

THI-SHOW TRANSCRIPT 2021-02-18

SOUND OF SILENCE Left its seeds while I was, sleeping - People talking without speaking - People hearing without listening - Silence like a cancer grows - But my words, like silent raindrops fell and echoed, in the wells, of silence - And the people bowed and prayed to the neon god they made. Take note of those words from that song as it will echo not only in the sound of silence, but right through this very show.

Not one but two separate bogus reports on me have circulated in certain corridors and amongst some of our members in the past week. A cursory glance at the allegations renders it fake, but the people who circulate this bs, rely on the fact people won't fully read the details and or check it out for validity. A simple check will reveal that my middle name is George not Arthur, or the fact I have only visited Canada once in 2016 for 4 days, 6-9 years after the alleged crimes cited to another person of the same name, who was a resident of Canada. A copy of my old passports will prove that, and I still have all of them. That is how they get away with peddling their lies, what sad lives those people lead, whose whole existence is based on discrediting one man, nice try but failed again. Should this type of fake allegations be pushed any further, I am considering taking those people involved to court for defamation of character, which is easily provable, and will prove costly to those who have been involved with and in it. All very disappointing, but it is what it is.

I hope you are all enjoying the bitterly cold Lee Konop weather, I guess global warming has been put on hold, with record breaking low temperatures recorded in most states. Predictably the media play it down, all too content to state record high temps and low rainfall, but when the reverse happens, out go the documentary pieces on those events. I hope the many who have lost power and water, get it back as quickly as possible, there is a mention of energy, food and water shortage later in the show, which may or may not connect some more dots. The banning of free speech globally continues it seems, and time for the alt media to take actions en masse and fight back. Some physicians are being treated as medical heretics. Google's search engine algorithm has essentially ended traffic to their websites. As for Poland, they closed all private TV Channels (3 government Channels work), Private internet platforms not working as well. India's space agency has partnered with MapmyIndia, a tech company specializing in digital map data, to build an alternative to Google Maps. The announcement comes as India rolled out local alternatives to Twitter and WhatsApp. New Delhi's relations with those tech giants have turned quite sour lately, after it imposed a new digital tax on companies operating in India. Don't think just because it is an alternative it is better. American social-networking company Twitter announced on Wednesday its financial results for the fiscal year 2020, saying it recorded a net loss of \$1.136 billion against net income a year earlier. According to the company, "2020 net loss was \$1.14 billion, representing a loss of -31

percent. This compares to 2019 net income of \$1.47 billion, representing a net margin of 42 percent. Elon Musk may end up running 4+ 500 billion companies simultaneously at a relatively young age. What I want to really understand: how does he do it? How does he manage context switching? Musk, 49, without missing a beat, took the opportunity to come clean about his true identity. "I'm an alien," he wrote, to which Shah jokingly replied: "Entropy confirmed." Portland police say officers "remained out of sight as much as possible" after being pelted with snowballs by protesters, who would go on to damage multiple businesses after the police retreat. Portland, Oregon continues to deal with protests turning violent, even though police are bending over backward to stay out of sight – according to the latest police statements on Friday's violent protest. Violent anarchy reigns in this country it seems. I wonder will Biden get impeached for not encouraging the police to stop it? A New York hospital threw out an 80 year old woman who had been married for 60 years, for the heinous actions of holding her husbands hand. Escorted out by two security guards and made to feel like a criminal, after a Milgram experiment nurse "caught" her reaching out to hold her husband's hand, that woman is not a nurse, he or she is an anti human enforcement unit and should be fired. One of the security guards apologized and told her mother: "I'm just doing my job. I don't necessarily agree with what I have to do here." Seig Heil Mr. Security guard, the officers in the camps of death said that as well. Wrong is wrong, and no one should be put in a position of doing wrong, and all people should have the damn balls to tell their Gestapo bosses, this is wrong and I am not doing it. Courage of convictions is required by us all, not silent complicity. A HM Government banner in the UK states this, Travelling abroad, the rules have changed. You will need to quarantine on return, Going on holiday is currently illegal. Holidays are illegal oh my, what type of rhetoric is that to the public? how about a company operating as a fake Government being declared illegal? Some media now turning against the vaccine narrative, Panorama a major documentary show have done a piece on The World Doctors Alliance reveal the truth, other papers are now questioning. Speaking of the World Doctors Alliance, they among many other leading figures like Dr. Judy Mikovits and Vernon Coleman arguing against this medical tyranny globally, were part of a video release this week that also included excerpts from our show. So, as predicted last month, Trump was acquitted on charges of inciting a riot, which was a ridiculous suggestion to begin with. Which tells you it was a complete distraction and a further waste of American peoples money, that would be better spent giving people food, medicines and housing. But no, the jackass politicians wanting to play children on a national stage, show their levels of incompetency and crass stupidity, for the whole world to see. What has brought this about is, the ever increasing narrative of I am offending by anything and everything, were words are twisted into a negative spin, and the resulting word salad chaos ensues. Only an idiot with child level thinking, would contemplate Trumps words into luring people to attack the Capital building. How are we going to advance as a species with this level of child like pettiness? The answer is we won't, the question is when and where are the solutions? the answer is, it lies within

everyone. Here is a couple of solutions that all people can do, delete Google search engine and delete Twitter, they can ban people all they like then with no participants. This hits them both in the pockets, as a lack of flow through their sites, then hampers their advertising money making scheme, and their data harvesting. Is the world getting worse? absolutely, is it worse than the past? absolutely not, this level of madness, crass stupidity, greed, evilness and heinous practices has gone on throughout your life, you just never knew or saw it. It is collapsing in on itself, and that is not something to fear, it is something to be embraced. The old world ultimately failed us all, including the clowns, el-ites and bloodlines, they have corrupted themselves onto a path which will have long lasting implications on their karma and soul development. It is an opportunity now to rebuild and renew the whole planet in a better way, we at THI & TPC chartered a basic easy to follow, but hard to adapt due to programming system, of a new blueprint for humanity. Others may malign it, others try to copy it, but neither have the right intent or heart center belief behind it, we do. One of the things overlooked as people look out into the world and see so much carnage, A: they forgot observe not absorb and B: you tend to forget the many peoples lives that have improved dramatically in THI, irregardless of how bad the other world is, we at THI have made big progress on a people level. That must not be forgotten.

I was asked by a few people would I consider restarting the Question and Answers section recently, one member was pushing it, so I replied. You do realize the Q & A section is still in the shows? well I haven't seen them she said and I listen to all the shows. I said it is still in the shows except I flipped the Q & A and now I ask the listeners to answer them, I guess you missed the slight change in format. I guess no one noticed, 2-3 years that part in the show changed and you all missed it. Which is actually rather funny from my perspective. But, it also made our show an interactive one, I ask the questions and you have to answer them, and heaven forbid as a bonus, I got people to think for themselves.

Here is a small sample of the repetitive narrative often spat out by the media, and yet too few notice it. Like the example of the 40 in Tuesdays show, why repeat the same numbers over and over again, because it is a program. Oct 2006 Tax Evasion and Ethics: A Demographic Study of 33 Countries. US House Speaker Nancy Pelosi says Congress will establish an "outside, independent" commission, to investigate the 6 January attack on the US Capitol by supporters of Donald Trump. In a letter to lawmakers, she said the commission would be modelled on the inquiry into the 11 September 2001 attacks on New York and the Pentagon. "We must get to the truth of how this happened," she said. Modeled on the 9/11 commission oh dear, I guess that will be a whitewash then, whereby key witnesses were left out or killed, and real evidence dismissed in a massive cover up, in other words it won't contain any common sense.

Perhaps Pelosi will be investigating this piece then, which was used by her and other Demoncrats as the excuse to impeach Donald Trump. Remember the Capitol police

officer that was involved in the chaos on January 6th and died the next day? It was reported that protesters had beaten him with a fire extinguisher by protesters. His death was used to accuse the former POTUS of inciting murder, a very serious charge that was leveled against Trump by top Democrats. Yet, the story that Officer Sicknick was bludgeoned to death was never confirmed, as the area was filled with surveillance cameras, and there was no footage to support the claims. This did not stop the media to cover the story and use the case to encourage rage and chaos around. The New York Times sensationalist coverage of Sicknick's death was one of the most influential at the time, with the inflammatory headline of Capitol Police Officer Dies From Injuries in Pro-Trump Rampage. However, the paper has now quietly corrected the report, explaining that Sicknick's death was not caused by being attacked with a fire extinguisher! Things started to become clearer after CNN reported that investigators could not build a murder case around Officer Sicknick's death since the reports of being beaten with the fire extinguisher were not true. CNN saves this nugget for the 8th paragraph: "Medical examiners did not find signs that the officer sustained any blunt force trauma, so investigators believe that early reports that he was fatally struck by a fire extinguisher are not true." One possibility being considered by investigators is that Sicknick became ill after interacting with a chemical irritant like pepper spray or bear spray that was deployed in the crowd. So, if that is the case then, the police killed their own Officer. Yet again more evidence of agency based lies all done for the public distraction of Impeachment, so you forget what is really going on, and here is an example of the forgetfulness.

Has anyone noticed there is zero mention of lockdowns ending in this country. In the UK and other EU countries they dangle carrots of when it will end, but this country, nothing. Why? because the people don't question it. People talking without speaking. Silence like a cancer grows.

The US top infectious diseases expert, Anthony Fauci, has been awarded a prestigious \$1m (£717,000) Israeli prize for his commitment to science. Dr Fauci, who was often at odds with former President Trump over how to handle the pandemic, was given the Dan David Prize for "defending science". He was also praised for advocating for Covid vaccines, and for his leadership on HIV research and Aids relief. Dr Fauci, 80, has advised seven US presidents. He was recognized for "courageously defending science in the face of uninformed opposition during the challenging Covid crisis", the awards committee said in a statement. He "is the consummate model of leadership and impact in public health," it added. What a surprise - not!! Dr. I don't give a Fauci has been the model agent for doom and death for the creation of the fear program to lower the world's vibration again, make people complicit, become guinea pigs and give up their lifestyles on the back of an engineered fraud. All applauded and admired from the peanut gallery containing the Hebrew Annunaki's.

North Korea attempted to steal Covid-19 vaccine technology from US pharmaceutical company Pfizer, according to South Korean intelligence officials. It is currently unclear as to what, if any, data was stolen. South Korea's National Intelligence Agency privately briefed lawmakers about the alleged attack, reported local news agency Yonhap. North Korea has yet to report a single case of corona virus. However, the country is due to receive two million doses of the AstraZeneca-Oxford vaccine in the coming weeks. North Korea closed its borders in January last year soon after the virus began to emerge in China. In November, Microsoft said at least nine health organizations including Pfizer had been targeted by state-backed organizations in North Korea and Russia. It said North Korean groups dubbed Zinc and Cerium, and a Russian group nicknamed Fancy Bear, were responsible. The Kremlin has denied targeting other countries' vaccine research. More Clowns In America bs, someone will get fired in Langley this week for that report, why? they never mentioned Iran as hackers as well. South Korea NIA is Langley - just saying.

Writing in the U.S. Naval Institute Journal, Admiral Charles A. Richard warned that the military must "consider the possibility of great power competition, crisis, or direct armed conflict with a nuclear-capable peer" and update and modernize its approach to its two principal adversaries. "There is a real possibility that a regional crisis with Russia or China could escalate quickly to a conflict involving nuclear weapons," he wrote, demanding that the United States "prepare for the conflict we prefer, instead of one we are likely to face." Richard accused the Chinese of "mak[ing] technological leaps in capabilities in every domain" and Russia of "aggressively modernizing its nuclear forces." He concluded that "the probability of nuclear use is low, but not impossible, particularly in a crisis and as our nuclear-armed adversaries continue to build capability and exert themselves globally," and that the U.S. risks suffering "embarrassment" or worse if they do not act. The admiral's words closely echo a recent report from the Atlantic Council — a body that is filled with top American generals and closely linked to NATO. Clowns working for the Rothschild's then. The council advised President Biden to draw a number of "red lines" around China, past which the U.S. would respond militarily. These included virtually any Chinese military actions in the South China Sea, cyber attacks on its neighbors, or even a North Korean strike on its adversaries. Any backing down from the brink, the council insisted, would mean national "humiliation" for the United States. It is not national humiliation, stop talking like children of they have a bigger ball than we do, it is utterly pathetic talk. It is imperative in the future we employ adult thinking people in these positions, based on common sense and the desire to protect the all, not play dick swinging games with fake countries. This planet belongs to us all, and high time all people recognize that, and call out these infant level people who thrive it seems on creating fear, division and wars, that they don't take part in. In recent months, the United States has taken a number of provocative military actions on China's doorstep. In July, it conducted naval exercises in the South China Sea, with warships and naval

aircraft spotted just 41 miles from the coastal megacity of Shanghai, intent on probing China's coastal defenses. In December, it flew nuclear bombers over Chinese vessels close to Hainan Island. Last year Florida Senator Rick Scott stated that every Chinese national in the U.S. was a communist spy and should be treated with extreme suspicion. Scott's words are part of a broader propaganda war against China. In 2011, the American public's view of the country was strongly favorable. However, due in no small part to fearmongering stoked by politicians and media pundits, nearly three-quarters of Americans (a historic high) hold negative views of China, with less than one-quarter positively rating the country, according to Pew Research. Remember the Trustee was in on this act a few months ago, and claimed she turned all the nuclear warheads towards China. I guess my concerns about the incident in the 100 show, becomes more prevalent by the day. But my words, like silent raindrops fell and echoed, in the wells, of silence.

Here is one of the reasons why America and China are playing mind games, and we are still sending our drastic reduced monetary supply to this fake country? Over 20 Israelis, including former employees of Israeli defense firms, have been investigated for illegally selling weapons to U.S. rival in Asia. Most details of the investigation, including which country is involved, are under a gag order. Sources with knowledge of the investigation said the case was highly sensitive, as it could affect Israel's foreign relations and lead to a crisis between superpowers. At which point do people get enough balls in high positions and call it out for what it is, that country is stiffing this country left right and center, yet dickhead clowns in agencies want to focus on China, Russia, N.Korea and Iran?

The national curfew will be lifted immediately. The group VirusWaarheid (Virus Truth) started a lawsuit a while ago against the curfew since it was implemented. The judge are in their favor and agreed that the curfew will be lifted immediately. <https://www.iamexpat.nl/expat-info/dutch-expat-news/court-hague-states-national-curfew-must-be-lifted-immediately> Dutch govt are appealing, then just as quick Dutch Govt. overturned it all in one day. Funny how quick they move when working for the system isn't it, yet take months or years to make a decision beneficial for the people.

China has banned BBC World News from broadcasting in the country, its television and radio regulator announced on Thursday. China has criticised the BBC for its reporting on corona virus and the persecution of ethnic minority Uighurs. The BBC said it was "disappointed" by the decision. It follows British media regulator Ofcom revoking state broadcaster China Global Television Network's licence to broadcast in the UK. Separately, the broadcaster Radio Television Hong Kong (RTHK) said it would stop relaying BBC World Service programming in the region, prompting condemnation from the BBC. China's State Film, TV and Radio Administration said that BBC World News reports about China were found to "seriously violate" broadcast guidelines, including "the requirement that news should be truthful and fair" and not "harm China's national

interests". It said that the BBC's application to air for another year would not be accepted. The BBC said in a statement: "We are disappointed that the Chinese authorities have decided to take this course of action. The BBC is the world's most trusted international news broadcaster and reports on stories from around the world fairly, impartially and without fear or favour." The BBC surely jest with their impartiality and fairness, I saw none of that with Trump, with their analytic pieces daily of and on every word he said, when that never applied to any other countries leader, including Biden. But, the BBC is ran by MI5/6 and like American bs that passes off as news, they are ran by the CIA. No news media is ran on the basis of actual and factual reporting anymore, and is ran by largely idiots in the oxymoron named intelligence agencies.

CORPIRATE BS: Amazon has sued New York's top prosecutor over her probe of the firm's response to Covid-19 safety concerns, including its firing of workers who spoke out with concerns. The company said Attorney General Letitia James was applying "an inconsistent and unfair" standard for workplace safety to Amazon. It asked the court to stop her inquiry. Ms James called the move "a sad attempt to distract from the facts and shirk accountability". "We will not be intimidated by anyone, especially corporate bullies that put profits over the health and safety of working people," she said in a statement. "We remain undeterred in our efforts to protect workers from exploitation and will continue to review all of our legal options." Nice to see some are taking the fight to the global merchandise control system group, more needs to do it.

Investigative outlet the Intercept has drawn attention to Amazon ramping up employment, of former US Federal Bureau of Investigation (FBI) operatives to its global security center in Goodyear, Arizona. "A cursory search of the company's employees via its official LinkedIn page, shows 126 users mention Amazon and the agency in their profiles, and at least 20 FBI veterans were hired between 2017 and 2020 alone. That the e-commerce giant has enlisted their services is hardly surprising, and neither is it exceptional. Companies small and large in many industries actively seek out and benefit from the experience of seasoned security services professionals. However, this recruitment drive takes on a deeply disquieting dimension when one considers, some of the hires could be used for the purposes of gathering intelligence on Amazon employees, particularly those involved in attempted labor organization and disrupting and preventing trade union activism. The Intercept drew particular attention to two senior Amazon staffers, whose FBI histories –which both span around 24 years – strongly suggest they would be adept at such activities. Cindy Wetzstein joined the company as Senior Intelligence Analyst in October 2020 straight from the Bureau, where she most recently led a "squad" of personnel researching, analyzing and mitigating national security threats, and supervised "collection, collation, manipulation and organization of data from multiple sources by intelligence personnel." Amazon now sponsored by the FBI is in essence what is being revealed here. The role of the FBI has been corrupted massively

since the introduction of the CIA, DHS and NSA and morphed into not a crime solving enterprise, but some elements within it, seem to run it as a crime syndicate. The Mueller report revealed that as much also.

That is not the only global conglomerate the FBI are involved in either. In 2012, fearing a wave of labor activism, Walmart reportedly developed a centralized surveillance system headed by a former FBI officer named Ken Sener to track employees' activities, sentiment, and political sympathies. When the company's security analysts received word that Occupy Wall Street demonstrators were contemplating a protest of Walmart, it swiftly engaged the FBI Joint Terrorism Task Force and local police agencies. The FBI's early roots focused on suppressing labor activism on behalf of business interests. In 1919, the agency established its "General Intelligence Division" that mobilized "Red Squads" focused on disrupting labor organizing. Red Squads was the name used as death squad in Russia around that year as well. The war in Russia was between the Red and the White camps. The most famous of these is the Palmer Raids of 1919 and 1920, during which around 10,000 people were arrested over suspected ties to communist and labor radical groups. So the alleged Communists were arrested by the real Communists. The raids, timed to coincide with the anniversary of the Bolshevik revolt in Russia, were targeted at the Industrial Workers of the World. At least 1,000 IWW members were later convicted under dubious charges under the Espionage Act, that the union's industrial organizing work was somehow part of a conspiracy to assist Germany during World War I. Whilst not all in the FBI are bad, what this proves is, the agencies are not there to police domestic and foreign criminals, but protect the control system.

COVID BS There was a media poll taken in America last month with some startling figures, involving around 60-63K participants. Should the vaccine be mandatory? yes 5% no 95%. Are you getting the vaccine? yes 8.5% no 91.5%. Was the Govt reaction worse than the virus? yes 91% no 9%. Do you support lockdowns or Military involvement? yes 7% no 93%. Should masks be mandatory? yes 9% no 91%. Do you trust the WHO? yes 6.5% no 93.5%. Was Covid politicized by MSM? yes 95% no 5%. Interesting figures and proves the portal people and their army of fiction checkers are not working too well.

Fifteen people out of the first half-million receive a Covid-19 vaccination died within nine days of their inoculation. All of the people with fatal outcomes had either multiple underlying health issues, or serious health problems, according to Dutch pharmaceutical risk research center Lareb. Two of them were between the ages of 70 and 84, and the other 13 were aged 85 or older. They died as soon as, one day after an injection with the vaccine. "About half of them developed symptoms identified as side effects, such as fever, nausea and general unwellness in the days after vaccination. These complaints are not in themselves the cause of death, but may have contributed to the deterioration of their already fragile state of health in these frail older people," Lareb said in a statement.

The organization pointed out that 200 nursing home residents died from Covid-19, out of an average of 750-800 weekly nursing home deaths. More evidence of the crimes against the elderly we first reported on in May of last year, nice to see others now realizing it, next stop is stopping it. Some 25 people also suffered from a severe allergic reaction to the Pfizer/BioNTech vaccine, with eight definitively determined to have had an anaphylactic response. In some cases it took several hours after the injection for the allergic reaction to develop. A total of 2,812 patients have reported side effects which occurred soon after vaccination. Nearly 95 percent of these reports were from people given the vaccine from Pfizer/BioNTech, the first vaccine approved for use in Europe. The other 113 cases involved the Moderna vaccine, the second candidate approved. It was not immediately clear which vaccine was used in another 38 reports. Lareb said that 1,476 people said they suffered from muscular pain, 1,356 had headaches, and 1,284 felt pain at the injection site. Fatigue (1,204), feeling unwell (1,170), chills (756), nausea (576) and fever (514) were the other top complaints. Most side effects reported were mild, and disappeared within a few days. "These are known complaints with all vaccines. These complaints are also consistent with the effect of the corona virus vaccines. The vaccines stimulate the body's defense against the corona virus." Fourteen people with epilepsy also had seizures after the vaccination, which could have been triggered by a fever caused by the shot. So, summing up, the shot gives you the same effects of the cold by having the vaccine, common sense tells you if you don't have the vaccine you A: lower your risk of serious side effects B: learn to boost your own immune system and C: what are the actual values of taking it?

An estimated 571,361 doses of a corona virus vaccine have been administered in the Netherlands since January 6, including 321 thousand given out at a GGD location. Some 156,500 were given to long-term care home residents, and nearly 94 thousand were administered at a hospital. Conveniently, the adverse vaccine reactions [...] are increasingly considered by authorities as a consequence of COVID-19. This is true of Guillain-Barré Syndrome (GBS) which, since December 2020 and soon after the beginning of the vaccination campaign, is said to be caused by COVID-19. Until then, no causality between the two was claimed, only a worsening of COVID-19 symptoms in patients with GBS. The same was done for Multisystem Inflammatory Syndrome in Children, which is now considered as being caused by SARS-COV-2, and for the Kawasaki syndrome, a known vaccine reaction, now blamed on COVID-19. To further minimize the potentially devastating effects of the Pfizer 'vaccine', a CDC report labels anaphylaxis as the cause for a growing number of adverse reactions.

A new trial is to test how well the Oxford-AstraZeneca coronavirus vaccine works in children. Some 300 volunteers will take part, with the first vaccinations in the trial taking place later in February. Researchers will assess whether the jab produces a strong immune response in children aged between six and 17. For those with short memory

syndrome like a goldfish, I thought the authorities claimed that young children were largely immune, and that was a reason given for them to return to school? The vaccine is one of two being used to protect against serious illness and death from Covid in the UK, along with the Pfizer-BioNTech jab. No it's not, it is an experimental test on humans, that has nothing to do with Covid. As many as 240 children will receive the vaccine - and the others a control meningitis jab - when the trial gets under way. Volunteers who live near one of the four study sites - the University of Oxford, St George's University Hospital, London, University Hospital Southampton and Bristol Royal Hospital for Children - are being asked to sign up. Those interested in taking part must complete a short questionnaire. Andrew Pollard, professor of paediatric infection and immunity, and chief investigator on the Oxford vaccine trial, noted that most children were relatively unaffected by Covid and were unlikely to become unwell with the virus. Then why put children at risk? How about the staff at the Universities and Hospitals in the trials use their own children for the study? Or better still use the bloodline families children for the studies, after all they are superior to all the rest of us we are told, now is their chance to prove it. Seems fair to me.

CDC: 653 Deaths Now Recorded Following Experimental mRNA COVID Injections with 12,697 Reported Injuries. The CDC has done another data dump today into the Vaccine Adverse Event Reporting System (VAERS), a U.S. Government funded database that tracks injuries and deaths caused by vaccines. The data goes through February 4, 2021, with 12,697 recorded adverse events, including 653 deaths following injections of the experimental COVID mRNA shots by Pfizer and Moderna. Besides the recorded 653 deaths, there were 2792 visits to Emergency Room doctors, 208 permanent disabilities, and 1382 hospitalizations. Fictioncheckers actually are blocking these figures on Facebook, are they saying the CDC are liars? Or are just frightened of facts?

Yesterday the Scientific Advisory Group for Emergencies released a document, which provides an estimate of the number of COVID-19 hospital patients, who were infected through nosocomial transmission between February and July of last year. Nosocomial means an infection that a patient acquires while being treated in a hospital. Turns out the number may be as high as four in 10. It was previously thought around one-fifth of infections had been caught in hospitals, but researchers at Public Health England and the London School of Hygiene and Tropical Medicine (LSHTM), also looked at the number of people testing positive within two weeks of discharge. Under the most conservative estimate, which only included people infected after at least 15 days in hospital, just 8.8% of infections were found to be "nosocomial", or acquired in hospital, equating to 7,906 people. However, under the least conservative estimates - which included those testing positive within three days of entering hospital or 14 days after discharge - the number rises to 40.5% of hospital infections, a total of 36,152 people. Separate modelling by the same group using different data from the COVID-19 Clinical Information Network

concludes, that there may have been 31,070 hospital infections in England over the first wave. So, what this has revealed is, the two places supposedly to care after people, a hospital and the nursing care home, where responsible for most of the infections and deaths.

INSIDE STORIES: The assassination of Iranian nuclear physicist Mohsen Fakhrizadeh November 2020 was a devastating blow for the Islamic republic's sphere of atom science. While no entity has taken responsibility for the crime, it has been widely attributed to Israel in recent reports. The high tech weapon that killed ranking Iranian nuclear scientist Mohsen Fakhrizadeh was brought into the country by Mossad (Tel Aviv's version of the CIA), The Jewish Chronicle (TJC) reported on Wednesday, citing unnamed intelligence sources. The newspaper "confirmed" that "the hit was carried out by Mossad, Israel's feared intelligence service." According to the news outlet, a group of more than 20 spies of Israeli and Iranian origin smuggled the weapon with a total weight of one ton, by small deconstructed pieces. The set-up for the killing reportedly took eight months of "painstaking surveillance" on the target by intelligence officers. "The team built up an extremely detailed, minute-by-minute plan. For eight months, they breathed with the guy, woke up with him, slept with him, travelled with him. They would have smelled his aftershave every morning, if he had used aftershave," claimed a source unnamed in the TJC article. Earlier on Tuesday, Iranian Intelligence Minister Mahmoud Alavi said that a member of the Iranian Armed Forces had been implicated in the murder. Fakhrizadeh was assassinated on 27 November, 2020, in the Mazandaran province in northern Iran. The car he was in came under fire from large-caliber weapons that were controlled remotely. Iran has repeatedly accused the Israeli intelligence group Mossad for the murder. According to the Iranian Defense Ministry, Fakhrizadeh led Tehran's Organisation of Defensive Innovation and Research. The scientist was considered the "father" of Tehran's nuclear research, and a key figure in Iran's nuclear studies. One suspects it was not just his knowledge of nuclear power that they were interested in removing him, that is the public scare version to label someone. Perhaps the clue was in the opening sentence? "was a devastating blow for the Islamic republic's sphere of atom science." Interesting a Jewish paper would document Mossad as a subsidiary of the CIA, which confirms our shows highlighting of the CIA, who have been implicated in thousands of crimes globally, yet operate outside of the law under the banner of the National Security Act. The CIA were formed remember just after the Roswell and Aztec Extra Terrestrial crashes in 1947, formulated by the OSS. Perhaps there is a possible link revealed on that later in the show.

Nice to hear some Israelis now speaking more openly about the issues within this country, and I thought I would highlight further and to a wider field with this piece. Rabbi Meir Kahane is considered something of a prophet by the Israeli right-wing. He openly advocated expelling all Palestinians from historic Palestine between the river and

the sea - what he called "the Land of Israel". He wrote in his 1981 manifesto: "The Jews and Arabs of the Land of Israel ultimately cannot coexist. There is only one path for us to take: the immediate transfer of Arabs from Eretz Yisrael, the Land of Israel." Although liberal Israeli elites still view Kahane as a fanatic extremist, the reality is that Kahanism has today gone mainstream in Israel. The latest sign of that came last week, as Israeli Prime Minister Benjamin Netanyahu brokered a merger agreement between two far-right parties in next month's general election, to form the "Religious Zionism" list. Former Transport Minister Bezalel Smotrich united with fanatical Kahanist settler, and lawyer Itamar Ben-Gvir of the "Jewish Power" party. In return, Netanyahu offered Smotrich a vote-sharing agreement and chairs on the judicial appointments committee. Netanyahu wanted to avoid the right-wing vote being split too much, which would have damaged his chances of forming a ruling coalition. Smotrich recently called for Israel to wipe the Palestinian village of Khan Al-Ahmar off the map, in revenge for the International Criminal Court's ruling that it can investigate Israel for war crimes. Like the CIA and other agencies it seems they are beyond the law, maybe that is why their religion is actually a law. "What matters is not what the Gentiles will say but what the Jews will do," he said, quoting an infamous phrase attributed to Israel's first prime minister, David Ben-Gurion. Ben-Gvir is such an extreme Kahanist that he openly displays a picture of Israeli terrorist Baruch Goldstein in his home. Goldstein was a member of Kahane's Jewish Defense League (JDL) from New York, and in 1994 he massacred 29 Palestinian men and boys inside Hebron's Ibrahimi Mosque. In 2019, he said: "Gaza should be levelled and we should return to Gush Katif", the former settlement bloc Israel evacuated in 2005. Liberal Israeli daily Haaretz responded to the news of Netanyahu's embrace of these radicals, with an editorial dubbing the prime minister "The Kahanist From Balfour Street" (that being the location of the official prime ministerial residence). That is in recognition of the Rothschild's led Lord Balfour in declaring a State for Israel in 1919. One of the newspaper's columnists wrote: "Netanyahu [has] become the Godfather of Jewish supremacy." It is, of course, true that the Kahanists are Jewish supremacists and that Netanyahu is a racist, but these editorials miss the wider point. As the Israeli human rights group B'Tselem put it recently, the state of Israel itself enforces a Jewish supremacist regime on the Palestinians as a whole - regardless of the government of the day, the whole state of Israel itself is a racist entity. When the supposedly left-wing Israeli Labor Party ruled the state for decades, it was no less a violent, racist state. In fact, the worst and most notorious crimes of Israel were carried out by the Israeli Labor Party (under one name or another): the ethnic cleansing of 1948 in which some 800,000 Palestinians were expelled by Zionist militias, and the 1967 invasion and occupation of the West Bank and Gaza. The only real disagreement that the Israeli Labor Party and the liberal Zionists at Haaretz have with the Kahanes and the Ben-Gvirs, is that they are a more crude and frank expression of Zionism. Both end up carrying out the same, or very similar, policies. AH the illusion of a party being different, all political parties are part of the same overarching group of psychopaths, and the sooner all peoples realise that, the

better. The Kahanists and the Likud party are just more open about it. Kahane founded the Jewish Defense League (JDL) in New York City in 1968. In 1971, the JDL formed an alliance with a black rights group in what Kahane termed "a turning point in Black-Jewish relations". Kahane was assassinated in a New York City hotel by an Egyptian-born U.S. citizen in November 1990. Kahane born in and born to - just saying, and all very Sabbatai Zevi to me.

This is an Interview by Arnaud de Borchgrave with Hamid Gul, just after the 9/11 mass ritual event. In light of allegations against Gul in the secret U.S. military documents released by WikiLeaks in July 2010, the interview assumes event greater significance than it did at the time and a transcript is therefore posted here in full. General Gul claims that the documents relating to his involvement in attacks against US forces, were deliberately fabricated by US Intelligence to discredit him. The interview was originally published Sept. 26, 2001. The retired Pakistani general who is closest to the Taliban and Osama bin Laden, contends the 11 Sept terrorist attacks on New York City and Washington, were the work of renegade U.S. Air Force elements working with the Israelis. Gen. Hamid Gul led Pakistan's Inter Services Intelligence Agency (ISI) during the war against the Soviet occupation of Afghanistan. Gul serves as an adviser to Pakistan's extremist religious political parties, which oppose their government's decision to support the United States in any action against Afghanistan's Taliban regime. Gul contends bin Laden had nothing to do with the terrorist attacks on New York and Washington, saying instead that they were the work of the Mossad, the Israeli intelligence service - a version of events that has been endorsed by Islamic fundamentalist clerics and is widely accepted by Muslims throughout the Arab world. It is not just Arabs who hold that belief either, many researchers in the Western world believe that to be the case also. Remember The Jewish Chronicle mentioned in the earlier piece that " Mossad was Tel Aviv's version of the CIA. De Borchgrave: So who carried out the 11 September attacks?? Gul: Mossad and its accomplices. The U.S. spends \$40 billion a year on its 11 intelligence agencies, that's \$400 billion in 10 years. Yet the Bush Administration says it was taken by surprise, I don't believe it. Within 10 minutes of the second twin tower being hit in the World Trade Center ... CNN said Osama bin Laden had done it. That was a planned piece of disinformation by the real perpetrators. It created an instant mindset and put public opinion into a trance, which prevented even intelligent people from thinking for themselves. That last section is all correct, many Americans went into an almost psyche based coma state, due to never having had major attacks on their country prior. Q: So you're already convinced bin Laden didn't do it? A: I know bin Laden and his associates. I've been with them here, in Europe and the Middle East. They are graduates of the best universities and are highly intelligent, with impressive degrees and speak impeccable English. These are people who have rediscovered fundamental Islamic values. Many come from the Gulf countries where ruling royal families have generated hatred by the way they flout divine law, wasting

billions on gratifying their whims, jetting around in large private jets by themselves, and sailing the Mediterranean in big private boats for weeks on end. As revealed in Tuesdays shows, those royal families are connected to the Hebrew Annunaki. Osama's best recruits come from feudal areas that are U.S. protectorates, and where millions of poor people are seeking human dignity. I have even visited a Christian convent school in Murree, 60 miles from here, where my 13-year-old daughter is studying. The young girls there have told me Osama is their hero. Osama's followers identify with Mujahideen freedom fighters wherever they are defending Islam and its values. Q: So what makes you think Osama wasn't behind 9-11? A: From a cave inside a mountain or a peasant's hovel? Let's be serious. Osama inspires countless millions by standing up for Islam against American and Israeli imperialism. He doesn't have the means for such a sophisticated operation. Q: Why Mossad? A: Mossad and its American associates are the obvious culprits, who benefits from the crime? Remember when asked Netanyahu said later it was very beneficial for the Israeli people, indeed Mr. Miliekowsky. The attacks against the twin towers started at 8:45 a.m., and four flights are diverted from their assigned air space, and no air traffic controller sounds the alarm, and no Air Force jets scramble until 10 a.m. That also smacks of a small scale Air Force rebellion, a coup against the Pentagon perhaps? Radars are jammed, transponders fail, no IFF friend or foe identification challenge. In Pakistan, if there is no response to IFF, jets are instantly scrambled and the aircraft is shot down, with no further questions asked. This was clearly an inside job, Bush was afraid and rushed to the shelter of a nuclear bunker. He clearly feared a nuclear situation, who could that have been? Will that also be hushed up in the investigation, like the Warren report after the Kennedy assassination? Osama at the time of 9/11 had serious kidney disease, and died 3 months after the 9/11 ritual sacrifice event. Remember he was visited in hospital by another who was conspicuous to the events that day, Donald Rumsfeld. Q: At this point, someone might be asking what you've been smoking. What is Israel's interest in such a monstrous plot, which, of course, no one believes except Islamist extremists who concocted this piece of disinformation in the first place, presumably to detract from the real culprits? A: Jews never agreed to Bush 41 (George H. W. Bush, the 41st president) or 43 (his son George W. Bush, the 43rd president). They made sure Bush senior didn't get a second term, his land-for-peace pressure in Palestine didn't suit Israel. They were also against the young Bush, because he was considered too close to oil interests and the Gulf countries. Bush senior and Jim Baker had raised \$150 million for Bush junior, much of it from Mideast sources or their American go-betweens. Bush 41 and Baker, as private citizens, had also facilitated the new strategic relationship between Saudi Arabia and Iran. I have this from sources in both countries, so clearly the prospect of a Bush 43 was a potential danger to Israel. Jews were stunned by the way Bush stole the election in Florida, they had put big money on Al Gore. Israel has given its imperialist guardian parent opportunities to turn disaster, into a pretext for imposing an all-encompassing military, political and economic agenda to further the cause of global capitalism. While Colin Powell is cautious and others are reckless and want to make up

for their failure to defeat Saddam Hussein in the Gulf War 10 years ago, the global agenda is the same. That section explains the two differing factions within the Jewish elites programs. Israel knows it has a short shelf-life before it is overwhelmed by demographics. It is a state that was born in terrorism that terrorized Palestinians into the exile of refugee camps, where they have now subsisted in squalid refugee camps, and is now very much afraid of Pakistan's nuclear capability. Israel has now handed the Bush family the opportunity it has been waiting for, to consolidate America's imperial grip on the Gulf, and acquire control of the Caspian basin by extending its military presence in Central Asia. Bush conveniently overlooks, or is not told, the fact that Islamic fundamentalists got their big boost in the modern age as CIA assets in the covert campaign, I was also involved with to force the Soviets out of Afghanistan. So, the Islamic fundamentalists was built up and funded by the CIA, connecting the dots now? Bush senior was vice president during that entire campaign. And no sooner did he become president on Jan. 20, 1989, than he summoned an inter-agency intelligence meeting and issued an order, among several others, to clip the wings of ISI (Pakistani Inter-Services Intelligence) that had been coordinating the entire operation in Afghanistan. I know this firsthand as I was DGISI at the time (director general, ISI). Q: So how do you read U.S. strategy in Pakistan? A: The destabilization of Pakistan is part of the U.S. plan because it is a Muslim nuclear state. The U.S. wants to isolate Pakistan from China as part of its containment policy. President Nixon's book "The Real War" said China would be the superpower of the 21st Century. The U.S. is also creating hostility between Pakistan and Afghanistan, two Muslim states to reverse the perception that the Islamic world now has its own nuclear weapons. Bush 43 doesn't realize he is being manipulated by people who understand geopolitics. He is not leading but being led, all he can do is think in terms of the wanted-dead-or-alive culture, which is how Hollywood conditions the masses to think and act. All summer long we heard about America's shrinking surplus, and that the Pentagon would not have sufficient funds to modernize for the 21st century. And now, all of a sudden, the Pentagon can get what it wants without any Democratic Party opposition. How very convenient! Even your cherished civil liberties can now be abridged with impunity, to protect the expansion of the hegemony of transnational capitalism. There is now a new excuse to crush anti-globalization protests. Bush 43 follows Bush 41, Iraq was baited into the Kuwaiti trap, when the U.S. told Saddam it was not interested in his inter-Arab squabbles. Two days later, he moved into Kuwait, which was an Iraqi province anyway before the British Empire decreed otherwise. Roosevelt baited the Pearl Harbor trap for the Japanese empire, which provided the pretext for entering World War II. And now the Israelis have given the U.S. the pretext for further expansion into an area that will be critical in the next 25 years - the Caspian basin. Q: Were you a fundamentalist in the days of the war against the Soviets in Afghanistan when you worked closely with the CIA? A: Not as much as I am today. Q: What turned you against America? A: Betrayals and broken promises and what was done to my army career. Q: And what was that? A: President

Ishaq Khan, who succeeded Zia ul-Haq after his plane was blown out of the sky, wanted to appoint me chief of staff, the highest position in the Pakistani army. The U.S., which by then had clipped ISI's wings, also blocked my promotion by informing the president I was unacceptable. So I was moved to a corps commander position, as ISI director, I held the whole Mujahideen movement in the palm of my hands. We were all pro-American, but then America left us in the lurch and everything went to pieces, including Afghanistan. The U.S. pushed for a broad-based Afghan government of seven factions and then waved goodbye. Even in the best of democracies, a broad-based coalition does not work. So we quickly had seven jokers in Kabul interested in only one thing - jockeying for power. The classic divide and conquer tactic. The gunplay quickly followed, which led to the creation of Taliban, the students of the original Mujahideen, who decided to put an end to it. Q: What happened to the 1,000 shoulder-fired Stinger anti-aircraft missiles that were supplied by president Reagan in 1986 and 1987 to the Mujahideen, and that literally grounded the Soviet air force? A: After the Soviets pulled out, the CIA allocated \$60 million to try to buy them back. This just drove the black market price up for one Stinger from \$100,000 to \$300,000. The Taliban still have about 250 of them for the kind of situation they face today against U.S. aircraft. All the media based rhetoric of Islamic terrorists, only to find the American Government and the CIA, created and funded them to exist in the first place - oh my. Q: Is the U.S. now your enemy? A: Is the U.S. national interest in contradiction with the Muslim world? The U.S. needs oil, as do its European allies. You have between 6 and 8 million American Muslims and their ranks are growing, about the same number in Europe. Israel aside, we are America's natural allies. Prof. Sam Huntington in his "Clash of Civilizations" puts Confucius and Judeo-Christians in one corner, and us in the other. His prescription is wrong but is being adopted by Bush 43, who has now put 60 countries on his hit list. This is the diabolical school that wants to launch an anti-Muslim "crusade." Muslims understood what Bush meant when he used that word. We need a meeting, not a clash, of civilizations, we are on the brink of disaster. It is time to pull back from the brink and reassess before we blow ourselves up. The purpose of Islam is service to humanity, the time for like-minded people to have a meeting of the minds is now. Q: But you are against democracy, so how can there be a meeting of the minds? A: Democracy does not work. Politicians are constantly thinking of their next election, not the public good, which means, at best, constantly shading the truth to hide it from their constituents. Their pronouncements are laced with lies, and the voters are lulled or gulled into believing utter nonsense. I agree with that 100%, he is correct in his assessment, the evidence to support that is now overwhelming. The Koran says call a spade a spade, it is the supreme law and tells right from wrong. There is no notion of "my country right or wrong" under divine law, the creator's will predominates. All if subservient to Allah's will and adherence to a set of basic, fundamental values. That I don't agree with, and why the repeat loop programs work, using different names and places, yet the program remains the same. Religion like politics is based in fiction and lies, all designed to divide the people, which

makes them easier to control, abuse and conquer. Q: So what kind of a system are you advocating? A: The world needs a post-modern state system. Right now, the nation-state and round the clock satellite TV lead people to imitate America's way of life, which is mathematically impossible. You have 4 percent of the world's population consuming 32 percent of the world's resources. The creator through Prophet Mohammed said equal distribution. Capitalism is the negation of the creator's will, it leads to imperialism and unilateralism. Q: So what does this post-modern state system look like? A: A global village under divine order, or we will have global bloodshed until good triumphs over evil. Islam encapsulates all the principal religions, and what was handed down 1,400 years ago was the normal evolutionary sequel to Judaism and Christianity. The prophet's last sermon was a universal document of human rights, for everyone that surpasses everything that came since, including America's declaration of independence and the U.N. Charter of universal rights. If you superimpose true secular values on true Islamic values, there is no difference. So surely divine law should supersede man-made law. Islam is egalitarian, tolerant and progressive, it is the wave of the future. I agree with its principals, but why does it have to be woven into a religious narrative. Basic traits and principals like morals, are the tenet of being human, we the people being fair, moral, caring, sharing and loving are all the basic tenets of an enlightened being, and has zero to do with any religious concept. Q: Marxism also believed that the nation-state would eventually wither away. A: Socialism jumped the rails when it was co-opted by the imperialist Soviet state. Islam believes in dynamism, Christianity stands for static statism. Why will nation state give way? decentralization. Welcome to the Districts, Hunger Games anyone? The pope in all his pronouncements has expressed a dogmatic attachment to the status quo. Why are so many black Americans converting to Islam? Because they are looking for true equality which they cannot find under capitalism. Allah has no gender, neither male nor female. Islam has no indirect taxation in an interest-free economy. Usury was a Jewish concept. Q: Is Iran your model? A: There isn't a single true Islamic state in the world today. Iran has moved forward from its 1979 revolution, but I am not sure whether it's the right direction. Q: And Taliban? A: They represent Islam in its purest form so far, it's a clean sheet. And they were also moving in the right direction when this crisis was cooked up by the U.S. Until Sept. 11. They had perfect law and order with no formal police force, only traffic cops without sidearms. Now, in less than two weeks, they have mobilized some 300,000 volunteers to fight American and British invaders if they come. Q: And your reaction to U.S. demands on Pakistan? A: If Pakistan gives the U.S. base rights we will have a national upheaval. And if the U.S. attacks Afghanistan, there will be a call, a fatwa, for a general jihad. All borders will then disappear, and it will be a no-holds-barred Islamic uprising against Israel and American imperialism. Pakistan will be engulfed in the firestorm. So I can only hope that cooler heads will prevail in Washington. Q: What about the other U.S. demands? A: Overflight rights are meaningless since the U.S. violates air space daily all over the world. As for intelligence sharing with ISI, you can't even catch your own terrorists, and what ISI gives

you will be of marginal value anyway. Q: President (Pervez) Musharraf has made strong statements supporting the U.S. A: He was my student in the army, he is a good man, but he doesn't understand Islam. The army will never fight the masses. If push comes to shove, Musharraf will say no to the Americans rather than turn against the people. He is not just facing a handful of angry people, by his own admission, it's 10 percent to 15 percent of the population, or at least 10 million people willing to fight. For openers, they would close the port of Karachi, a country cannot breathe without lungs. Q: Back to Osama's terrorist network. Who was behind the bombing of the U.S. Embassies in Tanzania and Kenya? A: Mossad is strong in both countries. Remember the Israeli operation to free hostages in Entebbe Uganda? Both Kenya and Tanzania were part of the logistical tail. A so-called associate of Osama was framed at Karachi airport. The incidents took place on Aug. 8, 1999, and on the 10th a short, clean-shaven man disembarks at Karachi airport and presents the passport of a bearded man. Not your passport, he was told, he then tries to bribe the clerk with 200 rupees. A ludicrously small sum given the circumstances, the clerk says no and turns him in and he starts singing right away, not plausible. Osama has sworn to me on the Koran it was not him and he is truthful to a fault. Pious Muslims do not kill innocent civilians who included many Muslim victims. The passport must have been switched while the man was asleep on the plane, in what has all the earmarks of a Mossad operation. For 10 years, the Mujahideen fought the Soviets in Afghanistan, and not a single Soviet embassy was touched anywhere in the world, so this could not have been Osama's followers. Q: What if bin Laden has been lying to you and is guilty. Is that inconceivable? A: If Taliban are given irrefutable evidence of his guilt, I am in favor of a fair trial. In America, one is entitled to a jury of peers, but he has no American peers. The Taliban would not object, in the event of a prima facie case, to an international Islamic court meeting in The Hague. They would in turn extradite Osama over to the Netherlands. Less than 3 months later, Osama Bin Laden died of renal failure, and his family was flown out of America in spite of a no fly directive coming from the Government at the time.

This is a small part of a document and book written in 1991, and there was a lot of interesting material placed early on, on the internet for researchers like me to find, until the censorship took hold and everything started to be filtered. The only difference now is, they are telling it in your face, via their armies of Humanity sell outs called Fictioncheckers. They warned us of Agenda 21 and that became common knowledge within the Alt Media circles, perhaps this piece reveals more and of how far back they have been planning. The economic-system shall be based upon the ruling oligar-ethical class allowing just enough foods and services to be produced, to keep the mass slave-labour-camps going. All wealth shall be aggregated in the hands of the elite members of The Committee of 300. Each individual shall be indoctrinated to understand that he or she is totally-dependent upon the state for survival. The world shall be ruled by Committee of 300 Executive Decrees which become instant law. Boris Yeltsin is using

The Committee of 300 decrees to impose the Committee's will on Russia as a trial-run. Courts of punishment and not courts of justice shall exist. Industry is to be totally destroyed along with nuclear-powered energy-systems. Only The Committee of 300 members and their elitists shall have the right to any of the earth's resources. Agriculture shall be solely in the hands of The Committee of 300 with food-production strictly controlled. As these measures begin to take effect, large populations in the cities shall be forcibly-removed to remote areas, and those who refuse to go shall be exterminated in the manner of the One World Government experiment, carried-out by Pol Pot in Cambodia. Euthanasia for the terminally-ill and the aged shall be compulsory. No cities shall be larger than a predetermined number as described in the work of Kalergi. Which we covered in the FRWL series, more and more of that series validity of information is coming forward at a record pace. Essential-workers will be moved to other cities if the one they are in becomes overpopulated. Other non-essential workers will be chosen at random and sent to under-populated cities to fill "quotas". What is essential and non essential has become a key figure of speech within the last twelve months. At least 4 billion "useless eaters" shall be eliminated by the year 2050 by means of limited wars, organized epidemics of fatal rapid-acting diseases and starvation. Energy, food and water shall be kept at subsistence-levels for the non-elite, starting with the White-populations of Western Europe and North America and then spreading to other races. FRWL proven yet again, People hearing without listening. The population of Canada, Western Europe and the United States will be decimated more rapidly than on other continents, until the world's population reaches a manageable-level of 1 billion, of which 500 million will consist of Chinese and Japanese races, selected because they are people who have been regimented for centuries and who are accustomed to obeying authority without question. The Milgram experiment peoples and connected to the Orion reptilian races and the Hydras. From time to time there shall be artificially-contrived food and water shortages and medical-care to remind the masses that their very existence depends on the goodwill of The Committee of 300.

I mentioned the Spider Race of beings which garnered some interest. My own interaction or experience with them, was related to the downfall of the psychotic AI in November of 2015. Upon that collapse the spiders came out to attack and were repelled. The best description I found for details on the spider race was a Russian named Habytov, which has mysteriously disappeared from the aptly named web. A Web crawler, sometimes called a spider or spiderbot and often shortened to crawler, is an Internet bot that systematically browses the World Wide Web, typically for the purpose of Web indexing (web spidering). Web search engines and some other websites use Web crawling or spidering software to update their web content or indices of other sites' web content. All creepy and crawly to me.

Having introduced the idea subtly via our From Russia with love series, and increased it with various pieces and then added a new label of Hebrew Annunaki, maybe it is time to delve deeper into this subject. The possibility and some would argue probability that the world and human ills, are not down to the human problem, but we are dealing with and facing a hostile off world situations of epic proportions. Nothing in this world makes any sense anymore, and as I have posited before, if something doesn't make sense, then it is likely we are dealing with a program. This is a small article I was given and I have pulled out some of it to discuss and add to. During the early 1900's we had the rise of the Vrill Society, who are Reptilian by and large. The illuminati bloodlines are believed to be a Luciferian-Reptilian-humanoid-hybrid race that is controlling our world via secret societies infiltrating all levels of society. The Vril Society were also Luciferians that practiced child sacrifice and the Vril Lizard Reptilians require stem-cell rich blood or flesh to survive in a cloned body or human body they have consumed the soul of. So the commonality between the Vril Society, Vril Lizard Reptilians, and the Illuminati (Freemasons, Zionists, Khazarians, & Jesuits) is child sacrifice to feed the Reptilian overlords.

Types of Clones Used By The Illuminati: Actual Clones: This is a person grown from test tubes, known as "in vitro" or implanted in a womb, having identical genetic makeup to another person. This brings in the eggs question from the last show does it not, for anyone who watched the Roswell series, the occupants of the crashed ET craft were all in pods or eggs. Remember in the series V, the little girl Elizabeth was a clone. In the series The Event they were growing vast armies in pods or egg like vessels. They have to tell us what they do or are up to, they wrap it into fiction. Synthetic People: These persons look every bit as real as a real person although are made of certain tissues extracted from cattle for example. Organic Robotoids: This is an artificial life created totally different than clones or synthetics. Organic robotoid technology is being used to make exact as possible copies of important people. Ah the bots we have talked about, we have spoken about synths also. Doubles (Look-alikes): An ongoing program to find look-alikes for prominent people, as well as a program to create secret identical twins (which are separated at birth and never see each other). Just like the program to breed people for sacrificial purposes also, the horrors of what goes on behind the doors of DUMBS, Universities and Research centers is now fully coming to the light. Then we have the latex mask people, which could also be related to the synthetic people. Biden has been caught out with that, they even mimic his inability to speak well to throw people off the target. I posted videos recently about how realistic via a screen, be it television or phone video to not see the person is behind a latex mask. Is this why the rise of transsexualism? where the difference between male and female becomes distorted from a neutral standpoint and point of view, that is not a slight on transsexuals, but an overview look at why the system suddenly started promoting it heavily. If the media promotes any cause heavily, you know it is a program of operation. If something doesn't make sense, it is a

program, that is a good guideline to follow for all listeners. The media ignored and some times promoted violence and heinous act against the black people in the mid part of the last century, then suddenly it was all about over promoting the blacks, and the new prejudice was born, of labelling everything bad against the whites. Why did they do that? because it was a program laid out by the fake whites, known as the Zionist Jews. Israel Cohen, Walter Rosenthal and others all stated they will enable and fund the rise of the blacks, to bring down the white race. The Committee of 300 pdf revealed that to be the case also, so there is corroborated evidence to support it. All the details of which were in carefully disguised and hidden gems here and there within the FRWL series, connect the dots and you find out the real problem and issues we face here and now. Now we can all defend our own colour and rightly so, but someone has to overview things in a neutral and fair way, and point out the Zionist plan has been carried out to the letter.

"Very confused how one out of 10 children could be RH- when both parents have to be rh- negative to pass it to a child?" I wonder how many of those children with the RH- were part of the in-vitro fertilization program that started being heavily promoted in the 1980's, whilst at the same time the DNA and Ancestry group were suddenly formed and heavily promoted. Is this all connected? Well when you add in at the same time frame that the US Government started planning for genome DNA sequencing, and implemented it in 1990. It was called the Human Genome Project which ran through to 2003, and then further promoting of the DNA Ancestry groups, until Ancestry.com was bought out by the Black Sun group called Blackstone last year, that coincided with the DNA testing kits and installing nanotech via the same test kits, all under the guise of Covid testing, and perhaps a bigger picture emerges? Is this a giant stock take of the differing human species on this planet? and if so why? Could it be a future event where all go back to their respective homes? and those left start the New Earth here? It is said this planet was an experiment after many races, were brought here as refugees following galactic wars, is it now deemed a failed experiment and they are planning for the future? A great question to ponder on should the latter be correct, maybe the 500M on the Georgia Guidestones maybe the correct figure? So, the rest are essentially deemed as not native to here? What if all these tests are determine who is who? who belongs where? and who would go willingly and who wouldn't? Is that part of the Great Reset? What if the children that were being brought in by the EBE's, were part of that process? It was not made clear in the transcript of why an Extra Terrestrial race would be bringing in human like children, and seeding them amongst the populace. Who are these children? where are these children now? Left its seeds while I was, sleeping. I mentioned earlier about the CIA and their creation just after the Roswell and Aztec crashes, and how they are exempt from any laws under the National Security Act. Essentially whenever a criminal act goes to court that involves the CIA, other organizations are blamed, like in the Condor Operation in South America. When evidence is requested of the CIA, they site the National Security Act as the reason for evidence to not be brought forward, with their classic line of "you

don't have the need to know". Which I gleefully relayed back to one of their agents in a meeting with Kim last year, they wanted information on the Quantum System, I told them "you don't have the need to know", you are not at the right security clearance. Always wanted to do that, and fulfilled it, all in good fun. Now back to the CIA and we have already played word games within our shows on them, with the word Phoenicia, which is broken down to phoney CIA, which certainly fits their mode of operations, it is phoney. But the great question is, just how phoney, which means fake, are they? But, I was pondering again, and recently I mentioned about maybe the Repts have returned, common failure of the ET community these days is, thinking all Repts are Draco, they are not. There is several different species of Reptilian, the crocodile chimera on the Egyptian hieroglyphs just one example. Here is a description of crocodile, a name for certain reptiles, taken from ancient Gr. ΚορβΑος, signifying lizard and newt; with reduplication Κορκορ?uXos, and by metathesis ultimately ΚορΚΟSetXos. Herodotus makes mention of them, and tells us that the Egyptian name was champsas, the Arabic term is ledschun. The same root kar leads through something like kar-kar-ta, glakarta (glazard in Breton), to lacerta and to "lizard." Recently I also mentioned the Ciakar who are considered a Royal caste of the Reptilian races, the blue bloods, and these are a part of the Draconian races. They have wing appendages and have been mistakenly in some cases biblically for the angels. Their body type is linked with the Allduzzani who are/were very humanoid like, linked with the Vrill as both groups were helping some of the Black Eagle National Zionists, more commonly known as Nazis. The switch from humanoid to their reptoid appearance was the product of genetic interference. Remember the series V with the latex masks? oh my hello Mr Biden. Trump even looks like the actor Richard Herd who played the Commander John, who had his mask ripped off live on public tv whilst giving a speech. But, there is not just one version, there are two constellations of Draconian, Alpha and Hydra, the latter being responsible for the Dragon myths here, including the fire breathing ones. So, looking at the word Ciakar, spelt CIAKAR, the first three letters sticks out, CIA, given they were created after the crashes and a major part of the UFO cover up field, and were part of the Majestic Group, could there possibly be a link to off world control via the CIA? The final three letters is kar KAR, The same root kar leads through something like kar-kar-ta, glakarta (glazard in Breton), to lacerta and to ---- "lizard." Is the CIA a play on words? Central Intelligence Agency for the lizards?, And the people bowed and prayed to the neon god they made, neon means new, and the people bowed and prayed to the new god, that they made.
