blame the other colors for their plight, but I see zero evidence of any color as a collective group looking after each, never mind other colors. What this proves is my FRWL series is correct, these so called Jewish people who have vast amounts of wealth will sit by and watch their own people suffer and struggle, just like they did in WW2, they refused to help the Jewish people in camps or otherwise. Snakes like Elie Weisel charging people \$25K and limousine to speak to people, people like Rothschilds, Sackler, Soros group, Silverstein, Weinberg to name just a few, why don't they put their hands in their pockets and take these people out of poverty. The best solution to solving the Jewish peoples plights is to close down the fake Holocaust museum in New York in particular, which was arranged before the Jewish people died I might add, and give the in excess of \$50M a year they collect directly to the Jewish communities. Close down the AIPAC centers and the monies donated to them going to the Jewish people, or stop sending aid to a hostile country that doesn't spend that aid on the people, only on weaponry, violence and propaganda. Israel has no enemies, all of them were created as a divide and conquer program, to harvest vast quantities of wealth off of everyone, the sooner people realize this the better, none moreso than the Jewish people themselves, you were pawns for the harvesters.

Some have asked why only 2 expenditures came out of TPC last year, because only two people asked is why, both of which I initiated, but given workload I didn't spend too much time on operating the positive aspect of the TPC, but it also allowed us to build up a small amount in the bank for future expenditures. Some of your money has helped one person stay in their home this month, and another with a medical emergency and this is what it is all about, helping each other.

Some have asked why I don't do Q&A more, there are questions to learn and then you have the questions with statements, questions designed to create mischief, but the real reason Q&A is no longer in the show is the members themselves requested ending it, due to people asking leading or stupid questions. What is ironic though is, those who send others into the group to ask leading questions, were offered a show to ask all their questions and predictably they declined. It is not answers they want it is only mischief laden with an agenda, an investigatory group who wont ask their lead suspect any questions oh my all very Fisher Price spy kits that to me. We had 3 people removed from the group, two list themselves as inspirational speakers, charging people thousands of dollars, when this show has given many inspiration and charged nothing, perhaps that is their trigger, they used people to harvest their energy to fund their expensive lifestyles, this show or host will never do that. The other was related to banking, came across all nice but his energy gave him away, all 3 are in copy and paste group, I just love it when

the masked crusaders are unmasked, and expose themselves for who and what they are. This is expected as the more work we do that has impact, the more they send their minions out, that particular groups expanding members of various levels of criminality, wrong paths and pure evil are indicative of a wider thing playing out currently. There are times when both Kim and I wish we had not been involved or part of The Trust, because it just gives a majority of people an opportunity to dissolve their own responsibility. Full of ideas and critique of what should or hasn't been done, or what other people should do for their benefit, but zero input on solutions to fixing the problem, except critiquing and slandering the ones who do try. Yes all those questions have been answered, but these people don't want answers, they want to throw accusations via statements, to cover up their own agenda, and their own lack of responsibility. A new version of have and have not's, not wealth this time, but personal responsibility, those that have stand out, those that don't attack you. Everyone being responsible for their own future and others should be participating in the \$1 a week or month, we can fix this ourselves, without The Trust. A simple plan that everyone can afford to contribute to, that fixes the issues the people want fixing, waiting for govts has always been pointless. Cabal are terrified of that plan, because it can be done and why they send criminals and bitter people out to discredit it and me. Yes the trust is the easier option, money just lands due to the work of a few people, but the \$1 program is built up by the work of the many. Which is more beneficial for the elevation of the people? For the benefit of the hard of hearing and agenda driven non thinking people, that is not sliding away from The Trust far from it, I have invested thousands of hours into the Trust for no pay and a whole heap of abuse to boot, as has Kim, and we will continue to do so, in spite of the time wasting critics. I would like to build the foundation of We the People with the \$1 program, and then enhance it with the Trust funds. We did warn of it on this show many years back of masks falling, people would expose themselves and each other, and that is bearing out in that group and many others now. It is and will get more ugly, as all these people have not faced up to their own failures, wrong doings and dark sides, and continue to project at others envious of their transparency, integrity and truth. Reality for them and others is they are now pretending to hide behind masks that just don't exist anymore, and it becomes almost comedic in their attempts to project the false image, it doesn't work anymore and people can see them for who they are, or what they have become. Those that project the loudest are the very ones with more to cover up, so keep shouting, whilst we keep laughing and continue to stand in truth, with full confidence in our open and transparent policy, whilst they choose to hide from reality.

Samuel Abraham Goudsmit, Goudsmit is a shortened version of Goldsmith, which will tell the origin of his religion, born to Jewish parents, but born in Holland. An all too familiar path of these Jewish descent peoples coming from around the world and attaining top positions, largely in very nefarious programs that harms the people. Samuel moved to the US and was quickly stationed into MIT, but he was also involved elsewhere

as this piece shows, he was also the scientific head of the Alsos Mission and successfully reached the German group of nuclear physicists around Werner Heisenberg and Otto Hahn at Hechingen (then French zone) in advance of the French physicist Yves Rocard, who had previously succeeded in recruiting German scientists to come to France. Alsos was involved in the Manhattan nuclear program, he stated the Germans were never close to an atomic weapon, as the Nazi scientists' had lack of understanding of how to engineer an atomic bomb, could it be because of people like Mr. Goudsmith all defected to America? via Operation Paper Clip, which was the second phase of that event not the first as most historians will point out. The OSS were doing Paper clip since the days of Tesla, the final operation involved 250K flights to and from America and Germany, 250K flights, imagine the cost of that operation alone. Predictably Mr. Goudsmith was also involved in Egyptology, the Samuel A. Goudsmit Collection of Egyptian Antiquities resides at the Kelsey Museum of Archaeology at the University of Michigan, all very Sackler family to me.

Otto Hahn was another of these nuclear physicists, also Jewish to which he and the authorities went to great lengths to cover it up it is said. Involved in advanced science of messing around with isotopes too few understood, and was part of the Kaiser Wilhelm group in 1906, which was in part funded by the Rockefellers using the students program. That was later used by the CIA as a means too create spies, or collect people of profiled interest, under the National Education Act you would think, no it is called the National Defense Education Act, ran by the military and agencies, under the banner of protecting Americans from Russians. Well as the Russians never came, perhaps now a new National Teaching Act needs to be drafted that is not ran by the war machine. But Militaries running Education programs is pure fascism - just saying, and a part of the dumbing down process, as they wouldn't want properly taught soldier going onto to battlefield and working out why they are really there, would they, all follow orders now and don't question what we tell you. The Kaiser Wilhelm Institute and its research facilities were involved in weapons research, experimentation and production in both the First World War and the Second World War. During the World War I, the group, and in particular Fritz Haber, was responsible for introducing the use of poison gas as a weapon. This was in direct violation of established international law. During World War II, some of the weapons and medical research performed by the KWI was connected to fatal experimentation on living test subjects in concentration camps. In fact, members of the KWI Anthropology Department, particularly Otmar von Verschuer received preserved Jewish bodies for study and display from Auschwitz, they won't tell you that in the Holocaust museum will they? no because it was their own people involved in it as we will see. Who provided those live and dead Jewish bodies? none other than Josef Mengele, who despite stating he hates Jews and should be exterminated, was surrounded by them in these programs, does that make any sense? Jews doing hideous experimenting on Jews, and this is why it is important to grasp and understand the FRWL series.

Mengele and his Nazi Germany as it is labeled, attempted to obtain this new territory by attacking Poland and the Soviet Union, intending to deport or kill the Jews and Slavs living there, who were considered by the Nazis to be inferior to the Aryan master race. Neglecting the fact the Russians and Slavs were the Aryan race from the past, again I ask does that make any sense whatsoever? Hahn spent his third and fourth semesters studying under Adolf von Baeyer at the University of Munich. In 1901, oh dear under a Rothschild family Bayer, Adolf Bayer was a descendant of the Jewish Family of Itzigs. The original of which was Daniel Itzig, Daniel was the Court Jew to Kings Frederick II the Great and Frederick William II of Prussia. Itzig was a banker and a mintmaster in partnership with Veitel-Heine Ephraim. Veitel-Heine Ephraim who was also Jewish, were making fake coins together to debase the economies of the connected countries, sound familiar? Ephraim and his companion Itzig became infamous for adding copper, up to 70%, into the fake coins, known as Ephraimiten. The coin fraud of the entrepreneurs became an existential element of war financing, remember coins back then were largely all made of silver, no doubt they collected all the silver as well and lined their own pockets further. Together they leased all the mints in Saxony and Prussia. During the Seven Years' War they assisted Frederick the Great in debasing the Saxonian currency and spreading the Ephraimiten, not only in Saxony, but also in Silesia, Poland, Bohemia and Courland, all very Rothschild's and De La Rue company that to me. As a side note and is supportive of FRWL the term Ephraim, said to be Jewish, but it's not. Ephraim was, according to the Book of Genesis, the second son of Joseph and Asenath. Asenath was an Egyptian woman who the Pharaoh gave to Joseph as wife, and the daughter of Potipherah, a priest of On. Ephraim was born in Egypt before the arrival of the children of Israel from Canaan, interesting line the children of Israel from Canaan, not country of Israel, the real line is the children of the House of Israel from Canaan, there was a place nearer to Syria called iezreel, which maybe where that House resided, but nowhere near modern day Jerusalem, which is much further south and west of iezreel. Hahn had a counterpart to this experimentation and building nuclear fusion for weaponry, Lisa Meitner an Austrian born to Jewish nobility under the Kaiser Wilhem Institute and she later went onto become an assistant to another known person involved in these practices, Max Planke. Max Planke also Jewish, also involved in nefarious practices, experimenting on how radiation would effect the body, in what is know as the black body radiation program. Planke went onto establishing the quantum based theory for which he is known as, but he was also a participant of this piece of propaganda back in 1914. The "Manifesto of the Ninety-Three" is the name commonly given to a 4 October 1914 proclamation, originally titled in English "To the Civilized World" by "Professors of Germany" that was endorsed by 93 prominent German scientists, scholars and artists, declaring their unequivocal support of German military actions in the early period of World War I. These actions were elsewhere called the Rape of Belgium. The Manifesto galvanized support for the war throughout German schools and universities, but many foreign intellectuals were outraged, all very US Military and the CIA that to me, the comparisons are eerie are they

not? That was all staged that document most who signed did not know what it contained, or were unaware of it's intentions, one of those who did sign it was Alfred Von Baeyer, no surprise there, but also it was signed by Albert Einstein, another involved in this underground nuclear fusion and people experimentation program. What maybe significant is a piece written after WW1 that may give pointers is this. "It is not true that we trespassed in neutral Belgium, it has been proved that France and England had resolved on such a trespass, and it has likewise been proved that Belgium had agreed to their doing so, it would have been suicide on our part not to have preempted this, so the Rothschild's and the Dutch Jewish elements, that created the fake country known as Belgium, to run their nefarious operations, started that war and they were all in on it. It is not true that the life and property of a single Belgian citizen was injured by our soldiers without the bitterest self-defense having made it necessary." The German Leader at the time said that. Remember the German Leader in 1945 also made similar claims that may get people to understand the propaganda used by the system that goes back way further than Langley and the CIA based Reuters group. "It is untrue I or anyone else in Germany wanted war in 1939. It was wanted and provoked solely by international statesmen either of Jewish origin or working for Jewish interests." Max Planke helped his nephew, the economist Hermann Kranold, to emigrate to London after his arrest. Hermann Kranold was a member is the Social Democratic party of Germany, and established as a Marxist party in 1875, FRWL covered who Karl Marx is and was. These same Social Democrats supported the war in 1914, and were also involved in the Bolshevik Revolution of November 1917 in Russia, members of the left-wing and of the far-left of the SPD formed alternative parties, first the Spartacus League (1914–1919) and later became known as The Communist party of Germany. Incidentally Hitler banned this group in 1933, I wonder why? bearing in mind Hitler also banned the Teutonic Knights and Freemasonry, does that make sense? I will repeat for those with short memories I am not at any point suggesting Hitler was good, but what I am questioning is the official narrative, and raising the question, not a statement of was Hitler duped by hidden elements? The great question for people to ponder on is, if the nasty Russians and the Nasty Germans were defeated in WW1 and WW2 and these were such nasty beasts that had to be slayed, with Hitler, Pol Pot, Chairman Mao, Gaddafi, Hussein and other so called despots also now gone, the question that remains why is the world still in such a mess?

Then we come to I.G Farben, a collection of these chemical, genetics, physics and pharmaceutical companies, BASF, Bayer, Hoechst, Agfa, Chemische Fabrik Griesheim-Elektron, and Chemische Fabrik vorm. They were accused by the Nazis of being an "international capitalist Jewish company". A decade later, it was a Nazi Party donor and, after the Nazi takeover of Germany in 1933, became a major government contractor, providing significant material for the German war effort. For those new Nazi is not German, it is NAtional ZIonsim, NAZI and they use countries as a front to hide who they

really are. Described as "the most notorious German industrial concern during the Third Reich", IG Farben relied in the 1940s on slave labour from concentration camps, including 30,000 from Auschwitz. One of its subsidiaries supplied the poison gas, Zyklon B, that killed over one million people in gas chambers during the Holocaust. Again it brings up the question of does this make sense? an International Jewish Company involved in using in some cases Jewish people as slave labor in camps, and then allegedly poisoning their own people? My understanding is based on viewing the pictures of the shower rooms presented as evidence of Zyklon B gassing, actually showed zero evidence of Zyklon B being present in those camps, Zyklon B stains the wall blue, there were no blue walls. This is why I have said these Jewish people are different, they care not for anyone, never mind their own so called people. I.G Farben are stated to have removed all Jewish employees during the 1930's yet over a third of their board were known as Jewish, with more hidden under a smokescreen, the sheer fact that Bayer was a large part of that group confirms that, Bayer is Bauer is Rothschilds, who is operating as Jewish, but under the banner of the Egyptian Ra and Solomon cults. Solomon was from Egypt not Israel, and the Rothschild's clan bears the ring of Solomon. How can a group of people we are told have been murdered, persecuted, holocausted and thrown out of several countries rise to such prominent ranks of bankers, lawyers, minters, nuclear physicists, chemical warfare, think tank groups all having the same religion? How can two women who were also Jewish Lisa Meitner and Marie Curie who were both Jewish also, rise to the higher ranks of business, whilst most women were banned from these higher end establishments until well into the next century. How can a relatively small group by demographics all be in these prominent positions, and a high percentage of them doing practices from illegal to pure evil? something just doesn't make any sense. Why were so many prominent Jewish based people involved in the Manhattan project. Why were the CIA or predecessors of the CIA also involved in the project. Why have the CIA who are stated to fight Communism globally, and yet has never attacked the country synonymous to Zionism which created Communism as stated by Israel Cohen. The final question to be raised is given the above details is, are the CIA actually the real Communists, all hidden in plain sight? Maybe President Truman's words in 1963 will help, sixteen years after he signed off on the National Security Act of 1947 the same year the now named CIA was set up, it was not a national security for America and it's people, but to allow the CIA to basically do whatever it wants globally without remit, this is what he said. During those historic and sometimes tragic sixteen years since the Act had become law, that he had witnessed changes that disturbed him, as he saw that the CIA "had been diverted" from the original assignment that he and the legislators who drafted the Act had so carefully planned. Although even in his time he had seen the beginning of the move of the CIA into covert activities, there can be little doubt that the "diversion" to which he made reference was not one that he would have attributed to himself or to any other President. Rather, the fact that the CIA had gone into clandestine operations and had been "injected into peacetime cloak-and-dagger operations", and "has been so much removed from its

intended role" was more properly attributable to the growing and secret pressures of some other power source. As he said, the CIA had become "a symbol of sinister and mysterious foreign intrigue".

231 years ago this month George Washington was appointed President, he who is held in such high esteem in this country. One of the great founding fathers we are told fighting for Liberty and Justice, but then he said this in a prayer on February 17th 1789. Almighty GOD; we make our earnest prayer that Thou wilt keep the United States in Thy holy protection, that thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to government; and entertain a brotherly affection and love for one another and for their fellow citizens of the United States of America at large. Cultivate a spirit of subordination and obedience to government, isn't that what they were allegedly fighting against, overly powerful governments? and then this. Entertain a brotherly affection and love for one another, all sounds nice but it is double speak, the brotherly affection is for the Freemasons Fraternal Brotherly Order. Kind of like a video I was sent this week about the Queens speech of 1953, which she said in sincerity, and question that was raised was is it all one word or two words, one word means the action or practice of pretending to feel something that you do not really feel, or not meaning what you say: Two words means in honesty, but that is not the correct grammatical based term for that statement, if it is done in honesty, it should have said in her speech, in all sincerity, in and sincerity combined means dishonesty. Like I have shown several times in our own show, it's all in the words, their double speak is now being decoded and suddenly the beast is revealed.

We are getting feedback from several countries and cultures around the world re FRWL series. It is important that people in other cultures get what this series is about, and I am appreciative of the feedback from other cultures, and not just from a Western perspective either. Long held beliefs are challenged heavily in that series and it has got people to stop and think, as more dots connected, and the questioning of the official narrative. You the listener are tasked with doing your own research on the topics discussed, and what has been borne out is, there are several articles supporting the information the way it was relayed in our show. The point is we have ALL been duped by these programs, and we have to stop the circle of abuse of pointing fingers at each other, that is just the effect. Pointing directly at the program is the effect it creates, but that is not the cause of it, Zionism is not just isRAel as the series has shown, it is a global problem done by elements of society that over 99% of the people have no idea who they are or represent. It's the Illuminati they cry, the bloodline families, Deep State, all of which play a role, but their role is miniscule compared to those who orchestrate things in the dark. Western people are too brainwashed into lets blame the Muslim Islam, forgetting Muslim was a Christian sect, lets blame the Christians forgetting Christendom came out of the Torah, lets blame Jews as they follow the Torah, forgetting the Torah is a watered down book

given to the Jewish people. Whilst the anti human book the Talmud was kept largely hidden, of who wrote it or who operated it, who sold it off as a Jewish based book, because when you go back to the original timeline, Hebrews are nothing to do with Jews or Jewish. Hebrew means one from the other side, oh dear that has so many connotations and meanings, but those who have listened to my series will recognize the implications of the one from the other side. We can all go round and round in a circle pointing fingers at each other, or step away from the program and realize that is the effect only, the cause of these issues and ills is the program itself, that program involves all of them, that program is religion. Final song tonight is popular with many members I would imagine, until you know and understand this hidden meaning as well. The Hebrews worshipped Lilith, and many variants of the Jewish people still do, but perhaps this will make some ponder. Lilith, female evil spirit, in medieval Hebrew folklore the first wife of Adam, from Hebrew Lilith, from Akkadian Lilitu, which is connected by folk etymology with Hebrew laylah "night." Layla got me on my knees and begging darling please, all bow and beg to the entity of the night, which is the moon and Lilith the dark mother.
