The work on the indexing and solutions from our show goes on in the background, those doing it have all mentioned the same thing, omg Thomas warned us so far back what would unfold, indeed. Everything you needed to know was all in the past shows, particularly in relation to what is unfolding now on many levels.

The People's Club mission is to accept that we are in paradise when we are seeing and understanding something new. Our god should be change, our religion should be understanding, and searching for truth is our greatest social challenge and purpose. In a world where everything is and has gone wrong, a world that failed us all, We the People have an obligation to step up and replace it with something better. Our lack of personal responsibility has denied us a voice and input into how the world was run. We must now take our personal responsibility back for our own security, food, lives and our children as the current government and system has clearly failed us all. Nothing works anymore as the old, vast, corrupt structure is no longer capable of serving us. The Government was created to serve We The People, so it is up to us all to break the cycle of our elected officials dictating their agendas using poor choices, criminal actions and a total disregard for We the People. As the old system is simply not capable of change, we cannot afford to wait for those Governments to change, it is up to us to ensure our Governments start acting on our behalf. All of us must step up now and replace the whole system of operation, with something intrinsically better and fair for us all. For the first time in history a group of people, known as The People's Club, is prepared to build something better for the world, with ordinary people in charge of delivering a better world for us all. We can no longer assign blame to others, we must now stop the blame game, of passing the buck and making the government's failures not our fault. We at The Peoples Club have now laid the foundations for us all to work together, and are calling on each and everyone of us to participate in making this work. We are creating our own power structure for and by the people; based in fairness, equality, the golden rule law – a system that involves the all. It is a maxim of law that when the bodies governing we the people, cause the cessation of the Rule of Law and no longer benefit the people, then we the people are legitimately empowered to liberate ourselves until the Rule of Law has been restored. The People's Club is calling on all of Humanity to work together to achieve what is said to be the impossible dream; it is not impossible, it is I'm possible. We have to dream, think and manifest big and we all have to come together here and now. That is our task, the goals, dreams and intentions of The People's Club. Are you ready to change? Are you ready for change? Will you be the change? Join The Peoples Club today and let's get up to work.

NEWS: Just when you need a news distraction story, along comes a school shooting again, it is just all so predictable. As of yet they have revealed no details of the shooter,

which given past media reports, tells me at this point the shooter was black or other color. Otherwise media would have ran on the white supremacist bs, that they have for the past few years. This level of violence regardless of color has to stop, as always THI comes up with solutions. Recently I made mention of my home town and the violence of feral like children was getting out of control, and I suggested one look each night at the local paper would suffice to confirm that. Well, last week it came home to roost that comment, as a 14 year old boy stabbed a twelve year old girl to death, over an argument. Ava White, 12, was out with friends in Liverpool city centre on Thursday, November 25 when she was stabbed shortly after the Christmas lights switch on, at around 8.39pm. Police believe a verbal argument took place which resulted in the young girl suffering catastrophic injuries. A 14-year-old boy, who cannot be identified for legal reasons, appeared in Liverpool Crown Court on November 29 accused of her murder. This has to be addressed and quickly, and a behavioral section should be added to classrooms to teach children the way of violence is not the right way to go about life. Anger management to be taught out, by having meditation classes and give the children a chance to air issues. We cannot carry on with this level of violence everywhere, and not address it properly. And no we don't need social workers involved, my experience of social workers is they druggies with more problems than the clients. Lets empty classrooms of Government and Religion, both encourage violence and aggressive counter argument, the latter of which has cost us many souls on this planet, by fighting over which god is better, all encouraged by the church itself. Remember the Vatican was a participant in WW2, Pope Francis was a gun runner for the Argentine junta, Pope John Paul supplied biowarfare chemicals to the Nazis. If government, social workers and religion worked as promoted, society should be better, it is clearly not. So, let's try something different.

Of course the distraction case of Ghislaine Maxwell is ongoing, with cries by the alt media of not covering the case and other alleged blockings, which is pretty par for the course these days. But it is interesting no media will be allowed at that trial, whilst the whole world viewed an innocent man last week. From my perspective and our listeners, we know the who, what, when, where and why of all surrounding that case. From our perspective what changes upon the outcome of the case? A few may or may not be brought to justice, but the process is still ongoing and arresting a few will not change the dynamic. Of course the clown run justice system may declare Maxwell not guilty, which will then distract a lot more people in a sense of injustice. The key is to not focus on these types of stories and build our own replacement, as each step forward by us, takes away their energy and control of us.

**CAN YOU SMELL THE FEAR?:** In the UK Priti Patel has effectively criminalized the act of protest. The Government waited until the final stages of a bill's legislative process, and then suddenly proposed a series of amendments, leaving reporters and human rights groups very little time to raise the alarm. The mechanism she's used is the Police, Crime,

Sentencing and Courts bill, which first went before the Commons in March for its initial debate, and is now being turned into something even more alarming in the House of Lords. The bill was already a stunningly draconian piece of legislation. One of its chief provisions was to allow police to impose severe restrictions on protests on the basis of noise. If they were loud enough to cause serious unease, alarm or distress to a single passer by, a description which covers any demonstration at all, the police power was triggered. The first mechanism is stop and search. Under the Police and Criminal Evidence Act 1984, police can use this power if they have reasonable grounds for suspecting someone is carrying certain items, or something which could be used to violate certain laws, like burglary or theft. Patel is massively expanding the kinds of laws which might be included. Now police can deploy stop and search to avoid serious disruption or a public nuisance. They can be initiated whether or not the constable has any grounds for suspecting that, the person is carrying a prohibited object. What like the right to free speech? the common sense variant? or is the truth now labeled a prohibited object? It's carte blanche for invasive police action against activists. Those who refuse to give themselves up to this intrusion face the full force of the law. Anyone found guilty of obstructing a stop and search during a protest, faces a jail term not exceeding 51 weeks. Patel then appears to take direct aim at the Insulate Britain protests, Amendment 319C criminalizes willful obstruction of a highway. Amendment 319D criminalizes the obstruction of major transport works, including roads, rail lines or airport runways. Amendment 319A creates an offence of locking on, or carrying equipment which might facilitate it. It targets anyone who attaches themselves to a person, to an object or to land. But the most far-reaching and alarming part of the legislation is called an SDPO, or Serious Disruption Prevention Order. An SDPO is basically a protest Asbo. It can be imposed on anyone convicted of a protest-related offence, but even that is not enough. Amendment 342M.2.iii allows it to be imposed on people whose activities were likely to result in serious disruption. In other words, you do not even have to have been convicted of a crime, you do not even need to have caused disruption, it's enough that you might have. Once the order is imposed, it eradicates your rights to freedom of speech and freedom of assembly. They can also be prohibited from being at a certain place, or possessing certain items, or participating in certain activities, or socializing with certain people, for up to two years. They can be blocked from using the internet to encourage people to carry out activities related to a protest. Someone who used their social media account to promote a demonstration could be found in breach of the order.

I have made it clear that protests are quite often non productive, although it does bring togetherness and fear in some parts. But over the history of protests, too few have born fruit. Given they are now considering noise as an excuse to stop and arrest you. Here is how to protest in the future, if that is what you choose to do. Everything is the psychology of the mind, do we allow them in our heads?, and subsequently can we get in their heads? the answer is both and which one wins, is the one with the best

psychological strategy. Marching on Government buildings is pointless, they are riddled with agency goons, actors and agitators, march on media centers is the better protest or medical centers given the current environment. Stand outside in silence, total silence staring at the building and all who go in and out with contempt. If possible walk clockwise around the building, as this creates a positive energy field for the protestors, and creates fear for those within the building.

Belgium said Friday it has detected the first announced case in Europe of the new COVID-19 variant, in an unvaccinated person returning from abroad. We have a case that is now confirmed of this variant, B.1.1.529, first detected in southern Africa, Belgian Health Minister Frank Vandenbroucke told a media conference. Is that their famous plan B they were all asking for? B.1.1.529? The infected person tested positive on November 22 and had not had COVID-19 before, he added, without giving further details. A leading Belgian virologist, Marc Van Ranst, tweeted that the person had returned from Egypt on November 11. Egypt on 11/11 well I never. Vandebroucke said: It must be repeated that this is a suspect variant, we don't know if it is a very dangerous variant. One day later despite tests not being able to be assessed in that time, out came the fear based Draconian Zionist restrictions again.

A report from where it is stated to have started. Symptoms linked to the omicron corona virus variant have been pretty mild so far, according to a Covid-19 adviser to the South Africa government. While South Africa, which first identified the new variant, currently has 3,220 people with the corona virus infection overall, there's been no real uptick in hospitalizations, Barry Schoub, who is the chairman of the Ministerial Advisory Committee on Vaccines. The cases that have occurred so far have all been mild cases, mild-to-moderate cases and that's a good sign, said Schoub.

I had to laugh at this article being promoted by all news channels against Fox News, because they are taking all their ratings away, whilst the people are turning off their channels altogether, based on the viewing figures. This was said by MSNBC, Did you know if you pay for any basic cable package, you are helping fund everything that Fox News airs, from its misleading information about Covid vaccines, which prompted me to start a campaign in July urging people to file a complaint against Fox News with the Federal Trade Commission, to its 2020 election conspiracies. That's because every month built into your cable bill is a fee, an average of \$2 a month that goes to Fox News, including the salaries of Carlson, Sean Hannity, Laura Ingraham and others. That's right, only about 3 million Americans watch Fox News on a daily basis yet the nation's estimated 65 million cable-connected households are forced to fund Fox News, allowing Fox to reap an estimated \$1.8 billion in revenue per year in carriage fees. Utterly pathetic reporting, and what this is really all about is, advertising revenues, if people switch off, their revenue goes down, and if their revenues go down, they go out of

business. See I told you this activism game is all so simple, non compliance hurts them far more than protests.

Senior Democrats confirmed that a proposal to tax billionaires' unrealized capital gains will likely be included in President Biden's \$2 trillion spending package. Treasury Secretary Janet Yellen explained on CNN Sunday that the proposal, raised by Sen. Ron Wyden, D-Oregon, would impose an annual tax on unrealized capital gains on liquid assets. The tax is expected to affect people with \$1 billion in assets or \$100 million in income for three consecutive years, according to a person familiar with the discussions. When compared with the tax-rate increases in the House bill, it would raise its money from the very, very rich likely fewer than 1,000 taxpayers instead of the merely rich. Essentially it is paying taxes on something you haven't sold just to see it go down afterwards. Taxing what is basically theoretical income before it's actually income. The only people who won't suffer as a result are corporate oligarchs who'll buy up everything on the cheap. Remember this quote, the millionaires and low billionaires will be wiped out? Like I said they don't do things for one reason, all about recording or re cording your assets and robbing more money from the people, only to give it the defunct Military and their Israeli junta counterparts. The point is, why have they come up with this proposal? well it looks nice for voters who only look at the headline. Except it will only affect less than a thousand taxpayers, the tax bill Kim and I wrote affected all taxpayers, and the vast majority would end up with more money in their pockets. This is a oligarch based tax reform, pure and simple.

Headline on Friday was the stock market crash on Black Friday was the worst since 1931, indicative? Yet not all suffered in the crash, as all pharma companies saw a sharp jump, indicative? you bet.

Israeli and Saudi fighter jets participated in the same patrol mission recently, accompanying a U.S. Air Force B-1B Lancer bomber circumnavigating the Arabian Peninsula, and attempting to send a deterrence message to Tehran. Does anyone else see that as utterly pathetic and child like behavior patterns, ooh look at us we have scary planes. The bomber flew in or near the airspace of Egypt, Israel, Jordan, Kuwait, Saudi Arabia, Bahrain and the United Arab Emirates, while skirting along almost the entire southern maritime border of Iran. It flew over the strategic Gulf of Aden, Bab el-Mandeb Strait, Red Sea, Suez Canal, Arabian Gulf, Strait of Hormuz, and Gulf of Oman. These waterways mark some of the world's busiest shipping routes, and have been plagued by numerous Iranian-sponsored attacks on oil tankers and nearby refineries. No, it was done by paid actors and owners of the child like scary plane flyovers. Admittedly, U.S. bomber flights in that region are not uncommon. The U.S. Air Force headquarters responsible for the Middle East said the bomber flight was the fifth so-called "presence patrol" in 2021, following a series of flights in 2020. Both the Trump and Biden administrations have

used the bomber flights to reassure Washington's friends and warn Tehran. While the bomber's patrol through the Middle East was not particularly newsworthy, the participants were. During the five-hour flight, the American bomber was escorted by fighter aircraft from Israel and three Arab countries. That includes F-16s from Bahrain and Egypt and F-15s from Israel and Saudi Arabia. The Saudi contribution is the most interesting part. That's because Saudi Arabia unlike Bahrain, Egypt, Jordan and the United Arab Emirates, has not normalized relations with Israel. Because Saudi Arabia is a proxy Zionist State and has been since the House of Saud, who were Jewish.

A leading Ontario politician known for speaking out against COVID jabs and mandates announced that he will run for Premier in the 2022 election under the People's Party of Canada (PPC) banner. We have to fight this everywhere. But this is a cultural war and how we win cultural wars is also at the ballot box, independent Ontario MPP Randy Hillier said at a rally on Sunday. On Sunday, Hillier said that the people are in a war against the enemy of big pharma, big corporate interests that are profiteering through these 20 months, as well as big government and public health. To win this battle, it only takes one thing, and for all of us, to be honest, all of us to have this courage, the conviction, to speak truthfully and honestly, we're going to fight this politically as well, Hillier said. Hear, hear.

Jussie Smollett hatched a secret plan to concoct a hoax hate crime against himself, a court has heard on the opening day of the US TV actor's trial. Mr Smollett, 39, told police in January 2019 that he was attacked by two men who shouted pro-Trump slogans and tied a noose around his neck. But his defence lawyers told the trial their client was a real victim, Mr Smollett has denied wrongdoing. Fifteen jurors were chosen earlier on Monday to hear the case. Authorities allege that Mr Smollett paid two Nigerian-born brothers \$3,500 (£2,630) to carry out the attack to promote his career, because he was dissatisfied with his salary on the TV show Empire, which is about a hip hop dynasty. So, lets get this right shall we, his defense is because he didn't get enough money for his massively over inflated talent, he denigrates a whole race and tries to frame white people. OK! It is not just about Smollett, the great question is, who put him up to it? The media are to blame for this for creating the environment for this type of lying agenda based narrative to unfold.

Meanwhile here is some more evidence of media coercion over at CNN, Chris Cuomo has been suspended indefinitely over help he gave his ex-New York governor brother while he was battling sex abuse allegations. The decision came after the New York attorney general released new documents that showed the extent of his work for his older sibling, Andrew Cuomo. CNN said the documents show a greater level of involvement in his brother's efforts than we previously knew. Andrew Cuomo resigned in August after prosecutors said he harassed staff. Chris Cuomo's behind-the-scenes efforts to help his

politician brother were widely considered a breach of journalistic ethics in the media industry. Two classic snake oil types of people, we don't need those types going forward, and good riddance I say. But, we must replace them with something better, snake people are a dime a dozen, we the people have to provide something better.

A post by one of the members, What has happened as the world population has been sleeping. How can 7.5 billion people on this Planet be controlled in lies and fear by a pitiful few Elites and corrupt officials in government? Why is humanity allowing governments worldwide to control their freedom of movement? How can over 300 million people in America be so submissive to their government of Elite Billionaires who have stolen their freedom? Do you feel stupid being confined in your homes, and wearing mask out in public in 6 feet distancing fearing all fellow human beings? Are you the American people awakening to see how Federal Government and State Government and Governors are confining you to your homes, stopping your freedom to travel, NOT allowing you to earn a living by closing down your businesses to cause bankruptcy, destroying jobs and starving out your families? Do you realize they want millions to be buried 6 feet deep in their insane United Nations depopulation program? Are your eyes open seeing government destroying your food source of milk, beef, chicken and plowing under vegetable crops? Are you seeing your own fellow Americans as a police state in riot armor looking like monsters out of Hollywood movies? How did we get to this point so near human extinction? While billions have been sleeping, the answers to these questions threatening the death of humanity have always been in front of all eyes. Billions of poor souls are being suffocated toward death in a pit of Black Satanic dogma. Dogma is dog or god backwards and relates to the Hebrew Talmud out of the Torah, that is the first 5 books of Moses forming the Judea Christian pagan religion. The Talmud states The Akum (non-Jew) is like a dog, yes, the scripture teaches to honor the dog more than the non-Jew. The Christian Old Testament is a watered down version of the Talmud where Satan Jehovah in Leviticus 16, requires sacrifice of two male goats and one a ram selected by lot to sent into the wilderness for Azazel. Azazel has a thousand names including Baal, Owl worship at Bohemian Grove and Baphomet of the Church of Satan in California, all about pagan animal and human sacrifice. We are all are born through our mother's birth canal. Believe it or not, we are all designed by a single Absolute Trinity Creator of Oneness as innocent babies with magnificent designed bodies, minds and souls. We were not born into sin as the Catholic Vatica have suppressed their followers to believe into lifetime resignation. We are not defective and are not required to continue confessing sins to priests, and giving hard earned money into their greedy coffers. Confessing to Priest called fathers dressed in Satan's Black Robes, with worldwide reputations as pedophiles biting off foreskins of the newborns, wake up and open your eyes. We were not created by different gods of war and racism, hating each other proclaiming our Christian war God is better than your Allah war God, or your Buddha war God and so on in all religions. We humans were born free under Natural

Law of the Universe to intuitively know to follow the Golden Rule, to love all natural creation and do no harm as perfect babies with genius genes. We were born to live and not born to die, we are not to vow, vote, bow or pray to any Elite Gods. Pray is a cult word for prey, because human gentile goy preyed upon by the parasitic evil are the Black Cult Vatica and Rothschild's Nazi Zionist Freemasons. This black cult preys on you when you close your eyes praying in darkness, facing the domain of Satan bound under your feet in his greedy materialistic world. All American people's heads in churches are in position to be sliced off in mass genocide, by Islamic blades seen on Masonic Shriners Fez's with middle Eastern Stars. Your American Masonic government enabled the Muslim Brotherhood to infiltrate America in 1973. Now that you know in the United States of America what has happened, what are you going to do to save the lives of yourself, your children and grandchildren? All these years you have loved patriotic freedom and America the Beautiful. Now betrayed you are seeing and feeling all your hard work in a country you love does not belong to you. You have been betrayed by the foreign enemy powers of the Rothschild freemason bankers, and infiltration into most all church pulpits of the by brotherhood of the snake with the Catholic Roman Hindu Islamic Extremist Muslim Vatica. Millions could choose to organize in oneness to stand up and peacefully protest in all states and cities, to regain freedom from foreign controlled Zionist Nazi Communist. Will this sleeping giant awaken? I agree it is way past time the sleep walking Savior based American's saw through the illusion of their country. Every institution here, some of which are revered are working against we the people. The great question is, where is your Government?, where is your Military?, and the bigger question for all religious peoples is, where is your god? If you put your adult pants on, you will realize all three are missing in action, always were and always will be. The next great question is, what happens next? The answer is come and be a part of the change with The Peoples Club.

**MEDICAL RELATED NEWS:** Several hundred Google employees have signed and circulated a manifesto opposing its widened Covid vaccine mandate.

The European Union is considering a nine-month expiration date on its Covid-19 vaccine certificates, which allow tourists certain freedoms to travel while the corona virus pandemic still rages.

The Queensland Labor and Liberal duopoly has buckled under extreme pressure from most of the state, and from November 19 revoked nearly all Covid restrictions, they had imposed on businesses to take effect from December 18. Restrictions on businesses have been eased due to the great job Queenslanders have done, in limiting community transmission of Covid19. There is no longer a requirement for restricted businesses to operate under a COVID Safe Industry Plan, or any of the industry specific Covid Safe Checklists, according to the website.

The Austrian Chancellor today stepped down due to mass criticism of the Zionist Fascist plans there.

As more and more sporting people every day are going down with chest pains and requiring emergency treatment. More and more so called celebrities are also going down each day and ending up in hospital, the great question is, why is nobody asking the relevant question? what's going on? 105 sporting stars dead in past 12 months, many others keeling over and the media ignores it? Throw in the fact that 4 games in the English Premiership in the past 2 round of games, have been suspended due to heart attack emergencies in the crowd.

This was recently evidenced as officials in Gibraltar recently canceled Christmas because of rising COVID case numbers. Gibraltar is the region in which residents were told they lived in the most vaccinated country in the world. Gibraltar; the most vaccinated region on Earth 100% fully vaccinated and 40% boosted, has now cancelled Christmas due to exponential rise in cases. Are we allowed to admit that the vaccines failed to end the pandemic, yet? Or did the vaccines create the pandemic, given it was timed to start in winter when the flu is most prevalent in the Northern Hemisphere?

Some figures from the UK. As things stand there were 28,711 Covid-19 cases among the unvaccinated population between Oct 23rd and Nov 19th, with projections showing cases could increase to a cumulative total of approximately 60,000 by Dec 17th among the unvaccinated. But there are far more cases among the vaccinated population, with 50,222 cases being recorded between Oct 23rd and Nov 19th, and projections show cases could rise to a cumulative total of approximately 105,000 by Dec 17th. Between Oct 23rd and Nov 19th there were 559 hospitalizations among the unvaccinated population, and projections show that the cumulative total of hospitalizations among the unvaccinated could rise to approximately 1,000 by Dec 17th. But things are looking much worse for the fully vaccinated. There were 1,564 Covid-19 hospitalizations among the vaccinated population between Oct 23rd and Nov 19th, but projections show this could rise to a cumulative total of approximately 3,300 by Dec 17th. As things stand there were just 54 Covid-19 deaths among the unvaccinated population between Oct 16th and Nov 12th, with projections showing deaths could increase to a cumulative total of approximately 95 by Dec 10th among the unvaccinated. But if you are fully vaccinated then your chances of dying if infected with Covid-19 look far worse. Because there were 447 deaths among the vaccinated population between Oct 16th and Nov 12th, and projections show deaths could rise to a cumulative total of approximately 930 by Dec 10th. The chart shows that the vaccinated population accounted for 64% of cases and 74% of hospitalizations between Oct 23rd and Nov 19th, whilst the unvaccinated population accounted for 36% of cases and 26% of hospitalizations. Meanwhile between Oct 16th and Nov 12th, the

vaccinated population accounted for a frightening 89% of Covid-19 deaths, whilst the unvaccinated population accounted for just 11%. Deaths among Children are 44% higher than the 5-year-average since they were offered the Covid-19 Vaccine according to ONS data. Heart Disorders up 118% and Excess Deaths up 40% among Young Adults since they were given the Covid-19 Vaccine. Vaccinated English Adults Under 60 Are Dying at Twice the Rate of Unvaccinated People the Same Age.

An Israel Tv station now admits almost all Covid infections and deaths are in the vaccinated, they acknowledged the 3rd shot caused immuno erosion. Oops.

Here is another report: These changes resulted in an increase of the PULS score from 11% 5 yr ACS risk to 25% 5 yr ACS risk. At the time of this report, these changes persist for at least 2.5 months post second dose of vac. We conclude that the mRNA vacs dramatically increase inflammation on the endothelium and T cell infiltration of cardiac muscle and may account for the observations of increased thrombosis, cardiomyopathy, and other vascular events following vaccination. There is a 29X increase in the rate of stillborn babies in Waterloo, Ontario that started after vaccination program rolled out, all the mothers of the stillborn babies were vaccinated. I'm sure this is happening everywhere, but nobody in the US wants to lose their job over this. So why is the CDC is saying this is perfectly safe for pregnant women? I'm curious as to what the CDC has determined the cause of this? Obviously, it couldn't be the safe and effective vaccine. Dr. Nagase: From one of the local doctors in North Vancouver, Dr Mel Bruchet has contacts all through Vancouver, and some doulas who work in Women and Children's Hospital which is one of the birthing centers for Vancouver, they had 13 stillbirths in a 24 hour period. Whilst in Waterloo, Ontario, there were 86 stillbirths between January and July, normally it's 5 or 6 stillbirths every year. About 1 stillbirth every two months is the usual rate, so to suddenly get to 86 stillbirths in 6 months, that's highly unusual. But the most important confirmation from the Waterloo, Ontario report was that all of the 86 stillbirths were fully vaccinated.

It has come to light a document revealing back on November 6th 2015, which just happens to be the same date the Mode RNA and the NIH finalized the sequence for the MRNA-1273. A non disclosure agreement between ModeRNA, The Vaccine Research Center, the NIAID and the NIH. That tells you the Government are in on this, and subsequently the Military also.

An Oklahoma state senator has introduced a bill, that would hold employers financially liable for each injury caused by enforcing a vaccine mandate. State Sen. Rob Standridge introduced Oklahoma's Senate Bill 1106, the Citizen Health Mandate Protection Act. The bill is aimed at both the private and public sectors, and seeks to hold all employers financially liable for a minimum of 1 million dollars for each injury, resulting from a

vaccine or other medical treatment that was mandated as a condition of employment. The bill would also apply to employers who enforce President Joe Biden's federal vaccine mandate, that seeks to require any businesses with more than 100 employees to impose a vaccine mandate for its workers. Many Oklahomans may not know that Covid-19 vaccines have already been given liability protection from the federal government, Standridge said. If an employee is required to receive the vaccine or some other medical treatment, as a condition of employment and it causes that person harm, our citizens need to know they'll have some recourse that will provide them with meaningful relief. The evidence is suggesting that those Covid-19 vaccines, recently identified as gene therapy rather than vaccinations, are not really doing the job consumers have been led to believe they would do. That should have been introduced much earlier, introducing it now and whilst it all sounds so good, protecting the public. Is there a caveat with which said fines for injuries or harm, could end up helping the clowns by bankrupting businesses. Is this a set up?

Health officials condemned ivermectin as a useless and even dangerous treatment for COVID-19. The media smeared the well-known and commonly-used anti-parasitic drug as a horse dewormer, even though it was always a human medicine as well. They mercilessly mocked people who thought this drug might help them. But it turns out ivermectin actually can help certain people fight off COVID-19, according to science writer Scott Alexander. Alexander took a deep dive into all of the available studies on ivermectin and whether it works against COVID-19. His main point: ivermectin does work, albeit indirectly, especially in areas where parasitic and intestinal worms are common. There's a reason the most impressive ivermectin studies came from parts of the world where worms are prevalent, he says. Parasites suppress the immune system, making it more difficult for the human body to fight off viruses. Thus, getting rid of worm infections makes it easier for COVID-19 patients to bounce back from the virus. If Alexander's hypothesis is correct, then he's also right that everyone who hastily jumped to a conclusion about ivermectin was wrong. Ivermectin is not the COVID-19 cure that some made it out to be, but it's also not useless in the fight against COVID-19 either. It does have some benefits, they're just minimal and far less effective than other therapeutics, such as monoclonal antibody treatments. Experts he said deserve much of the blame for ivermectin disinformation, as most of them refused even to entertain the possibility that ivermectin might help COVID-19 patients. I'd be surprised if even one official in the FDA or CDC took the time to evaluate the data like Alexander did, before declaring publicly that it didn't work. Because both of them are in on the scam is why. It is also worth considering why so many people convinced themselves that ivermectin was a COVID-19 super-drug. Alexander argues that ivermectin fanaticism is connected to anti-vax sentiment, in the sense that both are wacky pseudoscience beliefs to which certain people are attracted. But there's a much simpler explanation: Many of the same people who were drawn to Ivermectin are wary of the COVID-19 vaccines, because they

are skeptical of the public health consensus in general. They see health officials stressing and in some cases mandating vaccination and are repelled by this. They see health officials rejecting ivermectin and other COVID-19 treatments as nonsense and are drawn to them. Their beliefs aren't so much an embrace of pseudoscience as they are a flat rejection of an authority that has failed them. In a world where scientists seemed like hostile aliens, I would hesitate to take the vaccine. Again, ivermectin optimism isn't exactly like vaccine denialism, it's a less open-and-shut question, you can still make a plausible argument for it. But it's some of the same people and follows the same dynamics. If we want to make people more willing to get vaccines, or less willing to take ivermectin, we have to make the scientific establishment feel less like an enclave of hostile aliens to half the population. An enclave of hostile aliens? what interesting terminology that is, one would suspect that wasn't tongue in cheek, maybe the truth hidden in plain sight again. The problem with this is much of the scientific establishment seems to want to come across as, to borrow Alexander's phrase, hostile aliens. They don't care whether the public trusts their guidance or not. If they did, it would not have taken a science blogger to get to the bottom of what was happening with ivermectin. The CDC and FDA, the people who literally get paid to research these kinds of things, should have done that months ago.

Israel is to ban foreigners from entering the country for 14 days and use surveillance to halt the spread of the new Covid strain, local media report. The ban is expected to come into effect at midnight on Sunday, following full cabinet approval. Israel has so far confirmed one case of the potentially more infectious Omicron strain first detected in South Africa. Many countries have since banned travel to South Africa and its neighbors. Is that because Israel is being exposed badly for their Fascist vaccination regime? lock the world out and deal with dissidents? Time will tell. Just one case in Israel and it is ban everything and they all move en masse, the medias, the Governments and the systems. How is that happening when they never do anything at a pace. Fear porn merchants, they are terrified the people are now finding out, so create a new distraction, impose more lockdowns for Xmas as I warned, in comes martial law again until potentially March.

ModeRNA announced just 3 days after the new variant, they will have another jab for that in 2022, funny that.

Here is the latest in the fear porn box of clown tricks, but I will start with a common sense question, given this a new variant, how can they have a test for it, to determine that people are positive for it? Another great question is, how did it magically transfer into Australia if no one can travel in and out? Did somebody plant it there? if so the Government and the Agencies are at fault and should be fired for failure to protect the people. Or put simply it is all a load of bollox. What will be missed with the latest fear craze is, they announced the new fear weapon as NU, which is another of the Greek

Alphabet soup and word salad, following Delta and other variants. Was it NU or ANU variant? But within 48 hours it switched omicron, now why was that? Has the two weeks been replaced with two days? Omicron was not designated until May 2022, as per the table on the World Economic forum, are they panicking and trying desperately to bring something forward to counteract other events in the near future? O MY Cron, what is cron? The cron command-line utility, also known as cron job, cron job or con job? The cron in Version 7 Unix was a system service, which was later called a daemon, fitting!! invoked from /etc/rc when the operating system entered multi-user mode. The software utility cron is a time-based job scheduler, time they say, so cron is short for Cronus. Another anagram and may explain the jump from NU to omicron is oncomir. Oncomir is a microRNA that is associated with cancer, MicroRNAs are short RNA molecules about 22 nucleotides in length. Essentially, miRNAs specifically target certain messenger RNAs to prevent them from coding for a specific protein, spike proteins ring a bell? The dysregulation of certain microRNAs has been associated with specific cancer forming events. Many different oncomirs have been identified in numerous types of human cancers. OMI also stands for Old Myocardial Infarction, which is heart disease, but what is Infarction? Essentially it means death of a cell or tissue. In myocardial infarction a coronary artery becomes obstructed, and this leads to irreversible damage and necrosis of the heart tissue. With cron meaning time, is it suggestive of it is time for the OMI? Omicron as an anagram is, no micro are we now going macro? or is it all just another anagram of it, moronic. o Ophiuchi, Latinized as Omicron Ophiuchi, is a wide double star in the equatorial constellation of Ophiuchus. Ophiuchus a former zodiac that begins it's time between November 23rd to the 29th and ends between December 18th and the 21st, coincidence it was announced then?

It's all in the eyes of these social and psychopaths. With a normal person you see the white in 2 points of the eyes to the left and right. With psychopaths you see it at 3 points and with sociopaths like shiftly Adam Schiff eyes you see white around his entire eyes. Sounds about right to me, that deranged look of seeing all white around the pupil, which are invariably smaller in those sociopaths, or perhaps they are not our type of eyes.

What has been encouraging this past week is, reports in most protests around the world, now involves the vaxxed as well. Better late than never I suppose.

INTERESTING PIECES: I was asked recently to give my opinion on certain other alt media characters, a strange question given all the exposure I have done of the agents in our midst. The point is I never asked anyone not to listen to any alt media, but warned of their faction or agency based rhetoric. We all learn from each other, and many although working for the clowns, do provide some good insight and truth, if you know where to look. Their shows like books have lessons, what is of value? How does it apply to you, us and the now.

The world of gaslight and reveling in others misfortunes raised its ugly head globally within media circles this weekend. An Australian newscaster missed an email sent with the singer Adele's new album, and so having arrived from Australia to London to do the interview, so much for the climate change issue then. During the interview he admitted he had not listened to the album as he missed the email. Cue broadcasters around the world mocking him, all because he missed an email. This type of behavior played out by the media, is how they use it to program low self worth people to do the same. Low self worth people focus on the lives of other people, and ignore their own lack of, mistakes and wrong doings. This is a cycle of abuse being ran on the people, social media, blogs and comments sections are riddled with these types of people, that achieves the sum total of dragging each other down into the gutter. Here is a bright idea, how about we all elevate each other instead?

Two soccer players made reference to the word Holocaust and both were jumped on, neither was in reference to WW2. This smacks of staged to me to continue to garner pity and reinforce the guilt complex. It is funny but no one is ever pulled up using the term Nazis in relation to Germany, is that not racist? labeling a whole nation, the majority of which were not alive during that event? What if the world started labeling American's courtesy of the US Military, genocides? Given they have invaded 81 countries since WW2.

But soccer brought up another pointer this week, as the authorities deemed a player to win it again for the 7th time, despite several other players having much better performances in the past year. Messi won it, who clearly did not deserve it, but perhaps the messy is a pointer to the old world now, or perhaps because his first name is Lionel, lion El, in other words Lion King, it's the Lion of Judea reference again. These are not done by accident it seems anymore.

It seems that holocausts are not that rare amongst the Jews, holocaust means burnt offering, and was not introduced as the term until 12 years after the war, in fact, they seem to have happened at somewhat regular intervals. Sensible research reveals that high-profile and influential Jews are shown to be quite adept and shameless, in broadcasting the suffering and persecution of their flock. Also not that rare, is the figure 6 million. A seemingly Cabalistic number that God/Yahweh requires to be sacrificed in his covenant with the Jews, prior to their return home. We have mentioned there was 135-146 separate references to 6 million Jews prior to WW2, here are some of them. Article in Science of Religion, 1897 nearly six million Jews were killed in the Bar-Cocheba revolt. Rabbi Stephen Wise, New York Times, June 11, 1900, there are 6,000,000 living, bleeding, suffering arguments in favor of Zionism. Dr Paul Nathan's article: View of Russian Massacre, the New York Times, March 25, 1906, startling reports of the

condition and future of Russia's 6,000,000 Jews, the Russian Government's studied policy for the solution of the Jewish question is systematic and murderous extermination. Deseret Evening News, March 17th, 1908, poverty, starvation and disease are the afflictions which now beset the six million Jews in that country, Russia and Romania. So in 1906 and 1908 6M Jews were starving, being massacred and about to die, how two years later is the same number of Jews still alive or even 5 years later? as this next piece reveals. Max Nordeau speaking at The 1911 Zionist Congress, but the same righteous Governments, who are so nobly, industriously active to establish the eternal peace, are preparing, by their own confession, complete annihilation for six million people. Rabbi Stephen S. Wise, New York Tribune, September 11th, 1912, page 9 Russia is now asphyxiating the Jews. It does not dare to offend the nations by blood spilling, so it is slowly, but surely grinding out the lives of 6,000,000 Jews. Louis Marshall in concert with Jacob H Schiff, Meyer London and Dr Enelow, New York Times, Article: Millions in Dire Distress, Jan 14, 1915 In the world today there are about 13,000,000 Jews, of whom more than 6,000,000 are in the very heart of the war zone, Jews whose lives are at stake and who today are subjected to every manner of suffering and sorrow. The Sun (NY), June 6th, 1915, section 5, page 1, Six million Jews, one-half of the Jewish people throughout the world, are being persecuted, hounded, humiliated, tortured, starved, six million Jews in Russia are being tortured so mercilessly. New York Herald, March 5th, 1916, Section III, p.10. Six million Jews, old men, women and little children, are suffering from the greatest calamity that has befallen Israel since the Egyptian bondage. Fort Wayne News and Sentinel (IN), June 22nd, 1918, page 1, In the war zone of Europe there are six million Jews who have been the war's worst sufferers. The Corsicana Daily Sun, April 3rd, 1919, p.5, six million are starving, it is estimated that there are six million Jewish women, children and aged men actually starving to death. New York Times, September 8th, 1919, page 6, 127,000 Jews Have Been Killed and 6,000,000 Are in Peril. 6,000,000 souls in Ukraine and in Poland have received notice through action and by word, that they are going to be completely exterminated, this fact stands before the whole world as the paramount issue of the present day. Rushville Daily Republican, September 29th, 1919, page 4, The thought that as I walk the streets of this prosperous and happy town there are 6,000,000 people in other lands without food, shelter or raiment is disturbing. When I read, of the persecution and slaughter of the Jews I am not proud of my own race or my religion, six million people perishing! Felix M. Warburg, New York Times, Sept 29, 1919, The successive blows of contending armies have all but broken the back of European Jewry he said, and have reduced to tragically unbelievable poverty, starvation and disease about 6,000,000 souls, or half the Jewish population of the earth. So, the Jewish population in 1919 was 12m, exactly the same as earlier in The Sun report in 1915. Schenectady Gazette, October 16th, 1919, page 15, Today 6,000,000 Jews are facing the darkest days ever known in the long history of the Race. All this to date is fourteen years before Hitler's rise to power and twenty years before the outbreak of WWII. Editorial, New York Times, April 21, 1920, In Europe there are today more than

5,000,000 Jews who are starving or on the verge of starvation, and many are in the grip of a virulent typhus epidemic. An appeal has been issued throughout the world. The quota of New York City is \$7,500,000, and the pity donations started. The drive will occupy the week of May 2-9, and will be based wholly upon the principle of sympathy and a common humanity. Money for the Jews, yet none of it went to the Jewish people, successive rich Jewish owned papers all complaining about the starvation of their people, yet none ever put their hand in their pockets. At this point it is 14 years of complaining of Jewish starvation, and yet miraculously none have died, as the population numbers remained the same. Editorial, New York Times, May 2, 1920, Hunger, cold rags, desolation, disease, death. Six million human beings, without food, shelter, clothing or medical treatment in what now are but the wastes of once fair lands, lands ravaged by long years of war or blighted by its consequences. New York Times, July 20, 1921, page 2, Begs America to save 6M Jews in Russia, in Russia's 6,000,000 Jews are facing extermination by massacre. Lowell Sun (MA), March 22, 1922, pg 14, The Jews, in the immediate district for which the aid of the war sufferers' campaign is to be given, numbered over six million. Over 300,000 orphans, over 150,000 desecrated women, over six million wandering Jews walking, crawling in their misery, feeding on the bark of trees and on herbs that grow by the wayside. Montreal Gazette, Dec 29, 1931. Article titled: Six million Jews face starvation, six million Jews in Eastern Europe face starvation and even worse. Miraculously the 6 million that were starving to death in 1906 Russia, are now starving to death in Eastern Europe, now 25 years after the 1906 report of 6M starving Jews. Future Israeli president Chiam Weizmann, testifying before the Peel Commission, 1936. This is no exaggeration to say that six million Jews are sentenced to be imprisoned in this part of the world, Europe. The Jewish Western Bulletin, June 2nd, 1936, page 3 Three years before the outbreak of WWII. Great Britain has it within her power to throw open the gates of Palestine, and let in the victimized and persecuted Jews escaping from the European holocaust. For those that don't know Hitler, along with Churchill, who is a Rothschild, and the Israeli Begin had a meeting in 1942 for that very purpose, move all Jewish people to Palestine, the Israeli Begin refused. The Rothschild's were offered the same deal and funds from the Trust to move the Jewish people into Palestine, they refused also, are you seeing the picture now? The Guardian, April 4th, 1938, page 11 18 months before WWII began, six million Jews at this moment are trapped like rats. So 7 years after warning that 6M Jews are all starving to death in Europe, remarkably they still have 6M people left. Remarkably resilient these Jewish peoples it seems, or it is all just a lie. Port Arthur News, June 9th, 1938, page 1, it is estimated that nearly six million Jews have been driven from their homes, by ruthless oppressors and stripped not only of their property but their right to work for a living. The Daily Sentinel (Rome, NY), January 31st, 1939, page 11 9 months before the beginning of WWII. Does Mr. X really believe that if Hitler gains control of Spain with the help of Franco, that life in Spain will be any different than it is today in Germany, Austria and Czechoslovakia where 6,000,000 Jews have been murdered. The Jewish Criterion, April

7th, 1939, page 4, not in Hitler's Hands in yours, the fate of six million European Jews. Nahum Goldman, Chairman of the World Jewish Congress, the Palm Beach Post, June 25, 1940, 6,000,000 Jews are doomed to destruction. Me doth think they protest too much, because remarkably no matter what strife unfolded on the Jewish people, they amazingly never lost a single number of their peoples. Starving, murdered, tortured, thrown out of their homes, persecuted, no clothes, no shelter, no food and no medical treatment for the 53 years before the war, and yet 6M all survived, according to these news articles? It reminds me of the story of the boy who kept crying wolf, no one believed him when the real wolf appeared, and that fits nicely into this narrative as well. The Jews have held all the finance since the 1800's and perhaps sooner, and yet they left their own peoples to starve, be tortured and all the rest and did nothing? except write in the newspaper pro pagan da columns to illicit sympathy. Yet never did a single action to stop any of the alleged atrocities they claim happened. It doesn't make sense does it? and so that means it was a program.

The world of movies we have covered quite a bit recently, and here is another documentary in your face example. The ability to grow children independently from their mothers is currently the stuff of science fiction, but in our increasingly transhumanist, managerial world could they one day be a horrifying feature of reality? A film due to start shooting in March next year will feature artificial wombs as a central plot device. Called amusingly for THI listeners as it is being indicative, The Pod Generation. Oh my can it get more obvious? described as a sci-fi rom-com, that will feature Emilia Clarke, of Game of Thrones fame, and Chiwetel Ejiofor, best known for his starring role in 12 Years a Slave, as Rachel and Alvy. They are a couple looking to have a child together, but not in the traditional fashion. Set in the near future, I guess their secret dates are being exposed too much now to give out the dates, or perhaps that was a warning, Set in the near future, that'll be a no. The couple will be able to share the pregnancy and its side effects, thanks to newly developed detachable wombs. Though The Pod Generation is fiction, haha that means it's fact then, but artificial wombs are in fact a hot topic in predictive science news, it's not predictive or prophecy, it's ancient tech. While originally this mad scientist's dream, may have been on a list of other crazy inventions dreamed up by an unfettered atomic-age imagination, for it to be trending nowadays seems more due to the progressive obsession with transhumanism, and the escape from the bounds of gender or traditional fertility. Further, in a different branch although from the same root, there seems to be a subset of progressive liberalism obsessed with all things science. What we might call the 'Bill Nye' cult of doggedly atheistic pop science fanatics, who emotionally scream about the science, often punctuating the scientific jargon with loud swear words, owing to some misguided notion that it supports their own brand of woke politics. Even worse are the industrial health-and-safety fanatics. This cult fearfully believes there is a magic technological solution, to every scary-sounding headline piped into their skulls via the 24-hour news cycle. They think there is a magic pill for

everything from racism to rabies and have, as a result, blindly supported some of the more egregious industrial horrors of our mass-production society. These people think growing living limbs and organs for transplants, like a human battery meat farm, is a nifty idea. Because those people or bots are hive minded policy dictators based on their software upgrade, their means of software upgrade is the MSM news. These are savior based people based in convenience, which is just a fancy word for a lazy ass. They are devoid of creativity, which is the essence of being human, and sit around all day waiting for others to do things for them, just like little children, except the children are far more adult and creative than these woke bots will ever be. Exogenesis is the term for growing a baby outside the womb. Exo means outside, external which is indicative of most here, genesis means the genes of Isis, external genes of Isis in other words. The only non-horrifying aspect to this research is for the development of a prototype for gestating premature babies. But, sadly, in all cases where Western liberal science refers to exogenesis for premature babies, you will find the excited follow up: and we might be able to do away with human wombs altogether. Because those females are too lazy to be bothered giving birth, which in essence is the ultimate in creativity is it not, it is the essence of being female, the Mother, yet so many deny the Mother and too many play the Father, which adds to the central male issue, the Mother problem. All such plans, including the food industry's Frankenstein laboratory attempts to grow meat, tend to view life from a decidedly industrial lens. All life on earth, when viewed in purely materialist and quantifiable terms, has the potential to be treated like factory-farm hogs or hens. A matter of numbers, in a system of the purest practicality. Globalist food distributors would like nothing better than to grow living, oven-ready chicken nuggets in a giant lab. Perhaps they already do? It seems humans are not far from similar treatment. In many ways world global elites move closer every day to thinking similarly towards the people they are responsible for, it becomes more and more a matter of merely managing numbers on a chart. How to keep them safe for their own benefit. All non-materialist considerations get lost in this final industrialization: human livestock warehousing. Not enforced by authoritarian gunpoint, but from manipulation of our fears. The push to factory-farm ourselves derives from a slavish obsession with safety. To date, experiments in synthetic wombs have been performed on animals, using hard acrylic tanks and plastic bags which contain artificially sustained uterine tissues, essentially a kind of horrific plastic egg. Nope that is the public version, they have been growing humans in underground facilities for many years, once you "see" they are all around us, it's all in the eyes. A proper working gestation egg or artificial womb requires technology to create an artificial placenta, this is their current hurdle. I imagine this will also be some kind of plastic abomination. I can only imagine, in our already plastic-toxified society, what gestating and growing people, from the very onset of life, in plastic poly-whatever might result in. An artificial replacement for amniotic fluid also needs inventing to finalize the techno-dream of the synthetic womb. While there are admittedly benefits to this idea for traditional pregnancies, such as considerations for IVF treatment, the language

surrounding this technology invariably leads to the progressive buzzwords which cause in many of us great trepidation. Language such as equality in reproduction for instance. By this they mean gay couples being able to create children without using a surrogate, or transgender male-to-female's fulfilling their fantasies by creating children from the artificial womb. Somewhat ironically, despite so much of our contemporary world being the political plaything of feminism, the artificial womb is hailed as a way to achieve pregnancy without women. A truly motherless child, a child whose parent is technology itself. Yet again the denying the Mother to our species, with the Lilithesque technology. Just how far science in the West today is willing to go, to facilitate the whims of gender theory enthusiasts currently seems boundless. If they can frame their argument as an end to some form of oppression, then billions will be spent investing in it. Already they are willing to change the gender of children too young to understand what that means, so if you think they will show the slightest hesitation for the sake of the children, you are mistaken. Nothing will stand in the way of explorative science, in order to give our spoiled post-gen-x generations something that nature has denied them. If the industrial system is triumphant, that is, if the system itself is a kind of entity which self-protects, then all the sham reasons provided science, safety and equality, are constructs of a mechanized cycle which is horrifically outside our control. If the distribution cycle of needs is broken down to its fundamental essentials, then humans may indeed eventually be seen as a kind of pod-living battery hens. Unbeknown to the author, that is exactly what we have been used as, another example of people thinking this is a dystopian future, when it is long in the past. As experimental units of meat, grown in plastic eggs and kept alive in warehouse cubicles, subdued by illusory pleasures, so that the system can continue autonomously about them. There may be no Matrix-esque blue-pill/red-pill escape from such a system. Here is a little pondering caveat to that piece. But birthing outside of the body occurs elsewhere here on this planet which could be called exo births. Snakes, lizards, birds, hens, turtles, crocodiles, alligators, some fish all give birth externally in terms of eggs. Most have a common theme and ancestor, the Dinosaurs and the reptiles, is that indicative? Is this replicating other species? is rep-licate a copy of the reptile species? most of whom are said to be cold blooded. Because once they make one, the dup-licate, dupe being the operative word, like clones or hybrids. And then they place the organic humans back into the pods, or so they think. Message for those people and their plans.

**EXPOSE:** The 2021 Pacific Northwest floods comprise a series of floods that affected British Columbia, Canada, and parts of neighboring Washington state in the United States. The flooding along with numerous mass wasting events was caused by an atmospheric river, which brought heavy rain to parts of southern British Columbia and northwestern United States. The natural disaster has prompted a state of emergency for the province of British Columbia. Of particular concern in southern British Columbia was the severe short-term and long-term disruption of the transportation corridor linking the

coastal city of Vancouver, Canada's largest port, to the Fraser Valley, the rest of British Columbia and the rest of Canada. The Fraser Valley, which is heavily populated, is responsible for most of the agricultural production in the province, with limited ability to feed livestock in the absence of rail service. The Fraser Valley was particularly hard hit, as all major routes westward to Vancouver and eastward toward Alberta were impacted. Alternative routes into northern BC and southbound into Washington state are limited by the mountainous topography. The heavily used rail links of the Canadian National Railway (CN) and Canadian Pacific Railway (CP) were both disrupted, as well as all highways that connect the Lower Mainland with the rest of the province. One accident is a problem, two accidents a coincidence, but all this destruction conveniently takes out multiple western rail and roads access to Canada's prairies, the world's bread basket, in a manner suspiciously similar to the Suez Canal blockage earlier the same year. The result of this likely manufactured crisis operation, could be that Canada's supply chain networks are catastrophically destroyed. Compounding the intentionally engineered worldwide economic disaster by the global Covid-19 hysteria and lockdown overreaction, that has decimated all networks, industry, small businesses, families, and individuals, with more power going to the corporatocracy and the ruling class. Canada's largest port by far, the port of Vancouver, has closed, as have the rails and highways connecting it to Canada. The deep water port is responsible for 1/3 of Canadian imports and exports, meaning the grains that the world so badly needs from Canada are not able to get out. And the overflow of goods from other congested North American ports are now wholly unable to get in. The name of a 2021 Canadian covert operation to detonate military explosives that were labeled Operation Atlas Strike 21, delivered in the summer of 2021. We saw the crates being offloaded from the C17 Globemaster III transports in Kelowna, a CIA source says. That throws another spanner in the works, who did it and why? faction fighting again? Are the Chinese there on the run? Was that why it was attacked? Why are they sending another atmospheric river into Oregon this weekend, home of the SSP, ponder on the implications of this event, all may not be what it seems.

Stella Calloni, journalist and author of the book *Coup in Bolivia: Washington ordered, OAS executed*, explains the alleged links that the State of Israel has in the armed movements that took place in countries bordering Bolivia. Israel's relationship with the Chilean police is very strong. It is known that Israeli advisers were involved in these maneuvers jointly with the Southern Command in both Chile and Argentina. So we have to start doing a very thorough investigation, and I simply wanted to point out the tip of the iceberg, because I know that many people, with more or less of a little map drawn, will start to investigate this, Calloni said. In her new book she highlights each one of the military movements in Argentina and Chile prior to election day in Bolivia, where the troops trained by the US Southern Command in Argentina mobilized to Jujuy, a border region with Bolivia. The maneuvers that were carried out at the borders ended a few days before the elections, and one wonders what 3,000 soldiers from Argentina and Chile were

for, as if they were preparing for a war, all of which served to allow the possible entry of military troops across Bolivia's borders, explained the Argentine journalist. Wherever there is criminality or skullduggery the Israelis and the CIA are always involved in it all. The evidence is overwhelming now, and both have to be stopped for this planet to move forward.

EXPOSE: For further evidence of corrupt involvement by clowns said to be operating for America, when clearly they are not, here is more evidence. Newly released files reveal the extent to which the US has long been aware, of collusion between the Colombian government and paramilitary groups intent on wreaking havoc, and yet seemingly turned a blind eye to it. On September 28, a US federal court in Miami, Florida found former Colombian paramilitary chief Carlos Mario Jiménez guilty of the 2001 murder of Bogotá community leader Eduardo Estrada. The judgment marks the culmination of a legal battle lasting over a decade. Then-Colombian President Álvaro Uribe extradited Jiménez, nicknamed Macaco by his subordinates to Washington in 2008, whereupon he was convicted of drug trafficking and served 11 years of a 33-year sentence. US prosecutors opted to focus exclusively on narco-related charges, meaning thousands of victims of Macaco's paramilitary group, Bloque Central Bolívar, were prevented from seeking justice for assassinations, massacres, and other acts of extreme violence perpetrated by him and his criminal fraternity over the course of their never-ending, blood-spattered war against the Revolutionary Armed Forces of Colombia (FARC). They funded both sides is why, all drugs in S & C America were ran by the CIA. Released in 2019 and repatriated to Colombia, Jiménez was immediately arrested on homicide and conspiracy charges. Now at last brought to justice, the presiding judge cited an abundance of evidence that, Bloque Central Bolívar operated in a symbiotic relationship with Colombian state actors, and moreover with protection from law enforcement, as the group committed countless hideous atrocities. Central to his conviction were declassified State Department and Central Intelligence Agency reports, exposing the long-standing relationship between Colombian state security forces and local paramilitaries, sourced by the US National Security Archive, which the organization has now published for all to see. One needn't be a cynic to conclude that Jiménez was afforded active US protection, the documents released by the Archive make unambiguously clear that Washington was covertly tracking this relationship very closely indeed, on a seeming daily basis, the minutiae of the contact between the armed faction and the Colombian government documented in extensive detail. Take for instance a declassified CIA report from March 2001, mere months before Estrada was cold-bloodedly murdered, which records how paramilitary operatives were temporarily forced to relocate. Despite this resulting from the Colombian Army seeking to neutralize illegal armed groups' ability to wage war in the region, captured fighters were treated well and subsequently released, along with their weapons. Like that ever happens in normal circumstances, this is clearly a faction war. Moreover, the documents make abundantly clear that US intelligence has been well-aware, and

presumably approved of this dark nexus for decades. An extensive diplomatic report dispatched from the US Embassy in Bogotá in 1979 outlines how General Mario Montoya Uribe, a senior army commander, had the previous year instructed the Colombian military division he led to create and staff a cloak-and-dagger terror unit, under the guise of the American Anti-Communist Alliance. The group was responsible for numerous bombings, kidnappings and assassinations of leftists, including the dynamiting of Colombian Communist Party headquarters, and later the offices of left-wing newspaper Voz Proletaria. The report refers to such activities as dirty tricks, and emphasizes government and military officials were extremely keen to keep the connivance secret, in order to maintain the country's good name for the protection of human rights. There is never any human rights anywhere the CIA operates, particularly where trafficking is concerned. In 1999, the US Defense Intelligence Agency dismissed suggestions that the brutal campaign had been sanctioned or created by Uribe, claiming the charge was part of an NGO smear campaign dating back 20 years. The Archive's disclosures prove this to have been an outright lie. Whether concerns about the military getting caught in the act, prompted the Colombian government to outsource its terror operations to paramilitary groups is an open question. The previous year, a former Colombian army officer met with US Embassy officers in Bogotá, and discussed at length his grave concerns about the impunity with which military intelligence operated, dubbing it a corrupt, out-of-control mafia. He also decried the creeping privatization of the army, which increasingly focused on guarding US oil interests in the country while military duties were handed over to police, and revealed the efficiency of the government's anti-FARC campaign was measured in terms of enemy casualties. The source singled out General Rito Alejo Del Río as a particularly enthusiastic collaborator with paramilitary units, diverting a planeload of weapons and ammunition to paramilitaries in the Magdalena Medio region in 1985. Another cable from 1998 outlining how a Colombian general had accused the State Department of betrayal, after US media outed him as a longstanding CIA agent, noted that Del Río's systematic arming and equipping of paramilitaries in the mid-1990s, was pivotal to his military success at the time. In 2012, he was convicted for arranging the murder of Marino López 15 years prior, a popular community leader of the banana-growing Uraba region, he was beheaded by a paramilitary death squad. Since 2001, Washington has overtly provided billions in aid to Bogotá, a covert component of this windfall provides Colombia with extensive military and intelligence support. How nice of them to use the public's money like that, this is what the bulk of \$1T a year is being spent on, criminal activity for the in crowd at the top of every Government, Agency or Military organization. It's been revealed that the CIA and NSA have played a pivotal role in numerous assassination programs targeting FARC leaders, with at least two dozen killed thanks to Langley's substantial eavesdropping help, and GPS equipment capable of transforming regular munitions into smart bombs in a dense jungle environment. Another heavy cost to the public and yet again more of our money used for criminal enterprises, that the American people get zero

benefit from. This high-tech weaponry was used to track down and assassinate top FARC commander Raul Reyes, in one of the group's secret camps in neighboring Ecuador in March 2008. Juan Manuel Santos, Colombian President from 2010 to 2018, has boasted of US intelligence's help in equipping the army with better training and knowledge. This backing no doubt emboldened him to consistently refuse ceasefire offers from FARC, meaning military and paramilitary massacres continued even while high-level peace talks were being conducted in late 2012. Given Washington's level of knowledge of the Colombian Army's collusion with paramilitary groups, it would be difficult for officials to argue that they didn't foresee that this equipment would end up in the wrong hands, and be used to slaughter innocent civilians. That is why they sent it, just like Eric Holder sending all the guns and ammunition to Mexican drug gangs. In light of Jiménez's conviction, White House legal apparatchiks may need to come up with a compelling defense on that point in short order. Proving that he and his group had effectively acted under color of law, their color of law is the Talmud, in other words had been sanctioned to commit crimes by the state, was a necessary condition for him to be tried under the US Torture Victim Protection Act. Based on the contents of the documents released by the National Security Archive, a great many other paramilitary actors, military operatives and government officials in Colombia may be next in line for prosecution. Would love to see it, but won't hold my breathe. Don't pity the FARQ Guerillas either, they are paramilitary murderers as well, they came under the wing of the head of the Muslim Brotherhood, Barack Obama after all this broke out. Americans, this is what your money is being spent on, and why the country is broke. The whole system needs to be scrap, install a full disclaimer for full disclosure of all crimes, operations and their networks. Instruct the lower level Military and National Guard to round up all the criminals, and put them to work revealing who is who, what is what and lets clear out this criminality empire operating under the banner of American Institutions. Then cut their budget by 75%, as it seems to me they are spending most of criminal enterprises. That \$750B can then be spent on improving American peoples lives.

CH      Abbreviation for crown-heel      (length)      of      fetus.      ch:  
 (1) Symbol for the obsolete unit chain. (2) Symbol for the unit cheval vaporeur, which is like horse power. Which brings in an interesting link, remember the horse headed chimeras in China grinding up humans, was that for alchemy? CH also stands for Hydro Carbons, which forms a chain and a binding, or the obsolete unit chain. Hydro or Hydra is the question. All about the alchemy you see, alchemy, is the chemistry of the gods, which brings in another CH, chimera. But as above and so below applies here, as the ch at the front and also the back of the word, combining to bind the Ur. Perhaps that reveals a bigger picture. The Urs never taught religion, only spirituality and the advancement of the soul.

They are playing their claiming life patents again via their techno jabs, and many of us have called foul. But in most cases they went voluntarily and we can say they cheated, but if people are so stupid to believe the television with animated figures inside of it, instead of researching themselves, is that really the case here? Even a blind man can see the whole thing is a total control based scam, plus the greed based snakes getting richer. One member wrote, from a Universal Law standpoint, I personally think that if a human was forced without their consent, this should not apply. I agree to a point, but and it is a big but, they had the same choice as we did, did they not? They chose the savior/parent lazy assed choice route, of follow what the system tells them. At that point, law or the interpretation of it becomes mute, they exercised their free will right to take the jab, whilst throwing barbs at other people who exercised their free will right, to not take it. We cannot carry on making excuses for people who continually make poor choices, continually refuse to take responsibility, personally or otherwise, and then rely on others to prop them up, think for them, look after them, all with zero personal responsibility in anything they do. Who has paid heavily for those types of people? we have, on a massive scale. Made out like we are some form of modern day leper, and why? seeking and speaking the truth, what a massive and heinous crime that is. People are reluctant to shift their belief system on jabs, because that would mean their great protector, savior and parents, which is the Government and the TV, are wrong. That then brings in fear, who will look after them then they will cry? and heaven forbid if you say to those people, you have to look after yourself, it terrifies them. This is what we are facing, billions of child like adults indulging themselves in petty drama, child like arguing on social media, voting for the same clowns over and over again and expecting different results, wallowing in self pity, victim - victimizer syndrome and oh how life is so bad for them. If your life is so bad, why haven't you changed it? who me they cry, but I am blah blah insert excuse after excuse as to why, but never ever provide themselves with solutions that changes the dynamic. We can blame the clowns, 1% or the cabal whichever you choose to call them to a point, but answer me this, how is it possible that 1% of the people, can cause 100% of the world's ills? The harsh answer is, they can't, they need us to do it for them. And these hive minded bot like people provide them with everything they need, the masses of stupidity are the problem. The solution? The TPC, where we will act like adults, come up with solutions, fix problems not create them, provide support for each other and above all act with a personal responsibility. That is the only solution, that is the savior, and those actions, not talk, is our salvation. The alternative for those outside of the model of the TPC? the Metaverse, a computer environment for computer like people, all plugging in having got their software upgrade, their QR code pass, their digital identity and will be given digital tokens to exist on, providing they do what the AI Cloud based Sky god tells them what to do. They'll own nothing and not be happy, but app(y). Some of you have tried to help to stop them making their choices, as the cry is they were duped, and I get that but. What if on a higher level they are aware of the choices? all on a higher level were aware of the choices, all got the call, only a few

picked it up and ran with it. We have to be careful of not playing "god", due to personal feelings and emotions. There is a much bigger picture playing out here, in battles some sacrifices are made to win the all out war. The war is won by our species going forward, not by how many, but did we go on? The focus is not about imposing your free will, emotional attachments and needs onto other people at this point, as harsh as that may sound, it is the truth. Lots of people are worrying now, mainly based on events that haven't yet unfolded, called fears, but fears as I have said previously are all future events. Instead of worry, why not manifest a different outcome? some people literally scare themselves to death, why would you do that? Fear makes you sick, sickness reduces the immune system and the worry is all in the mind, when you should try to operate from the heart. Worry is worry of the mind, why would you battle or war your own mind? does that make sense? no, it's a program then. So, why are you running programs on yourselves? The duelling hemispheres, is it DUAL which then becomes DUEL, du means of the or from the, and EL and AL means god. So now you know why your head is duelling. Go with the triality and make your own choice, combine both hemispheres into one, that you control, not the duelling gods in your head. Feed your head they said, I say, you feed your heart.
