A conspiracy theorist is a demeaning label for a group of people, who choose to research and think for themselves, and come to their own understanding, that differs from the Establishment viewpoint.

I was asked what is the highest form of law on this planet this week, this was my reply. Laws don't apply here, only the interpretation of them by a set of individuals not conducive to we the people.

Well it's March 4th and no Trump is not in the White House again, no Nesara, no Gesara, no mass arrests, and no \$3k is not in all of your bank accounts this week either, yet more alt media promises, yet more failures, at which point do people stop listening to this fake drivel and act accordingly? Saviors don't work, the savior was you all along.

Police in several countries turning violent on protestors, and also arresting them. Police in Hong Kong have charged 47 activists with "subversion", in the largest use yet of the territory's controversial security law. The 47, among a group of 55 arrested in dawn raids last month, were told to report to police stations for detention ahead of court appearances on Monday. Beijing enforced the law criminalising "subversive" acts last year, saying it was needed to bring stability. Critics say it has silenced dissent and stripped Hong Kong of its autonomy.

Police have fired on protesters in Myanmar killing at least 18, the UN human rights office says, on the deadliest day of anti-coup rallies. Deaths were reported in several cities including Yangon, Dawei and Mandalay as police used live rounds and tear gas. Security forces began the violent crackdown on Saturday, after weeks of largely peaceful protests against the 1 February military takeover.

French ex-President Nicolas Sarkozy has been sentenced to three years in jail, two of them suspended, for corruption. The 66-year-old was found guilty of trying to bribe a magistrate by offering him a prestigious job in return for information about a separate criminal case against Sarkozy. He is the first former French president to receive a custodial sentence and is expected to appeal. The conservative politician "knew what [he] was doing was wrong", the judge said, adding that his actions and those of his lawyer had given the public "a very bad image of justice". The judge said Sarkozy could serve a year at home with an electronic tag. Seriously, another example of Just Us not Justice, would they allow a member of the public to get off with that sentence?

In 1990 there were more than 750 million people in China living below the international poverty line - about two-thirds of the population. By 2012, that had fallen to fewer than

90 million, and by 2016 - the most recent year for which World Bank figures are available - it had fallen to 7.2 million people (0.5% of the population). Encouraging figures, but one hopes it is not just over the threshold of poverty, whereby one drop in the economy throws millions more back in it.

More crypto-currency trading goes on in Nigeria than almost anywhere else in the world, reflecting a loss of faith in more traditional forms of investment. Nigeria, home of the scams largely ran by the CIA, CIA and NSA where the two groups who created crypto-currency, and so no surprise with this statement at all.

Syrian air defences have shot down most of the missiles targeting the area, outside Damascus from the territory of the occupied Golan Heights, the country's state media reported, blaming Israel for the attack. The missiles were launched towards the Syrian capital at around 10.16 pm local time, Syria's SANA news agency reported, citing a military source. Few of the projectiles are believed to have reached the ground. The source said that the country's missile defences took down "most of the enemy missiles." The agency has published several videos showing intercepts in the night skies over Damascus. The fresh bombing raid comes on the heels of the US airstrikes, that purportedly demolished several facilities on the Syrian-Iraqi border, that the Pentagon claimed were used by Iranian-backed militias. The airstrikes, spun by the US military as "defensive", became the first of its kind under the Joe Biden administration, which said the attack was in retaliation to rocket attacks on US and coalition troops in Iraq. More war on behalf of the Hebrew Annunaki.

The CDC data goes through February 18, 2021, with 19,907 recorded adverse events, including 1,095 deaths following injections of the experimental COVID mRNA shots by Pfizer and Moderna. There were 4,151 visits to Emergency Room doctors, 403 permanent disabilities, and 2,298 hospitalizations. The UK latest report goes through February 25, 2021. They supply three reports: one from the experimental Pfizer COVID vaccine, one from the experimental AstraZeneca COVID vaccine, and one where the "vaccine brand is unspecified." For the COVID-19 mRNA Pfizer- BioNTech vaccine analysis they report: 1835 Blood disorders, 919 Cardiac disorders including 23 deaths, 1 Congenital disorder, 620 Ear disorders, 6 Endocrine disorders, 1098 Eye disorders, 8506 Gastrointestinal disorders including 10 deaths, 24,313 General disorders including 107 deaths. For the COVID-19 vaccine AstraZeneca analysis they report: 577 Blood disorders, 1069 Cardiac disorders including 22 deaths, 6 Congenital disorders, 617 Ear disorders, 14 Endocrine disorders, 1157 Eye disorders, 12,776 Gastrointestinal disorders including 3 deaths, 41,429 General disorders including 127 deaths. For the COVID-19 vaccine brand unspecified analysis they report: 2 Blood disorders, 1 Cardiac disorder including 1 death, 8 Ear disorders, 8 Eye disorders, 58 Gastrointestinal disorders, 223 General disorders including 1 death. Common sense questions. With that level of

issues in such a short space of time and more figures coming in globally, why hasn't the techno jab been put in lockdown, it's freedom to travel banned, given a hazmat passport, denied access to social media, banned from getting too close to anything else, and lost all of it's business. Too profitable for psychotic greed based global elites is why, and allows traitors to humanity to be self important and mini fascists, whilst taking multiple pieces of silver at our expense.

A second former aide has come forward with accusations of sexual harassment against New York Governor Andrew Cuomo. Charlotte Bennett, a health policy adviser to Mr Cuomo until November, told The New York Times that he had harassed her last year. Mr Cuomo has denied any inappropriate behaviour and ordered an independent inquiry into the allegations. Another former aide, Lindsey Boylan, has previously accused the governor of sexually harassing her. Mr Cuomo, 63, who has been governor for more than a decade, has found himself under pressure on several fronts in recent weeks. Later in the week a 3rd person came forward with more allegations. At which point is he suspended and or arrested with the levels of allegations against him? Just like Sarkozy it seems, these people can commit multiple crimes and get away with it, until their faction decides they are no longer needed.

New York prosecutors investigating Donald Trump's business empire are questioning witnesses about two sons of his long-time finance chief Allen Weisselberg, according to a new report. Investigators in Manhattan are looking at transactions involving Barry Weisselberg, who managed two ice rinks run by the Trump Organization, and his brother Jack Weisselberg, a director at a prominent Trump lender. Weisselberg senior has worked for the Trump family business since 1973 and is still the organization's chief financial officer, and was granted partial immunity three years ago for his testimony in the Michael Cohen case. Weisselberg was registered as a Democrat for years and gave money to New York Democrats including Chuck Schumer and Mario Cuomo, before switching to the Republican party ahead of the 2016 election. So, he was a Democrat like Trump and Kushner then, prior to 2016 election. Weisselberg born in and born to, Michael Cohen born in and born to, I guess there is a pattern.

The Phoenix Police Department, in partnership with other Arizona authorities, on Friday announced 37 arrests in connection to human trafficking and sex crimes. Undercover police placed ads on websites commonly sought out by suspects seeking illegal sex acts with children, as part of an investigation dubbed Operation Broken Hearts. The probe targeted "sexual predators engaged in child sex crimes and human trafficking,". Suspects "solicited and/or brokered deals for various sex acts and were subsequently arrested," police said. Police told Fox News that the operation lasted a week and took place in early February. Because police were posing undercover, there were no live victims in the case. The anti-trafficking advocacy group Polaris, which operates the

hotline, says that more than 63,000 human trafficking cases have been reported over the past 14 years, and the hotline has received more than 48,000 "contacts" -- emails, phone calls, texts and other forms of communication -- over the past year. Now, if only they would go into Congress and route out the pedophiles in there.

A US District Judge in San Jose, California says she was "disturbed" over Google's data collection practices, after learning that the company still collects and uses data from users in its Chrome browser's so-called 'incognito' mode - and has demanded an explanation "about what exactly Google does,". In a class-action lawsuit that describes the company's private browsing claims as a "ruse" - and "seeks \$5,000 in damages for each of the millions of people whose privacy has been compromised since June of 2016," US District Judge Lucy Koh said she finds it "unusual" that the company would make the "extra effort" to gather user data, if it doesn't actually use the information for targeted advertising or to build user profiles. Koh has a long history with the Alphabet Inc. subsidiary, previously forcing the Mountain View, California-based company to disclose its scanning of emails for the purposes of targeted advertising and profile building. In this case, Google is accused of relying on pieces of its code within websites that use its analytics and advertising services, to scrape users' supposedly private browsing history and send copies of it to Google's servers. Google makes it seem like private browsing mode gives users more control of their data, Amanda Bonn, a lawyer representing users, told Koh. In reality, "Google is saying there's basically very little you can do to prevent us from collecting your data, and that's what you should assume we're doing," Bonn said. Andrew Schapiro, a lawyer for Google, argued the company's privacy policy "expressly discloses" its practices. "The data collection at issue is disclosed," he said. Except people do not read them and they know that, one line in a thousand line document is not exactly informing them. There should be an option button at the top of the disclosure statement, collect data or not. But, then they do the sly mandatory move, if you refuse you can't use our product, a bit like the technology jab, it is not mandatory but if you don't have it, you can't go anywhere. Another lawyer for Google, Stephen Broome, said website owners who contract with the company to use its analytics or other services, are well aware of the data collection described in the suit. Koh isn't buying it - arguing that the company is effectively tricking users, under the impression that their information is not being transmitted to the company. "I want a declaration from Google on what information they're collecting on users to the court's website, and what that's used for," Koh demanded. These techno giants will have to be declared war on, to regain this planet and some element of privacy for people. They are invading everything with TV's, monitors, cable boxes, phones, fitbits and their smart technology. They are high level voyeurs, if some guy or girl is caught peering through someone's bedroom window, they get arrested. Yet these perverted voyeurs peer into every aspect of our lives completely unhindered it seems. This is dictatorship governing of prying into peoples lives, who needs government and agencies spying on you, when you have technology groups doing

far more? but, then these same technology group are ran by rogue elements in the CIA and NSA, by and large also, as "private contractors".

IS RA EL: Israeli Defense Minister Benny Gantz has accused Iran, of likely being behind Friday's blast on an Israeli-owned transport ship in the Gulf of Oman, saying it's their "initial assessment" that the incident was an Iranian attack. Based on the Saturday statement, it would appear that the claim by Gantz wasn't backed by any actual intelligence, but was rather based on the geography of the incident, and the current geopolitical situation in the Middle East. "Iran is looking to hit Israeli infrastructure and Israeli citizens. The location of the ship in relative close proximity to Iran raises the notion, the assessment, that it is the Iranians," the minister told local broadcaster Kan. However, Gantz acknowledged that the blast needed further investigation for the culprit to be established with certainty, saying that "we are committed to continuing to check." As per usual, just statements with zero proof, all designed to sway public opinion. Here is a common sense idea given inflammatory and unproven statements like that can lead to an escalation of violence, and more civilian deaths. How about you find out the truth first, before making blind public statements, which costs people their lives.

Israel's parliament passed a law Wednesday allowing the government to share the identities of people not vaccinated against the corona virus with other authorities, raising privacy concerns for those opting out of inoculation. The measure, which passed with 30 votes for and 13 against, gives local governments, the director general of the education ministry and some in the welfare ministry the right to receive the names, addresses and phone numbers of unvaccinated citizens. The objective of the measure -- valid for three months or until the Covid-19 pandemic is declared over -- is "to enable these bodies to encourage people to vaccinate by personally addressing them", a parliament statement said. Israel, a country of nine million people, has administered the two recommended jabs of the Pfizer/BioNTech vaccine against the corona virus to roughly a third of its population. In your face fascism yet again from this fake country, and yet no one it seems to utter a word, never mind take action against these clowns of doom, death and destruction. They are implementing medical apartheid in that country, just as I warned of years ago. I stated they care not for their alleged own kind, based on a shared religion, but these sub gray bastards have to be stopped, they are a blight on humanity, and yet the Trustee seems to think it is ok to send them our money. It is high time more called these people out, way past time, and stop hiding behind the bs narrative of anti-semitism, because that equals more deaths.

Though the move will take some time to go into effect, the Pentagon's recent decision to relocate Israel to the area of responsibility (AOR) of the US military's Central Command (CENTCOM, which operates in the Middle East) is a direct operational reflection of the Abraham Accords, in which Israel normalized relations with the UAE and Bahrain, with

Saudi support. The Head of CENTCOM, Marine Gen. Kenneth McKenzie, recently told the Middle East Institute, “We do a lot of business with Israel now just as a practical matter of fact, because their threats generally emanate from the east. In a certain way, this is just a natural recognition of that at the operational level.” Says who Mr. McKenzie? says who? which AIPAC string puller told you to say that, and why? You are not even defending our own borders, never mind theaters of operations called the Middle East. How about protecting this country first eh? now there is a novel idea that nobody thinks of, as contains too much common sense. You know Mr. McKenzie, the same people who pay your exorbitant salaries and kick backs. In comments reported by Defense News, McKenzie said bringing Israel into CENTCOM will enable the US to place an “operational perspective” on the Abraham Accords, setting up “further corridors and opportunities to open up between Israel and Arab countries in the region” on a military-to-military level. This, in turn, will pave the way toward a collective regional approach to common Middle Eastern threats. Common Middle Eastern threats, are created by a certain agency within our own border Mr. McKenzie, if you wish to eliminate threats, you will solve over 75% of world threats and crisis's, by dealing with them. McKenzie stated that the move also lines up with a US vision in which “our friends in the region do more for themselves” and in which neighbors work closely together, adding that the CENTCOM move is “a step in that direction.” Except we are not friends or neighbors Mr. McKenzie Prior to the Pentagon’s decision, a detailed report released by the pro-Israel Washington-based Jewish Institute for National Security Affairs (JINSA), which includes a number of former high-ranking American military officials as members, made the case for bringing Israel into CENTCOM’s area of responsibility. The question for Americans is, who is running our military? Because based on that one statement alone, it is not America. Israel will move in and do what they have done previously, gain access to the database, national secrets and sell it to China and other countries. This is an erosion of our National Sovereignty and no one in Government, Military, Agencies, MSM or Alt Media is addressing it, in fact most Americans just appear to ignore the elephant in the room. According to JINSA’s director of foreign policy, Jonathan Ruhe, the idea initially received mixed responses from both defense establishments, but feedback has grown consistently more positive over the past three years, yes, courtesy of Israeli puppets like Kushner and Pompeo. JINSA argued that such a network could lead to the creation of a region-wide missile defense network, with shared early warning alerts. The cooperation could include steps to disrupt Iranian proliferation of advanced weapons to its proxies, which target Israel, US forces, and pragmatic Sunni states alike. In the face of these threats, CENTCOM can also initiate joint exercises and contingency plans for Iran-specific threats, thereby boosting cooperation, while Israel can find a new framework within which to share critical information from its “war between the wars” to disrupt Iranian force build-up in the region. And yet the top people in Iran are all CIA assets, hello mcfly!! In this context, moving Israel to CENTCOM formalizes regular military exercises among the US, Israel, and Arab states. “Such training would be crucial for

developing effective theater missile defenses, as well as boosting readiness and interoperability in cyber, counter-terrorism, special operations, and maritime security,” the report said. Israel is no longer excluded by the Arab states in CENTCOM’s region, but rather is becoming a central member of the regional anti-Iranian alliance. The Israeli move to CENTCOM is a reflection of this historic shift. As JINSA’s report states, the move will ultimately facilitate collective regional action to roll back Iran’s footprint in CENTCOM’s AOR, while also preparing for a looming potential war and smoothing over day-to-day operational cooperation. Yes, it is always the case with that country, backed and support by the CIA to prepare for looming wars, because that makes the private contractors more money. People have no idea the levels of money paid for these operations, I engaged a former CIA assassin and he was complaining he hadn’t been paid in years by the CIA, and was owed near \$30M. Near \$30M for a private contractor to kill people, the term blood money is not lost here it seems. \$30M would feed and clothe thousands of homeless within this country, and multiple African villages for a year. FSS. Israel has been under European Command’s (EUCOM) AOR since the latter’s creation in 1952, an arrangement that proved beneficial to both sides for decades. Wrong it is beneficial to the fake country only, they engage, infiltrate and takeover, which is why so many of them are in the top positions in every country. That arrangement enabled the US and other NATO members to partner closely with Israel, particularly post-9/11, as well as to develop close missile defense cooperation, which saw EUCOM forces arrive in Israel for Juniper Cobra missile defense drills every two years. What if they were involved in 9/11, did anyone look or check whether they were? or where they all silenced by the sub gray race? Both EUCOM and CENTCOM are undergoing changes, as JINSA’s report outlines. Preparations reflecting such changes could be found as far back as March 2018, when CENTCOM released a posture statement that for the first time listed Israel, in its area as a partner for theater security cooperation in light of rising threats from Iran and the Islamic State. That same month, CENTCOM forces took part in the Juniper Cobra exercise held between the IDF and EUCOM, and Gen. Joseph Votel became the first CENTCOM commander to officially visit Israel. At CENTCOM, there is now an acute need to create a regional cooperation network that connects the US military, the IDF, and the Gulf States to one another to face common threats from Iran as well as ISIS. Meanwhile, EUCOM is keen to return its primary focus to great power competition with Russia. Common sense question, does anyone ask why we are in competition with Russia? can anyone in the Military gives a common sense answer? What about Russia is a bad guy because these same Jews took over that country in WW1 and installed Jews into it’s power structure. An open question raised by the move is whether the US will now be encouraged to position precision munitions on Israeli soil, which could serve both the IDF and CENTCOM in the event of a potential conflict with Iran. JINSA noted that EUCOM has no interest in replenishing this stockpile, as it wants munitions in Europe in case of conflict with Russia. CENTCOM might take a different view. So, there you have it, Israel is using America and it’s people and money to prepare for war with Iran.

CHILDRENS NEWS: There are disparities in whose knowledge and experience get acknowledged. That's why professional titles matter, especially for those less likely to be perceived as experts. "I'm fed up of people not introducing me by my titles in public forums. I am a Dr (medic & PhD), I'm an Associate Professor. I worked hard to gain these titles & I don't give permission to omit them. Just because I'm an ethnic minority woman doesn't mean that I'm just 'Nisreen'!" tweeted Nisreen Alwan, a public health professor at the University of Southampton in the UK, last year. What an ego based woman that is, labels, labels, labels, why do we need them? Why are we tolerating this word salad fake outrage? cancel culture, political correctness and engineered racist word salad are a blight upon our daily lives, leaving people frightened to speak, as someone somewhere will find an excuse to be not only offended, but outraged to boot. Why? because the media told them so, just like children, being told what to do by a senior figure. The problem in society is everyone wants to be important, but too few want to do the important work. Just shut up and get on with doing your job, if your such a high titled Doctor, why haven't you worked out yet, that this virus and the masks are fake and not conducive to our health?

A message was sent out by Tank that now that the new system is operational, everyone will receive \$3000 in their bank accounts. Most people don't have bank accounts, how is that going to work. How far will \$3K go? what happens after that? and is there some deal with the government in place to attain the \$3K? Have we sold out? People are blinded by some money and never ask what happens next? Update: there is no evidence to date this event took place, that leaves Life Force soon to become G Force following another split, the 4th in their group, standing at 0 out 35 predictions. I guess some people never learn.

For months the children's theater production known as US Politics played delaying games with support for the people of America. Trump proposed a \$2000 stimulus check and Pelosi and her Demoncrats denied it, but then the Demoncrats got in office and did this. The new House bill provides \$1,400 stimulus checks, on top of the \$600 payments issued through the stimulus bill passed in December. Listen closely now John Hopkins we are going to do some basic maths, which we know you struggle with. \$1400 plus \$600 is? I will give you a few seconds to use your fingers and toes, ok, the answer is \$2000, which is exactly the same figure Trump requested was it not? what is the difference? one party wanted to play Santa Claus themselves, but only after the same Santa Claus had robbed you all off your life, jobs, savings, homes and businesses. Wake up America and smell the damn illusion being played out before your eyes, use them, you have ears also, use them, you have a brain also use it, because if you cannot see the systematic ruination of this country by now, what use are your eyes, ears and brain? People who shut their eyes to reality simply invite their own destruction, and anyone who insists on remaining in a state of innocence long after that innocence is dead, turns himself into a monster.

COVID BS: The North Dakota House of Representatives passed a bill that would prevent rules requiring face masks, a mandate one lawmaker ripped as "diabolical silliness." The state's lower chamber voted 50-44 Monday to prohibit state and local governments, schools and businesses from ordering mask mandates amid the corona virus pandemic, The Grand Forks Herald reported. The bill will head next to the Senate. Texas will lift its mask mandate and allow businesses to reopen at full capacity next week, Governor Greg Abbott has announced. "It is now time to open Texas 100%," the Republican said on Tuesday. Texas is the largest US state to end its mask mandate. Mr Abbott has faced criticism from his party over the measure, which was imposed last July. Then, Mississippi Governor Tate Reeves said he would do the same in an even shorter time frame. "Starting tomorrow, we are lifting all of our county mask mandates and businesses will be able to operate at full capacity without any state-imposed rules," Mr. Reeves said. Which would be March 3rd onwards, take note of dates given in year end review.

Mainstream US media is under fire for publishing an article, telling Americans that life won't go back to normal even after they've been fully vaccinated against Covid-19 - and critics argue the message discourages vaccination. In an AP article from Saturday, which has since been republished by a number of news outlets, medical writer Luran Neergaard bluntly told readers, not to "expect to shed your mask and get back to normal activities right away" after being "fully vaccinated against the corona virus." "That's going to be a disappointment, if not a shock, to many people," she added. The message did not go down well with readers, who warned the outlets that hope-dashing assertions of a quick return to normalcy, will only serve to stop Americans from getting the vaccine. People from all over the world have long been assured that mass vaccination would bring an end to restrictions, newsflash they were lying. But nearly one year on from the start of the Covid-19 pandemic it has been claimed that life might not return to normal for at least several years - if ever. Vaccine hesitancy has become a growing concern for medical officials and public figures who support mass programs of Covid-19 vaccination, and a Pew Research report from December showed that 39 percent of Americans - over 100 million people - were opposed to receiving the vaccine. That is because it is not a vaccine, it is a DNA technology jab.

The Public Prosecutor's Office in Brazil has asked the Federal Audit Court to suspend an order for 20 million doses of the Covaxin Covid-19 jab made by India's Bharat Biotech, ahead of a vaccine factory inspection next week. Just one day earlier, Brazil's health ministry inked a deal with the private Indian firm worth 1.6 billion reais (\$290,000), with the first 8 million vaccine doses set to arrive in March. However, on Friday state prosecutors in the South American nation, said that the two-dose vaccine should not be rolled out because it has not yet passed large-scale phase III clinical trials. With Israel

declaring itself the world's leader in vaccines, testing and vaccinating people, is it a surprise this week that this announcement came in? India to become 2nd biggest corona virus vaccine producer in the world. FRWL dot connector again

World Health Organization (WHO) announced what it billed as the world's first global, "no-fault" vaccine injury compensation program for those who suffer what WHO described as "rare but serious adverse events" associated with COVID-19 vaccines. So, now they are getting the public purse to pay for their failures.

Dozens of teachers in Northern Italy called in sick on Monday after receiving vaccinations for COVID-19 over the weekend. According to yesterday's Tribuna di Treviso newspaper, "dozens and dozens" of teachers and professors were too ill to teach on Monday morning, having received the AstraZeneca vaccine over the weekend. Over 5,000 Treviso teachers were scheduled to receive the vaccine over the weekend. As a result, two middle schools in the area had to close early yesterday because of the staff shortage. In addition, 15 out of 130 teachers at the Duca di Abruzzi high school were absent due to illness. At the San Domenico Savio primary school, 2 out of 3 teachers called in sick. Maybe a show coming soon will reveal why Italy is a hotbed, maybe this Tuesday with Expose 7.

A U.K. government vaccine safety review has revealed that 244 people, including 8 unborn babies, have died in Britain shortly after receiving one of two corona virus vaccines. An extensive report produced by the U.K. government today has detailed all the suspected side effects over 100,000 in total, including death, reported by medical staff or the people who received at least one Covid-19 vaccine between early December 2020 and January 31, 2021.

When the experimental Covid "vaccine" was first rolled out at the University Hospital of Brest in Brittany, a staggering 25 percent of the vaccinated healthcare workers fell ill.

At least 13 people have reported mild facial paralysis after receiving the Pfizer/BioNTech jab, Israeli outlet Ynet reported, citing the Health Ministry, adding that officials believe the number of such cases could be higher. "For at least 28 hours I walked around with it [facial paralysis]," one person who had the side effect told Ynet. "I can't say it was completely gone afterwards, but other than that I had no other pains, except a minor pain where the injection was, but there was nothing beyond that."

Fiction checkers acting stupid more readily now. COVID-19 vaccines don't increase the incidence of poor outcomes during pregnancy, according to current safety data on COVID-19 vaccines. Then please explain why the two manufacturers of the techno jab, advise against it then? Many Studies Find Masks DO Work Against The Spread Of

COVID-19. Then why does the manufacturer state on the boxes of masks say it doesn't, in quite explicit terms? What a strange world we live in, where statements of facts and truth are deleted or banned.

Quarantined travelers formed an angry mob in the lobby of a Toronto hotel after it allegedly ran out of food and bottled water, leaving guests waiting hours to be fed during their mandatory stay. Canada's system of mandatory quarantine hotels for those entering the country from abroad are now in question, after a series of endless, chaotic setbacks including food shortages and even alleged sexual assaults. Some of those experiencing the quarantines, which are mandatory for all incoming travelers for a minimum of three days and at a cost of up to Can\$2,000, have documented the problems on social media. That is nothing to do with quarantining, and everything to do with a program, where they gauge how it operates and whether there is any kick back from the public to it.

Flying Syringes is a phrase that is used to refer to a proposed project funded by Bill Gates to create genetically modified mosquitoes that inject vaccines into people when they bite them. In 2008, the Bill and Melinda Gates Foundation awarded \$100,000 to Hiroyuki Matsuoka of Jichi Medical University in Japan to do research on genetically modified mosquitoes. We highlighted this in an earlier show, of releasing GMO mosquitoes in Florida and Texas, they must be stopped

As China is asked by Tokyo to stop anal swabbing the Japanese people, I have heard it all now. The levels of stupidity masks the real issue here, which is demeaning people, which ultimately lowers their vibration. Masks provide that, the NSA started it with their invasive sexualized probes of passengers, all just to get on a plane. But, the main problem is, we tolerated it, this is the main issue. We are allowing them to stick Q tips into our brain, instead of swabbing our mouth? Common sense question, does anyone not think to ask do we have a respiratory system in our brain? Because Covid is stated as respiratory, so why pierce the brain membrane, if it is a respiratory illness?

The WHO carefully installed another date timeline into this pandemic, following the UK stating forget your summer holidays, you won't be traveling. Then I don't give a Fauci stated maybe by autumn, if many take the technology jab, it is not a vaccine and we should stop calling it that, it is a DNA technology altering jab. Dr. Fauci: "There are things, even if you're vaccinated, that you're not going to be able to do in society, for example, indoor dining, theaters, places where people congregate. That line shows their own fears, places where people congregate, they are terrified of us all coming together. The great question is, why aren't we? But now the WHO have edged it just a bit further down the line into 2022 and beyond by saying WHO official says it's 'premature' to think pandemic will be over by end of year. Take the techno jab and all will return they said, but this show kept telling you from as far back as May last year, it will not end, until we

the people end it. They will just keep edging it further and further back, you know why? because the normal life before Covid no longer exists. It's gone, disappeared, vanished as I warned it would June 2019, in the Clowns in Panic show. Although since I wrote this piece some Senators of various states have vowed to reopen, whether that sticks remains to be seen.

In the UK, the National Health Service (NHS) has openly attempted to combat mistrust by recruiting celebrities to persuade people to get vaccinated. Similar attempts to use popular culture for vaccine-promotion have been made in the US, with mixed results. An animated rap video urging black people to get Covid-19 vaccines that New York Governor Andrew Cuomo published in February was, for instance, deemed "insulting", "racist", and "condescending," and swiftly ratioed on Twitter. Using their old tactics again of the people will follow the new demi gods called celebrities. Celebrities are a group of vacuous, greed based cretins who harvest peoples energy, despite having little to zero talent for which they are deemed famous for. What have they done to help the people in this crisis? whilst they sit there in their lavish material worlds, whilst the rest loses everything, they are the peanut gallery in the Hunger Games series. The great common sense question is, what was normal? have we defined it? Here is a list of what the normal world brought us: sexual deviancy, lies, cheating, slavery, harvesting, child sacrifice, child sexual abuse, non caring, non sharing, greed, competitive and comparative, low self worth, insecurity, violence, child like adults, distractions, no soul growth, fake food, fake climate change, false flags, wars, tv mind control, religious mind control, ignorance, stupidity, and no common sense. Charles Schwab and his great reset told you all it would not return to what you think was normal. But what you thought was normal is an abomination of society, quit filling your head with illusions and focus on what was and is, real. Because from where I stand there was nothing normal about that world, that world is collapsing under it's own weight of evil. The real work starts with us all, of creating a new world to operate in a better way, that is all inclusive, not exclusive like these fake demi gods called celebrities. Original meaning of celebrity, solemn rite or ceremony, more church based binding programs, and ceremony in their world means sacrifices. Demi gods reference some may see as too far, but it is not, that is how those people see themselves, here is a quote from E.R Dodds that explains it all. When the old gods withdraw, the empty thrones cry out for a successor, and with good management, or even without management, almost any perishable bag of bones may be hoisted into the vacant seat. In my opinion gods are to set an example of operating in a better way, to teach not to preach and not ascribe to a veritable free for all of greed and service to self, a real god demi or otherwise is always service to others.

HISTORY EXPOSE: This piece is in essence an overlap of the piece last week we did on the black nobility. This is part of a book by Fritz Springmeister who was clearly an insider in the elite circles, along with agencies to have garnered this level of information,

as far back as 1991, before the internet revolution in terms of shared data. Fritz makes some very good points within this piece that is useful to your understanding of past history, we have covered in FRWL and FRWL Plus. But, his leanings towards religiosity kind of sends some parts of his narrative off, to fit in with his biblical leanings. In mockery and imitation of God's 12 tribes, Satan blessed 12 bloodlines. One of these bloodlines was the Ishmaeli bloodline from which a special elite line developed alchemy, assassination techniques, and other occult practices. One bloodline was Egyptian/Celtic/Druidic from which Druidism was developed. One bloodline was in the orient and developed oriental magic. One lineage was from Canaan and the Canaanites. It had the name Astarte, then Astorga, then Ashdor, and then Astor. The tribe of Dan was used as a Judas Iscariot type seed. The royalty of the tribe of Dan have descended down through history as a powerful Satanic bloodline. The 13th or final blood line was copied after God's royal lineage of Jesus. This was the Satanic House of David with their blood which they believe is not only from the House of David but also from the lineage of Jesus, who they claim had a wife and children. The 13th Satanic bloodline was instilled with the direct seed of Satan so that they would not only carry Christ's blood--but also the blood of his "brother" Lucifer. In my research of high level Satanists, it became clear that the bloodline was key in their minds was the House of David--not Jesus Christ's lineage. I discovered that the House of David had set up a Kingdom in southern France, I discovered this while rummaging through history books on the Middle Ages. I came upon a book *A Jewish Princedom in Feudal France 768-900*. This book was the key for me to realize that the Merovingian dynasty, which wove its bloodline into the royal bloods of Europe was Jewish in origin. When I read *Holy Blood Holy Grail*, it became apparent that the authors theory of Jesus' bloodline had clouded their realization, that the key was that, the Priure de Sion was of the House of David and was in this sense Jewish (although most of the Priure de Sion are most likely not attending synagogues). Which aligns with our message of these "people" are not Jews per se, Hebrew Annunaki in my opinion. But also the quote in the bible of beware of those who say they are Jews, but are not, they are the synagogue of Satan. Indeed the Grand Master of the Priure de Sion, Pierre Plantard de Saint-Clair told them so much. To quote the pertinent paragraph from *The Messianic Legacy*, p. 296, "A tour meeting in April, 1982, M. Plantard adopted an ambivalent attitude towards our book [Holy Blood, Holy Grail]. On the whole, he endorsed it and offered to correct, for the French edition, certain vague or unclear references. At the same time, he would neither confirm nor deny our thesis, that the Merovingian bloodline was descended from Jesus. There was no evidence either way, he said non-committally, It was 'all too far in the past', all 'too long ago'. There were no reliable genealogies, besides, Jesus had brothers. Nevertheless, he acknowledged the Merovingians to have been of Judaic descent, deriving from the royal line of David." Except that the entity known as Jesus was not Jewish, Rosenthal confirmed that. The Merovingian's like the Carolingians are all part of the sub gray race. The significance of this tremendous, It means that those people who have been saying that, it is a Jewish

conspiracy have been correct--even if some of these people saying these things may not be greatest characters. This also opens the door as to why the top leaders of the Illuminati have been willing to work with the Ashkenazi Jews. In *Be Wise As Serpents*, I show from Masonic sources that there is indeed a big connection at the top with the Jewish leadership, and the House of David and Freemasonry. The goals of Freemasonry are intertwined with the goals of the Priure de Sion. Why are they all connected? because all three follow the path or emanated out of Egypt is why. Masonry like the fake religion Mormonism, is riddled with Egyptian symbology and narrative. That has got zero to do with the entity known as Jesus or Mary Magdalene. There is a big danger in labeling the conspiracy "Jewish". When people label "Jewish" as "bad" it confuses more than clarifies, the Jewish people are not the enemy. I agree with that statement, but these people are not Jewish, these people have used the Jewish people as pawns, as much as they have with the goyim, as they call us. Next, although many of the Satanic hierarchy claim to be from the House of David, they do not publicly proclaim themselves as Jews, in fact they may publicly take a negative posture toward the Jews, such as Lady Astor and some of the DuPonts have been. It is perhaps fine that Zionism be labelled evil, Zionism includes both Christians and Jews, to be a Zionist is to identify oneself with a movement that the elite has set up and controlled for their purposes. Many in the Zionist movement are like common people everywhere, they want do to what is right, they have simply not gotten the bigger picture, and are being used. When two groups have some similarities but each want to keep their own identity they can be mortal rivals. One group that has been very easy for Satan to provoke against Christians is the Jews. Perhaps no group of people has hated Christians with more intensity, one of the first groups that Satan worked at controlling were the Jews. That is because Christendom is a fake copy of the Jewish based religion of law, is why. But to call the conspiracy Jewish is misleading, the father of it all is Satan, It is Satanic, and it will use anyone it can, and God will use anyone too. The great question is and seemingly oblivious to the Fritz is, what has god done to stop it? Remember we are told these are gods chosen people, but never ask which god? why did god choose one people over others? why has the same god not protected the Jews from their suffering, poverty, death and torture? How many of us have escaped helping one cause or another of the establishment, or in being in some organization that the establishment was using? Well Fritz, religion of all denominations are organizations of the establishment, the evidence is overwhelming. But because you declare yourself a Christian, you are blinded by it, that blinding is the false light of the Illuminated ones. Let each of us examine ourselves and get our own lives in order. I agree with that, but we must drop the labels to do so. There is a song about violin that was going to auctioned off cheap, until a master violinist picked it up and played a good tune on it. Don't auction people off cheaply, the touch of the Master's hand can turn anyone into a beautiful thing. Don't reject anyone who will let the Master's hand tune his life, this is a war against evil, no trace. Not everyone of the most evil bloodlines is on the enemies' side, many are trying to serve the Lord. Oh dear Fritz, have you determined

who is the Lord? why assume based on a book not written by "god", that the Lord is someone to follow? Why is the Lord written in all capital letters, which means he is dead? For those new to THI, the Lord in the book is Anu, king of the Draco. Likewise, just because the Freeman family is one of the top 13 Satanic families, doesn't mean that all or even most Freemans are part of the hierarchy.

There may be some disinformation put out on this by the other side after this comes out--so don't be taken in by their establishment. As I have mentioned before, a descendent of Joseph Smith, Jr. who was Satanic Ritually Abuse victim, has quietly told certain people that her family is indeed a Satanic bloodline. Further, I have mentioned other confidential pieces of information, about how the leaders of the Salt Lake City Mormon church (LDS) are working with the various parts of the Illuminati's empire, incl. the Jehovah's Witnesses. Although the public split occurred between Mormonism and Masonry before the Mormons went to Utah, that was only for public consumption. The leadership have coordinated activities. The Mormon religion is really a high rite of Freemasonry, and this explains why when the Mormons went to Utah, the Mormons held Masonic schools. (Hosea Stout mentions these Mormon Masonic schools in *On The Mormon Frontier; The Diary of Hosea Stout*, ed. by Juanita Brooks, 2 vols., Salt Lake City: Univ. of Utah Press, 1964, 2: 415, 423.) After going to Utah, Brigham Young contacted the chiefs of Freemasonry in England, and proposed that Mormonism be granted a public charter to become its own Masonic Rite. The hierarchy told him no. After that Brigham Young began to publicly distance Mormonism from Masonry, and the Masons strangely broke many of their own rules to distance themselves publicly from Mormonism. LDS apostle Reed Smoot was given permission to run for office by the LDS church. Pres. Harding appointed him to the World War Foreign Debt Commission, and he also served the elite as the chairman of the Senate Finance Committee. The War Finance Corp. just happened due to Smoots arranging it to give the LDS church a \$10 million loan. Marriner S. Eccles, of an old elite family, and a Mormon (and an Illuminatus) became Sec. of the Treasury in 1934, and was chairman of the Federal Reserve Board from '34-51. Ezra Taft Benson, later the LDS President, was appointed Sec. of Agriculture. David B. Haight, a prominent Mormon was made the head of all the Mayors in the San Francisco area--the full title is "governor of the San Francisco Bay Area Council of Mayors." Mormon Charles C. Cox was put in charge of the Securities and Exchange as commissioner, I could go on listing some other Mormons who have been placed in key establishment positions. Why? Why are the Illuminati and their establishment not afraid of these Mormons who have leadership positions in the LDS church? This is a whole area I would love to explain but as this article is digressing from the Freemans, I need to return to subject being considered. The Lords of Anjou (part of the P.d.S.) were Plantagenet's and so was one of Brigham Young's ancestors, if we go back through the Goddard and Gifford family ancestors. Anjou is one of the three families of France that represents the three lions on

British sportswear, yes your three lions song is celebrating the Houses of France. prince of orange

David Rockefeller is part of Lucis Trust's management. The Lucis Trust puts out the book Externalization of the Hierarchy by Alice Bailey, which spells out The Plan for the Satanists and New Agers on how the spiritual Hierarchy (actually the demonic hierarchy) is to externalize their rule of the planet. That confirms our FRWL part where I stated the new age plan by Blavatsky, was the replacement religion for the followers to follow. The book gives quite a few of the details of the plan, and is used as a textbook for New Agers at the Arcane Schools in NY, London, and Europe on how the New Age/One World Religion/One-World-Government will be brought in. If anyone doubts the Rockefeller's commitment to Satan, read page 107 of Externalization of the Hierarchy. On page 107 Alice Bailey, President of the Theosophical Society and part of Lucis (formerly Lucifer) Trust, tells us who will rule when the New Age (New World Order) takes over. On the Earthly level--Humanity so to speak, the Ruler is given on page 107 as Lucifer. As we revealed in FRWL plus 5 & 6, Lucifer is the god of these Jewish elites. On the Spiritual level--called "Shamballa - the Holy City" the coming ruler is given as "the Lord of the World" which we Christians know as Satan. Lucis Trust knows it is Satan too, but for public consumption they say that the "ruler of the world" is Sanat (a scrambling of Satan)Kumara.p105 Some investigation! Since the Rockefeller family work hand in hand with the CIA to create Monarch slaves, of course that part of the CIA's misdeeds got overlooked! A recent convert from Satanism, Michael McArthur, has given validated inside information about the FBI and the CIA programs, which kidnap children in order to supply Satanic rituals with sacrificial material. The names of the agents who spend their official government time kidnapping children for Satanism that Michael knows about are as follows: Chucky "Mike," "Peters"-FBI hit man in Div, 5 of FBI, involved with inslaw case Nichol Harrah--FBI agent who abducts children for sacrifice, Unda Krieg Satanist working for FBI, Ken Lanning FBI agent who abducts children for sacrifice, Nick O'Hara FBI hit man and Satanist, has covered FBI child kidnappings by murder, Kape Richardson CIA agent who abducts children for sacrifice. These names were all revealed in the 1990's by Fritz, yet how many got arrested and prosecuted? The names essentially don't matter, it is the program that has to be stopped. In more modern day, Soros dying has not changed the program, and if Be ill Gates dies and some state he did 6-7 years ago, the program remains.

The Seal of Solomon, the hexagram, the six pointed star worn by most cops in America, was not considered a Jewish symbol before the Rothschild's began using it. Throughout the Middle Ages the Seal of Solomon had been used by Arab Magicians, Cabalist Magicians, Druid witches and Satanists. One of the few ancient uses of the symbol was on the floor of a 1,200 year old Moslem Mosque found where Tel Aviv is today. No, like we have said in our shows, it was Egyptian and the off world beings that ran rampant in

that country, now extending into other countries of the same region, all the way to India, with one exception? Iran, funny that isn't it, another cohen cidence.

A recent broadcast and previous comments have brought front and centre my lack of understanding on the topic of spells and "word magic." So, I present a proposal for a future show (or two) to enlighten those of us who have not grasped this concept. To aid such an endeavor, I present what I thought I knew. "Word magic" to me has meant one of several things: Lawyerese trickery, with only the power that the legal system grants it through "law dictionaries" and BAR guild practice. The psychological effect of words and phrases as used in advertising and politics; the way a writer attempts through written words, to draw the reader into the story and to enhance readers' experience with imagery. The potential of words to wound or heal, to discourage or inspire, depending on the perception and mindset of the one to whom they are spoken. (yes we have covered the word magic and it is called spelling for a reason, mistranslations, changing of vowels, slight altering of words, the classic being for and of, in relation to the United States and America. Lawyerese and BAR, comes from the Latin word for legalese, which means babble, if a lawyer tells you he or she knows the law, they are deluded. The law of the land which was once of the sea, is the law of the Hebrew Annunaki, theirs is not a religion, it is a law, that exempts all who follow it, via the Day of Atonement. Our law is Universal law, it applies to everyone, and all very simple, thou shall not harm, injury, steal or kill. Common and Natural law as applied on the internet are corrupted and corruptible.) I equate spell casting with the witchery and wizardry of movies like Hocus Pocus, Witches of Eastwick, Practical Magic, and the Harry Potter series: words, gestures, potions, wands. And with the rhymes and bell-book-and-candle practices of pagans and wiccans, and the straw dolls of voodoo. (yes to all of the above, it is them putting it in our faces, and also subliminally touting for new initiates) The notion of walking counter-clockwise (does this apply to the southern hemisphere, too?) as a looshing mechanism, (yes, see the Mecca) and mirrors being a window to another dimension, (yes they told you that in books, shows and movies, The looking glass is a prime example, Alice was the original name of the AI) Circles and images and words having an actual binding or other effect even on those who are not aware of them is difficult for me to comprehend. (yes it is difficult for everyone to comprehend because it is called secret knowledge for a reason, you had to dance with the dark to attain that secret knowledge, not no more we don't. The classic bindings is the bible itself, Covenant and Testament are both binding spellcasts) How does this come about I always thought you had to know someone had "cursed" you to be affected? (Sometimes yes, most times unaware, and this is why this show has taught listeners how to recognize it and defend against it. People often to refuse to hear their own warnings and messages, dismiss it as imagination or think they are going nuts, breakdown your barriers of limitation, and accept and receive all possibilities of help, learn to differentiate to what is help and what is diversion) Are what we call demons actually other species and/or dead people living in

the astral realm and unable to sustain their own existence, except by either feeding off each other in the astral or by coming here to feed off of us, too, if they have the opportunity? (yes, they are trapped in the simulation aspect of the astral, of which all non retarded humans have a cord to that level, if you don't attach your etheric cord by the age of 7, it is referred to as being retarded for the rest of your life, you are unable to progress in this lifetime. This is why it is important to stimulate and develop the child from 0-6, read, sing or teach the child.) How do they come here? (by invite only, via ceremonies, festivals, masses, witchcraft circles, spiritual retreats, religious incantations, psychedelic drugs, alcohol, ayuhausca, peyote, mantras, mandalas, ouija boards, dark magic, light magic are all ways of calling them in. Sometimes you bring them in from the dreamtime as a piggy back host) Are the deceased ones--ghosts--trapped here in the first place? (no they are trapped in the astral, with no means to feed in the normal way, except to harvest energy and or a body) And what of those in the place between (etheric, I think it is called)? Such as suicides. (people who get trapped in the etheric are in a coma and sometimes return, but often are consumed. Suicide is not something people should do no matter what the circumstances, the consequences for other lifetimes are not good, and should be avoided at all costs.) Do they also feed off of each other and/or us? (they feed off everything they can, but we have a sweeter taste) The beings from the dark multi-verse, that possess others to pass from that realm to this (as I understand it): Is that the only way they can come here? (why describe the multi verse as dark? if a verse is dark that is a happenstance and is due to a lack of light. The beings who possess come from this Universe by and large, they would have astral realms in their own Universes to possess and feed) The one idea I have come up with is that there is some sort of energy component to all this, but I do not see how. Can you explain it for those of us who have no clue? (Life is energy, Life is Frequency, money is energy, labor is energy, money is a poor substitute for your life force energy, too many here have made it the new god, when you fully understand the meaning of life, your own life force energy, your place in the Cosmos and how precious life is, then the idea of pieces of paper with numbers on them for compensation for your life force energy, will become absurd. You can't take pieces of paper with you to the next life, you cant take any material items either, but you can take one thing always, soul development.)

DEEPER THINKING: We have warned about many things ahead of time and one in particular is food. There is a reason they are introducing plant based food, the overlords don't appear to like meat, unless it is human it seems. There is now genuine talk of banning meat, there are already reports of farms being shut down again, and that has gone on for 100 years or so. That is the reason for the pay out of NESARA, it was a farmers compensation program, not a free hand out for all. There is talk of, that Bill Gates owns many of the US farms now, and my research confirms as much. Bill Gates owns more private farmland in the US than anyone else, an analysis by The Land Report found. His 242,000 acres of farmland stretch across 18 states from Washington to Florida, according

to The Land Report. Behind Gates are the cofounders of the Wonderful Company, Stewart and Lynda Resnick, with 190,000 acres, the report said. Both of them born to. Adverts for plant based burgers have already started on the MSM, so what comes next? Gates was asked, Do you think plant-based and lab-grown meats could be the full solution to the protein problem globally, even in poor nations? I don't think the poorest 80 countries will be eating synthetic meat," he added. "I do think all rich countries should move to 100% synthetic beef. This adds whole new meaning to where's the beef? Well, here is what the Great Reset man Klaus Schwab stated recently, before the tweet was deleted. Schwab stated this, The World Economic forum are working with the Biden administration to ensure that, most people will survive the coming food shortages. Citizens that have the up to date vaccination documents (ze papers please), will receive regular packages of plant based protein products. Oh my it is war time again, ze papers please or you don't get your food rations. Replete with similar imagery of shooting people in the head, like in the camps, only this time they are simulating it with those alleged temperature guns. People just stand there and accept an unqualified person to fire that laser gun at their forehead, without thinking of what are the consequences of it damaging their third eye? Also what they are planning is a global app for reporting pandemics and all must have it, curiously given the previous camps reference, it is called GAS or global alert system. The hotel quarantining being done in Canada is the test case for this, whether you have virus or not, into the enforced quarantine you go, the UK is following suit.

No meat in school cafes is latest example of growing eco fascism in France. Spare a particular thought for the French beef farmers, already forced to contend with the pressures of domestic and European regulatory schemes. Now, the people responsible for producing our food have to contend with ideological decisions by eco-fascist politicians, who prohibit the sale of their product to certain customers (schools in this case). Last year, the French public radio service, France Info, reported that over 370 French farmers commit suicide each year. "Caught in the spiral of debt, producers, often in great financial difficulty, sink into depression," according to the broadcaster. There's absolutely no way that French farmers should be suffering financially and emotionally, if they had a straightforward and direct supply/demand relationship with French society. The system in which they operate has been denatured by government interference at both national and supranational levels, and now local officials, like the mayor of Lyon, want to take a kick at the can. How about just butting out and allowing people to live their daily lives, without this heavy-handed and near-constant meddling of the state? This is why we the people have to become self sufficient, relying on those jackasses for anything is pure folly on our part. If you cannot see they are incapable of running a piss up in a brewery by now, you really need new eyes and a brain.

Five professors at the University of Arizona have launched a virtual reality project to show what it's like to experience anti-black racism, providing yet another tool to help push academia's social narratives. Perhaps they should just publish earlier trials of cops in virtual reality scenarios? When it did prove that black people would be shot more often and quicker, the surprising aspect of it was, that black officers shot black people quicker and more often than other colors. Now why is that? Does that make any sense in light of the program of anti black? of course it doesn't. But what it does do is, prove my piece last week of, there is no racism only geneticism, which is inherent in all colors DNA, of a mistrust of others. It just happens to be the case, that all colors including their own, are frightened and more reactive to and against the black race. Perhaps academic should look into that, than wheeling out the program called racism, but then that would require common sense. Racism was a system provided to us by the system, and we stupidly implemented and cemented it into our cultures, we have to stop doing that and create our cultures in a better way. All lives matter.

It is often said the victors write the narrative of wars, history and events. Their books regaled with over promotion of certain characters and how the great war or triumph was won. None moreso than WW2, whereby a complete rewrite of what actually took place, is required to address that major event. Distorted beyond all reasoning by Hollywood and other movie groups. History as we have found out is written by the victors and becomes a fog of distortion. It has become accepted globally that books and the narrative are all written by the victors. This leaves one to ponder, as to whether the Catholic church which was involved in many wars, directly or indirectly and a heavy promoter of their version of religion, as to whether the bible was also written by the victors, and subsequently distorted?

Vaccine Syndrome is a film produced by Oscar nominated filmmaker Scott Miller, and provides exclusive interviews with military personnel who have had experience with the controversial anthrax vaccine. The film claims that over 35,000 soldiers have died from the anthrax vaccine, according to a "RAC-GWVI Government Report" published in 2008. Compare that to how many soldiers have died in combat in both Iraq and Afghanistan, which is 6753 at the time of the filming. The film starts out with a dramatized recreating of Lance Corporal Jared Schwartz, who refused to receive the anthrax vaccine. He had to face a military tribunal without legal counsel, and read a prepared statement. That statement can be found online, such as at the GulfWarVets.com website. The film also mentions how pharmaceutical companies have legal immunity from any injuries or deaths resulting from vaccines, and that the civilian population only has recourse, to sue the federal government in a special Vaccine Court. However, military personnel are prohibited from suing in this court, which is part of the National Vaccine Compensation Program. This is an all too common occurrence within the Military closed circles. A high culture of secrecy and subversive acts against lower ranked officers and

soldiers. Remember many soldiers died of Gulf War Syndrome, not because of the war over oil, but because the US Military poisoned them with vaccines.

Some people don't like my stance on the US Military, well I 'm sorry I popped your illusion bubble, but please provide the evidence to the contrary, I would love to correct my stance. The popular website SOTU has also come around to THI way of thinking this week, with this headline: Our Military Has Abandoned Us. The issue I have with that statement is, saying they abandoned us is suggestive at one point in time they were with us, yet in all my research that goes back to Columbus, I see no evidence the Military was fighting on behalf of the country and it's people. An uncomfortable truth too many Americans won't face up to, but what if it is true, what happens next? The reality is, we spend \$1T per year which is more than the GDP of several countries, we have rogue agencies running the country and media, and they the military have done what to stop it? We have big tech companies running the people and medical tyranny, the Military have done what to stop it? We have had a succession of gang related criminals pouring through our border, killing many Americans and the Military have done what to stop it? We had a Muslim Brotherhood leader for 8 years and the Military did what to stop it, remember before China and Iran became the latest boogeyman, the Muslims were the previous boogeyman, and we had one in the White House? The world is in turmoil due to bio warfare elements, which show highlighted there is several of these "research centers" dealing with bio warfare, all under the guise of the US Military, including Guantanamo. DARPA, another "research center" of not dubious but ill repute, also connected to the DOD. So, before people get offended by everything, analyze things properly before making errant statements. Those are all the facts, I wish it was wrong, but it is not, and the simple solution to stop it is, stop your children joining that organization, until they prove they are acting for and by the people, currently there is zero evidence supporting it.

Dr Shanna Swan is a foremost expert on fertility at the Icahn School of Medicine at Mount Sinai in New York. Her new book 'Count Down' predicts that a large share of the world's human population, will not be able to reproduce on their own by 2050. Transhumanism anyone? Her 2017 study found that sperm counts declined by more than 50% between 1973 and 2011, at a rate of a little over 1% a year. CDC estimated that 9% of men were infertile in 2018, so Dr Swan's study suggests that rate would rise to 41% by 2050. Although fertility is complex, Dr Swan theorizes that 'everywhere chemicals' called phthalates, which are used in countless products, are driving the trend. Phthalates are used in a large variety of products, from enteric coatings of pharmaceutical pills and nutritional supplements, to viscosity control agents, gelling agents, film formers, stabilizers, dispersants, lubricants, binders, emulsifying agents, and suspending agents. End-applications include adhesives and glues, agricultural adjuvants, building materials, personal-care products, medical devices, detergents and surfactants, packaging, children's toys, modeling clay, waxes, paints, printing inks and coatings, pharmaceuticals, food

products, and textiles. Phthalates are also frequently used in soft plastic fishing lures, caulk, paint pigments, and sex toys made of so-called "jelly rubber". Phthalates are used in a variety of household applications such as shower curtains, vinyl upholstery, adhesives, floor tiles, food wrap film, and cleaning materials. Personal-care items containing phthalates include perfume, eye shadow, moisturizer, nail polish, liquid soap, and hair spray. Phthalates are also found in modern electronics and medical applications such as catheters and blood transfusion devices. It was also found in Americas favorite food, although I have no idea why, mac and cheese products. Perhaps that is why most cheese now looks like plastic? Put all those pieces in this section together and a bigger picture emerges.

Another thing that has caught on recently is the attacks by alt media on Donald Trump. Alex Jones is the latest in a stream of cuss words describing Mr. Trump and stating he wishes he had never met him. This follows the 180 of the Trustee Kim Goguen and her slippery sidekick Steffen Rowe, now both are seemingly spitting venom at Mr. Trump, having told their listeners and ours for years, that Trump was the savior in some aspects. But, publicly I warned of Trump when I was on Cosmic Voice, which didn't go down well with Drake, but even he now I hear is hammering Donald Trump. I am not glad I was proven right, I wish I was wrong and he did help the people, but the issue here is not whether I am right or wrong, but was the information correct, regardless of who said it. Trump made a fool of the Trustee, which I warned her of privately many, many times, and that saddens me. But, we all have to look at it from an overview and non emotional aspect, which is why I tend to get many things right. Is the anger at Trump? or is that masking our own failures of following a wrong lead? Trump has to take some responsibility also, but the real responsibility lies within the people who wrongly set him up as the savior, when no savior in our recorded history or our story has ever delivered for the people. The same program is happening with the Trustee, although she is doing herself no favors either, the new savior, when she will be lucky to save herself at this point.

I had a great call last night with one of our groups, and feel the need to highlight it, because of one important point. I was asked to review their progress on creating TPC Canada, and there was one or two things that needed to change slightly in their application. It was spoken about and explained and the corrections made. Now this may seem like a trivial point to make, but in light of many other situations it is and needs to be seen as a blue print to go forward for the all. It was all done in a very adult way, people got their points across and we came to a mutual agreement. This is progress, as we have seen many a group fall apart over trivial items, egos get in the way, my way or the highway and general child like interactions, of which we have all taken part in at some point. Like I said it may seem a trivial point to make, but in light of another group who have had 4 splits in 10 months, it is a large leap of progress. We too often are critical of

each other, yet fail to highlight our progress, and that small step is progress. Thanks to TPC Canada now lets teach other groups to be that way together. I have been described as a teacher, and I accept that in many ways. We have covered many subjects within this show, from finance, to cabal, to factions, to governments, to ET's, to solutions, to history but the important subject we have covered in this show is, personal development. We went deep into how we were the problem, not just focused on the 1%. We covered the shadow and inner work, how to be better people, operating from the heart not the mind, taught self mastery, how to stop psychic or astral attacks, how to "see", the 45/55 and the most important is balance in everything. Many of our members have raised their barriers this past year, and some have sought me out for advice and assistance. That is what drives me on, seeing people improve aspects of their life and walking not talking a better path. I have spent thousands of hours building this show, suffered much abuse, flak and targeting, all of which tells me the show is on the right path. But, my task is not complete unless the listeners get the message. The object of a real teacher is, for the student of any age to go beyond the teacher, and subsequently for they themselves to become the teacher for the next generation. Part of our societies problem stems in that very fact, we don't teach our students to go beyond the teacher. It is all about keeping society in low self esteem, knowledge and limitation, when we need balanced self esteem, high knowledge and from there develops something beyond knowledge and intelligence, to intellect and wisdom. This is what this show is about, it is not all about me, it is about you all, each and everyone of you. I have tried my best to encourage you all to develop yourselves, yet some still put me on an all too uncomfortable pedestal. That is not the way it should be, because no person is above your own heart. Labels created that hierarchy, which is why I care not for labels, we are not as an example African American, we are people, we are not determine by our country of birth, religion, gender, jobs, finance level or credit score. We are all much more than that, providing you develop the self. One of our younger members is starting out on his own journey of discovery, and doing his own videos of worldly insights with walk along videos. The first two revealed he gets exactly what THI has been saying, and developing upon it in his own unique way. That is progress, not just Rhode has made, but many of you. Roger Isaac, David Kirincic, Glen Jansen and some others provide some wonderful insight of their own within the mewe chat, that fills me with joy. Seeing people express themselves so well, having come to their own understanding, having looked a life through new eyes, or perhaps real eyes, you need real eyes not illusion eyes to realize the mess this world is in. I can't and won't be doing this forever, and the object is to pass on the baton for others to develop it even further. The same applies to the TPC, overtime people will realize the importance of it, that I feel all but a few really grasp it currently. But over time more will realize the importance of it, why it was needed and why it has to be carried forward. As our Australian member stated last week, THI is creating teachers globally, you are the teachers, I just laid the foundations for it. It is all about your own development and I have tried to be all inclusive as much as possible, recognizing many are at differing learning levels. That is why our show is

interactive, our narrative asks you the questions, so you in the privacy of your own home, come to your own conclusions. Many people have joined me on our journey, and some higher profile ones jumped off because their vibration or ego did not allow them to continue the same path. Often leaving with a plethora of words that makes no sense, and instead of going internal, they project at others for their own shortfalls in development, time has always proven that to be the case. I took on the unpleasant role of telling people things they don't wish to hear, asking them to deal with things they don't like to address, asking them to inflect not deflect or reflect, asking them to look at the boogeyman within, asking people to look at, work with and accept the truth, all things that make people react to you. But, it was never about me, it was always about the you, but I couldn't do this role without developing my own self mastery along the way, it is imperative to this role. I couldn't do this role without balance, perspective and then overview either, it would not work. But, this is not a one way street, of all of it came from me, I learned much from you all also, there is always a new lesson to learn. That work does have a beginning, but it never has an ending. The choices are, are you a loop concept whereby you repeat things over and over again, with the same subset of consequences, outcomes and deja vu timelines. Or a linear concept of progressing along the line and going forward along that path, that may or may not be the right linear path to be on? Or do you go the vertical concept that steps out of time, limitations and opens up doors of wonder, discovery, enlightenment, advanced libraries and onto your own Universe, preferably with the concepts, ideas and balanced choices THI and the TPC has laid out.
