More examples of the old system collapsing and the subsequent fall out. A police officer who murdered a black man is found guilty of murder, although I fail to see how he can be charged with 3 separate items for 1 event. Whether that whole event was real or not, it has all the hallmarks of the Casey Anthony event to me, the public wished to see justice served. Whether it is the justification event to revamp the police, defund the police time will tell. Who else should go into the dock with this event? Maxine Waters appealed for the demonstrators to take to the streets if the verdict didn't go their way. That is incitement of violence and potentially asking people to riot, where is the media outrage over that? Because if Trump said that you know they would roll out the White Supremacist and Nazi slogans. Waters should be fired immediately. But the people have campaigned on another persons behalf which is a good thing, and I am seeing more and more of people standing up for each other now. In the UK there was a mass dismissal to greedy soccer club owners trying to create their own league to make more money at the expense of others. Every clubs supporters railed against it, including the fans of the 6 English teams who arranged this new league behind everyone's backs. I know it is only soccer, but on a wider scale it is about people complaining about the greed and the power structure, and that is good to see, now they need to target that against other greed based harvesting companies as well. The people are finding their voice, is great to see. Another example of the flailing old system is Go-ogle bombarding YT with ads to sell their wares, oh my. Another example is Netflix has reported a 2M subscriber short fall in 3 months, sending it's shares tumbling. All signs that the people are voting with their money and voice, next stop Amazon, if you want your local shops back open and more jobs, they have to go. It was suggested this week that THI was a show that helps people, had intel and was very informative and now apparently that is no longer the case according to one person. Our members and listeners will all tell you different, that our show helps people more now, has more intel and is more informative than ever, your words not mine, but I guess that persons frequency is just too low to get or see it nowadays - oh well, on we go and march forward as we have done since May of 2016.

New research questions the environmental impact of rising imports of used cooking oil (UCO) into the UK and Europe. Chip fat and other oils are considered waste, so when they are used to make biodiesel it saves carbon emissions by displacing fossil oil. But such is the demand across Europe that imports now account for more than half of the UCO that's made into fuel. According to the study, there's no way to prove these imports are sustainable. With no testing of what's coming in, experts believe it is also ripe for fraud. I guess the oil companies are losing too much money it seems.

The press statement simply indicated that the Senate Banking Committee would hold its hearing on Wednesday, May 26 at 10 a.m. and the House Financial Services Committee

would hold its hearing the following day on Thursday, May 27 at 12 noon. The announcement indicated that the following CEOs are scheduled to testify: Jamie Dimon of JPMorgan Chase; David Solomon of Goldman Sachs; Jane Fraser of Citigroup; James Gorman of Morgan Stanley; Brian Moynihan of Bank of America; and Charles Scharf of Wells Fargo." Is this about silver manipulation coming to an end? Or an end to the derivatives? Or both? Or something else? Sounds big and of course pre-planned. Perhaps the Trustee can enlighten us on her portal people channel, instead of making fake CNN style news claims about me, of making statements but providing no proof, nice try Kim but an epic failed again, of which you have become all too proficient at. The piece last week was zero to do with me as I am not a member of LifeForce, but a multitude of Life Force members are complaining about several misdemeanors which I reported on, and she failed to address a single item and played child level games of calling people names. Note to Life Force members she never addressed one single question, classic deflection tactics of the portal and agency people. The Life Force members are being abused, threatened, booted and being placed under contracts and non disclosure statements, and Kim and Tank think this is the way to look after people? As always time will tell, I have never been wrong with that statement yet, and it won't change with this episode either, it is utter shameful what they are doing. Cul de sac people.

Facebook data from over 533 million users was leaked, Insider reported last week. Now the company won't notify impacted users, a representative said on Wednesday. Facebook isn't notifying impacted users because the company isn't sure whose data was leaked. Moreover, since users are unable to fix the issue and the data is already public, Facebook is choosing not to identify and inform users. The data leak included phone numbers, full names, locations, email addresses, and biographical information of over 533 million Facebook users from 106 countries. US users made up the majority with over 32 million users impacted, with users in the UK and India representing the second- and third-most impacted regions. These events are rarely random acts, largely done by 5 eyes groups to obtain data streams on more people, or used for financial gains to sell to marketing advertisers. But it is yet again an example of the no consequences of poor actions afforded to these large companies, yet never to the person on the street.

China must "fully liberalize" its birth-control policy to increase its labor force in the upcoming decades and compete with such countries as the US economically, a paper published by the People's Bank of China says. Beijing should pay close attention to the fact that the country's birth rate is declining, while its population is aging fast, the researchers argued. The research, which was published this week by China's central bank as part of its working paper series, suggests that the country's main economic rival, the US, is undergoing "favorable changes" in working population rates, largely through mass immigration. Based on statistics and forecasts by the United Nations – which might even overestimate China's reproduction rate, according to the researchers – the report suggests

that in the next three decades, China's population will decrease by some 32 million people. At the same time, US may add 50 million people to its population by 2050. Yet again an example of child level behavior, we must compete with the USA, does anyone ask why? It was like the story last week when the US said they would put China into poverty to ensure they remain the lead country, utter bizarre thinking patterns, and child level to the extreme. Here is a novel idea how about we share the markets and the wealth? oh my common sense, heaven forbid someone comes up with an adult based decision. All Governments need to come together and stop this child level rhetoric spewing out of their mouths. Why do we always have to compete over everything? How about cooperative rhetoric where everyone has enough? Is that so hard to think about or contemplate? The US competing with the EU, Russia and China for world domination, and no one asks why are we doing that?

The US police officer who died after January's Capitol riot had two strokes and died from natural causes, the chief medical examiner for Washington DC has ruled. Two men are accused of using a type of pepper spray on Officer Brian Sicknick. However, the ruling means they are now unlikely to be charged with homicide. The autopsy found no evidence of an allergic reaction to chemicals, nor of internal or external injuries, Dr Francisco Diaz said. Officer Sicknick, 42, was defending the Capitol building from supporters of then President Donald Trump who stormed it on 6 January. He collapsed after returning to his office during the siege, and died the next day in hospital. In his ruling, Dr Diaz found Officer Sicknick died of a medical condition which was not brought on by an injury. This proves that all of your MSM lied about this event, they all said that the officer was murdered by rioters with a heavy hammer. How can they all get it wrong? because they are all given the same Mockingbird scripts is why. Yet again the CIA are caught out with faulty information, at which point is action taken by authorities to reign in both of them? Or better still the people can do their part and turn their channels off completely, leave them to their echo chamber.

West Virginia is about to lose another congressional seat because of steady population decline, Republican lawmakers are convinced a massive income tax cut is the key to reversing the trend. But figuring out how to do that without harming the state's most vulnerable, or punching a massive hole in the budget has proven complicated. Although the United States doubled its population over the past seven decades, West Virginia headed in the other direction. Tracking closely with the long-term decline of the coal industry, it is the only state in the nation with fewer residents than in 1950. Figures from the 2020 U.S. census, expected to be released later this month, are projected to reduce West Virginia's seats in the U.S. House from three to two. Now if only people left en masse from New York and leave the vulture capitalists swinging.

Fathers in Utah are now legally obliged to pay half the cost of a mother's medical care related to pregnancy and delivery. Supporters of the law - which is thought to be the first of its kind in the US - say it will help alleviate the financial burden of motherhood for American women. The legislation passed with bipartisan support - but it raises questions about the cost of parenting in the US, as well as the state's growing roster of anti-abortion legislation. Utah's Shared Medical Costs law requires biological fathers to pay half of a mother's insurance premiums - her monthly health insurance costs - during pregnancy as well as all other related medical fees, including the birth of the child. For US women with insurance, giving birth costs an average of \$4,500 (£3,254) out of pocket, according to a study in the Health Affairs journal that tracked costs from 2008 - 2015. For those without coverage, this figure could more than double: the not-for-profit Fair Health organisation reported the average as closer to \$10,000. If paternity of the child is in question, fathers are able to delay payments until paternity is proven. The payment process is not automatic. Similar to child support, if a woman does not seek assistance, the father will not be notified. The same financial obligation does not apply if a woman wants to terminate the pregnancy. Biological fathers will not be required to contribute to the cost of an abortion if it is sought without their consent, except in the case of rape or if the mother's life is in danger. The cost of an abortion, without insurance, is roughly \$1,000 according to Planned Parenthood. The law, which will take effect on 5 May, passed unanimously with bipartisan support in the state's Senate but faced Democratic opposition in the House of Representatives. I wonder if the lead representatives of the church in Utah will be held accountable for this also, as many of the unwanted pregnancies in this state are due to the church and their fake religion out of Egypt. Underage sex, wife swap parties, multiple partners and all round debauchery are considered part of the norm of the life of Mormons, at which point do the church take full responsibility for that policy?

An Oath Keepers militia leader said members of the anti-government extremist group are being trained by "active-duty" police officers, during a 60 Minutes interview. During the Sunday evening interview, Jim Arroyo, vice president of the Oath Keepers Arizona chapter, said serving officers were members of the extremist group and were helping with training. Speaking with 60 Minutes' Sharyn Alfonsi, Arroyo said: "Our guys are very experienced, we have active-duty law enforcement in our organization that are helping to train us. We can blend in with our law enforcement, in fact, in a lot of cases, our training is much more advanced because of our military backgrounds." The CBS program also explored the origins of the militia and profiled member Stewart Rhodes who founded the Oath Keepers in March 2009. Members of the far-right militia group have since been present at key standoffs, the most notable being in 2014 when they stood with Clive Bundy, a Nevada rancher, who was in dispute with the Bureau of Land Management over his use of federally owned land. Oath Keepers arrived armed to the standoff with federal officers. Members of the militia were also present during the January 6 storming of the

U.S. Capitol. Since when has a so called public defenders group been given national air time? or does it confirm what I warned of back on Cosmic Voice, that the militias in this country are all infiltrated at the top and ran by the system? All the militias were saying they were in training 8 years ago, the common sense question is, when does their training end and action taken on behalf of the people they are supposed to represent and protect, begin?

Kardashian demanded a photo removed due to it being unedited and not looking her best. Kardashian explained in a statement that she wanted the photo wiped from the internet because "the pressure, constant ridicule and judgment my entire life to be perfect and to meet other's standards of how I should look has been too much to bear." Then you shouldn't be in the public eye then, all very simple. What it reveals is these people are all fakery, and about presenting an image, with lighting and make up making them into something they are not, lots of shadow work for that girl me thinks.

Ireland: Inciting hatred on social media could carry prison sentence of up to six months For the first time in the history of the State it will become a specific criminal offence, with longer prison terms, to commit a hate crime based on the color of a person's skin, sexual orientation or their gender, including gender expression or identity. Other new "protected characteristics" from which a hate-based conviction can result include a victim's race, nationality, religion, ethnic and national origin, and any disability. The new offences, set to be provided for under the Criminal Justice (Hate Crime) Bill 2021, are the first of their kind in the Republic. Minister for Justice Helen McEntee is due to publish the general scheme of the Bill on Friday morning. "These crimes are motivated by prejudice, they make victims feel afraid for their future, their friends and their families. They lead to a divided society, where whole communities can feel unsafe and angry," she said, adding, "perpetrators will know that we are determined to stamp out prejudice and hate." Displaying content intended to incite hatred in a public place, including on social media, will carry a prison sentence of up to six months on conviction. However, very specific "intent or recklessness" criteria must be met before such charges can be brought. Under the criteria, which are designed to ensure "giving offence" is not criminalized, a conviction could only be arrived at if it was found a suspect deliberately acted to incite hatred, or at least felt it was likely they would incite hatred and decided to persist with their actions anyway. All very vague and discriminatory to me, which is deliberate because these bills encouraging the targeting of individuals the system doesn't approve of. It's ironic in Ireland they bring in this bill now, having spent years inciting hatred and violence against the Protestants or Brits, enforcing segregation and division because they declare one religion is better than the other, where were these people then? Why stop at social media, how about national media as well, how about politicians? The two organizations who make and deliver policies that is the cause of these offenses, you cannot leave the agitator out of the picture and expect the issue to go away. How about

Ireland starts to end the racial and religious division by teaching the children the real history of Ireland, because that will eliminate the need for much of this hate, angst and division.

COVID BS More than 20% of the U.S. population is fully vaccinated against the corona virus, according to data from the Centers for Disease Control and Prevention. That means that more than 68 million Americans – or about 1 in 5 – have received either one dose of Johnson & Johnson's vaccine or two doses of the vaccines from Moderna or Pfizer/BioNTech. More than 1 in 3 Americans have received at least one dose of vaccine. Over 92 million doses of the Pfizer vaccine and more than 80 million doses of Moderna's vaccine have been administered. More than 5 million Johnson & Johnson doses have been administered. I guess you can't teach the stupid, the Milgram experiment bots all march for their techno jabs with zero research and no awareness that their own bodies are more proficient against Covid, than the jabs.

Reproductive holistic practitioner has seen a 400% increase in miscarriages since the release of the vaccine. Heavier/multiple periods in a month and post menopausal women also getting their periods. More white race eugenics programs ongoing? I did keep warning about this. This is why they are flooding this country with migrants, one to keep up the numbers and two to lower the genetics of the white race.

Thousands of motorists and passengers were stuck in traffic for hours after police blocked major roads in Kenya's capital, Nairobi, to enforce a Covid curfew to battle infections. Videos and pictures posted on social media showed ambulances struggling to manoeuvre through the snarl-up. Many people have criticised the authorities for imposing the measure. Last month President Uhuru Kenyatta introduced a 20:00-04:00 curfew to deal with a third Covid-19 wave. He also ordered the closure of bars, schools and restriction of movement in five counties including Nairobi. "Whereas the foregoing measures will have a negative impact on the economy, these measures are temporary... the cost of not acting now will be much greater," Mr Kenyatta said. The doctors union said at the time that there were no free intensive-care beds because of an increase in hospitalised Covid-19 patients. Kenya has confirmed more than 151,000 cases of the virus and just over 2,400 deaths. The UK and US have issued travel bans to the country because of Covid-19 and other security concerns. Like the ST. Vincent's story last week, another engineered excuse to push their narrative and impose stricter measures on the people. And also another Government appearing to be unable to manage anything sensibly, like I said there are no experts anywhere.

Residents from Australia were able to travel freely to New Zealand for the first time in more than a year. The long-awaited Australia-New Zealand travel bubble means visitors no longer need to quarantine on arrival. Thousands of passengers were booked to fly

between the two nations on Monday. Both countries have contained Covid outbreaks and kept infection rates low, largely due to tight restrictions. Excited passengers crowded airports in Australia for flights to various parts of New Zealand on Monday, with some rising before dawn to get ready to board. I hope that all works out for them, but be wary of a kickback story of, people traveling between the two countries has caused an upsurge wave of cases. I hate to be cynical but that is how these people think and act, staged events are their forte.

The question of how SARS-CoV-2 came to wreak havoc on the planet is one many have asked but none, so far, have answered. The truth is out there, but the very people on the case could have every reason to ensure it doesn't emerge. On April 14, Director of National Intelligence Avril Haines revealed that after over a year of determined sleuthing, US spying agencies had no concrete answers on basic questions regarding the origins of the 2019 corona virus. "It is absolutely accurate the intelligence community does not know exactly where, when, or how Covid-19 virus was transmitted initially," Haines told members of the Senate Intelligence Committee. "Components have coalesced around two alternative theories, these scenarios are it emerged naturally from human contact with infected animals, or it was a laboratory accident." This time last year, Donald Trump alleged he'd seen evidence confirming Covid was laboratory-made and, throughout 2020, former MI6 chief Richard Dearlove also claimed the virus was "an engineered escapee" from the Wuhan Institute of Virology. Haines' public admission that a "laboratory accident" is a possible explanation is significant, because intelligence services have thus far been quick to dismiss the suggestion as a conspiracy theory whenever it's been aired in public. In response to Trump's statement for example, the Director of National Intelligence's office firmly refuted the idea Covid-19 was "manmade or genetically modified." Of course, the virus could be neither and still have escaped from a lab. So, the world's leading Intelligence experts can't find the ground zero or explanation for it, does that make sense? well, it's a program then is it not. Of course the CIA and in particular Haines born in and born to, knows where it started as they were in on it all along.

This is a portion of a longer piece, and I believe it is in part a warning from the old system. The genetic code for the Spanish influenza virus is now known in its entirety. The gene sequence shows that virus, was probably not manifested through a new combination of gene segments, which has been the case in the other pandemics in the 20th century. The proteins of the virus resembles that of the bird flu virus, but the origin of its gene sequence is unknown. Viruses that has caused later pandemics consists mainly of genetic material, originating from the Spanish flu. The virus of the Spanish flu has been recreated and shows extraordinary pathogenic characteristics in experimental animals. The newly won knowledge gives improved possibilities to meet a new, serious influenza pandemic. Our knowledge is not comprehensive regarding the development of

pandemics, and it is very difficult to anticipate the evolution and seriousness of the next pandemic. What has become clear from knowledge via this show is, that the US Military and other rogue organizations have been responsible for most, if not all, virus outbreaks. The Spanish Flu here in 1919 started on a US Military base and spread, evidence of US Material being transferred to Wuhan and also Italy as we revealed, suggests this Covid pandemic was a bio warfare weapon released on the public.

French teachers in the city of Nice have overwhelmingly rejected AstraZeneca's Covid jab after just 58 out of a possible 3,000 signed up to be vaccinated. The jabs were being offered at a mass vaccination centre in Nice's Palais des Expositions this weekend, with 4,000 available to those aged over 55 in high-risk occupations, meaning 3,000 teachers eligible to take part. But the centre was forced to close after just four hours on Saturday due to lack of demand with just 58 appointments registered, and did not reopen today despite being scheduled to do so. That means the take-up rate among eligible teachers was just 2 per cent, with one local official blaming vaccine hesitancy caused by scaremongering around the British-made jab. Anne Frackowiak-Jacobs, sub-prefect of nearby Grasse, said people had 'turned around' when they learned they would be given AstraZeneca. The AstraZeneca jabs will instead be sent to a nearby fire station to be used by government employees on the priority list, Nice Martin reported. Good to hear some people have some sensibility, but rejected jabs then go to the Government employees, shows how much their government thinks of their employees does it not? Or perhaps they are scaling down on Government employees in each country, to be ready for their One World Government plan? Ponder long and hard on that.

**TOPICS FOR PONDERING:** Here is more examples of people blindly following the techno route. Researchers from the University of Georgia have conducted a study which confirms what many already suspected; humans now tend to trust algorithms more than each other, especially when it comes to tedious tasks. The premise of the study was simple: some 1,500 participants were shown photos and asked to count the number of people in them. The participants were able to take suggestions from a computer algorithm, or the averages of guesses from their fellow humans in order to complete the task, which involved images of 15 to 5,000 people. As the crowd size or complexity of the task increased, the participants, understandably, relied more and more on the algorithm to count the people. After all, computers are especially good at tedious tasks that humans shy away from, such as counting, yes just ask John Hopkins disciples. "It seems like there's a bias towards leaning more heavily on algorithms as a task gets harder and that effect is stronger than the bias towards relying on advice from other people," says management information systems PhD student Eric Bogert, from the University of Georgia. The researchers concede that, in this particular task at least, there is no ambiguity in terms of the answer, only right or wrong, so the lack of nuance or perspective makes the task ideal for an algorithm as opposed to a human. "This is a task

that people perceive that a computer will be good at, even though it might be more subject to bias than counting objects,” says Aaron Schechter, an information systems researcher from the University of Georgia. However, the researchers emphasized that our perception of how accurate an algorithm can be plays an important factor – outsourcing the task to a machine unwittingly affords the opportunity for bias and discrimination to creep in unbeknownst to the human participants. Yet again the human trait of taking the easy path instead of learning stuff themselves rears its ugly head, and this fact has contributed to the downfall of man on many levels. The reality is the hard path is the easier one, think different.

With smart phones seemingly ubiquitous in the industrialized world, sleep researchers have confirmed what many already suspected – technology is disrupting human sleep in ways we still don’t fully understand. Humans, along with plants, fungi, and animals, possess what is known as a circadian rhythm, the internal clock that regulates our sleep-wake cycle. As far as scientists can tell, the majority of this rhythm is maintained by the hypothalamus which releases the sleep hormone melatonin, and is highly responsive to changes in ambient light, especially around dawn and dusk. However, artificial light can impact the dynamics of the hypothalamus, and increased exposure to blue light from electronic devices like smart phones, laptops and certain kinds of ereaders is having a gradual impact on modern humans' near 24-hour intrinsic sleep rhythm. "Light is mainly doing two things to the clock, it is setting the time of the clock and it is changing the amplitude or strength of the clock,” says professor Jamie Zeitzer from Stanford University. A growing body of research indicates that artificial light can suppress melatonin production in humans, thereby disrupting the natural inclination to sleep at the end of the day, often lengthening the time it takes to drift off to sleep. There is evidence that 1.5 hours (or more) of bright screen use reduces the natural nighttime increase in melatonin, and this effect may compound over multiple nights," says Dr Cele Richardson from Western Australia University. Previous studies have found that pre-sleep activity can impact the length of time required to fall asleep. One 2014 study compared e-book versus printed book readers and found that the latter group fell asleep up to 10 minutes earlier. Another example of slowly introducing the techno bot world, bots don't need sleep remember.

Shared by someone that was able to connect with someone after the jab! "What happens energetically after the C- vax? "A message from France - the experiences of a French energetic healer: What happens in the energy bodies and especially in your soul after the "vax"? Experience of a therapist who has been working for many years with energy, with energy healing, with the subtle bodies, but above all with the light radiation and the frequency of the vibration of the heart, the seat of our soul, in order to achieve a deep contact with the higher self. "I held a session with a person who had received the first and second dose of the vax, I had already treated this person energetically, but I did not know

that she had taken the vax. When I started the treatment, I immediately noticed the change, very heavy energy coming from their subtle bodies. The scariest thing was when I worked on the heart chakra, I connected with her soul, so she was detached from the physical body, she had no contact and it was as if she was floating in a state of total confusion. A damage of the consciousness that loses contact with the physical part, so with our biological machine, there is no more communication between them. During the treatment, this soul told me that it no longer felt the body and had the impression of floating in a deep malaise. The energy I was working with, the energy of their energy field, was very heavy and you could feel these substances that are very stressful for the subtle bodies. I continued the treatment by sending light to the heart chakra, the soul of the person, but it seemed that the soul could not receive any more light, frequency or energy, It was a very powerful experience for me. This is an example of draining your life force or battery, the disconnect of spirit, and if you fully disconnect the spirit you will die. This then leads to the techno world and bodies of Transhumanism where you no longer have any soul or spirit connection, only a technological connection, essentially you become a USB stick connected to the main frame. Then I understood that this substance is in fact used to detach the consciousness, so that this consciousness can no longer interact through this body that it has in life, where there is no more contact, no more frequency, no more light, no more energetic balance or spirit. Then I started to cry for that soul because it was something that touched me deeply, a very powerful experience. I didn't say anything to the person because I didn't know how to say it and if they would have understood. I realized that it is not only polluting the subtle bodies or the physical body, but it is something to do with our soul. The purpose is to damage and try to destroy contact with consciousness. What Steiner said is exactly that, it is not just about damaging the immune system! Update - Second treatment of the person There has been another change and again a deterioration, both in the severity and in the energy that their energy field transmits, but most importantly there has been a very significant decrease in frequency. This is to counteract the increase in peoples PSI fields and light bodies, essentially this planet is undergoing a growth spurt by interacting more with the GNA, G cloud and the return of the G matter which is prevalent for organic life only, biological not technological, many of the grey species are not biological. The P45 and P52 groups warned us of this, and it is our future path unless we stop this. At the moment he is not showing any physical symptoms on the physical body. As for the situation manifesting on the energetic level and especially the soul, it has been confirmed that the soul has been expelled from the physical body, it is still bound by the so-called cord, but it confirms that it no longer interacts with the physical, emotional and mental body, there is no longer any kind of communication. The soul is no longer able to manage these three bodies, to continue its process of incarnation and evolution, precisely because this contact has been broken." I knew the intention of these vaccines was to block the ascension but I wasn't sure how now I know and I'm blown away. There's a part of me that wants to believe its because these souls were not due to ascend in their current life, but really I feel

deeply its a lot more sinister. I'm also aware they want to trap souls in the 3D reality which is hell if only people would understand we are all powerful free sovereign beings please stop complying & consenting to this virus agenda its pure evil! Just like the satanic ritual for C19 - watch the 2012 Opening for the Olympics! I pray for these souls that they can return home but we now have zombies literally walking Earth" Yes, the author of this right, some call it ascension, but it is at its core base a growth spurt and operating at a higher frequency. I guess the author we would all be going to the higher frequencies, the reality is it is just the few, too many souls in here have been chomped on too much to make it, throw in drugs, alcohol and pharma poisons abuse and the picture is not the desired outcome for those people. But from overview this is a massive victory, the fact that some will go on, when we were designated to be exterminated should not be lost on the listener.

GLOBAL FINANCIAL EXPOSE 1: In 1930 Franklin Delano Roosevelt who was the Jewish Elite puppet remember In FRWL Plus Part 7, represents USA Inc at the Geneva Conventions. The G5 nations agree to declare bankruptcy by treaty in International jurisdiction in May of that year, and plans to remove the gold standard are made. In 1933, FDR is declared President of the USA Inc. and promptly pursues USA Inc domestic bankruptcy as well. The banks name their Trustee, The Secretary of the Treasury of Puerto Rico via Federal Title 5. March 6th 1933 the conference of Governors is told that the USA Inc is now declared bankrupt. They immediately pledge the good faith and credit of their states and citizenry thereof in support. This can only refer to the Territorial citizenry, as FDR had already committed the Municipal citizenry in his first inauguration speech. Nobody mentions their states are just franchises of the USA Inc, and that their citizenry amounts to public employees, African Americans and corporations formed under the auspices of the USA Inc. It should be noted the Federation has sovereign immunity and cannot go bankrupt. For those who are new, the term USA Inc. means the US Government stationed in the principality that is not a part of America, called the District of Columbia. The fact is this USA Inc has been acting as our Government since 1871, we have had no real Government since. So, it was their fake corporation acting as Government that went bust, not the country, the states or the people. The way to end this is to stop voting for their fake Government and demand a return to the real one, for and by the people. Roosevelt issues Executive Orders announcing and implementing the domestic bankruptcy, and moves to confiscate privately held American gold assets from the people. In all 20K tons of gold was admitted to be taken, 6K went to the Federal Reserve, the rest went to the IMF, IBRD the International Bank for Reconstruction and Development which was part of the Marshal plan and also the World Bank. The Federal Reserve bank ramps up it's drive to sell people on it's Federal Reserve notes (notes are debt instruments) as a form of legal tender, which amounts to an IOU. The process of collecting data on the American people ramps up to. Bureaus of vital statistics springs up under the guise of census functions and keeping public records, public registries of

properties was set up and Birth Certificates are issued, all to claim Americans as property, this was called Human Resources. Birth certificates are used to register vessels of commerce as property belonging to the USA Inc, that pledged to pay the debts of the already bankrupt governmental services corporation. The people who were left uninformed continued to use their Trade names as always. The perpetrators claim that this establishes an implied contract and implied consent to be considered as citizens of the United States, when in fact there was no disclosure, no apparent offer, and no conscious acceptance of this proposition. This giant fraud continues to this day, your birth certificates are traded on the stock markets and they collect the bounty. Your name in capital letters is not your real name, that is your trade name. The term United States is nothing to do with America, it is a European harvesting based entity formulated in Vienna in 1815. Now you all know the reason for the organization called Human Resources, they are and have been using us all as a resource, the fact they call it Human resource could be suggestive it is being ran by non human entities, does it not?

United States citizens (territorial persons) and the citizens of the United States (municipal persons) serve the Federal Government (parent corporations). They live either in a Territorial democracy or a Municipal Oligarchy (theocracy) and have no constitutional guarantees, and their labor and assets are pledged as collateral backing Government debt. In return, they receive benefits from the Public Charitable Trust, all of which they pay for themselves. They are subject to every whim of Congress until 1968 and then only have equal civil rights, mere privileges to rely upon. If the birthright Americans lose their claim to their Natural and Unalienable rights, there will be nothing left as a standard for civil rights to be equal to, leaving the door open to the total enslavement of the people of this country, and the debasement of our society at the hands of Congress acting as a plenary Oligarchy, which was in Article 1, Section 8, Clause 17. Plenary means absolute, unlimited powers. Our private lawful trade names on the land are arbitrarily redefined to be public Foreign Situs Trusts operating in Admiralty. This is a fraudulent conveyance and a crime known as unlawful conversion practiced against Americans in gross breach of Trust. These newly created Foreign Situs Trusts are considered to franchises of the bankrupt USA Inc. and they are subject to the British government under the Admiralty law. No public notice is given and no effort made to separate employers from employees. For example, the bankrupt Trustees seize upon the USA Inc, the state of Wisconsin Inc, and John Joseph Average or John Doe, an American Foreign Situs Trust, purportedly operating as a franchise of the USA Inc. albeit without his knowledge or consent. The Territorial State of State acts as Equitable Title Holder, with the babies left to hold the Legal title to their own Estates, and presumed to be infant decedents throughout their lives, none of this was ever fully disclosed. Decedent means a deceased person, which is another reason your trade name is in capital letters just like a gravestone. "they are subject to the British government under the Admiralty law" do not mistake this as the British Government, in real terms it means The Crown, whilst it is based on UK lands,

The Crown is situated in its own principality and not subject to UK rules or taxes, just like DC. Mentioned earlier "The banks name their Trustee, The Secretary of the Treasury of Puerto Rico" this is connected to the IRS, who are not an American company, they are a Puerto Rican Trust operating on behalf of The Crown. Your income tax taken by the IRS is not income tax at all, it is a tribute to The Crown, nowhere in the IRS manual does it state you must pay taxes on your income, because it is not a tax, it is a tribute, just like the Kosher foods tax is a tribute to the Rabbis, same program and same people is why. It was The Crown agents who wrote the bible known as the King James bible. In 1937, the legal title was given to the Municipal Government, and the baby is merely recognized as an Authoritative Representative, which is an employee of its own Estate. The Municipal Government doing business as the USA Inc. creates its own franchise as John Joseph Average (all capital letters) a foreign Puerto Rican Cestue Que Vie trust registered in Washington DC by the Department of Commerce, to manage the legal title. CUSIP bonds based on the estimated value of our lifetime earnings are issued and traded on the stock exchanges. The practice of trading and speculating in the value of human labor, is then used to fund the Government. Federal Revenue sharing and block grants are polite euphemisms for racketeering kickbacks and payments, from selling tranches of human labor bonds and other public assets. This criminal scam based on non disclosure, fraudulent conveyance, unlawful conversion of assets, impersonation, and semantic deceit runs from 1933 to 1999, when the bankruptcy of the USA Inc is finally settled and discharged, but the crime scheme continues. The US Trustees known as the United States Department of Justice (cohens then), now reverses tactics and fails to re-convey the stolen assets owed back to the American people and the American states. Instead, they place claims of abandonment on our fictional Municipal Estate Trusts, and rename the original Foreign Situs Trust and pretend that now, they are Public Transmitting Utilities. John Joseph Average (all capital letters) British owned and controlled Foreign Situs Trust, now becomes John J. Average, a Public Transmitting Utility, owned as a franchise of a bankrupt Puerto Rican Electrical Utility. United States Inc, State of Wisconsin, John Joseph Average, Foreign Grantor Trust (all in capital letters) is in the meantime seized upon by the creditors of the United States Inc and USA Inc as abandoned Public Trust property. The banks and others responsible for these crimes, think they can mount a claim on abandonment and steal everything in sight. All these Principals, The Lord Mayor, The Queen, The Pope owe the American people their assets back free and clear, and so do the courts and banks responsible for this grotesque Breach of Trust and misadministration of American assets. Two forms of law have been used to promote this fraud scheme and both are offended on behalf of the American victims of these crimes. Under Admiralty law the applicable Maxim is: Possession by pirates does not change ownership. The American States and people are owed back every purloined asset. Under Roman Civil Law (the Law of the Municipal United States) the applicable Maxim is: Fraud vitiates everything it touches. The American States and people have been defrauded by our own Employees acting in gross Breach of Trust and Contract. This is something the communal

gathering law group can get it's teeth into, and no, not to chase the Birth Certificates, as they can never be paid out, but to highlight it and start proceedings to end the fraud done by the Cohens. The point is by declaring all peoples as an asset and employee, they became our parents in real terms and should have been funding our living costs, mortgages, food, medicine, health care, utilities, schooling, clothing and training, since 1933. Under that scheme they should have paid for it all, but these people double dip everything, like vampiric harvesters they are, only one group of "people" fits the bill for this type of scheme, yep, it was the Hebrew Annunaki again.

The plan of the Federal Reserve System. They came to the rescue when the banks had no money, the Fed allowed printing of new, fake money, not telling the world that they know very well, where the gold is that serves as the back-up. Then on her 90th birthday Queen Elizabeth II released the ABL, the old money of the Philippines which was also designed to be the Asian Dollar. Well, she made it 50-50, 50% for Great Britain and 50% for the Philippines. When they saw how much it was , Britain did not want to share with Europe anymore, and this was the reasoning behind Brexit.

Connected to the Philipine money is this program. The Kuomintang are a violent gang related group that run most of Asia with an iron fist, that has all leaders in their pockets, the are a ruthless criminal cartel. Notice again it begins

with the letter K. Common sense question is, why would the assets acronym be known by a religious book of the same name? Koran, again with the letter K. HM. King TIBURCIO V. MARCOS also known as SULTAN TIBURCIO VILLAMOR MARCOS TALLANO TAGEAN IV, Chairman of ALPHA OMEGA WORLD with codename TVM-LSM-666, aka KING FISHER, aka HARBOUR KING, aka SPIRITUAL WONDER BOY, aka KING ANTHONY S. The Rockefeller uses the assets of the "KORAN" - King of Recognized Asset Nations, a major key proponent / people making use of the global assets. They were given the privilege to use such "KORAN" Assets, enriching themselves, similarly with the Rothschild family base in the U.S. and Europe. There had been a merger of the assets, like Chase Manhattan of the Rockefeller and JP Morgan of the Rothschild family. Which begs the question as to why the Trustee kept running the peoples funds through JP Morgan and it's subsidiaries? Both of these families had initiated a division of the assets among their family. The 33 International Regulatory Bureaus and Commissions being the implementing signatories, on the access of the Global Assets with a corresponding "fair-share" each for the Regulatory Body from the proceeds of the fund. The ALPHA OMEGA GLOBAL MARSHALL PROGRAMME will execute the plan as the overall implementer / stimulus proponent in the implementation of the GLOBAL ECOSOC. The proponent of the Stimulus backup of the Global Monetary Zone of Central Bank of Central Banks will be administered by IMF, NASDAQ, THE FINANCIAL TASK FORCE and THE WORLD BANK GROUP. Alpha Omega World Peace Development Marshall Programme will be the proponent and implementer of the 30year Bilateral / Trilateral Breakthrough Agreement. This will be attested by the League of Nations - Allied & Non-Allied Nations or to simply say it - "THE WHOLE WORLD". The World Bank Group, whose representative was Karen Hudes, will soon be the overseer & custodial bank of the 400 Thousand metric tons of gold (AU) at Central Bank of the Philippines (now BSP) as well as the 2 MILLION metric tons of gold (AU) bankrolled in China. Does this gold all exist? on the 11th AUGUST 1950 a deposit was made under Custodial safekeeping Receipt No: 010-MCD-L- Rizal for 600K metric tons of gold and \$356M into the LSM-666-MCD Account, with a secret bank account number IP-01-007. It should be noted that all these agreements are done on the same date, 11th August. In 1952 there was a Treaty of agreement with the Trilateral Commission for the 50 years of Trust Deposit in the Allied nations, which ended 2002. In 1952 a safekeeping receipt for 1.715M metric tons of gold as stimulus back up for China, 5 years later another SKR for 217K metric tons for stimulus back for China. In 1958, a Declaration of Intent was addressed to: TVTM-LSM-Alpha Omega, initiated by the Supreme Commander of the

United Nations Military of the Pentagon. This was done in United State of America – Washington DC. The Pentagon is the United Nations Military - oh my. In 1961 a Certificate of Authority, issued by General Dwight Eisenhower, Supreme Commander of the Allied and Non-Allied Nations founderest of Alpha Omega World Government of the Law. Authority to establish and operate a subsidiary organ name, LSM Alpha Omega Military Pentagon - Phillipines natural law and value, this was done in the Pentagon, Washington DC. In 1966, Indonesia President (IR Soekarno - 1966) - Waiver of Rights, Interest and Participation in favor to TVM-LSM-666. In 1974 China Leaders, Chiang Kai-Shek / Mao Zedong / Zhou-Enlai - Waiver of Rights, Interest & Participation in favor to TVM-LSM-666. In 1976 Packing List Investment of the Royal Family Clan in favor to HRH. TVM-LSM-666. In 1979 BOARD OF GOVERNORS OF THE FEDERAL RESERVE - Waiver of Rights, Interest and Participation - Transfer Of Ownership in favor to TVM-LSM-666. By the Authority of the United States Treasury in accordance with U.S. Federal Reserve Bank System given identity to TIBURCIO VILLAMOR MARCOS coded name TVM-LSM-666 to control the World Asset Access Reserved. Done in Washington DC. This is all the hallmarks of the faction fighting for control of the global assets, now known as the Trust. This will only be solved with adult based people, not royalty, governments, global organizations and banks. The people should decide on a global plan that does not include any of the above entities, as they have been proven as irresponsible, cheats and thieves to fulfill their own insane agendas of greed, power and control. The point is all assets on this planet belongs to everybody, not some self appointed jackass el-ites. Until that adult based decision is made, the carnage on this planet will continue. Sadly, the Trustee comes in one or more of those categories and evidence to date, particularly the last 12 months is, she is failing in her duties to we the people. It appears to date it is all about her and not the people, and that has to change radically before it becomes another of the failed statistics, and looks more and more like another power grab by one person or one group. The Trustee should be available to answer all questions by we the people, as we being the largest majority are entitled to question and ask for the relevant answers that pertain to us. It is not asking a lot and should be a prerequisite of the job she accepted, instead she has surrounded herself with Pentagon agents, hence her funding the Pentagon and not the people, Black Sun agents and greed based peoples, how is that being any different to the past?

Why else is this significant? because the control structure document the Trustee has, is the same project, it says on the document the Marshall plan. Remember Marcos was one of the former Trustees as well, which brings in Soekarno and JF Kennedy who was another like Trump a Black Sun member. The fact that the Trustee now only mentions the Omega system and not the Quantum System, potentially adds into this Alpha Omega Program. The questions arising from this and perhaps some of the Life Force members should be asking, yes I know you run the risk of angst and being booted, as that seems to be the norm over there when you ask a relevant question and not all hail the leaders. Is

the Trustee running their Marshall Law plan or the peoples, and if it is the peoples please explain in detail as to how that applies and is now different to the original Marduk plan? Is or was the Marshall plan the blueprint for the Global restoration? Where do the people now fit in on the chart? Has she drawn up a new chart that discounts all former control system groups and installs the people, and when will it be presented to we the people for clarity and our final approval.

EXPOSE 2: Yes, the Jews were quite close to India, in fact Abraham stands for A-Brahmana or not brahmin. The philosophical thoughts were developing continuously in India. When the Jews moved away from India, they were no longer able to benefit directly from these developments and their philosophy became static and what was left of it morphed into a belief system.

For many years now I have spoken about the Israeli Caliphate, the design to takeover a path from Egypt to India, which was the reverse of the sub gray race of human sacrifice cult thrown out of the Garden of Eden called then Dravidia, better known now as India. But perhaps a bigger picture emerges of it not just going East, but North, South and West also. Back in the early days of the internet, there was an awful lot more of the truth put out in terms of secret documents, documents that were not designed for public consumption. I managed to stumble on several sites that did this, and one particular document stood out. This was a blueprint plan of moving the Vatican from Rome to Jerusalem into a third temple. The plan was for Israel to become the center of the world, everything would be ran from Jerusalem, maybe why Trump moved the embassy there? Trumps connections to the Israeli junta has been well documented on this show, his sidekick of what was likely an arranged marriage between Ivanka and Jared Kushner, has all the hallmarks of elitist hook ups for political and strategic purposes. The gist of the plan was, the church would move to Jerusalem, and the Pope would roll out a one world religion, recent engagement with Muslim clerics aligned with that. The idea was to expose religion for the fake it is, and all come under one banner of a new religion, with the same Hebrew Annunaki fake gods in tow. All religion stems from them, it is a program, their god is not your god, no matter which religion you follow outside of the Talmud and Torah, which spawned all the other religions. The back drop to this also involved a one world government, now they have had a one world government since the 1920's, a hidden one. But, in the day of Svarog it becomes a public one, that would be ran from Jerusalem also. Next stage was the one world currency also ran from Jerusalem as well, they have extensive capacity to do so from the Negev desert region, which is a region that Israel has obtained after a push back of the border with and up to Egypt. Egypt was the domain of the Hebrew Annunaki remember. The wall that is built is not to keep Palestinians out, but a future walled city to house the one world ideology. The wall will be built higher and no access allowed, the wall will also be extended depending on certain conquests. To accomplish the site of the third temple, a fake war would be started

and missiles likely attributed to Iran would destroy the dome of the rock, and from the ashes the Phoenix will rise again, and the third temple. That temple will be open to the largely Jewish elites, plus a selection of other elites that has been the foundation of this plan, including Trump. Once the engineered war is underway, after which many of the Palestinians and Arabs will be dead, but curiously to many observers but not our listeners, also there will be large casualties of the Jewish people as well. All non favored caste based Jews will be removed from inside the wall, and their One World Hebrew Annunaki Government with their human sacrificial temple will be built. Total length of the separation wall is 440 miles, and will be increased in height, access will be for trade and the use of preselected slave labor to work for the elites after completion. So, you want to know what WW3 will entail and reasoning behind should it go ahead as planned, that was it. This is why they are targeting Iran, desperate to seduce Iran into a war only they want to fulfill an agenda. Lets look closely at a recent news item shall we for further clues or evidence, having already mentioned the Iran nuclear bs plan. It is bs because Israel sold Iran nuclear weapons in 1990's, this is an historic war they are planning spanning back millenias.

Andy Blumenthal March 14th 2021 This week, Jordan's Crown Prince Hussein cancelled a trip to the Temple Mount in Jerusalem after a disagreement with Israel, over the size of his security detail and the heavy weapons they brought to enter the sovereign State of Israel. In context, this can also be seen as part of a historical conflict over the authority of the holy Temple Mount itself. In Judaism, we yearn and pray daily to "restore G-d's divine presence to Zion" with the rebuilding of the holy Temple in Jerusalem. Generally, Judaism believes that the 3rd Temple will be rebuilt in the time of the Mashiah, so any forward discussion of it before this period of redemption is not typically encouraged, and may even be considered sacrilegious in some ultra-Orthodox circles. G-d and the Messiah is Lucifer. So while even now-a-days, with Jerusalem and the Temple Mount in our hands since the 1967 War, many Jews will not even ascend and pray on the Temple Mount, because apparently it is not yet time for the rebuilding and therefore, we do not even approach the extreme sanctity of where the Holy of Holies once stood. Yes, after 2,000 years, Jerusalem is once again in our hands, and it is "the unified and eternal capital" of Israel, yet the Temple Mount is not under our stewardship, but rather is managed by the Islamic Waqf and under Jordanian custodianship. For over 1,300 years, the Temple Mount has been divorced from having been the site of two holy Jewish Temples, and instead made to be seen much more narrowly as Islam's 3rd holiest site, with the al-Aqsa Mosque and the Dome of the Rock, where Mohammed is said to have ascended to heaven. In essence, the Jewish Temples have been not only physically buried over, but also the site has been historically Islamicized despite the Temple Mount's intrinsic holiness to all three major religions (Christianity, Islam, and Judaism). Those three religions all stem from one program, Hebrew Annunaki, the prominent one is Judaism, Christianity is a fake copy of Judaism, and Islam derived from a Christian sect,

they are all one and the same, and all a program to damage humans mentally, physically and spiritually. In short, this is a very sensitive issue that is likely anchored in facets of intolerance and religious rivalry, as well as pretenses of superiority and dominance, rather than ultimately on the shared connection we have through both our genetic and spiritual lineage as Abraham's decedents. In this week's Torah portion of Vayakhel and Pekudai, we learn about the building of the holy Mishkan (Tabernacle) as the Israelites wandered in the desert for 40 years prior to settling the land of Israel. They didn't they settled in Jordan. The Mishkan was precursor to the Jewish Temple in Jerusalem, but even for this temporary dwelling place for Hashem among his people, we are told of the loving and abundant giving of precious items by the Jewish people to construct it until Moshe had to say stop, that "the people are bringing more than enough" (Exodus 36:5). Now, the Jewish people have survived through the destruction of both our first and second Temples in 586 BCE and in 70 CE, as well as our long exile from our homeland until the founding of the Modern State of Israel in 1948. Yet, even with our miraculous redemption from the Holocaust and the return of our people to the land of our forefathers, the Promised Land of Israel, we are still not able to see the rebuilding of our holy Temple in Jerusalem. While of course, it is a great honor to even be able to go and pray at the Kotel (the Western Wall) of what was once our beloved Temple, we are still at arms-length from the actual rebuilding itself and the subsequent ability to once again fulfill all the mitzvot associated with it. While I understand that we, as Jews, must merit the arrival of Mashiach and the rebuilding of the Temple, and we must do everything we can in terms of following the Torah and tikkun olam to hasten the arrival, still it painful to see only the Mosque and the Dome of the Rock perched atop Judaism's holiest site, where literally Heaven and Earth are said to meet since creation of the world itself, and where the sacred binding by Abraham of his beloved son, Isaac, took place in a supreme test of his faith in Hashem. Further, it is even more awful when some Muslim leaders deny the very existence of our having had a holy Temple to begin with, and resorting to violence and terror during the Intifada and other Arab riots, hurling rocks from the Temple Mount unto the heads of the Jews praying below. Not only is it a grave physical danger to the people worshipping at the Kotel, but also it is a vile desecration to our freedom of religion to be under attack in our most holy place. What a load of pro pagan da that is. But what can we do even as Israel is surrounded and vastly outnumbered by enemies in terms of our geographic and political reality, yet are we not entitled to have our people and their religious rights respected and no longer vilified and defiled? First, we have a duty to prevent both danger to the Jewish and other worshippers as well as the sacrilege to our and other faiths. It is high time to move on from trying to get an obsolete recognition of Israel's "right to exist" which is now a 72-year old fact, and instead focus on an unflinching demand for an equal respect of our people, faith, and the security of the State of Israel. Second, we should continue to reach out to good people of all religions to build bridges and brotherhood as well as to speak out and act resolutely to reduce extremism and all forms of warfare (military, economic, and political) by those who usurp holiness

and truth for their own corrupt and profane reasons. Third, just like the Israelites were partners with Hashem in building the Mishkan and later on the Temple, so too now we can set the stage for the arrival of Mashiach and the rebuilding of the Temple through modeling correct and not corrupt behavior, and supporting the State of Israel, protecting its people, and sanctifying its holy places. Of course, we absolutely want to have a peaceful and productive coexistence with all people, surely you jest you are anything but peaceful, but just as Israel has risen from the Valley of Dry Bones, so too the day is coming soon when the Jewish Temple will be rebuilt in shining glory and we can worship G-d just as we did in times before. What will be special about the 3rd Temple is that it will not only be for the Jewish people, but for all the world's people to come together harmoniously to recognize and worship the one true and faithful G-d of us all. Yeah right.

Is there circumstantial evidence to support this? Time to look at the maps. On the peninsula that includes Saudi Arabia, remember the House of Saud are all the Jewish elites, and so that country was long ago annexed before the state of Israel came into existence. Here is a list of the wars the Israelis have initiated since 1947, which was one year before their fake country was even created. War of Independence 1947-1949 they attacked Egypt, Iraq, Transjordan, Syria, Lebanon, Saudi Arabia, Yemen, Holy war Army and the ALA. Sinai War 1956, they attacked Egypt again Six day war, which is a misnomer 1967, they attacked Egypt, Syria, Jordan and Lebanon War of Attrition 1967-70, they attacked Egypt, Soviet Union, PLO and Jordan Yom Kippur War 1973, they attacked Egypt, Syria, Iraq, Jordan, Algeria, Morocco, Saudi Arabia, Cuba and North Korea. Operation Litani 1978, they attacked the PLO First Lebanon War 1982-1985, they attacked PLO, Syria, Jammul and Amal. Security Zone campaign 1985-2000, they attacked Hezbollah, Jammul and Amal. First Intifada 1987-1993, they attacked UNLU and Hamas. Second Intifada 2000-2005, they attacked Palestine and Hamas. Second Lebanon war 2006, the attacked Hezbollah. Operation Cast Lead 2009, they attacked Hamas. Operation Pillar of Defence 2012, they attacked Hamas. Operation Protective edge 2014, they attacked Hamas. If you thought that wasn't enough, add in 86 other military operations carried out, plus dozens of other top secret missions that rarely gets published by the Jewish owned media. So just on that peninsula they attacked every country multiple times, Lebanon, Jordan, Syria, in fact the only countries not attacked yet on that peninsula is the UAE, Qatar and Oman, which the Israelis did deals with recently, which leads to more annexing. The Saudis on behalf of Israel, have been involved in a brutal war with the other remaining country on that peninsula, Yemen. That war has been ongoing since 2014, again Yemen is a coastal country which then closes off the Red Sea to anyone they don't allow to trade, so that all trade is done by the Jewish el-ites. But lets go left as well, as Israel's western border keeps extending further and further into Egypt, who they have attacked several times. The end goal will be the takeover over of the Suez Canal. In Northern Africa they have attacked Egypt, Libya with American assistance,

Algeria and Morocco, essentially all the countries with access to the sea. Like they did with the port city Jaffa, now Tel Aviv a traditionally Arab city until the "settlers" started to move in, and once that starts it never stops, then the el-ites step in and claim it with or without a war. It's all about the trade and shekels you see with them. But lets now head south of Egypt, and see where there influence occurs there. The land of Kush now known as Ethiopia that had an invasion of settlers there after they fled Jordan and Palestine, with many treasures. Ethiopia was the fourth and final Garden of Eden and much of that country is ran by the Jewish population within it's expanding borders, like Israel, Ethiopia keeps expanding it's borders courtesy of staged wars. Look at the countries around them Sudan, war ended with it being split into two countries, Djibouti riddled with war, why? it is a port city. Somalia to its south riddled with war another port country, who lost parts of their land to the Jewish led Ethiopia. In 1948, under pressure from their World War II allies and to the dismay of the Somalis, the British like they did with Palestine, "returned" the Haud (an important Somali grazing area that was presumably 'protected' by British treaties with the Somalis in 1884 and 1886) and the Ogaden to Ethiopia, based on an 1897 treaty in which the British ceded Somali territory to the Ethiopian Emperor Menelik in exchange for his help against plundering by Somali clans. By British is not meant British people, it was the Jewish led East and West Indies Companies under the guise of the Rothschild's that gave it to Ethiopia. So now you can see the Jewish caliphate creep along the Northern and Eastern parts of Africa, all of which have a key component, access to the sea for these are the original pirates of the sea who came on the land under Admiralty law. Lets now head East from whence they came, and lets start with Kuwait another major port country, that the US and Israel asked Saddam Hussein to invade then double crossed him to then takeover the strategic oil reserves under the pretences of rescuing the country from the regional bully Saddam Hussein. Kuwait had the world's sixth largest oil reserves. The Kuwait–Najd War of 1919–20 erupted in the aftermath of World War I, The war occurred because Ibn Saud of Najd wanted to annex Kuwait, Ibn Saud part of the House of Saud and Jewish el-ite family. North of Kuwait we come to Iraq, to fight back against Hussein who had been give the go ahead to invade Kuwait, and was heavily funded by the CIA and others in fighting the Kurds, and they funded the Iraq war with Iran. In April 1920 the British Mandate of Mesopotamia was created under the authority of the League of Nations. A British-backed monarchy joining these vilayets into one Kingdom was established in 1921 under Faisal I of Iraq. Yet again the Rothschild's under the banner of a British Mandate is involved in annexing another country. Iraq was invaded by the Mongols just like Iran by Genghis Khan who it is alleged killed 1.7M in a single day. Just 250 years later in 1401, a warlord of Mongol descent, Tamerlane (Timur Lenk), invaded Iraq. After the capture of Baghdad, 20,000 of its citizens were massacred. Timur ordered that every soldier should return with at least two severed human heads to show him (many warriors were so scared they killed prisoners captured earlier in the campaign just to ensure they had heads to present to Timur). Sounds like the same group of psychopath savages to me. North of Iraq is Turkey, a very strategic country as it is the

boundary between the four compass points, and also the gateway to Russia. On the NE side of Turkey in the Caucasian region is Armenia, that country along with many other former Russian states was taken over after WW1. Armenia, Georgia and Azerbaijan were all annexed following the war by the Red Army, and we all now know the Red Army is not Russian. The Armenian citizens were led on a death march out of their country, like in Russia they killed all the intellectuals, and order 800K to 1.2M to march through the desert region in Syria, without food and water and the majority of them died, the rest were slaughtered. When it was all over Armenia lost 90% of it's population. Why were those countries annexed, because they were the region between Russia and Iran. NE of Iran lies Turkmenistan, which means Turk men and so links to Turkey, historically these were Indo-Iranians, which was why after WW1 they formed a coalition to take Russia back. North of that is Kazakhstan which was taken over earlier by Genghis Khan, who went onto ransacking Iraq and Iran. East of that is Tajikistan which is a mixture of Turks and Iranians, again riddled with war and claims of ownership is a part of the life span of this country. This country was also ravaged after WW1 by the Bolsheviks Jews Red Army, mass famine and mass die offs to allow an easier takeover of their country. A number of these istan countries gained Independence in 1991-92 and almost all of them endured civil wars straight after it. This is the work of the agencies, all insurgents, rebels, freedom fighters group are bought and paid for by agency goons, in fact several of them were created by the agencies, in particular the CIA. Below them is Afghanistan and that war to control that country goes on it seems, another country connected with the Indo Aryans. Whilst there has been many wars in this region a key one was between Russian and British India group for control of it in the 1800's. The British India group is the Rothschild's. Afghanistan was another country ransacked by Genghis Khan, Khan is the Arab version of Cohen, Cohen means Priest and is linked with Egypt and Israel. In the alleged pursuit of Osama Bin Laden, around 147K have been killed of which around 107K were civilians, does anyone ask why we have to kill that many in trying to capture one man? juvenile level thinking again by our Military Generals. But, they said he was hiding out in Pakistan, Pakistan just happens to be the last remaining country between Egypt and India. Pakistan is a mixed bag country, constantly at war with neighbors India, and was ruled by the British India group from 1858 to 1947, so Pakistan gained their Independence just as Israel was being created, not a cohen cidence as we say. Pakistan was ran by the Vedics in the past and some of the Vedic texts themselves was written there, before being linked with Hinduism, which it is not. The Vedic texts are the Rus and Aryan texts in league with the URS, and has nothing to do with India or Hinduism. The only reason they are linked is the Rus and Aryans taught the Dravidians a better way of living in harmony and peace and not human sacrificing, those texts were part of those teachings and why it is link to that region. Earlier I mentioned control over the seas for trade involving Israel, to show this is not a new tactic Israel's earlier arm of land grabs called the British India company did this in Pakistan. The English East India Company (Rothschild's) had established coastal outposts. Control over the seas, greater resources,

technology, and British military protection led the Company to increasingly flex its military muscle, allowing the Company to gain control over the subcontinent by 1765 and sideline European competitors. Pakistan modern day is ran in part of an alliance between the Pakistan ISI and the CIA, which dominates the geopolitical scene in Pakistan. Whilst Pakistan is the final Eastern frontier to India, the key country for this Jewish el-ite caliphate that retraces the steps of the sub gray race from Egypt to India, the biggest obstacle in the middle and why all countries North, West and East of it have been attacked and many laid to waste is, Iran. The plan is to totally isolate Iran from all sides and attack from each country bordering it. Summing up Israel is a proxy state of the old Egyptian and Indian gods, known as the Annunaki, Saudi Arabia is a proxy state of Israel, due to the House of Saud all being Jewish elites. Saudi is also connected to the next proxy state of Israel, known as America. America is a proxy state of another country and is a colony of and puppet of The Crown in the UK. The UK the proxy state for the Jewish elites like the Rothschild's, the UK was for a long time a proxy state under the tutelage of France, which is also ran by the Rothschild's. France have their own proxy state called Holland, which is ran by the House of Orange which is a French not a Dutch title, and links back to the Rothschild's again. Holland have their proxy states also, New Zealand and South Africa in particular, South Africa has the Orange state, which links back to House of Orange and the Dutch East and West Indies companies, which are also owned by Rothschild's.

Iran the land of the Aryans, the final stranglehold of the White Race, of which the Hebrew Annunaki wish to destroy. Before you fall into the trap set by political correctness, and the deliberately created memes of white supremacy, Nazi and anti Semitist, the Iranian peoples are not white, but they were an integral part of the white race. The Rosenthal and Finkelstein interviews revealed their goals was to eliminate the white race, it has always been their goal, and with this piece you can see how and why geopolitical events have played out over time. All leading to the 3rd Temple in Jerusalem, which is another of their human sacrifice temples. Once that temple is built, the Jewish people will also be removed from that region of what is now known as Israel, just like the Palestinians, the wall will be built higher and much longer and they think they will rule within the walls and their 3rd temple, their One World Government, religion and currency scheme. People will ask why they would remove the Jews out of Israel, because the leading Jewish el-ites are not Jews, they are the sub gray race that came out of India and the worship of the Kali Ma, the dark mother. Those people, the jet black race were brought here 75K years ago by Lucifer, with one goal in mind, destroy the white race and these Jewish el-ites are the modern day Kali Mas to completely wipe out the white race. These people are not Jews as they say, they are the Hebrew Annunaki, they are the dark forces, they are the sub gray race and they are linked with the Reptilians. One final region in between not yet mention is Kashmir, why is that so mysterious land being controlled by Chinese Military despite portions of it not being on

Chinese land? Kashmir derives from kashmira and means land desiccated from water, which means it was created after the waters disappeared. Kashmir is where the ancient Milk Ocean was located, and maybe the site of an underwater base at that time. Because Kashmir is the site of a major Reptilian base, although not as major as previously following wars there back in 2013. I am a traveler of both time and space indeed.
