A member who has suffered and fought off cancer this year, and there were times when perhaps she considered her next birthday may not arrive, well it will this Sunday, happy birthday Angela. The 6th land lot closes tomorrow, and another two land lots is under offer, so now we could have 8 lots owned by THI members. The first home could well be delivered this coming week, and first members on our avenue of Hope by October 2nd. Another 2 members are moving to the region on October 1st, with the potential to move to the village also. Holly has made arrangements with her landlord for short term rentals in Farmington for members moving there, or members waiting for their homes to arrive or built, the rates are reasonable also. Contact Holly for further details. As many Americans mourned the loss of one day in September 20 years ago this week, much has been said and written about that day since, some valid, some lies and some pure bs'ery. Much has changed in the time that has since past, much of that is buried below the surface of most Americans, due to an inability to accept that, America is and was vulnerable. It disturbs their own vulnerability, disturbs their own indoctrinated belief that America is the greatest or best at everything, to those people this is their reality, but to others that reality is a stretch beyond reality and into the realms of conspiracy theory. America leads the world in two categories, Military spending and incarceration, neither of which have any real value to the people, both of which needs radical intervention and a re-teaching course. But those two categories re-enforce the Americans need to be protect from their vulnerabilities and fears. Fears since that day have followed a predictable path, out went the Russians are coming, in came the Muslims are coming, and later the Chinese are coming. Throw in for good measure the Ebola, H1N1, Swine Flu, Zombie virus were coming and eventually Covid arrived, a prize virus built again, more on fear than reality. That fear feeds the machine and keeps a majority of Americans riddled with fears. September 11th changed many peoples lives that day globally, but for Americans it has changed everything, if people are asking for the return to normal prior to Covid, how about a return to the normal prior to 9/11? There was no Patriot Act that views all Americans as potential terrorists, there was less race issues and no Black Lives Matter groups dividing the people and their own communities, we didn't have a succession of letters named groups to deliberately label people to again divide and conquer people, we didn't have social media creating more labels and tags, again dividing and conquering people. We didn't have the rise of the same social media telling people what they can say or post, playing Zionist Fascism. We didn't have the school culture where teachers are telling the children to not report things ongoing in the indoctrination rooms to their own parents. In 2001 we were shown the incompetence of Government and the fact that a drug addled alcoholic was in the White House, but what followed was no better, a fake named Muslim that tramples all over the Constitution and American laws, a game show host who had been bankrupt 6 times, yet still got access to finance denied to ordinary Americans, and now a senile old man who should be in a care home, is indicative of post

9/11 America. America like Biden is decaying and dying on it's feet, our freedoms eroded, our thinking denied, the people riddled with fear, insecurity and debt, and our children subjected to mind control, fear based rhetoric, having been asked to not engage their own parents and then when they leave school, now it is time to load debt onto them by educating them in the ways of subversion and non productive learning. Should they leave that intact they are then sent to foreign lands to fight wars and die, injured, drugged and PTSD for the psychopaths for the treasonous entity known as the American Military. We are fighting for American freedoms, deary me, and they call us conspiracy theorists! where is our so called freedoms? does anyone ask? can't go to work, can't open a business, can't go to shops, bars, vacations or anywhere without further restrictions and masks. Masks are symbolic, like wearing a yellow star on your jacket of the past, it also stifles the ability to speak, echoing the social media giants Draconian plans, of blocking the throat chakra, stifling discourse and turning the whole nation into a divide and conquer word salad background, filled with people too stupid to see through the fog of their own illusion. We are living the American dream, but as George Carlin once said, you have to be asleep to do so, because those of us who are awake see a whole different reality. What we see is a nightmare, not on Elm Street but Wall Street, Pennsylvania Avenue, Research centers, Agencies, Black Sun, City of London, Vatican and the fake his story and state of Is Ra El creating havoc, death, scarcity, fear and greed for their own perverse ideologies. I want the next 20 years to be the rise of not only the American people, but the rest of the world. Let us not accept their version of reality, life, fears, division, wars, suffering, despair, famines, diseases and rebuild a new world in our image filled with hope, progression, freedom, unity, personal responsibility, natural law, need not greed, caring and sharing, cooperative not competitive or comparative, a hand up not a hand out. If you are too damn lazy to do it for you, at least do it for your children FSS, grow a damn set and stand up and fight back and demand change, be change, create change for the better for us all. We at THI and TPC have laid the foundation for that change, a gathering of like minded people wanting and delivering a better humanity, an adult humanity, an eventual advanced species. You want to rise and ascend? join us, you want help, support, knowledge? join us, you want funds and freedom from banks? pool your resources with us and lets rebuild together. You want changes in Government? become the Government, work with the Government from the platform we created. You want changes in law? become the law we have created a platform for that also. You want better food and cleaner water? we have created that also. You want your children to be taught not educated? we have created that platform also. You want to live in an adult thinking caring and sharing community? we have created and started that as well. Just drop your egos, misconceptions, false realities, fears, little me and savior programs and join us and be the change.

NEWS: I witnessed a pattern this week and a complete change of narrative in relation to stories being put out by MSM. Is it faction fighting or a change to preserve their status,

only time will tell. But a whole range of articles and the sheer volume of them caused me ponder and comment on it. MSM this past week are suddenly outing many groups, people and politicians on a mass scale. Have they been forced to change tact by the alt media? forced into delivering and questioning information like the alt media? Maybe it is a mixture of both the alt media gaining too much traction and them losing listeners, or just more faction fighting. Either way those that seek the truth win. One thing that MSM has changed is, their opinions on Biden, his honeymoon period is truly over, even despite CNN playing Johns Hopkins maths and fudging the poll figures on his approval rating.

They get away with fudging figures because too many in this country and many others cannot do basic math. This has gone on a long time and also why people are in so much debt. As an example, back in the 1980's A&W tried to challenge McDonalds who had released the 1/4 pounder burger, A & W sold a 1/3 pounder burger that was cheaper than the 1/4 pounder. You know why the public thought the McDonalds burger was better? the public thought the 1/4lb was bigger than the 1/3lb. This lack of the basics is how and why they prevail with our life force energy, known as money, we have teach basic math properly again, plus finance and economics within our schools to stop the shekel people prevailing.

Common sense thoughts of the day: Why is training to kill people free, yet training to save lives costs thousands? Is that civilized? Why are the taxes most heavy on the working class and not on the higher earners? Why do Governments and Banks think they own our money? and mores the point, why have we allowed that thinking?

Biden announced a new rule by the Labor Department that will require all businesses with 100 or more employees, to be vaccinated or submit to testing at least once a week. The president signed an executive order requiring most federal workers and contractors to be vaccinated against the corona virus, a tightening of the previous policy announced in July that called for vaccinations but allowed other options. Combined, Biden said the new vaccine requirements would cover about 100 million workers, two-thirds of the country's workforce. Channeling the frustration of vaccinated Americans upset about not being able to return to normal life, during what he repeatedly calls a pandemic of the unvaccinated, Biden had a direct message for the nearly 80 million holdouts. What more is there to wait for? What more do you need to see? he said. We've made vaccinations free, safe and convenient. The vaccine is FDA approved. So, much wrong with that Hebrew Annunaki based statement of lies, distortion and outright Zionist Fascism. The frustration of Americans upset of not returning to normal, is an outright program of divide and conquer, because in reality Klaus Schwabb stated we would never return to normal, so the vaccines are irrelevant to that situation. Wait for or see, we are not waiting for our own death sentence, and we have seen enough deaths and injuries that supercede all other vaccines combined in just 8 months. We would have to be criminally insane or

retarded to cave into your own stupidity. Vaccines free and safe, surely you jest you complete jackass, and no the vaccine is not FDA approved either, that is lying to the American public.

There is uproar currently in Palestine due to the murder of an activist, who was gaining much popularity online. Nizar Banat was murdered in his bed for the crimes of reporting factual information about the corruption of not just Israel this time, but the Palestinian Authority. He and many others are claiming the Palestinian Authority are enacting over authoritarian regime against the Palestinian people. Lying in bed asleep, more than a dozen Palestine Authority officers broke in and smashed him with crow bar, dragged into a car and within an hour he was declared dead. Anger had been building over corruption claims, particularly since April's cancellation of the first legislative and presidential elections in 15 years by the octogenarian president, Mahmoud Abbas. This has led to furious protests, which often turn violent against the protestors. Abbas blamed Israel for blocking people voting, but reports of infighting in the Fatah party is considered the real reason. Fatah are the ones in power, their rival are Hamas. But here is the kicker, the Palestinian Authority is backed by Israel and Western countries who consider it to be a bulwark against Hamas, which they view as a terrorist organization. It relies heavily on international donors, including the US, European Union and UK. They have given large sums to train and equip its security forces. Yet again a country is interfered with by the Israeli controlled puppet states, and why no country is safe when global interference in the peoples right to vote is meddled with, by unscrupulous plotters who hide in the shadows.

The U.S. government's account of a drone strike launched against a suspected terrorist in Afghanistan toward the end of the military withdrawal from Kabul, is being challenged by a report suggesting the victim was not a threat to the United States. A New York Times report, the drone attack that American officials said killed an ISIS terrorist carrying a bomb in a car toward U.S. troops, may have killed a man with no ties to ISIS and who was carrying water to family members. Times reporting has identified the driver as Zemari Ahmadi, a longtime worker for a U.S. aid group, the report states. The evidence suggests that his travels that day actually involved transporting colleagues to and from work. An analysis of video feeds showed that what the military may have seen was, Mr. Ahmadi and a colleague loading canisters of water into his trunk to bring home to his family. Yet again shoot or bomb with flimsy, no or fabricated agency based evidence to provide a distraction to them losing the media narrative. Yet again this has cost people their lives, and the great question is, when will someone from the Military and Agencies be held accountable for their at best poor decisions, at worst criminal intent?

The wealthiest 1% of Americans are the nation's most egregious tax evaders, failing to pay as much as \$163 billion in owed taxes per year, according to a Treasury Department report. The analysis comes as the Biden administration pushes lawmakers to embrace its ambitious proposal to beef up the IRS to narrow the tax gap, which it estimates amounts to \$7 trillion in unpaid taxes over a decade. The White House has proposed investing \$80 billion in the agency over the next 10 years to hire more enforcement staff, overhaul its technology and usher in new information reporting requirements that would give the government greater insight into tax evasion schemes. The proposals have been met with deep skepticism from Republicans and business lobbyists, who argue that the IRS cannot be trusted with more power and that the proposals are an invasion of privacy. Both are right, but we gave Trump the solution to fix all the taxes and allow more of the working class to have more money in their pocket, yet to date nothing has been done in Government, or the so called new Life Force assembly Government or the Anna Von Reitz assemblies either.

The US state of Texas has made it illegal for social media platforms to ban users based on their political viewpoints. Prominent Republican politicians have accused Facebook, Twitter and others of censoring conservative views. Former US president Donald Trump was banned from Facebook and Twitter after a group of his supporters attacked the Capitol in January. The social networks have all denied stifling conservative views. However, they do enforce terms of service which prohibit content such as incitement to violence and co-ordinated disinformation. I wonder could the social media ban all MSM then? because they enact co-ordinated disinformation every hour of the day. Social media websites have become our modern-day public square, said Texas governor Greg Abbott, after signing the bill into law on Thursday. They are a place for healthy public debate where information should be able to flow freely. But there is a dangerous movement by social media companies to silence conservative viewpoints and ideas. The new law states social media platforms with more than 50 million users cannot ban people based on their political viewpoints. Facebook, Twitter and Google's YouTube are within its scope.

Priti Patel has stepped up an international campaign to force Facebook to reverse its plans to merge its messaging apps and encrypt all communications between users, arguing such plans make it harder to safeguard children. But despite the intensity of the home secretary's call for action, there's little new ground broken in the encryption wars. We cannot allow a situation where law enforcement's ability to tackle abhorrent criminal acts and protect victims is severely hampered, Patel told an event organised by the NSPCC children's charity. Simply removing accounts from platforms is nowhere near enough. Her comments are the latest push in a fight that goes back almost 30 years. The broad issue is the same as ever: governments and law enforcement are worried about what is being said on communications platforms they cannot easily monitor, while technology companies argue that the nature of encryption means they have to provide privacy for

everyone or no one. Encryption was designed by the CIA and NSA for their benefits only, Facebook involvement in this means they are another subsidiary company of the CIA and NSA.

Which links us into the next piece of the one with the Nazi duplicated name of Dept. of Homeland Security. Although the department was created to proactively protect the country from terrorism and other homeland security threats, the DHS has grown into the federal government department with the largest law enforcement force. Its primary investigative arm, HSI, has over the past decade arguably expanded its activities beyond those that support the department's component and mission, and now serves as a complex criminal investigative agency with global reach. This report provides two options for policy consideration as the new administration and Congress consider reforms to modernize the department. The largest enforcement force it said, does anyone ask why we needed that agency? What is wrong with the FBI agency for home issues and the CIA for International? both of which have proven incompetent at best and criminal at worst, but why do we need the DHS or even the NSA? Why is their never an overview of the now 17 agencies operating both on our soil and abroad? If you were looking closely at Government overspend, over reach and duplication of jobs, then the agencies should be the first for analysis.

In Germany, polls suggest that Angela Merkel is in big trouble come election time at the end of this month. Mrs. Merkel warned that a vote for his party could let in the far left, Germany faces a choice of direction, she said. Voters had two options, either a government made up of the centre-left and the Greens which accepts the support of the left-wing party, or at least doesn't exclude it, or a conservative-led government with her party's candidate Armin Laschet as head. That is exactly what Germany needs. No it's not Angela, the German people need to hear the full truth of what went on before, during and after WW1 and WW2. They need to stop being guilt tripped by his story lies, they need to be free of the Zionist Communist ideologies and ways. They need to be told to be proud of their Aryan roots, not labeled white supremacists or Nazis. Not one Government in Germany has challenged that, which tells me, they were all complicit in it, and enemies of the truth and against the German people.

US police have arrested three people accused of stealing the identities of victims in the building collapse that killed 98 people in Florida in June. The suspects face charges of multiple counts of identity theft, organized scheme to defraud and trafficking in credit cards. They are said to have made purchases worth tens of thousands of dollars on illegally obtained credit cards. The three suspects have been named as Betsy Alexandra Cacho Medina, 30, Rodney Choute, 38, and Kimberly Michelle Johnson, 34. If convicted, the suspects face between 15 and 30 years in prison. The levels of depravity people go to make pieces of paper with numbers on, never ceases to amaze and sicken

me. Just what is wrong with these people? they show a complete lack of compassion for anything or anyone, to fulfill their own personal greed. I still think 15-30 years completely excessive, when Military Generals murder a family of 10 and face no charges. Make those three work in the community for 3 to 5 years, and release them when they gain some humanity.

The Department for Work and Pensions is being asked to make a huge change to state pensions, and it could have a big effect on your money. According to the chairman of the Treasury Committee, the state pension triple lock is unsustainable in its current form. Mel Stride suggested that the wages measure used to calculate the triple lock should be temporarily suspended, meaning it would be replaced with a double lock. Reports suggest that a decision to temporarily introduce a double lock could be announced imminently. The pensions promise guarantees that the state pension will increase in line with inflation, earnings or 2.5%, whichever is higher. Inflation, earnings or 2.5% is the triple lock, but they wish to remove the in line with wages aspect. But distortions to wages during the corona virus crisis could mean pensioners receive a rise of as much as 8%, an extra £3 billion, and they can't have that, must keep the pensioners down, even though they paid the most into it. While many workers have been dealing with job losses, salary cuts and pay freezes in the tough economy, was the excuse given to not pay out the pensioners. Mr Stride said: Over the last decade, the pensions triple lock has successfully protected the incomes of older people, who often have limited opportunities to increase their earnings. However, the triple lock is unsustainable in its current form, a potential almost double-digit percentage rise is unrealistic and unfair, with knock-on effects for the public finances. If only they applied that to the Military, private contractors like Serco and a plethora of snake oil NGO companies looting the public finances. Given that average wage levels have been skewed by the unprecedented events of the past 18 months, the Chancellor should temporarily suspend the wages element of the lock. With knock on effects for public finances Mr. Stride said, echoing the spell casting narrative of the Americans. Which is suggesting the state pension is a hand out, no! people paid for that for years, it is an entitlement, not a bloody benefit.

Ray-Ban and Facebook have teamed up to create a new generation of smart glasses to help users record life in style. Ray-Ban Stories may look like traditional Ray-Ban glasses, but look closely and you'll see two small cameras on either side of the lenses. Wearers can press a button and the glasses will begin recording whatever they are looking at. Confirming smart now equals spying and espionage. RDS lives on, he said the people will become the Intelligence, that is spying levels of intelligence, not general intelligence, because if you wear these you are as dumb as a politician.

POSITIVE NEWS: Detroit has historically been one of the least connected cities in America, with about 40 percent of Detroit residents lacking any home internet access at

all. Things are changing, though, thanks in large part to projects like the Equitable Internet Initiative (EII), a collaboration between the Detroit Community Technology Project and a network of community organizations. EII has an ambitious goal: to strengthen neighborhoods by building low-cost, high-speed internet for the under served communities of Detroit, to increase digital literacy, and to train residents to be digital stewards, and against all odds, they are succeeding. Over the past six years, EII has built and maintained an impressive internet network across large swaths of Detroit, training digital stewards from the community to set up and install wireless access points, fiber hookups and hotspots, and educating residents on how to safely and effectively use the internet.

Do you know back on August 23, 1989, about 2 million people from Latvia, Estonia and Lithuania formed a human chain that united all 3 countries, to show the world their desire to escape the Soviet Union and the communism that brought only suffering and poverty. This power stretched 600 km. The incredible anti- Zionist communist movement, too easily erased this event in our recent history. Again it is all about people coming together.

A conservation retreat near Machynlleth has banned vaccinated visitors as a precaution, claiming that people who have had the corona virus jab could have an effect on the unvaccinated. Blaeneinion, a 75-acre conservation project at the head of the Artists Valley which has cottages on site for people to visit the wildlife, walks and activities on site, has taken the step to ban anyone who has received the vaccine from staying, despite the overwhelming scientific evidence that the vaccine is safe and effective. Erm no it is not the evidence is overwhelming against it as we will soon find out. The retreat claimed that vaccinated people cause reactions in the unvaccinated. The retreat said it has had an unexpected and overwhelming outpouring of support since announcing its decision, and are now fully booked until September. With great sadness we have made the decision that, we will be unable to welcome folk on site that are vaccinated with the experimental Covid-19 jab. Significant reports are emerging of effects on unvaccinated people simply spending time around the vaccinated. As you may be aware, the Covid-19 injections are experimental, they are unlike any other previous vaccines and contain a new mRNA technology, that causes our own immune systems to manufacture spike proteins. The first jab cause 15% permanent loss of your immune system, the 2nd jab causes a permanent 35% loss, and it is unknown the extra loss occurring following the several booster shots they have lined up. Nice to see people taking a stand.

World Health Organization European Advisory Group of Experts in Immunization former Vice President Professor Christian Perronne this week said that, all vaccinated people must quarantine over the winter months or risk serious illness. Perronne specializes in tropical pathologies and emerging infectious diseases. He was Chairman of the Specialized Committee on Communicable Diseases of the High Council of Public

Health. Confirming the rapidly deteriorating situation in Israel and the UK, the infectious disease expert stated: Vaccinated people should be put in quarantine, and should be isolated from the society. He went on to say: Unvaccinated people are not dangerous; vaccinated people are dangerous for others. It's proven in Israel now, I'm in contact with many physicians in Israel, they're having big problems, severe cases in the hospitals are among vaccinated people, and in UK also, you have the larger vaccination program and also there are problems.

Many care workers in the UK who were told to get vaccinated against Covid-19 or lose their jobs, have left the industry en masse for better paid positions at companies such as Amazon, creating massive staffing shortages. According to the Guardian, which spoke to several care home industry officials, three-quarters of care home operators are reporting an increase in staff quitting since April, with the reasons being a desire for less stress and for higher pay, and to avoid mandatory vaccination, which comes into effect on 11 November. 11/11 hmm sound familiar. National Care Association executive chairman Nadra Ahmed said that the National Health Service (NHS) will ultimately have to pick up this mess, and called on the government to reconsider its policy. While public service union Unison declared that ministers must immediately repeal 'no jab, no job' laws for care home staff in England, to avert a staffing crisis that threatens to overwhelm the sector. Widespread care home closures could be the consequence if they ignore the warnings. This would be disastrous for elderly people and those who cannot live without care support. Again nice to see people standing up for their rights, but it does concern me the elderly will lack care or support, perhaps their families need to take more responsibility then?

Mayor de Blasio threatened to withhold the paychecks of unvaccinated NYPD officers who refuse weekly COVID-19 testing. The NYPD's largest police union is against the testing mandate because officers will not be compensated for the time spent getting them done. 53% of NYPD employees have received one dose of the vaccine, according to data. Cops now standing up also, as next piece reveals.

An entire Missouri police department, including the police chief and his officers, resigned leaving the city of Kimberling without immediate authority. Citing problems like an inadequate pay rate and not having the right tools to do the job, the department has local leaders struggling to find replacements, especially when rhetoric against law enforcement is high amongst some. It will be a struggle to fill the police department back up with qualified officers, but hopefully they can start working on that soon and get that accomplished, Stone County Sheriff Doug Rader said of the resignations at the Kimberling City Police Department, noting that most police stations are understaffed. Hearing that many American Military are also walking off their jobs also, the Renaissance and Resistance is now clearly underway.

How Russian Citizens Crushed Moscow's Dumb Vaccine Passports in Just 3 Weeks. Here's how they crushed Mayor Sobyenin's vaccine passport and it was pretty simple. Moscow residents simply stopped frequenting any business that required a vaccine passport. The really beautiful thing about this was that the vaccinated people stood in solidarity with the unvaccinated. Business trickled to near zero at all establishments where the vaccine passport was required. Moscow residents skipped going to bars and restaurants, didn't go to the movies, didn't stay in hotels or do anything else that required a vaccine passport. Business owners from all over the city were suddenly calling Mayor Sobyenin's office, to chew his ear off about the vaccine passports. They were going broke, and they were mad as hell about it. Marina Zemskova, the head of a regional hotel and restaurant association in Russia, said the vaccine passport turned out to be worse for business than a full lockdown. At least if there was another lockdown, she notes, businesses could count on some kind of government support measures. There's no government support coming under a vaccine passport system. What the not-very-elite elites failed to anticipate about Moscow residents was, they would simply not participate in the scam at all. The business owners were so infuriated with the mayor that Sobyenin made a sudden, surprise announcement, that nobody needs to use a vaccine passport anymore. He made up a hilarious excuse, claiming that COVID case rates were all better suddenly, as the reason for lifting the QR code passports. But everyone knew the truth. Moscow residents decided that their medical privacy and their right to travel is more important than, whatever the people in charge were telling them. It was a massive case of civil disobedience, and they didn't even have to go outside and set things on fire in a big protest. All they did was say, any business that wants to see a vaccine passport from me is not getting any of my money. That is what I myself has advocated since becoming a radio show host, non violent, non compliance and the system just buckles, then we the people tell them what we want and don't want.

Palestinian inmates clashed with guards and set seven cells in Ketziot Prison on fire, as Israeli security services continue their search for six escaped high-security prisoners, focusing on the Jezreel Valley area. The Prison Service reported that two cells in Rimon Prison were also set ablaze, but that the fire was under control. The riots follow a decision by the Prison Service to redistribute about 400 Palestinian inmates in jails throughout Israel. Prison Service Commissioner Katy Perry decided shortly after the prison break on Monday to move the Islamic Jihad inmates, in order to ensure that only one Islamic Jihad prisoner is placed in any given prison cell. Katy Perry what a strange Jewish name that is, I bet she can't sing either like the stage name girl Katy Perry. Israeli authorities said they were preparing for more rioting in other prisons in the coming days. Prisoner organizations announced that they have decided not to cooperate with any decisions regarding the transfer of prisoners between prison wings, saying they have plans to set more prison cells on fire. According to Israel Prison Service sources, Central

District Commander Avichai Ben-Hamo later decided against moving the prisoners, fearing mass disturbances, and they currently remain at Ofer. Oops the great Israeli junta in embarrassing climb down, kudos to the fake prisoners, and a lesson to us all that despite seemingly impossible odds, you can still prevail by coming together.

COVID BS: Second EU country after Portugal to ban Israeli visitors because of increasing number of infections. Sweden is banning entry for travelers from the United States, Israel and four other countries due to rising COVID-19 rates, according to Swedish media. The temporary travel ban to the Scandinavian country goes into effect on September 6 and expires on October 31 unless extended. Kosovo, Lebanon, Montenegro and North Macedonia were also added to the travel ban list.

Did you know that in just 2019, 10 million people contracted an airborne disease, yet there was no media scare, no medical experts discussing it, no lockdowns, no tests, no mask, no closing of businesses, no mandates, no shame and guilt program, no dividing of the people, no loss of freedoms. Yet 1.5M died of this disease, without a whimper, that disease is TB.

Healthy boys may be more likely to be admitted to hospital with a rare side-effect of the Pfizer/BioNTech Covid vaccine that causes inflammation of the heart than with Covid itself, US researchers claim. Their analysis of medical data suggests that boys aged 12 to 15, with no underlying medical conditions, are four to six times more likely to be diagnosed with vaccine-related myocarditis than ending up in hospital with Covid over a four-month period. Most children who experienced the rare side-effect had symptoms within days of the second shot of Pfizer/BioNTech vaccine, though a similar side-effect is seen with the Moderna jab. About 86% of the boys affected required some hospital care, the authors said. Yet again proving the jab is more dangerous than the alleged virus.

A report quietly released last week by Public Health Ontario tallies the number of people in the province, who have presented to hospital with heart inflammation following mRNA vaccination, and it skews heavily towards young people. As of Aug. 7, there were 106 incidents of myocarditis/pericarditis in Ontarians under the age of 25, that's slightly more than half of the total of all such incidents. Broken down further, 31 of these cases were in 12- to 17-year-olds and 75 were in 18- to 24-year-olds. The vast majority 80% were in males. The report explains that PHO issued a directive in June for public health units to increase their surveillance of this side effect, following reports from the United States and Israel of similar concerns unfolding in those countries. It's funny the media never mentioned any of this. The reporting rate of myocarditis/pericarditis was higher following the second dose of mRNA vaccine than after the first, particularly for those receiving the Moderna vaccine as the second dose of the series, regardless of the product

for the first dose. While PHO initially worked with reports of 314 such incidents, upon further investigation they narrowed that number down to just over 200.

Over 200 million Americans have gotten at least one shot. We've been patient, but our patience is wearing thin, and your refusal has cost all of us, please do the right thing. The new Labor Department standard would apply to more than 80 million Americans working in the private sector. The executive order affects employees working for the executive branch, about 90% of the federal workforce. Some federal health workers, including those who work for the Veterans Department, are already required to get vaccinated. Members of the U.S. military also need to get the COVID-19 vaccine. But civilian federal employees and contractors only had to reveal their vaccination status and, if not inoculated, get tested regularly, socially distance, wear masks and be subject to restrictions on most work travel, those won't be options anymore. The great question is, can they create a public gallery for when clowns line up for it, and the public choose the batches of the vaccines?

There are over 200 million Americans who are vaccinated, and daily cases right now are 300% higher than they were a year ago when there were ZERO people vaccinated. Fauci and the lock downers don't even attempt to explain this. Time for all Americans to ask why.

Nicola Sturgeon has forced through Covid passports for mass events including nightclubs in Scotland, with the Conservatives north of the border branding the plans a sham, despite Boris Johnson intending to impose similar measures in England. Rules approved by MSPs in a crunch vote in Edinburgh tonight will make certification of being double-jabbed a legal requirement in certain venues from October 1, meaning businesses which fail or refuse to enforce the measures will be breaking the law. Details of the controversial scheme were released just hours before the vote, and confirmed firms must take all reasonable measures to ensure compliance. Ministers are also considering if there is a need for an offence to stop the misuse of the certificates. The Scottish people need to adopt the Russian method and block all businesses requesting it, and refuse to participate in ventures requiring it.

The current working group on the COVID-19 pandemic in France was reported to be, utterly panicked on receipt of the news, fearing pandemonium if it follows the guidance of the experts. Israeli doctor Kobi Haviv told Channel 13 News: 95% of seriously ill patients are vaccinated. Fully vaccinated people account for 85-90% of hospitalizations. We are opening more and more COVID branches, the effectiveness of vaccines is declining or disappearing. oops.

OTHER ITEMS: In the first century, Messiah proclaimed these words in Revelation 18:23; for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived. That is in reference to the Jewish silk road merchants, who lined the road from one end to another, as mentioned in FRWL. The word sorceries in Greek is pharmakeia which describes medication, magic, sorcery and witchcraft, from a druggist, pharmacist. Nations in the past did not mean countries, it meant races. Pharmakeia an abstract noun meaning sorcery, magic, the practice of magic arts. The concrete noun is pharmakon whose primary meaning is poison, its secondary meaning is magic potion or charm to achieve a desirable objective, and its tertiary meaning is medicine, remedy, or drug for healing. The above terms were used from the time of Homer (8th century BC) down to New Testament times and known both to Greeks and Jews. In modern times the tertiary meaning prevails as for example the term Pharmacy as a place to obtain healing medicines. But really to obtain magic potions of poisons, all drugs are a form of poison.

Ah the joys of technology, and this will split opinions of whether valid or not. Death could be as easy, quick and painless as simply pressing a button. At least, that's what the creator of the world's first 3D-printed suicide machine intends for the future. Yet, again they say the future when 3D and suicide machines of one form or another are the past. Dr Philip Nitschke nicknamed Dr. Death showed his plans for a suicide-assisting machine called Sarco, which is short for sarcophagus at Amsterdam's Funeral Fair. Does anyone ask, why we need a Funeral fair? For those of you who have watched Stargate the series, the sarcophagus will have a different meaning. There is/was one inside the Giza pyramid, those pyramids were not burial chambers, not a single corpse was brought out of there, it was an energy machine and potential landing pad. The inventor says you can try it out for yourself, at least in virtual reality, by stepping inside a full-size depiction of the euthanasia capsule. VR glasses give the user a glimpse into how the death machine operates. Plans for 3D-printing the capsule will be freely available on the Internet, according to Nitschke, who says the device can be assembled anywhere to allow a person a peaceful passing at a location of their choosing. Potential users for the real deal will have to fill out an online test to gauge their mental fitness. If passed, they will then receive an access code valid for 24 hours, surprised they didn't say 2 weeeekks. Once the code is entered, another confirmation from the user must be given. The Sarco will sit on a generator that uses liquid nitrogen, that when released will bring down the level of oxygen in the capsule to induce hypoxia. The brain relies on oxygen to function. When put in environments with low levels of oxygen, the body slowly begins to shut down, resulting in confusion, increased heart rate, rapid breathing, shortness of breath, sweating, and wheezing. Sounds like a Covid victim, does it not? In the Sarco, however, Nitschke says death will have style and elegance, within one minute, the user loses consciousness, and death shortly follows. To activate the process, a person simply steps inside, lies down and, when ready, presses a button. A Sarco death is painless, there's no suffocation, choking sensation or air hunger, as the user breathes easily in a low-oxygen

environment. The sensation is one of well-being and intoxication, according to the company's founder Philip Nitschke. The Sarco made headlines after the state of Victoria in Australia voted to legalize euthanasia. Media outlets deemed Nitschke the Elon Musk of assisted suicide and his death machine his Tesla. Arguments against euthanasia address practical, ethical, and religious concerns, saying legalizing a person's right to die could normalize suicide, be difficult to regulate, and that it accepts some lives are worth less than others. But Nitschke, who performed his first legal assisted death in 1996, argues the right to end one's life is a civil right. The Sarco is intended to get people talking positively about death and with broader considerations than being afraid, scared or shocked. After all we are all going to die, and increasing numbers of us want some say in how we are going to die. This is a difficult subject to approach, that has spiritual, ethical and potential karmic issues to address. There are many people around the world who are never going to get better again, and end up rotting in hospitals, care homes and hospices. Should they be given the choice of when to die? not my choice to make. Should people be given the choice to use this machine? depends on whether the people decide, not Governments. It brings up several issues, many of which are not easily rectifiable. Money is one aspect, we all know people who are waiting for a parent or other family to die, waiting for their pay out, that could lead to abuse of this system. We all know the hospitals, care homes and Pension system are waiting for people to die, for other monetary reasons. So, there is no easy decision or planning behind whether this should be freely available, and more knowledge would have to be delivered to the public, before making this decision. I would suggest this is similar to abortion, the right for the individual to freely choose what they wish to do with their own body, which is a sovereign choice, like those who took the experimental jab. Which technically means it is nobody else's business, but wider discussion that involves the public is required on this, because the folly of following their rules and regulations, has not been to we the peoples benefit, as we have found out with greater clarity the past 18 months.

The following is an extract of an interview revealing more about the CIA drone program. Involving Christopher Aaron, a former intelligence analyst for CIA's drone program, also there is Brandon Bryant, Cian Westmoreland, Lisa Ling and, of Daniel Hale, who has just been imprisoned just a month or two ago. Daniel Hale was imprisoned for releasing information about the drone program. Christopher said that is correct, and there were one or two pieces in there which were classified. It's something that I'm very careful about, however, that's what they got him for, under the Espionage Act. Ultimately, what were we in Afghanistan and Iraq for? I am unable to accept that as a 29-year-old back in 2009, that something that was so obvious to me, about the failing of the trajectory of the wars. I'm unable to believe that my military superiors and the politicians, way above me were not able to see the same thing. So, when faced with those sets of facts, a thinking person has to say, was there not perhaps a policy in play to keep us in a state of war for one reason or another? The people who volunteered for this program because we love this

country, we love things that this country stands for, as far as the freedoms that we have here. I'm sorry Christopher but that is pure illusion, after 20 years of the Patriot Act, one could say delusional, freedoms my ass. But then when you're faced with the reality on the ground, through the video screen, that what is actually happening on the ground, is not what is being reported in the mainstream media. It is not what the higher-ups in the military structure are telling us is going to win the war, you start to feel an immense sense of regret. In the beginning of the drone program, there was so much talk about this being antiseptic, and it would be like playing a video game. But then, as I researched it and also looked at what the military itself has found, you have huge rates of burnout in the program, and analysts, imagery analysts and drone operators who quit, or who just are mentally and emotionally and psychically distressed. Why? It's not because they evaded roadside bombs, in the kind of the sense of injuries and PTSD that soldiers on the ground have had. It's because they're seeing, intimately, day after day, shift after shift, violence unfolding on screens, from a distance, for which, in some cases, they feel responsible, for things that go wrong, for a strike that happens and they're not sure who was hit. The interview goes on with the same theme, but the issue surrounding it is the cover ups, the lies and the damage they are doing to Military people. It causes billions of dollars in sick pay, medical and psychological support, benefit programs all paid for by we the people, and for what benefit? zero. The Military should pay themselves out of their own over inflated budget the cost of damage to their staff under their wing.

This was sent in by one of our members, an interesting pointer perhaps of what they are up to. Miles Mathis about Pfizer or is it pfizer changing the name of their vax to comirnaty in an attempt to get FDA approval. There is much negative press about this change but oddly most of it is about the strange name. When I see strange words, I get itchy, I went to the Gematria lookups and here are the results. Words with same Hebrew Gematria values as comirnaty: Ancient Babylon, Decode My Birth, The End Of Days, Claims Do Not Matter, Adonijah (my lord is Yahweh), Chava in Hebrew, means to reveal, to show, to declare. Tzaphkiel an archangel whose name means gods knowledge, he is the chief of the order of thrones and one of the nine angels, or is it angles, that supposedly rule heaven. Exhausted Osiris Rex, Rex means king and is the name of a NASA spacecraft set to study a near Earth asteroid named Bennu. Bennu is an ancient Egyptian god linked with the sun, creation and rebirth. The 'bennu bird' is the inspiration for the phoenix myth, the PhoeniCIAns are at it again. Balthazar the name of the 'dark' magi who brings myrrh to the baby Jesus in the nativity myth, he is depicted as having dark skin in historical paintings. Which means he was part of Lucifer's jet black race brought here to end the White Race. The name means Bel protects the king. In Hebrew, Bel is another name for Baal and Marduk. Albus Dumbledore the headmaster of the wizard/magic school in Harry Potter, he is the leader of the Order of the Phoenix. Three Currencies US dollar, yen and euro. Decode Lebensborn Program, Lebensborn means fountain of life and the Lebensborn project was started by Heinrich Himmler in 1935. In

the same year the Nuremberg Laws outlawed marriage between Jews and others deemed inferior. Does anyone ask if the Nuremberg trials were real or just theatre? The purpose of that program was to supply young girls who were racially pure, to have children who were given up for adoption to the SS. God Is The Anti Christ Borghese Family the name of a princely family of Italian nobility and papal background, in the 13th century they rose to power as magistrates, ambassadors and public officials. In the 16th century, the pope was like a king and could give the papal title to anyone he wished, they moved to Rome in the 16th century and became very wealthy and famous thanks to Pope Paul the fifth. Lord Of Baux, The House of Baux is a French nobility family thought to have been extinct after 1426. Their fame might have been because they were rumored to have been descendants of Balthazar, the dark skinned magi. Lord of Baux was phased out into the Anjou line, they are one of the three lions that is said to represent England, except all three are French. Baux was also part of the House of Orange. Phallic Symbol which is Osiris Canis Lupus there is a constellation named Lupus. It takes up 333.683 degrees of the Southern sky and is not viewable in the northern hemisphere above 35 degrees latitude. The ancient Greeks knew it as Therium, a wild animal, the Romans called it Bestia, the beast. A Latin translation of Ptolemy's work finally identified it as a wolf. This is odd because the only place this is visible in Greece is at the southern most tip of the island of Crete, yet this constellation was found by Greek astronomer Hipparchus in the third century BC. There are only two named stars in the constellation, the first is named Men and is said to mean the South Gate, and the second is named Kek Ou An and means imperial guards. KEK is an ancient Egyptian god of primordial darkness. There are many more but I had to include these last two: Ascending Out Of Hades and Mixing Of Species.

This is written by Anna Von Reitz and called dealing With the IRS and Other Public Debt Collectors. The IRS can try to misaddress Americans, and if we are stupid, they can still succeed. The fundamental question is, if you have properly instructed the bank and used the proper endorsements on all checks, etc., do you have any Federal Income? Yes or no? If you have done your homework, unless you are a direct Federal Employee, you probably don't have any Federal Income to report, because you have properly denominated all Federal Reserve Notes as lawful money and Federal script, such as the Federal Reserve Notes, which is owned and taxed by them, is not lawful money. None of it went into your account, because you exercised your right to denominate it as lawful money, so why are you being harassed about purported federal income? Unless you get a funny money green and orange check from Uncle Sam that is based on actual Federal Income, and defined as profit separated from capital, you don't have any Federal Income to tax. If you are not operating as a Federal Citizen, meaning a U.S. Citizen of the British Territorial Government, or a Municipal citizen of the United States, and you aren't engaged in any federally regulated activity, you don't have Federal Income. Read the words people, you have to have Federal Income before you can owe a Federal Income

Tax, and most of us have no Federal Income. Most of us are not knowingly or willingly functioning as U.S. Citizens as if we were born in and living in Puerto Rico, nor as citizens of the United States, as if we were born in Washington, DC, and are literally outside of any jurisdiction related to the Federal Government Subcontractors at all. So, teach people to set up their bank accounts appropriately and use the proper process to denominate their funds, and that is the end of any power of the IRS over them or their accounts. The same applies to American-owned and operated businesses of common right. Unless you are actually involved in some Federally-regulated activity such as the manufacture, sale, or transport of alcohol, tobacco, or firearms across state lines, or some activity such as operating a concession on a military base, you don't have Federal Income to report as a business, either. If you are a so-called professional and have a license to treat Federal Employees, consider what portion of your business derives from Federal Employees. Do you need to be licensed as a Medical Doctor, for example, or can you get along just fine as a Private Physician? If you are a lawyer, how many of your customers are actually and factually Federal citizens of any stripe? If they aren't Federal Employees or dependents, you can't represent them in a court of Special Admiralty, and you have no reason to operate as a Bar Attorney. You can get along just fine as a Counselor of Law and help people rebuff inappropriate and fraudulent and illegal charges, being brought against them without remedy by unscrupulous Prosecutors. You deal with this by properly identifying yourself as an American the declaration and recording process, and the claiming of the assumed name(s) used to misaddress you and your business names, too. The Certificate of Assumed Name can be used for any name that you do business under or are presumed to do business under, and can be claimed in exactly the same way. When I say, claim every name you use, I mean business names, too. I literally mean every single name that has ever been applied to you or your business persons since the beginning of the world. If you have a body shop called Big Al's Body Shop, use the Certificate of Assumed Name to claim all possible variations, permutations, orderings, spellings, abbreviations, and styles of the name of Big Al's Body Shop, in the same way as you claim all possible variations of your own names. You can lawfully convert your businesses into American owned and operated businesses that stand under the public law, just as you can lawfully convert your PERSONS into American PERSONS standing under the Public Law, simply by claiming them and applying the Certificate of Assumed Name to the business name(s) the same way we claim our individual names. When you are done, write a letter to the State Secretary of State, for example the State of Illinois Secretary of State and inform them that you are an American and stand under the Public Law of Illinois not the State of Illinois, and your business, Al's Body Shop, is an American Business Enterprise also standing under the Public Law. That should be more than sufficient to settle any hash that needs to be settled. If the IRS contacts you scrounging around for purported tithes and estate gift taxes, tell them to pound sand and go see the State of Illinois Secretary of State. If they present you with any claims, liens, or other paper billings, ask them where the Exemption Voucher is, that should be and is

required to be attached to all such correspondence? They cannot legally present you with any bill or Notice of Lien or anything else, without also presenting you with a check/voucher to sign and exempt yourself and your business from having to pay it. If they do present a bill without attaching the appropriate check/voucher for you to "Accept for Value" and return for exemption, they are engaged in fraud and are in violation of the Foreign Sovereign Immunity Act, the Fair Trade Acts, and Commercial Administration Laws that apply to them under Federal Title 15. They must present a check for your exemption and they must show it to you upon demand, and they must provide it upon your request, and then all you have to do is mark this piece of paper. Accepted for Value in the Amount Shown and sign it with your restricted Signature, using a by-line like this: By: Felix Robert Mendeliev and date it, that's it. The end of difficulties with the IRS for you and your American businesses, also the end of IRS levies and garnishment. I have described this Voucher before. It arrives as a letter with an OMB number, but it appears to be a virtually blank piece of paper. All it has on it is an address block showing your name and social security number without dashes, the Autotris or CUSIP used to access the credit ledger, and a return address where you are to send the Voucher. It's the same process for people and for businesses. You have to demand this letter of credit from the IRS before they will cough it up. And you should return it to them via Registered Mail, Return Receipt Requested and keep copies of your returned letter. So now you know in detail and exhaustively how to respond to any false claims against your name, your business, and your political status. You now know how to respond to the IRS. You are now responsible for doing your own homework and correspondence and communicating effectively, and following through with your own claims and exercise of your own rights. The Point Person responsible for recognizing your political status and protecting you from inappropriate communications, is the State of State Secretary of State. If they don't do their job and waive the vultures off for you, the Provost Marshal is responsible. And if it really goes too far, the Office of the Inspector General at oig@sec.gov is responsible. Put the bite on them today. These same rules apply to all incorporated Debt Collectors without exception. It doesn't matter if it is a Credit Card Corporation, a Municipal Corporation, a State of State Corporation, an incorporated Court, these are all registered as foreign entities with the State-of-State Secretary of State's Office. They all have to present you with a check/voucher for exemption at the same time they present a bill, still have to cough up such a check/voucher upon request, still have to accept your exemption, and if they don't, they are wide open to prosecution for fraud, racketeering, impersonation, and they are 100% commercially and individually liable for their activities. So go forth and conquer, people. These flunkies for foreign corporations have been stealing you blind and depriving you of your exemptions for generations. We can't even count how much money they already owe you. Once again send a letter to your bank CEO, Registered Mail, Return Receipt Requested, instructing them that you are an American and not adopting any Federal Citizenship. Tell them that all funds in your accounts are to be denominated as lawful money, all funds received or transferred within

or exiting your accounts are to be denominated as lawful money. And once again, any checks or other transfer instruments (Money Orders, etc.) that you deposit must be properly endorsed: Pay to: Your Business. By: Your Name followed by private copyright symbol, a small c with a circle around it. All rights reserved. Redeemed as lawful money:12USC411, Your Account Number. Just make it easy on yourself, bite the bullet and have a small rubber stamp made with this information on it. Use it to cash all checks and Money Orders. This way the money in your account is flagged as lawful funds, not legal fiat. The fiat belongs to the Federal Corporations and because it belongs to them, they can seize it, lien it, and garnish it. But they cannot mess with lawful money. This information is to be used only by those who legitimately are Americans, and who are not actually in receipt of Federal Income as a result of Federal Employment. Interesting stuff, but a few points to be made on that. Given anything Federal is not directly connected to the Government, why are we paying them anyway? All Federal entities like the IRS are private foreign corporations that has nothing to do with Americans. My only issue is, Anna went to court herself after being charged with tax evasion and non payment of her mortgage, despite being a judge herself. This does not augur well for those of us with far less legal knowledge than her, if she failed in court, what chance do we have? This is why I never advocated not paying taxes, not paying mortgages, not requiring a drivers license or the birth certificate game, all maybe valid, but you are playing a dangerous game pursuing them. Tax filing like this needs to be done by 100k's or more to have an effect, otherwise they pick you off.

EXPOSE 1: In 2006, a remarkable article by Mike Walsh, and an admission appeared in the Israeli news source Ynet News. It echoes much of what my research and knowledge brought forth in our FRWL series. Before we start, this article references Jews, but these are not the ordinary Jews, in fact they are unlikely to be real Jews at all, and maybe not even human. It is titled Stalin's Jews and written by Jewish columnist Sever Plocker, this piece confirmed the terrible crimes which Jewish Communists had committed under Stalin. We must not forget that some of greatest murderers of modern times were Jewish, Plocker started out by saying. He went on to make a number of startling confessions. Here's a particularly forlorn historical date, almost 90 years ago, between the 19th and 20th of December 1917, in the midst of the Bolshevik revolution and civil war. Lenin signed a decree calling for the establishment of The All-Russian Extraordinary Commission for Combating Counter-Revolution and Sabotage, also known as Cheka. Within a short period of time, Cheka became the largest and cruelest state security organization. Its organizational structure was changed every few years, as were its names, common theme that for them as our listeners will know. From Cheka to GPU, later to NKVD, and later to KGB. We cannot know with certainty the number of deaths Cheka was responsible for in its various manifestations, but the number is surely at least 20 million, including victims of the forced collectivization, the hunger, large purges, expulsions, banishments, executions, and mass death at Gulags. I will fill in the doubts,

70-90M Russians were murdered by these Jewish organizations between 1917 and 1945. The Jew Genrikh Yagoda, director of the NKVD, was the Soviet Union's Stalin-era security and intelligence agency. Whole population strata were eliminated, Independent farmers, ethnic minorities, members of the bourgeoisie, senior officers, intellectuals, artists, labour movement activists, opposition members who were defined completely randomly, and countless members of the Communist party itself. In his new, highly praised book *The War of the World*, Historian Niall Ferguson writes that no revolution in the history of mankind, devoured its children with the same unrestrained appetite as did the Soviet revolution. In his book on the Stalinist purges, Tel Aviv University's Dr. Igal Halfin writes that Stalinist violence was unique in that it was directed internally. Lenin, Stalin, and their successors could not have carried out their deeds without wide-scale cooperation of disciplined terror officials, cruel interrogators, snitches, executioners, guards, judges, perverts, and many bleeding hearts who were members of the progressive Western Left, and were deceived by the Soviet regime of horror and even provided it with a kosher certificate. It should be noted that Washington DC and Westminster were complicit in this, and censorship of Soviet genocide by pro-Soviet media, pro Soviet means Jewish media. And us, the Jews? An Israeli student finishes high school without ever hearing the name Genrikh Yagoda, the greatest Jewish murderer of the 20th Century, the GPU's deputy commander and the founder and commander of the NKVD. Yagoda diligently implemented Stalin's collectivization orders and is responsible for the deaths of at least 10 million people. His Jewish deputies established and managed the Gulag system. After Stalin no longer viewed him favorably, Yagoda was demoted and executed, and was replaced as chief hangman in 1936 by Yezhov, dubbed the bloodthirsty dwarf. Yezhov was not Jewish but was blessed with an active Jewish wife. In his book *Stalin: Court of the Red Star*, Jewish historian Sebag Montefiore writes that during the darkest period of terror, when the Communist killing machine worked in full force, Stalin was surrounded by beautiful, young Jewish women. Stalin's close associates and loyalists included a member of the Central Committee and Politburo Lazar Kaganovich. Montefiore characterizes him as the first Stalinist, and adds that those starving to death in Ukraine, an unparalleled tragedy in the history of humankind, did not move Kaganovich. Many Jews sold their soul to the devil of the Communist revolution and have blood on their hands for eternity. We'll mention just one more, Leonid Reichman, head of the NKVD's special department and the organization's chief interrogator, who was a particularly cruel sadist. In 1934, according to published statistics, 38.5 percent of those holding the most senior posts in the Soviet security apparatuses were of Jewish origin. Even if we deny it, we cannot escape the Jewishness of our hangmen, who served the Red Terror with loyalty and dedication from its establishment. After all, others will always remind us of their origin. From left to right – Kaganovich, Stalin, Postyshev, Voroshilov 1934. The infamous Soviet Gulags were under the direct control of the Jew Yagoda. He was not the only such Jew involved in the running of these camps, in which millions were interned and nearly 1.4 million died. The

most famous revelation about the Jewish nature of the Gulags was that of famous dissident Alexander Solzhenitsyn. Speaking from personal experience as a Gulag prisoner, Solzhenitsyn gave a candid account of Jews in charge of the Soviet prison camps in his book, *Two Hundred Years Together*. According to his observations, Jews made up a clear preponderance in the Gulag administration and in the early Bolshevik government, saying that of the 22 ministers in the first Soviet government three were Russian, one Georgian, one Armenian and 17 were Jews. In addition, he points out, from personal experience once again, that two-thirds of the Kiev Cheka secret police were Jews. In 1937, another book appeared in Germany called *Jewish-Run Concentration Camps in the Soviet Union*, which revealed that Communist Jews were the commandants of 11 out of the 12 main Gulags. His story rarely covers this topic, like a modern day Covid exposure ban, this topic and brutality has been kept all hidden under the category of conspiracy, with a fall back of labeling people Anti Semitist to those who dare to question them. But, more and more of the real truth is emerging, and I appeal once again, do not target the average Jewish person on the street for crimes done in their name. These bastards are the very apex of sheer evil and have destroyed many lives and countries with their abject filth. One day this world and it's people will run them back from where they came, and no it was not from this planet.

EXPOSE 2: The CIA MKULTRA Mind Control program that required torturing children into multiple personalities was alive, well and under control of Jesuit Priests at Joseph's Abbey in Spencer Massachusetts according to ex-nun Sister Keri Burnor. Sister Burnor was recently interviewed by President Trump. She supported his fight against child trafficking, feeling that her years as a Catholic Nun gave her insights into the CIA, Jesuits and Catholic Church's rampant pattern of sexual abuse that had an ultimate goal of subjugating all people. Burnor felt that this Vatican sponsored child trafficking and sexual abuse of children, had been going on throughout history and continued unabated today. Even more disconcerting was that Congress had been aware since at least 1964 Congressional Hearings on human experimentation, that this child exploitation was engrained in the CIA's Mind Control program. You could review CIA child abuse survivors Claudia Mullen and Christine Nicola testifying before the Congressional Committee here: Mullen: http://www.youtube.com/watch?v=F-ES8Bv0_8w and Nicola: <http://www.youtube.com/watch?v=eXDASDDrDkM>. Nicola talked of a Dr. Green who tortured her throughout childhood. She found evidence that Green was paid by the CIA to run their MKULTRA program. In this video another CIA torture survivor, Jenny Hill, discussed a Dr. Green who was in charge of a Satanic pedophilia and murder rite that took place on June 21 1965 Summer Solstice in Garden Grove California: <http://www.youtube.com/watch?v=F626Lsrdwg4> The CIA has been known to work hand in hand with the Vatican's Satanic Ninth Circle Child Sacrifice cult, to run an international child trafficking and drug/gun running ring. In her biography *Twenty Two Faces* Hill claimed she was tortured and made to watch the human sacrifice of another six

year-old child, later identified as Kathleen Shea. Evidently Shea had been kidnapped from Tyrone Pennsylvania several months prior, and appeared starved and emaciated before her Summer Solstice death by the Satanic Coven. Back in 1972, NYPD Detective James Rothstein arrested one of the five Watergate burglars, CIA operative Frank Sturgis. During a two-hour interrogation he discovered that the burglars weren't trying to obtain election strategies as the mainstream media proposed, but were looking for a book which listed Democrat and Republican politicians who accessed child prostitutes, their sexual proclivities and the amounts they paid to rape kids. Rothstein maintained that The Watergate break-in was strictly based on one thing, the pedophile records that were being kept at the Democratic National Headquarters. It was well known in Washington that pictures, videos and recordings of prolific pedophile parties were used to blackmail politicians. Even back in Watergate days the children were believed obtained through an international child trafficking ring run by CIA/Vatican mafia connections. That would have been around the time of the infamous young boys club operating in and out of the White House, with rumors of it still ongoing in the Obama era. The Vatican's Ninth Circle Cult members were said to be global leaders heavily involved in pedophilia and based in countries worldwide. The Ninth Circle began at least three centuries ago in the Vatican, Kevin Annett of an investigative arm of the ICLC Court, the ITCCS (www.itccs.org) stated, but has expanded to embrace local Satanic child sacrifice cults across Europe and the Americas. Thanks to Catholic pressure, the Ninth Circle affiliated strongly with Nazi cultic groups, that had close ties with the Waffen S.S. during the 1930's and '40's. In 1953 the CIA imported Nazi mind control experts from Hitler's Germany, for the purpose of developing assassins and super spies. Except it was not Hitler's Germany at all, it was the same sub gray people, Jewish El-ites that ransacked Russia and murdered between 70-90M Rus. This MKULTRA program of illegal human experimentation was centered on torturing the developing brain of a child. To secure lifetime control over the victim, the severe abuse often began in the womb and at least by age six, then continued throughout the victim's lifetime. This brings in the Svali story we covered, because that type of "training" started in the womb also. The mention of aged six brings in the Etheric cord connection, if not acquired it is said the child will never rise above retard level. MKULTRA utilized 149 subprojects and 33 related programs that were set up in 80 US and Canadian institutions, including 44 colleges and universities, all paid for out of US taxpayer monies from a prolific CIA Black Budget. Universities involvement in skullduggery aligned with the CIA was also covered in FRWL. It is pure folly to send any of your children to University or Colleges until these criminals are all cleaned out, their programs, agendas, plans and shell companies to throw people off the scent also. It was believed to continue to today as directed by the Vatican's Jesuit Priests at Joseph's Abbey in Massachusetts. In 1964 after Congressional investigations, CIA Director Richard Helms claimed that he shut down the MKULTRA Mind Control program, but not before destroying all records, he lied, it just went further underground at Montauk and many other places we have highlighted in our shows, the Research centers.

All research centers need to be closed immediately, and an impartial public group of assessors need to evaluate every piece of research ongoing, and assessed whether it is of value to we the people, if not all of it should be destroyed and never allowed to operate again without public supervision. Survivor respondents to the 2007 Extreme Abuse Survey appeared to have disagreed it was closed. There were 257 who said secret government sponsored mind control experiments were performed on them as children, many of whom were born after 1964. Even though Congress held hearings on the CIA MKULTRA program in 1964 and again in 1977, results of the Congressional inquiries were not released to the public in the interest of national security. Ah the interests of National Security, that is another program and policy that needs to be repealed, because the interest of national security only means to cover up the crimes of the CIA and other agencies. In a world of data and spying by these same groups, how is it all Congress groups have never allowed the same scrutiny of the very people spying on us? Vatican - check, CIA - check, SS - check, Operation Paperclip - check, all dot connected in our FRWL series, and all link back to the Hebrew Annunaki group. Several survivors of the tortuous child abuse were bred by their Satanic perpetrator parents for the program. They bravely testified before Congress exposing their horrific abuse throughout childhood, yet the government took no action. Cathy OBrien's book Transformation of America, is but one example. There was hope after Sister Burnor's interview with President Trump, she was convinced that he was doing all he could to overcome this CIA/Vatican globalist agenda, designed to control the population through mind control techniques perpetrated on severely abused children. Trump's first official act the morning of his inauguration was to visit CIA headquarters, where he allegedly declared a war on human trafficking. Since Trump came into office access to child trafficking was said to have been shut down in Saudi Arabia, the Clinton's pedophile linked Epstein Island, Haiti, North Korea, China, Russia and Cuba. According to Q posts on Aug. 15 a roundup of child exploitation rings appeared pending in Sudan, Syria, Yemen, Libya and Somalia. This past year, over 45,000 sealed indictments have been filed against political and other well known elites in federal courts across the nation. Most charges were believed to involve pedophilia, sex abuse and child trafficking. Those indictments were expected to be unsealed very soon, with arrests and military tribunals on the menu. Yes, the very soon narrative has long since worn thin, since Wilcock back in 2002 stated mass arrests were coming soon, forgive me if I won't hold my breath on those predictions. But, the sheer fact this is now being highlighted changes the dynamic, out of the darkness into the light.

Out of the darkness and into the light is what these shows are all about, no longer can they play their hidden games, black budget projects, sleight of hand tactics and bamboozle us with fake celebrities and stars. No longer can the media go unaccountable with their mind control memes, distortions and lies. They, like the old world no longer works, like the towers on 9/11 it is imploding in on themselves and will leave no footprint, more like a footnote in a world and lifestyles we will hopefully never get to

repeat. The parasitic consciousness that has gripped humanity for so long seems to be dying, although it is corrupting minds at an alarming rate to try to take them down with it. The predicted words for this year at the beginning of this year, where Renaissance and Resistance. The Renaissance is a term used to describe a period in European history, marking the transition from the Middle Ages to modernity and covering the 15th and 16th centuries. It occurred after the Crisis of the Late Middle Ages and was associated with great social change. The modern Renaissance started in 2021 after a period of coerced crisis's was forced onto the public, in an unscrupulous manner. One hopes the seeds planted will now bring about great social change we have all been waiting for. Resistance was all that it took, a non violent non compliance is the way forward, that will bring many opportunities in the future for a renewed way of running this planet. No longer can we act like children and rely on a corrupt and broken system, now we all have to take personal responsibility like proper adults. The Resistance has poured forth in the past month, with health care workers, nurses, doctors, teachers and many other groups exercising their rights and refusing the draconian measures of their Governments, and now all can see how incompetent they are. But, even the bastions of the control system, the police, the Military are also now telling them to stick their jabs and pathetic control measure where the sun don't shine. Clowns in Panic show warnings are all unfolding now, as predictably Israel rolls out bot police. The story earlier of CIA drones will replace the Military, including the jackass Generals. The US military is now deemed surplus to requirements, hence the medias attempts to run them down, just as we warned. People are taking personal stands, quite a few in our group and telling the corporate bosses to stick their jabs up their own jacksies. The non personality alt media crew are having a fun times with gifs, as every statement and alleged fact is now exposed at a record pace. The clown media are losing listeners fast and cannot stem the tide anymore, despite their pathetic attempts to deceive, lie and fudge reality, yes you the BBC, CNN and others. I said back in 2013 we had to push them back, make them work defensively, and that would stop their relentless programs, attacks and false flag events, that is now unfolding on a massive scale. What contributed to this wave of fight back, people researching and pulling apart the official narrative? Well, in part we have to give credit to another of their diversion programs, the Q movement. I believe that was another of their set ups, but like I warned back in 2013, their programs would no longer work like they used to. The Q movement led to many people getting involved in researching and exposing the clowns, and for that we thank them, even if that wasn't their intention. The push back by the people brings me great joy and satisfaction, as my almost life long work of exposing these psychopaths is now in full public view. All of you who have been with me on this Resistance journey, all have played a role in it. You took the easy path long term, hard path short term, suffered rejection, abuse and no amount of heartache following the beautiful path of truth, fairness, balance and freedom, for that I thank you all. The key now is to push on, not rest on our laurels, we have to win every day in the global freedom and fairness game. The dark are relentless and we have to match their

levels of intensity to ensure, this planet and it's people can finally have a planet to be proud of.
