

## THI-SHOW TRANSCRIPT 2020-03-30

INSIDE OF YOU - WHAT'S GOING ON If you want to hear that ET space brothers and sisters, SSp, Blue Avians, Pleiadians, The Alliance, White Hats along with Q and Trump is coming to save you, or worse a man coming back from the dead after 2000 years then this is not the show for you, I promise you that is not happening, although the Q and Trump can play a role for and by the people, but time will tell. There is zero evidence to support this global ongoing hoax, other than statements without proof of scaremongering and control all perpetuated by the treasonous media, both mainstream and the Alt Media. Hundreds and thousands of deaths being reported in the New World Order epicenter, which is New York, when boots on the ground people all over the world, report little to none other than people dying of the flu, even using their own reports they state this, this flu season alone has sickened at least 19 million across the U.S. and led to 10,000 deaths and 180,000 hospitalizations, that is the flu not the corona virus. So are those figures not in alignment to this overblown common cold virus portrayed in the media? Where are the media and their pandemic or is it dem panic, maybe this show will reveal it, and why are they not reporting the full truth? Because the media, like hospitals, social services, law people, governments, agencies, military and police are all controlled by the same clowns is why, all of them. A Chinese governor stated back in February, the virus out of the lab was all under control and quickly contained within a couple of weeks, and went on record stating it so, the fact that China is back up to 95% production currently tells you they are back on schedule. Does anyone ask why the very country next to China has zero deaths, hardly any cases and their country hasn't come to a standstill in any way shape or form? that country is Russia, why is that you may all want to ask these clowns pushing fear. For those asking about the plane carrying supplies from Russia to Italy and the name on the side of it being the same as our popular must listen to series, no it is not a coincidence. But this virus jumped and bizarrely went west not east, given most of America's trade comes East to west from China, and the trade winds and Gulf Stream winds all go west to east, this raises puzzling questions does it not? We also were given the intel on this show that The Pentagon had thousands of the virus test kits in their possession back in December, which means it was before the virus started, and were planning on selling them for billions of dollars to the American public, that reveals in and of itself this was a planned event, and no the Pentagon by and large are not on our side. Yet according to several doctors and leading medical experts these test kits don't work, they are flawed, with one report stating it gives an 80% false positive reading. Reports of Ibruprophen enhancing the virus, whilst it would not surprise me as I have warned of the dangers of taking Ibruprophen in several shows, it strips the whole lining of your stomach away, can cause lesions and stomach ruptures, hernias but also destroys all the bacteria required in your stomach for a healthy immune system, but there is to date insufficient evidence to support that Ibruprophen enhances the virus, but taking that is not good either way. All of this is a MSM creation of fear, fear and more fear, so the question is why are they doing it? pure and simple they are creating a

diversion, a distraction from the flow of information coming out prior to this false flag event, so now all people talk about is the virus. So what was before it that caused this massive psy op? Epstein, Prince Andrew for a start, has anyone asked when is Epstein getting buried after his alleged death? no, Prince Andrew story was quickly blunted with the fake split from the Royals of Harry and Megan Markle. All news based and deliberately engineered, because too many people have a low attention span, and follow the news like the bible and it is the gospel truth, it's not they have lied to you since it started, starting with CBS back in 1923 issuing propaganda, which is really pro pagan da, these clowns are all pagans and their ritual sacrifice practices. The increase of reports of fake famous people being pedophiles had increased rapidly, the heavy exposure of it in the alt media was bleeding into the public stream and that is a problem they couldn't control. Rest assured the clowns will throw some of them under the bus and expose them to appease the public, and seduce them into thinking the good guys are winning, wrong thinking based on all the evidence we have, it is faction fighting operating under the illusion of good cop bad cop program, they are both bad and both are heavily involved in it. The failed Russian collusion was erased almost instantaneously by the Fake Ukrainian impeachment process, which Democrats knew would never fly in the Senate due to Republican control of it, yet still attempted to bribe all senators with payouts of up to \$10M to each to vote against Trump. The Russian event was to cover up mainly Democrat crimes in Russia surrounding the Uranium 1 deal, the Ukrainian event was to cover up further crimes by leading Democrats of their children running illegal corporations surrounding energy deals out of Ukraine, Biden, Pelosi, Kerry and the Mormon snake Romney. So two failed major political events which all of the media raised to 24/7 coverage against Trump, which failed, and now the media and those they protect of crimes had a major problem of losing the narrative, so they needed another event, this virus provides it. Throw in the planned market crash so the clowns could siphon off all of the funds from it, then blame that on the virus and you have the beginnings of understanding what is playing out here, all those funds they siphoned out of the stock market was taken back off of them. The stock markets lost trillions stolen out of the backdoor, and those who stole it also lost the same trillions they had stolen also, why because The Trust now has full control of all of the banks except the ability to transfer funds to the people, rest assured that will not always be the case. Check out first ten minutes of David Wilcock's latest piece where he chokes on saying the arrest of the bad guys, why? because other bad guys are doing the arresting is why, you will understand that better as the show progresses. What are their motives 1. to control the narrative again 2. put people in fear 3. continue their war not ours, ours runs silently 4. make out they are the good guys coming to save you 5. brush under the carpet all the previous disclosures 6. turn people into sheep 7. stop the clockwise flow of source energy that was moving forward rapidly and they cant sustain, fear and other lower vibrational frequencies claws that flow back in their favor. 8. close down business and factories not controlled by them 9. close down business they wish to buy up and have more control 10. eliminate millionaires and lower billionaires wealth and harvest it into their portfolios.

1. there is no money for bail outs or stimulus checks. Kim will not be supplying funds to rogue entities no matter who it is, here is a quote from the rogue Treasury on Friday, do you think Kim will transfer the Stimulus money without the 2% fee, for those new, that 2% fee is for we the people funds and projects. So what does that tell you? they don't want to give the people anything is what, no ifs or buts and this is why Kim and The Trust hasn't yet delivered the funds, because the banks, clowns and governments do not want the people having their funds. People can blame Kim and I for not getting the funds out to the people, but there is your answer as to why. 2. there is no positive military making moves on the elites, US Military is owned by The Rothschilds 3. There is no plans for Universal basic income, the scenarios have been ran and only 5% went to work, society would collapse. That is the in your face happenstance, but what happens next? 4. What happens next? should that go ahead, they will use the fact that people are not going to work and roll out their robot army for military and business purposes, you don't have to pay robots remember, robots are a one off cost with a little maintenance and costs far less than keeping humans happy, or sufficiently happy to not rebel. All your jobs are then replaced by robots, once completed they will have no use for humans, too costly and too troublesome, then comes deletion of humans and the transhumanism machine kicks in, which is what they wanted all along, and we will give it to them for a few pieces of paper with numbers on? think different. 5. \$1200 per adult and many go woo fantastic, free money, do you really not think for one second beyond the seducement of the new god on this planet, the dollar bill. Does anybody ask why is it called a Dollar bill? because you think you are getting money, when you are really getting a bill to pay for it. 6. The problem with this country it is math deficient, \$1200 wow, but you will pay for it many times over after that, it is loan sharking on a massive scale and all hidden because people are too seduced and stupified by those pieces of paper, without considering the consequences of that unfolding. 7. That stimulus plan is another bail out for the same people who have created the money supply and sharing shortage, because they harvest it all, all live expensive and exuberant lifestyles at our expense, have you forgotten 2008 bail out already? That stimulus plan is bailing them out again and getting us to pay for it. 8. They are trying to create a beyond Orwellian cashless society via cryptocurrency, anyone selling cryptocurrency at this point are selling out humanity in the worst possible way, listen to my Clowns In Panic show for further details, how will they create a cashless society? they will declare all paper money infected by the virus, seeing the picture yet? 9. \$500B for the Fed, seriously, how many actually saw that and stopped to think? no its, when is my \$1200 coming I don't care about the rest, just give me my money, and bollocks to the consequences. The Fed is defunct, it has no license, it can't print money and put it into circulation, and people are celebrating the Fed has gone down, seriously? they went down in 2012, this is a potential restart of it orchestrated by Pelosi and her Democratic band of criminals, but lets not worry about that, where is my \$1200. 10. Q in support of Black Rock taking over Fed, highlights one of two things, there are no other options 1. Q like the American government didn't listen and have no idea of

the bigger picture and so end up doing the same mistakes as previous or 2. Q and Trump are the representatives of the Black Sun. 11. Black Rock is a color coded program name, like Black Star, Black Dragon, Black Water and Black Sun, essentially they are vultures picking over the remaining assets of the Rothschild's based Federal Reserve and their banks, and an added note the US Treasury brought in a company to oversee the 2008 crash, that company was also Black Rock, history always repeats you see. WHAT ABOUT US

So having covered the MSM media and their role we will turn to the Alt media and their role in the distortion and misdirect of the people. There is a lot of information flying round of mass deaths and also mass arrests, 3 days of darkness reported to start on today, tomorrow or more likely good Friday, 3 days on good Friday all sounds very biblical to me, and if that is the case you know who is running it. The bible book itself remember speaks of viruses, plagues, famines, mass deaths, violence, raising the dead and various other dark happenstances like incest and pedestary, somehow I don't think your real god would have anything to do with those type of nefarious actions. Some people don't like our show for my stance on religion, and I appreciate that, why should they believe me over the church and book they have invested so much time in, but I have provided volumes of my proof of why, of what I know is a dark based program, and is not what we all thought it was. I have yet to see a shred of evidence of details, miracles, times, dates, who wrote it, name changes and the key point is, where is the proof that god sanctioned or wrote that book, there is none, god, Jesus, Allah or Mohammad never wrote a single book ever. There is a real god or source as I call it, but was not in anyway part of the so called holy book or scriptures so many follow, yet so few critical think or analyse it, if they did with an open mind, large holes appear in the narrative portrayed. We have heard of martial law supposedly happening last week, that failed, but in essence have the people not the enforced their own martial law by staying in, and the frankly ridiculous social distancing policy. Which just happens to be the same depth we bury people, do you think that is a coincidence, given all of their numerology like gematria which is a hebrew/annunaki numbers game tied to the Kabbalah and tree of death, symbols everywhere which thankfully many of us are now working out. David Wilcock is back out and he is reporting mass arrests, 3 days of darkness and on receiving stimulus checks which all sounds very NESARA does it not, yet there is no evidence of NESARA being an inclusive American Universal pay scheme, and was only to do with a farmers only compensation plan, following the governments of the past, blocking them producing and stealing their land. But David unbeknown to most outside of THI, OffPlanet radio and Circle of White Light has been saying this since operating under the pseudonym of Art Aqua on the Skolnik Report back in 2002. I actually had a copy of that link on my computer and it mysteriously disappeared, the link and the articles, that in and of itself tells you the clowns were protecting that information from being revealed on a wider scale, does it not? Question 1. why would the authorities remove links to Wilcock's past? David then brought on his show back in 2011 a guy speaking of the very same things, that he was back in 2002, the military are taking over, mass arrests,

all the bad guys going with the added bonus that became a meme, of two weeks, which is also an MK Ultra style mind control and moon cult cycle term as well, that guy was Drake, and many of us listening to this now, all came from that interview. Two weeks came and went on a regular basis, not quite as regular as the RV Drake was initially pushing, and nothing happened and here we are again with same two pushing a script with the exact same narrative. Is it a coincidence they wheeled out Shane the ruiner to discredit me and Kim, bear in mind he is a Rothschild and also a member of the Anu/Marduk family line? no. Shane remember had his first jaunt into the alt media circus, and was in secret with David Wilcock under the pseudonym of Harry, Harry was giving Wilcock information and Wilcock was publishing it, but then along came another guy with a better tale and Harry who is Shane got pushed out, just before the big money contracts were being offered to Wilcock, Goode and several other so called UFO researchers, some of which ended up on the Ancient Aliens series. Question 2, why would the 100% controlled media inform us of who they have worked with and disclose certain things, and what does that say about those who appeared on that show? In came Corey Goode, who according to Shane is a member of the Children of the Black Sun organization, who was witnessed on the Project Avalon site (project Avalon and Camelot are both the names of CIA projects, and so is Abel Danger as well, make of that what you will) stating he and his wife was going to write a fiction story to get Wilcock's attention and get in with him, and that he did. The tale of Blue Avians which do not exist in this or any other Universe we have come across, but Wilcock despite Shane telling him it was fake, ran with the story and Shane got pushed out. There is no Blue Avians, although if you separate the two words it can and could make more sense, the Avian's are not blue, but the color code program is. For those new the clowns operate under a color coded program, Black Dragon, Black Rock, Black Eagle (nazis for those new Nazi is not German, it is National Zionism in short form, also note that Hitler was Brown Eagle not Black and so was not a part of that program) Blackstone and Black Sun, but blue is the color program largely connected to the aliens. You have the green program largely to do with mind control and human experimentation, and Canada's infamous Dr. Green, which is the Mengele program, Laura Leon according to Shane and some others is the daughter of Dr. Green, so you see how it all begins to interconnect. Project Blue Book, Blue Beam and the fake alien invasion, the Blue Brethren group all connected to the program of largely discrediting the ET narrative, you will see a lot of familiar names in that club, Blue Dragon whose head was Hillary Clinton, was she not speaking of disclosure along with John Podesta, in fact Podesta actually went on the Ancient Aliens show, and so the Blue Avians was born under the blue color coded program. So having determined what is blue, what are the Avians? Avians are the Nibiru Annunaki group, whose best known entity is Thoth, and for those familiar with my show, we are back to Egypt again. For background information there are 5 groups that come under the banner of the Annunaki, Avians and Draco being just two. So with Shane out of the way, Wilcock and Goode organized for themselves large contracts with Gaia TV, big pay outs I was informed, whilst Corey Goode was collecting between \$3-500 per day in donations off of their followers. Gaia TV are ran

by the covens, the covens were the 3rd layer down of the former control structure, all are dark magicians in league with the djinns and witches light or dark it makes no difference. David Wilcock was told by several before he signed that contract with Gaia TV of who they are, and still sold out his listeners and humanity by dancing with the dark for his own personal gain, he knew it and still went ahead, until the factions started to break up and David and Corey got pushed out of Gaia TV. Both of them can spin it all they like, but those are the facts, both have refused the olive branch given to them by Randy Maugans and I back in 2017-18 time, we need it would fail and it did. Question 3. was Shane pushed out because he was a Rothschild and Wilcock, Goode and Drake are members of the Black Sun? What is the evidence of Black Sun connections? well we are back to Drake again, Drake put out another of his famous intel portions replete with dates. 3/16 local events cancelled due to virus 3/23 USA will go into quarantine for 3 weeks and then go into martial law 3/30 USA will return to gold standard 4/12 first arrest made by Q more will follow 7/20 full alien disclosure. All very 2011 again is it not? but one of those predictions is martial law being imposed. The only two entities pushing for martial law on this planet, which is not for the benefit of we the people are, The Rothschild's and the Black Sun groups, the recent attempt at martial was stopped, as the highest security clearance on the planet becomes the Commander of those type of operations, and that is Kim Goguen, the guardian and Trustee of the Global Assets, they both backed down. Then 5 days after that back down on March 21st the military Generals globally all declared secret martial law, again for those new, all Generals globally are all working together as part of the rogue elements, American, Russian, Chinese all in cahoots together, all involved in the fake RV scam, which if you are still waiting for it I can guarantee you will never pay out. As evidence to support that, the former Trustee told Kim and the real Putin back in 2009 it was a fake program to keep them occupied. Furthermore the Rothschild's clan called Kim for funding to in essence fight the bad guys the Black Sun, reality is they are both the bad guys were we the people are concerned, Rothschild's told Kim the RV is a carrot for jackasses, their words not mine or Kims. The RV was a financial impossibility, it requires assets of 3-4 planets to pull it off, requires a down payment of \$4.2Q (15 zeros) and they don't have any Quadrillions never mind 4, in fact The Rothschilds alone owe The Trust over \$2Q, as do the Black Sun groups, all stolen under the previous Trustee named Marduk. So the very fact that Drake under the banner of White Hats is stating the plan of martial law puts him in with the Rothschild's clan or The Black Sun, but given Drake is a member of the OTO, a Crowley disciple and member of the Hermetic Golden Dawn renders him as operating under the banner of The Order of the Black Sun. Drake, Wilcock, Keenan, Goode, Anna Von Reitz, Robert David Steele and later Benjamin Fulford are all one tag team operating not for the people, but for the old order continuation of control game, but as the factions split Drake got left out to dry, I know for a fact he has not had any intel connections since late 2013, I spoke to many of them all of them would no longer engage him, the majority of the intel in that show from 2014 came from me, and from 2016 onwards the intel was from Kim and myself. The real split of that group stems from the

show I did in November 2015 and the Factions show, it exposed who was working for who, including Keenan and Drake, they got spooked, and that show was a culmination of private knowledge I had in late 2013 but kept quiet, I was hoping amongst hope that Drake was not involved, but evidence showed otherwise. RISE UP

Our clowns in panic show was posted in several outlets, and feedback largely good. Some complain and some think there is something wrong with me as I am not putting out positive reports, and that is fine, but you can go to several other channels and hear bs based positivity if that is what you are requesting, this show deals in reality not woo woo, all love and light and throw in the latest savior program, we have had that all our lives, this show and host will not be repeating that ever. Some didn't like the fact that in the last show I said only Kim and I are fighting for humanity, and you know what, I wish I was 100% wrong on that statement of fact, we both wish that I was 100% wrong. Some predictably will see it as I am elevating us above others, but you will always get that based on the comparative and competitive mindsets. It is wrong thinking and actually if you stepped away from your programmed thinking that is one of the most positive news pieces ever, but it gets lost in comparative and competitive mindsets we have all bought into, personal insecurities, envy all creep in, and questions of why them and not me rears it's ugly head. For thousands of years we had no humans anywhere near the top of the system or game, not even close, we had no true Galactic Council representative either, and now we do which is actually an historic event for humans, the very humans we are representing and fighting for are dissing it or making disparaging remarks. For the first time in 16500 years humans have a player in the top end of the game, no not deep states, bloodline families and elites, all of them are puppets in a game so big, hardly any of them grasp or understand, all of them are in the bottom 25% of the former structure. The top 3 layers way above those just mentioned are decimated or gone, the former Illuminati broke up into 5 factions, The Rothschilds and Black Sun were in all of them so they win regardless, those 5 factions are now down to 2 and are fighting each for control. But they have a massive problem as they are no longer in control of the assets, they have no assets it was all and I mean all pledged to The Trust, which is now operated by Kim and the team. In comes the third faction and only one fighting for humanity, The Trust, Kim and I are fighting them both, at levels way beyond deep state, rogue politicians, Bilderberg, Club of Rome, Families groups, like I said all of them were in the bottom 25% of the control structure. There is a pyramid of control as posted on the internet that contains all the lower 25%, reality is there was 9-13 pyramids of control above them. For the first time ever we the people have a say and control of this planet and the alt media ignores it at best, or sends criminals and trolls to discredit us, when all on this planet should actually be supporting us, in particular the alt media, yet the evidence is to the contrary, and this proves how corrupt the Alt media is. So that is a massive positive event and positive aspect of our show, and yet people complain at that? and people wonder why humans never advance beyond child level on a galactic scale? Neither Kim or I are special, each and everyone of you had the same opportunity to step

up into these roles, but too few heard the call, even fewer had the knowledge and fewer still had the integrity, patience and sheer will power to keep going with little to no support, aligned with a plethora of bs written and said about us. The physical threats and attacks, the non physical threats and attacks, agency based threats and attacks, the ruination of our lifestyle, families, love partners, friends, businesses and homes that has happened to both Kim and I and yet receive little to no support from outside of THI and the Circle of White Light show. The question people have to ask is, why have we been targeted so much if we are not operating as we say? So what is the difference? blue avian, Pleiadians, white hats, Trump, SSp, The Alliance all coming to save you, all of that is bs and another savior program, the difference is we are telling you the truth of you have to save you, and most don't want that responsibility. Too many are comfortable with the Nanny State of the government will fix it, if only you realized the government are the bottom 1% of the former control structure, all of them and were not there to appease the public, just control it. Our plan is about us all doing the work, it's that simple but whether you like that plan or not, I can guarantee if you don't save you this time, you will no longer exist. Don't believe me then fine by me, carry on waiting for your gods and ET space brothers and sisters to arrive and save you, because I or Kim will not be partaking in that, and neither will they either. Bothers me at times of the thinking of people who say they are awake.

The greatest threat we face currently is the lack of knowledge the vast majority people have, including Presidents and Prime Ministers. All have been fed a diet of fiction, complete rubbish, history distortion all their lives. Very few understand or know there is a bigger picture, very few understand their was a much higher control structure than the rest knew or understood. With that background the rest will make a plethora of mistakes including most of the alt media, too few really know what is going on, and evidence of the past week includes Q as well. That is not said to elevate THI or Kim and The "Trust" it is a proven and provable fact. You in THI have been given more knowledge than anywhere else on this planet of the bigger picture and the hidden hand. I think many of you are all realizing that now, particularly the listeners who have been with me from day one and Cosmic Voice. Those new will struggle to catch up and keep up, as they have been fed a diet of bs like RV, Bitcoin, PPP's, ET packages, NESARA, GESARA, Collateral accounts, OPPT, Birth Certificate pay outs, SSp, The Alliance, The Event, Blue Avians, Pleiadians and many more, all of them fake and all are programs ran on the people. None of them are valid I am sorry to inform you, the evidence of which is contained in the over 20 special show we have done in the must listen to section of our thinkdifferent.thepeoplesclub.org site. To those new you must listen to them in order to really get done grasp and understanding of what is playing out now. On lockdown? give yourselves a chance to get an understanding and listen to that section in it's entirety, it lays it all out on a plethora of subjects. If you don't have time to listen, the written transcripts are available on my patreon for a small contribution, [patreon.com/TommyW](https://patreon.com/TommyW) Q. What is stopping Kim from her mission when she has the purse strings of the planet? Q: Are the Rothschild still in control? Q: Kim

said ...“Earth Alliance” is NOT Earth Alliance, but instead The Allianz. Can you tell us who “The Allianz” is? Q: Just want to know how you and Kim are holding up? Q: will another wave of virus induced stay-at-home policy be used to manipulate the election, as voting stations can be labeled a 'gathering place' and figures from online voting could be easily manipulated? Any update on when/ if banks will shutdown and for how long? More dominos coming out of that? What do you think of Q, is it a major distraction, or could it be real? Many qanons are waiting now for 10 days of darkness starting April 1st. Seems to coincide with the plan for shutting down banks. If martial law was brought in and that would mean Kim in charge, then why doesn't she deploy the army anyway and seize control by force?

Summing up all the disclosure of the bad guys by several Alt Media outlets and the MSM is this ongoing war between two bad guys, not one bad guy and one savior Mr. Wilcock the very fact you choked when saying arresting the bad guys was indicative, mentioning mafia, Trump the father has so many negative connotations when linked to the Anu family line. We had a savior here 16500 years ago, it didn't work out too well for us, both are bad guys from we the people perspective. That is what is currently playing out, it will reveal a lot of disclosure for the alt media, but don't for one second think these presenters are operating for and by the people, they are not, they are all faction based shows. Take their nuggets of truth where you can, they can bring us much, but please do not make the mistake of they are operating for us, they are not, they are fighting for their paymasters who wish to keep us under control. Celebrate the fact that we do have help, we are a player in the game, we are all still alive and more importantly despite what the naysayers, doom mongerers and clowns state, we are winning, and winning heavily. The global panic you see now is the public evidence of what has largely played out behind the scenes for many years now, the bulk of that hidden, has over time been revealed and proven out of this very show, and for those new check out the must listen to shows in order, it reveals everything, exposes everything and will give you far more clarity than you had when you joined this group. Many will ask how we the people can win against Rothschilds and Black Sun and their control, my reply is we are already winning, all these people worked together once and now they infight and fight each other. We have a vast arsenal of ideas and plans that will only be revealed when certain missions or plans are fulfilled, this is a war and we will not reveal our plans or how we do it, and people need to understand that more when questioning.

Stay calm, keep grounded, keep shielded at all times, use the 45/55 balance and don't let these psychopaths put you in fear, their story and narrative is ALL bs. Remember the virus is them and this is a desperation act on their behalf as a last resort effort to stay in control, like all their previous attempts - that will fail as well. If you lead life in love and care you will prevail, if you lead life in fear and anger you will fail. Feel free for you to be the person you wish to be, not the person who conforms to what others want them to be. You are a

multi dimensional being operating simultaneously on many levels, you are not here to conform, you are not here to be stifled, you are not here to be enslaved, you are not here to be abused, or to compete with your friends, family or neighbors. You are here to be the best you can be and do so as a crown of creation, now go out with the confidence of who and what you are, and excel in yourself, and in doing so inspire others. OUR TIME WILL COME
