

THI-SHOW TRANSCRIPT 2023-11-02

NEWS: There is a massive wind of change unfolding and this show is dominated by the Israel and the Jewish narrative, I make no apologies for that, in fact it was not me who created the news, they did. Although in many cases now our past shows and revealing's are creating the news, as many of you have seen. The Israelis currently dominate all of the news from so many different angles. This in overview is a good thing and as we forecasted, they are being exposed heavily now and all their hidden programs and atrocities are being revealed. This has to unfold, all the people have to see the beast, the Leviathan, the devil, the Satan and the darkness to be able to correct it. The Jewish EL-ites, their Freemasonic cult, their Mormon cults, their Vatican cult is now coming out in droves. This is what our book has been telling all who would listen for quite some time now. At last it is now being revealed by so many more people globally. The world's greatest conspiracy is now being peeled back like an onion, it will make us all cry at the heinous depth and length of it. But ultimately with hard work and resolve we can create a planet in our image, not theirs. This is an extraordinary show in so many ways, certainly one of the most powerful. It could be looked back upon as, the crossing the threshold show.

Here is a refreshing change, the Zambian president Hakainde Hichilema. He was asked to sign for a bill totaling \$1.8M for Presidential vehicles, including a VX model costing \$200K each. These cars were given to the mayor and deputy mayor and several others. He turned out and asked were there used cars still available? The reply was yes. He said I will use them then and said a fairly unique thing in politics. He said you do realize who is paying for them vehicles, the public. He has not bought any new vehicles as he is conscious it is not my money. Members of Congress and Parliament in America and Britain, please take note of that statement.

Another refreshing change, things are rolling now. As Sarah Hucklebee-Sanders the Arkansas governor, has signed an executive order banning all woke words within the framework of government, education or legislation documents. She rightly complained about the denigration of women and the deletion of the word woman and several other nonsensical verbiage.

Here is another example of the sea of change that is very refreshing. A senior official acting upon principals and morals and has the courage of his own convictions to call it out. Message to all other in the Government and non-government departments, when will you do the honorable thing like this man and follow suit in support. Stop cowering behind your desks and stand up, this is our time to do so. Come and support us with the Blueprint, it brings us the changes we all require. A senior official in the US Department of State responsible for weapons transfers has resigned in protest, stating that Washington's rush to arm Israel was shortsighted, destructive, unjust and contradictory to the very values that we publicly espouse. Absolutely, America has a total fake image to the rest of the world with land of the free, it is Disney level illusion. Josh Paul had served as the director of the Bureau of Political-Military Affairs (PM) for more than 11 years. On Wednesday 18th, he published his resignation letter on his LinkedIn profile. Paul said he took the job knowing that it entailed moral complexity and moral compromises, he strived to make sure that, the harm I might do could be outweighed by the good I could do. That is

personal responsibility and more should follow his example. I believe that in our current course with regards to the continued, indeed, expanded and expedited provision of lethal arms to Israel, I have reached the end of that bargain, he explained his decision. Washington was repeating the same mistakes that it made for decades, he wrote. The policy is an impulsive reaction built on confirmation bias, political convenience, intellectual bankruptcy and bureaucratic inertia. Again absolutely spot on, this is music to my ears. The letter cited Paul's academic experience in the Middle East and official work with Israel and the Palestinian Authority. He said he had deep personal ties to both sides of the conflict and denounced the biased approach, which he claimed obfuscates wrongdoing by the party that the US is partnered with. Yes, this obsession by Britain, France, Germany and America with Israel has bankrupted each country morally and indeed financially. You know the common denominator for those 4 countries? The Rothschilds cult. The richest people in the world are mostly Jews, why don't they fund Israel if it was all so important? No, they use our money, our resources and hundreds of thousands have been killed using our life force energy. The bias is because of two things, the Jewish control of the media which formulates opinions and the murderous and devious tactics of the Jewish lobbyists within our own borders, like AIPAC. Paul condemned the murder of civilians by "terrorists" whether the victims dance at a rave or harvest their olive grove. The kidnapping of children whether taken at gunpoint from their kibbutz or taken at gunpoint from their village. Agreed, these are people here, not bloody labels. Collective punishment is an enemy of the desire to build a better world, whether it involves demolishing one home, or one thousand; as too is ethnic cleansing; as too is occupation; as too is apartheid, he stated. Couldn't have stated it any better, this division created by Jewish EL-ites is enough and must be stopped at all costs. They have to be rendered mute, it can be done without violence as our Blueprint states and with a dignity, sensitivity and adult based way. Enough of acting like children globally, time for us all to grow up. On the day Paul tendered his resignation letter, US President Joe Biden visited Israel pledging to ask Congress to allocate additional aid to meet the ally's military needs. He will reportedly ask for \$10 billion in emergency spending this week. That \$10B will be better spent saving American children from poverty Biden, not killing people everywhere. Israel has received hundreds of billions of American people's money, that has been used to destabilize not only the Middle East, but the whole world.

As 40K American Military vets quit and a number of them have handed back their medals in a stunning video on Tik Tok. Why? They found out it was all a lie in Iraq and Afghanistan, now the Military Generals will be in fear of what happens next. You clowns sent American's sons and daughters to be sacrificed in the name of fake gods, what's worse, some if not all of you were aware of it. This show has repeatedly criticized war medals as, badges for killing people. It is not a good look for a so-called advanced society. In reality because of the Zionists, we are not an advanced society.

A momentous assembly of NATO member nations convened in Budapest, marking a significant juncture in the realm of international diplomacy. The focal point of their discussions centered on the recent tête-à-tête between Hungarian Prime Minister Viktor Orbán and Russian President Vladimir Putin. Seems the authorities are getting deeply spooked as alliances are being made outside of the fascist authoritarian regime. NATO is the Rothschilds private army for those new.

Another positive sign and another Rothschild's fire sale, this is the second of such in two years. Is it more evidence of the split within that family and also their funds are dwindling? The first-ever sale conducted in North America of such items as art and furniture from the collection of the famed Rothschild banking family has netted more than \$62 million, Christie's said in a press release Wednesday. It featured works from the collection of Baron James de Rothschild, his wife Betty, and their sons, Baron Alphonse and Baron Gustave. Are they going from Baron to barren? US President Joe Biden will ask Congress to approve an unprecedented military aid package for Israel and Ukraine, arguing the funds would be a smart investment for Washington. Except Washington DC is not part of America Mr. Biden, is it? Describing war funds as an investment is straight out of the bankers manual. Biden made the appeal in a Thursday night address from the Oval Office, amid reports that his government is seeking a more than \$100 billion 'investment'. Ignoring the fact the country is bankrupt and we are in a period of 45 days, before another government shutdown issue arises. It is sheer incompetence at best and worst, downright theft of the American people's money. During the broadcast Biden made the case for boosting US support for both Kiev and West Jerusalem, declaring that the United States is the essential nation which holds the world together. What a delusional statement that is, America can't hold itself together never mind anyone else. This Disneyesque illusion of America must stop, we hold the world together, seriously? What about the 81 countries it has invaded since WW2? Is that holding the world together? Turn it in. He said he would submit a spending plan to lawmakers on Friday. It's a smart investment that's going to pay dividends for American security for generations, no it is not. And help us keep American troops out of harm's way, more lies and delusion, then why are USS warships going to Israel's defense? A message to the clowns, if you are planning to put the US warships in harm's way and then do a false flag attack on them, just like the USS Liberty, to blame it on Iran. We are watching you and consequences of actions on the potential event, has been unleashed upon any or all who participate in that.

Look at the use of words again by the media, formulating opinions and child level rhetoric. The notorious neo-Nazi Ursula Haverbeck was sentenced to a 12-month prison sentence in Berlin on Friday for denying the murder of over a million Jews at the Auschwitz death camp. The court rejected an appeal by the 93-year-old for convictions in 2017 and 2020 handed to her for repeated instances of Holocaust denial. You're not a Holocaust researcher, you're a Holocaust denier, the presiding judge said in the courtroom. Haverbeck was sentenced to six months in prison in 2017 after repeatedly denying the historic facts of the Holocaust during an event in Berlin. She then received a further 12-month-long prison sentence in 2020, for publishing an interview online in which she again made statements that denied the Holocaust. Isn't funny and contradictory, Israel denied blowing up the silo in Damascus 3 years ago and then denied blowing up a hospital last week, despite initially admitting they carried it out, where are the jail sentences for those mini-Holocaust denials? Why is the word Holocaust only applied to the deaths of Jews? Does nobody else count? As a reminder, holocaust is a fire sacrifice to the gods and did not come to be recognized in relation to concentration camps until 12-15 years after WW2, when reparation monies was being discussed. Haverbeck repeatedly claimed that Auschwitz was not historically proven to be a death camp, claiming it was a labor camp instead. Dubbed the Nazi Grandma by the German media, had also been convicted in other parts of Germany. She served two and a half years in prison in the western German city of Bielefeld in 2018. She has also been handed numerous fines for her comments. All this despite the

German Basic Law states in article 5. Every person shall have the right to express and disseminate his opinions in speech, writing and pictures. Jailing a 93-year-old for her opinions and people think that is ok? Again it shows a lack of empathy and care. The key questions of this remain. Why has the main memorial at Auschwitz dropped the figure to lower amounts three times? Why did the Red Cross report never state a figure anywhere near 6m. Why did the Red cross report state, the Jews were being looked after well? Why did Menachem Begin refuse to take all of the Jewish prisoners out of the camps? Why did the Rothschild's clan also refuse a deal to remove all the Jewish out of the camps? Where is the reparation money that has been paid out, and why didn't it go to the ordinary Jewish people? Did only Jewish people die in WW2? Because none of us have heard any other figures for all the other countries. Like I have said, one death unnecessary in war is enough, but this obsession with 6M is a mind meme. That didn't start during the time of the camps, it was mentioned in the media 138 times between 1880 and 1942. The German people need to stand up en masse and tell the authorities to let her go, jailing a 93 year old for having a different opinion about an event 80 years ago is outright fascism.

There is a massive rift in the American government now, that goes through all departments, Congress and both parties, this is a good thing because we can then restructure it easier when it falls. Congressional staffers are beginning to speak out against Israel now also. Many are of the opinion of enough with the Israel ally crap and something has to be done about it. Many are frightened to speak out though due to leverage, blackmail and the threat to their jobs. This is why we created the full disclaimer for full disclosure solution. I am reminded of a chat with a department of government had with Kim. How they all recognized my voice and applauded our show, for outing all the criminals and organizations and for saying the things that they are not allowed to say. Now is the time for you all to speak up.

Another large shooting in America, another call from the corrupt authorities to ban guns. But also another shooting that leaves more questions than answer and more suspicions this was another potential false flag event to bring more distractions. A shooter named Robert Card started unloading that left 18 people dead. Authorities issued a lockdown, which again adds to the suspicion, although technically it is a safety issue, yet coming so soon after the fake lockdowns with Covid, one does question it. The police missed two clear opportunities to end the lockdown sooner, after failing to find Card's body in searches of the recycling center Thursday night and early Friday. That statement only adds to the suspicion. The other suspicion is, how many times have these events happened now where the shooter is declared dead? It is every event and statistically adds to the suspicion, with the shooter dead, the shooter cannot be questioned for motive. But let's look deeper shall we, was this another potential Manchurian candidate? Maine shooting: The man identified as a person of interest is a firearms instructor (check), who was trained by the US military at a facility in the city of Saco, Maine, (check) according to a state police bulletin seen by the Associated Press. The bulletin also said he had spent time in a mental health center (check) in the summer of 2023 and had threatened to commit a shooting at the base (check). The last one tells you the authorities were aware of his issues and failed to stop it, which is another coincidence of these types of events.

We have highlighted this consistently in many countries, but here is another country exposing the Catholic church. More than 200,000 children are estimated to have suffered sexual abuse from Spain's Catholic

clergy, an independent commission has found. The details emerged from an unprecedented public investigation by Spain's ombudsman, who spoke of the devastating impact on victims. Angel Gabilondo also criticized the Church for its inaction and attempts to cover up or deny the abuse. What has happened has been possible because of that silence, he said. Ah the sound of silence, echoed around the world. Have you noticed the two biggest sounds of silence is, the Catholic church and Israel. Now why is that? What does it tell you? For me they are the same entity as our book revealed. The levels and depths of abuse against children on this planet is an utter disgrace and yet no one wants to talk about it. That signifies a total lack of care.

MEDICAL NEWS: The sea of change in opinions and thought processes continues. The first major world politician apologizes to the unvaccinated and said: You were right, we were wrong. Danielle Smith, the premier of Alberta, Canada, is the first major elected politician in the world to issue a heartfelt apology to the unvaccinated, for crimes perpetrated against their human rights by the government during Covid lockdowns. I can apologize right now. I'm deeply sorry, she said. For anyone who was inappropriately subjected to discrimination as a result of their vaccine status, I'm deeply sorry. For any government employee that was fired from their job, because of their vaccine status, I welcome them back if they want to come back. Again like Josh Paul, it is people in responsible positions taking corrective courses and honoring what is right and righteous. These are extraordinary times for us much maligned conspiracy theorists, take note of them all, it is a massive positive for us all. This as I forecasted will escalate over the next 12-24 months.

Andrew Bridgen UK MP after 20 rejections finally got a chance to debate the excess deaths due to jabbing. Typically it was in an almost empty chamber, but more and more are speaking out. One other MP raised the issue of the MSM and their complicity in it. Like we said it will escalate.

SOCIETY NEWS: Society news was all about the programs of division and hate being ran on the people by the establishment, designed to cause issues, imbalance and division. We highlighted them all, in particular the white and black, the male and female, anti-Semitic bandwagon and the woke culture. If you overview this section this year, you will see the sea of change unfolding and many of their programs are failing or just not work as well anymore. This show is no different, but there are still problems in society we can all look at and think in a different way. The last piece in this section will reveal that.

More programs failing. The penny has finally dropped now in New York, as the Jewish Governor now under pressure does a dramatic U turn on border policies and immigration. Kathy Houchoul was fine going along with Biden and an open border policy, because it was the opposite of Trump and the Republican party. But oh how things change when those disastrous policies started landing in your own back yard. Now it has gone from eliminating border patrol to we need to double or quadruple them. Ouroboros policies not working again. The question is, why is the safety of American people considered to be divided by party lines? Why isn't that the priority of all politicians?

A banker has been fired after she defended Hitler and the extermination of Jews following a devastating hospital blast in Gaza. Nozima Husainova, 25, wrote on Instagram: No wonder why Hitler wanted to get rid of them all and ended it with a smiling emoji. It followed an air strike on al-Ahli Baptist Hospital on Tuesday, which killed hundreds of people. Ms. Husainova's comment was met with outrage and several people called on her employer, Citibank in New York to sack her. Citi Group, which owns Citibank, has confirmed she has now lost her job. A spokeswoman told the Metro: We terminated the employment of the person who posted the revolting antisemitic comment on social media. We condemn antisemitism and all hate speech and do not tolerate it in our bank. Where was the call to fire Nikki Haley and Sara Foster for comments said equally nasty in reverse? This is how the Jewish MSM mafia operate and it is all very one sided and completely myopic. I don't condone the statements she made, but all of us say wrong things in times of upset and stress. Does that mean we should be fired for it? Isn't the right path to ask her to decline making inflammatory comments? And warn her of her conduct? No, not anymore, because the sanctimonious do no wrong people invoked the cancel culture that is all so prevalent now. I wonder how their lives would stack up under scrutiny, I can guarantee it will not be squeaky clean, because none of us are. Should they all be sacked as well? If anyone listening to this has an account with Citibank or a card, cancel it in protest. Because that is the only way these people will take notice.

Several soccer players are being suspended or fired for posting in support of the Palestinians, yet none are suspended for supporting Israel. The whole of European football was asked to support Ukraine over the past year and a half and Russia was dismissed, rejected and banned from various sports. This level of reporting are all designed to create hatred, when are the people and or lower level authorities going to see through it? Social media is now basically telling us who we should believe, who we should support and who we should dismiss, reject or hate upon. This has to stop. Supporters of those clubs should warn the clubs they will be boycotted unless they take a neutral stance and re-instate the players affected. The hypocrisy is staggering. My club lost its main financier during this all because he was Russian, putting the whole club in financial jeopardy. Yet many other clubs are ran by fascist women and gay hating regimes and my clubs neighbor Liverpool is sponsored by a money laundering child trafficking bank. Just staggering hypocrisy by the woke-based cancel culture.

A sign of the times in many ways as more and more are calling things out, in some fairly dramatic ways, that would have been unmentionable just a few years back. A local politician from Türkiye's Justice and Development Party (AK Party) has publicly praised Adolf Hitler's genocide of the Jews, adding that he was praying for the Nazi leader. Suleyman Sezen, who represents President Recep Tayyip Erdogan's party in the Atakum district council in the province of Samsun, made the comments at a meeting on Wednesday. First off, that remark is totally out of order and ends up discrediting serious genuine concerns about Israel. He then quoted this remark, you will curse me for every Jew that I did not kill. I tried to use the search engine for where or when Hitler said that, and found zero references. But then as warned the new AI search engines have stripped past history since many including THI started to decode our past. Such true words, as Zionist Jewish Israel today is behind every single attempt at creating chaos in the world, the politician declared in a rant shared online. That was all he had to say, there was no need to reference Hitler at all. All of which makes me believe this is a victim pro pagan da piece again. He added that he prayed for

God's mercy and grace on Hitler for his words. Sezen expressed hope that Israel will soon cease to exist and there will be peace in the world once it is cleansed of Jews. A fellow council member pushed back after Sezen's remarks, suggesting they were an emotional outburst. The speech came after the bombing of a Gaza hospital on Tuesday further inflamed the ongoing conflict in the region. Israel has denied responsibility for the tragedy, claiming it was caused by a misfired Palestinian rocket. Türkiye is among the Muslim nations to have blamed the Jewish state for the atrocity. Shortly before the hospital strike, the Israeli National Security Council urged its citizens to leave Türkiye. The bombing triggered rioting in Istanbul, during which protesters attempted to breach the security fence around the Israeli consulate and set the compound on fire. Israel subsequently pulled its diplomats out of the country, according to reports. The purported Hitler quote was mentioned in a 2018 report by the Middle East Media Research Institute (MEMRI), a Washington-based think tank co-founded by a former Israeli intelligence officer. Hmm is all I have to say about that revelation. Are Jews a problem? Yes. Should we be broad sweeping them? No. The problem is, people haven't defined the Jews too well. There are the majority who have no idea what they are supporting and the minority, who coincidentally managed to gain all the top positions in many countries and dictate murderous and or greed-based policies. It is the latter who needs to be defined and routed out, leave the ordinary Jewish people out of it. Let us not allow ignorance to cost more lives.

The world of football or soccer as it is called in America is a very emotive sport, that sometimes crosses the line. Spain won the recent Women's World Cup and when collecting the medals, the Spanish football President let his emotions go too far. He kissed on the mouth the woman who scored the winner in the game, that had just finished. Is it appropriate? In most circumstances that is a definite no, but the joy of the occasion clearly got to him. But I have seen grown men kissing each other when a goal is scored or tournament won, it is that moment when you forget all about life's self-imposed restrictions and the pure joy just flows. Did the men go to the press and complain and demand people to be sacked for kissing them? No. In came the cancel culture, out came the outrage of how women are denigrated by men. They called for his sacking, they then called for the coach who had just won the tournament with them to be sacked as well for supporting the kissing president, he was subsequently fired as well. I wouldn't blame the men if next time a male involved in a women's team sport is part of a celebration, all should turn their backs on the females, to avoid any contact or being accused of something, see how that will be received. Is that where it is all going to lead to? The woman involved whether coerced or not, joined in the bandwagon, describing the kiss and complaining that her image had been tarnished by the kiss. Her image tarnished for being kissed by a man! Seriously, is that all people are concerned about, their image. A kiss is many things, it can be a term of affection, appreciation and endearment. In fact in Europe, many have the tradition still to greet each other with a kiss on each cheek. Is that now deemed offensive or tarnishing your image? This woke cancel culture wants to destroy everything, no contact beings devoid of love and endearment. Is that the way we should be heading with this planet? Where we kill the spontaneity of life? Can understand if he had grabbed certain other parts of her body as that is entirely a no-no, but a less than one second kiss borne out of the over excitement of one person having just won a major tournament, should never have come to these actions. A simple apology should have been sufficient, if the receiver is offended. But with the media and the woke culture these days, they are offended by everything. In overview they are offended by life itself. Those people need to take a f off pill and let the rest of us enjoy

life, learn from our mistakes not highlight them in the world's press and embrace each other. I get offended at people, who get offended at offensive remarks, that were not really that offensive, but people take offence, as they are offended by everything potentially offensive, which has not really offended anyone, until they take offence at it! People need to lighten up and stop acting and being offended by everything. Like I said two years ago, polyamory or better multi-amory is the way forward, everyone loving each other. The world cries out for love, yet rejects it because of cultural norms, age, status, religious and color restrictions, plus the media psychopaths. Let's embrace each other for Source sakes.

EXPOSE: You wish to know what absolute evil we are dealing with here, listen to this. The director of Al-Quds hospital in Gaza City, Bassam Mourad, has been speaking to the Reuters news agency and he says he has received several warnings to evacuate the building. The first was through a phone call from the Palestinian Red Crescent, which the Israeli army called to demand the evacuation of all patients and workers, as well as those residing in the hospital, to the south of Gaza. They mentioned that this area is going to be a military zone, that there will be clashes and the area will be dangerous and that we have to evacuate quickly, he said. He went on to say the number of displaced people residing in the hospital is somewhere between 12,000 to 14,000. The figure changes every day in addition to the hospital departments and the intensive care unit, he says. Evacuate the sick, dying and injured because this evil cult wants to blitz into oblivion something else? This is why we have to come together and fight this evil and it is pleasing to see the many are doing that now. I want you all to pause for a minute and think about this. Imagine you are sitting at home and suddenly within a blink of eye bombs are raining down upon you and your city, town or village. If you imagine you have survived the blitz and then you go outside in your neighborhood. What do you see? Here is what you will see: All homes, businesses, hospitals, supermarkets, roads, transportation, phone lines, internet all gone and will not be returning anytime soon. Questions flowing through your traumatized head; Where do you live? How to you eat? When will utilities be restored? How many funerals will I have to attend? How many of my family are still alive? Where are my children? Have they survived? Where was my god protecting me and us? What are your thoughts then? For the next minute or so, put yourself in their shoes and show some compassion.

Following on from the last THI shows expose of the war in Gaza, but really it is upon the whole of humanity, this expose continues that theme. It is important to document the events, as their media is criminally lying to the public. This recording also will serve at a future date, the changes that are unfolding now. Most people will not see it in the now, as too few overview. But this is a massive sea of change from the public and is fantastic to see.

All of the three people with dual Italian-Israeli citizenship who went missing after the Oct. 7 attack on Israel by the Hamas militant group have died, Italian Foreign Minister Antonio Tajani said on Monday. Unfortunately Nir Forti has also died. He was the last of the 3 missing Italian Israelis, Tajani said on X, the social media platform. Dying at the age of 29, brutally killed by terrorists, is profoundly unjust, he added. We covered this in the last show of the connection between Italian and Israelis. Of how their agents met in secret on a lake in Switzerland and I gave a warning they are planning something big. Consequences of actions unfolded and a freak storm or was it mother nature fighting back? Tipped their boat over. Add in

all Italians were warned to leave Israel, yet curiously Americans or no others were informed, creates a picture. The link again is, the Cat-Holic church and the Jewish cult.

An extraordinary short video was posted last week, detailing demonstrations in favor of the Palestinians all over the globe. The sheer volume of marches and I have to say the sheer volume of people at all the marches, was a sight to behold. No longer are people sitting by and allowing others to suffer alone and now are getting organized and campaigning against the apartheid state known as Israel. That is highly encouraging to see and events of the past few weeks have again more than justified what the FHSTOS book and series has relayed. For those wishing to purchase the books 1 and 2 go to Lulu.com and type in FHSTOS. London, Washington DC, Paris, New York City, Greece, Montreal, Stockholm, Dallas, Pakistan, Barcelona, Glasgow, Chicago, Brazil, Sydney, Morocco, Los Angeles, Amsterdam, South Korea, Ottawa, Turkey, Edinburgh, Japan, Oslo, Mumbai, Dublin, Copenhagen, Harvard University Massachusetts, Vienna, Manchester UK, Cairo, Perth, Krakow, Toronto, Qatar, Brussels, Yemen, San Francisco, Berlin, Outside the BBC London, many members of the UN Human Rights committee turned their backs on the US Ambassador and outside the Hague. Quite an extraordinary list and shows humanity is beginning to wake up, stand up and vocalize on behalf of those afflicted. This is rising now, but what is really rising is, people caring.

Did you notice suddenly the mention of Ukraine has all but disappeared? Why? Because the real truth was coming out and exposing them. Remember Zelensky is also Jewish, are you seeing the pattern yet? Covid was overtaken by Ukraine, Ukraine is overtaken by the Hamas-Israeli war, what's next, Hezbollah, Iran and Turkey? What is Italy's role in this? Why did America block aid to the Gazans and say alongside Israel, this will be a long war? Because they wish to pull in Iran and Turkey is why. The world is in turmoil, predictably it involved the state of Israel and people can complain at that statement all they like. I will not retract it or shadow ban it either, because the sheer volume of evidence against Israel and its junta is overwhelming now even to some Jews themselves. Repeated orchestrated attacks on humanity, whether via wars in the Middle East, financial attacks as they own most of the banks, medical attacks as they were in all key positions for the Covid scam or the political correctness charade all over social media. Other financial attacks are on countries and requested aid and freebies to sustain the Israeli junta and afford them the tools to attack innocent countries on a regular basis. Just recently they have attacked Yemen, Lebanon, Syria, Jordan and Palestine, all done with American people's money by and large. These subjects are very emotive and again it was designed that way, all to destabilize the people and send them out of balance.

American's? just when are you going to ask why all of our money is funding wars? Why are we the world's police? Who made that decision and why were we never asked about it? Only fair to ask because A: we have to pay for it and worse B: we sacrifice our sons and daughters for it. Yet here we go again and mask man has the begging bowl out for the richest group on the planet, have you asked why Jewish EL-ites never support Israel financially? No! therein lies the problem.

This was written by an American, which is unusual due to the pro pagan da and negative memes here. Who was also a journalist for the New York Times, which is even more extraordinary, as that paper was often

labeled by some people as, the Jew York Times given the biased coverage of everything favorable to Israel and the Jews. This was written by Chris Hedges. Israel was founded on lies. The lie that Palestinian land was largely unoccupied. The lie that 750,000 Palestinians fled their homes and villages during the ethnic cleansing by Zionist militias in 1948, because Arab leaders told them to. The lie that it was Arab armies that started the 1948 war in which Israel seized 78 percent of historic Palestine. The lie that Israel was in danger of being destroyed in 1967, forcing it to invade and occupy the remaining 22 percent of Palestine, as well as land belonging to Egypt and Syria. Israel is maintained by lies. The lie that Israel wants a fair and just peace and will support a Palestinian state. The lie that Israel is the only democracy in the Middle East. The lie that Israel is an outpost of Western civilization in a sea of barbarism. The lie that Israel respects the rule of law and human rights. Israel's atrocities against the Palestinians are always greeted with lies. I heard them, I recorded them, I published them in my stories for The New York Times when I was head of the paper's Middle East Bureau. I have written about war for two decades, seven of which were in the Middle East. I learned a lot about the size and lethality of explosives. There is nothing in the arsenal of Hamas or Palestinian Islamic Jihad (PIJ) that could have matched the enormous explosive power of the rocket, that killed an estimated 500 civilians at al-Ahli Arab Christian hospital in Gaza. Nothing. If Hamas or Palestinian Islamic Jihad had these types of rockets, huge buildings in Israel would be in ruins with hundreds dead, they don't have that. The whistling sound, heard on the video just before the explosion, appears to come from the high speed of a rocket. This sound gives it away, no Palestinian rocket makes this sound and then there is the speed of the rocket. Palestinian rockets are slow and cumbersome, clearly visible as they arc in the air and then tumble toward their target in free fall. They do not strike precisely and do not have supersonic speed. They are not capable of killing hundreds of people. Those are the facts of someone who has been on the ground so to speak and witnessed the lies and atrocities. He mentions of the hospital attack, here is what unfolded with that.

After the attack on the hospital, Hananya Naftali, a digital assistant to Israeli Prime Minister Benjamin Netanyahu, posted on X, formerly Twitter: The Israeli Air Force struck a Hamas terrorist base in a hospital in Gaza. The post was quickly deleted. Digital assistant, is that a bot? are bots delivering the news now? Yep, perhaps they always did? As soon as the Baptist Hospital in Gaza was bombed, Israel publicly took credit for it, saying it was terrorist inside the hospital and was successful. Then the horror videos emerged with many casualties, the comments deleted and they blamed Palestinians for killing their own. Classic clown behavior that, accusing others of doing what they have done. In fact the 5 eyes agency-based news is riddled with it. Bombing hospitals? And they think that is justified? Zero compassion is why, just like a machine.

Here is another report from Gaza. Since the October 7 incursion of Palestinian resistance fighters into Israel, which reportedly killed some 1,300 Israelis, including many civilians and kidnapped some 200 as hostages and brought them to Gaza, Israel has carried out: 51 attacks on healthcare facilities in Gaza, according to the World Health Organization in Gaza, killing 15 health workers and injuring 27. Of the 35 hospitals in Gaza, four are not functioning due to severe damage and attacks. Only eight of UNRWA's 22 primary health care centers are partially functional, the WHO said. The brazenness of Israel's lies stunned those of us reporting from Gaza. It didn't matter if we saw the Israeli attack, including the killing of

unarmed Palestinians. It didn't matter how many witnesses we interviewed. It didn't matter what photographic and forensic evidence we obtained. The Israel song, little groin, big groin and huge lies. These lies came reflexively and immediately from the Israeli army, Israeli politicians and the Israeli media. They were amplified by Israel's well-oiled propaganda machine and repeated with tacky sincerity on international news channels. Exactly, the solution? Fairly simple really, do a global campaign against all media not reporting fairly or without bias. Switch it off, don't watch it and get everyone to turn their backs on them. That way they lose advertising revenue as it is paid based on viewers or listeners and then they all close down. We then can create our own news channels and report not only the truth, but can steer all people onto a better path and understanding. I said back in 2014 on Cosmic Voice we had the 3 M's problem, although there was a plus one to that. Media, Militaries and Masons, fix them and we can fix the world. The media itself is responsible for mind controlled thinking, unintelligence, programs of division, hatred, violence, wars and death. A complete criminal organization from top to bottom, shut them off and down and it all changes. Message to the media people; the people are going to come after you soon, when they find out how much all of you have been lying to them. How do you think they will react to you? Some will protest, but sadly others will go too far and hunt you all down. That is not threat, it is a valid assessment of the situation we face. Step down now is my advice, before it is too late. Come and engage us in how we can all change our paths onto something better.

The figures of deaths up to October 20th according to the latest official data, the fighting has claimed the lives of more than 3,800 Palestinians and 1,400 Israelis. All brought to you by the Hebrew Anunnaki and their army of media bots.

The Israeli people are still standing up and fighting back. As Israeli Prime Minister Benjamin Netanyahu's sons are facing criticism from some Israelis and pro-Palestinians amid their country's war with Palestinian militant group Hamas. U.K. newspaper The Times this week published a report detailing how some of the hundreds of Israelis living abroad who have flown home as reservists, have accused Netanyahu's eldest son, Yair Netanyahu, of abandoning his country. Typical of a snake, left to hide under a rock.

This is interesting in many ways and groundbreaking in other ways, as rarely do we hear anything that comes out of China from the people themselves. Chinese influencer Su Lin has been live-streaming rants in support of Hamas and against Israel since the war broke out. Coming almost every day, they are rife with anti-Semitism. No it is not anti-Semitism it is factual reporting, although sometimes in their anger of the situation people go too far. Hamas is still being too soft, going way too easy, says Ms Su, who has nearly one million followers online, in one video, adding that the Israelis are lackeys of colonialism. Correct statement as our book revealed. Shouldn't they be captured? she shouts into a microphone, referring to Israeli citizens taken hostage. Israel is now just a Jewish version of the Nazis and militarism. What happens when she finds out, they were the Nazis all along? For the militarism charge see the US Military. Ms Su's videos are part of a wave of anti-Semitism, it is not anti-Semitism it is reporting on criminality within the Jewish junta, that has emerged online in China since Hamas attacked Israel on Oct 7. That Beijing allows such sentiments to be shared on its heavily censored internet, provides some insight into what narratives the ruling Communist Party is willing to promote on the Israel-Palestine conflict.

Typical agency-based last line response, call them Communists, yet guess what? The Jewish EL-ites created Communism and operate within it, to cover the real ism, Zionism. The Israel Cohen speech of 1912 told you that.

Here is the Jewish led BBC and their response, typically cowardly they sent out a lamb to the slaughter. The conflict between Israel and Gaza has been full of claims and counter claims from both sides about what is happening on the ground. Those claims have been turbocharged by social media, which has been flooded with pictures and videos. There's lots of misleading, false information and conspiracy theories too. That is an admission that their control of the media and narrative is being lost, that is fantastic news. The BBC's disinformation and social media correspondent Marianna Spring shares her tips to help you tell what is real and what is fake. Marianna Spring? Will tell you what is real or not? Here is what Marianna Spring is: Marianna Spring, one of the BBC's fastest-rising stars, reportedly embellished the truth on her resume while applying for a job before she joined the broadcaster in 2018. She fits right in then doesn't she, a liar.

Several U.S. federal officials and hundreds of Democratic congressional staffers are publicly criticizing the Biden administration's show of solidarity with Israel amid the Jewish state's ongoing war with Hamas. Reported unrest in the federal ranks comes as President Joe Biden met with Israeli prime minister Benjamin Netanyahu and Israeli president Isaac Herzog on Wednesday, nearly two weeks after Hamas militants first attacked Israel. Sources with direct knowledge confirm many high-ranking Muslim appointees are strongly considering resigning. Even more telling, more than 400 anonymous congressional staffers were had signed onto an open letter that was circulating Thursday, imploring their bosses in Congress to demand an immediate ceasefire between Israel and Hamas before the conflict further intensifies. Now there are fractures developing heavily within the Government circles, which is fantastic to see. Things are really changing and for the better, people are finding their voices again and speaking out. The fractures will get worse and will lead more people to looking at an alternative way, that alternative is the Blueprint.

This is a short piece about Israel has permanently lost the argument, I agree. I cannot adequately express the immensity of my respect for the many, many, many Jewish voices I've seen taking a firm and forceful stand against the Gaza massacre. I'm just over here getting yelled at by strangers online and I find it pretty intense; you're having much harder arguments with family, with friends, with people you've known your whole lives. You're out there protesting, taking action and moving the needle, typically with far more skill and incisiveness than anyone else in the world. Big, big, big-hearted love to all of you, you amaze me. Caitlin Johnston an independent journalist from Melbourne Australia.

On Wednesday 18th, several thousand anti-Israel demonstrators congregated on Capitol Hill to protest against the Israeli war against Gaza, at one point leading to unlawful entry into the Cannon House Office Building. As a result, Capitol Police arrested some 300 protesters at the rally for refusing to leave the premises.

Update as of October 30th: The Gaza Health Ministry, said that more than 8,000 people in Gaza have been killed and 21,400 are injured. The agency said that 70% of the casualties are children, women or older people.

Over the weekend, hundreds of thousands of people joined Palestinian solidarity. In the U.S., demonstrators in San Francisco blocked traffic on Highway 101 and held a vigil in front of Congressman Nancy Pelosi's house. In Philadelphia, Jewish American groups led an action in front of the office of Senator John Fetterman, a staunch defender of Israel. In New York, thousands of people, led by Jewish Voice for Peace, converged at Grand Central Station for the largest sit-in protest the city has seen in over two decades. Among the massive crowd were elected officials, rabbis and academics. NYPD arrested over 300 people. Typical of NYPD can't arrest major criminals, like Hillary Clinton and Huma Abedin, despite photographic and email evidence, but can arrest protestors? Before she was arrested, Democracy Now! spoke with Rosalind Petchesky, professor of political science at Hunter College. Rosalind Petchesky: We believe in justice and the right to live for everyone. But Palestinians have been the victims of oppression for 75 years and it has to stop. That's why we're here, to say 'Not in our name.' Americans need to follow suit against the US Military with the same banner: not in our name. For me seeing the many Jewish people now speaking out is an absolute joy to watch. This is what I kept asking them to do with our book, FHSTOS. They are victims as much as we are and we must learn to come together and protect each other. The frequencies brought in this year are helping immensely and will continue. These are glorious times for those who want togetherness, justice and truth. This is another positive sign on a massive scale, the youth are not buying the Israeli junta in ever larger numbers. Predictably the fascist Zionist hammer comes out and child level labels apportioned accordingly, but even they are no longer working. Josh Hammer is host of The Josh Hammer Show and a research fellow at the Edmund Burke Foundation and an editor at large for Newsweek said: To paraphrase the infamous words of President Barack Obama 's former pastor Jeremiah Wright: American academia's chickens have come home to roost. The past week and a half, following the genocidal jihadist slaughter of more Jews than at any time since Hitler, has underscored just how bad it has gotten on the university campus. Video surfaced on Monday of a Cornell University history professor delivering an impassioned speech where he described the Hamas massacre leaving more than 1,400 dead and thousands more wounded, as exhilarating and energizing. Days before that, a Columbia University lecturer called the Islamist pogrom an awesome stunning victory. As bad as the professoriate has been, students have, predictably, been even worse. At Harvard, over 30 student groups signed a letter placing the blame for the mass murder of Jews squarely at the feet of Israel itself. Hundreds of UCLA students marching across campus called for Jewish genocide in Israel from the river to the sea. The President of the Student Bar Association at New York University School of Law proclaimed that Israel bears full responsibility for Hamas' unspeakable barbarism. And across the country, Students for Justice in Palestine cheered the carnage; in one galling example, the University of Virginia chapter praised the savagery as a step towards a free Palestine. Harvard, Cornell, Columbia these are some of the most prestigious institutions in the nation. Yet Jew-hatred, the world's oldest and apparently most politically correct form of bigotry, now pervades their faculty lounges and campus quads. It is not Jew hatred, what a childish statement that is, it is against Jewish policies, period. Their 80 years of using broad sweeping statements on the goyim's is now failing at a record pace. The

people have found their voices, the people are learning to care for the plight of others and that is something I and all others outside of the Jewish junta should rejoice in, including the Jewish people. One day you will all realize what THI has been saying, you are mere pawns in their game. Hammer went on saying, higher education is now a Stage IV cancer afflicting the entirety of our body politic. How far it has fallen from its ostensible purpose: the pursuit of truth and the formation of patriotic, well-rounded young men and women with sound republican habits of mind. Patriotism is Fascism Mr. Hammer, patriotism didn't serve the Germans or Americans too well, did it? These institutions have betrayed their purported mission. They have shown themselves to be little more than subversive fifth columns, dedicated to destroying Western civilization, for which the Jews and the Jewish state serve as the proverbial canaries in the coal mine. Funny, given it was the Jewish who created these indoctrination schools are now criticizing the very children they were indoctrinating as being stupid and bad. In overview it is showing the indoctrination no longer works and also exposes how poor the education system is, which is why we provided a solution for it. Remember I said that the Jewish junta would be more and more exposed in the coming months, now we are seeing it globally. The atrocities committed by the Jewish cult has to be seen by the all, including the Jewish people before peace and harmony is restored. Oh did I tell you, Hammer was born in New York and born to Jewish parents. Message to Josh Hammer, Hey Josh? Guess what? It is hammer time.

FROM HIS STORY TO OUR STORY NEWS: This article goes some way to proving the FHSTOS book and series. It was published on the Henry Makow site and Henry has done much to speak about the hidden hand operating globally. He has detailed clearly who that hidden hand is, a band of Jewish EL-ites secretly running and ruining the world. It is more remarkable as it is my understanding Henry is Jewish himself and that is a brave and bold stance to take, in a world of protecting your labels. A true free thinker in essence, an overview perspective I speak about much. The article was written by Edward Menez who started the article with this: Freemasons have been on both sides of every world war, the next one will be no different. They use wars to cull the human herd and make money. Hell on Earth is the Satanist's dream. Partisans on both sides are committing suicide. Menez continued: Building on Henry's article from October 4, 2010, Iran also controlled by Satanists and re-published October 25, 2023, Israel and Iran are both run by Freemasons plotting WW3, I will make the assumption that the reader knows that Jews started Freemasonry. Yes, every aspect of Freemasonry is Jewish. Freemasonry was started as a way to make the goyim fall in lockstep with the satanic, Talmudic Jews. This article from Miles Mathis' website (June 3, 2019) by Donny Ahzmond <http://mileswmathis.com/iran.pdf> traces the history of Iran for the past 1000 years to the 11th century, where the famous Komnene family had its origins. One of the first known family members was Nikephoros Komnenos, who was governor of Vaspurakan in the 11th century. Vaspurakan comprises modern-day southeast Turkey and northwest Iran, where Khamenei is located. At the very least, we've established that Supreme Leader Khamenei, bears the name of a town that was in all likelihood named after the ancient Komnene family who also originated in that region. The next part will be very familiar to those who studied our book, the Cohens. An ancient line of dark priests, many of which were in relation to the Sanhedrin cult temple. Said to be a series of elders or rabbis, no they are an off-world cult, running things on this planet. Komnene = Komen = Kohen: Miles Mathis has suggested that the name Cohen or Kohen could be a variant of Komnene, by way of Komen and the author Donny Ahzmond mentions that in his article. But Ahzmond does much more genealogy in his 2019 article: he links Jews as

rulers of the Safavid dynasty, which lasted from 1501 to 1722 and encompassed what is now Iran, Armenia, Azerbaijan and parts of the North Caucasus, Turkey, Iraq, Afghanistan, Syria and beyond. Basically, the Safavid dynasty was a continuation of the Komnene dynasty and was followed by the Zand dynasty. The commonality and continuity between all three dynasties: Ahzmond shows with genealogy in his article, that they were all run by Jews. In the 20th century, the crypto-Jewish reign of Iran continued with the Pahlavi dynasty. First came Reza Pahlavi in 1921, followed by his son Mohammad Reza Pahlavi, who ruled until he was overthrown by Ayatollah Khomeini in the Iranian Revolution of 1979. Khomeini and the familiar K names mentioned in our shows, was a CIA plant, just like Ahmadinejad. Khomeini, Bush Snr and Netanyahu were those who divided up the Iraqi oil between them, in a deal back in the 1990's, Barack Obama got in on it at a later date I was informed. A parallel investigation on Jews running oil-rich, supposedly Muslim countries like Iran, would inevitably take you to information on the Kingdom of Saud, where we get mainstream articles like <https://www.jpost.com/middle-east/iran-news/article-692595>, <https://kayhan.ir/en/news/51411/mbs-admits-the-jewish-roots-of-the-saudi-clan>, and <https://pdf.defence.pk/threads/the-origin-and-historical-background-of-saudi-royal-family.375044/>.

Mohammad Reza Pahlavi ruled Iran from 1941 until 1979, alongside his gay Jewish lover Ernest Perron, as mentioned in Ahzmond's article. Full circle from Komnene to Khomeini: We're told that Sayyid Ruhollah Mousavi Khomeini became the Supreme Leader of Iran in 1979. But note his second-to-last name Mousavi. Ahzmond explains: When you search the surname Mousavi, Wikipedia takes you to a page, with a list of notable people who have that surname, including Khomeini. But it doesn't tell you anything about the name itself, such as its origin or meaning. Strangely, it links you to a page for the surname Al-Musawi. It's strange because it's evident this is the same surname as Mousavi, listing many of the same people as the Mousavi page. Wikipedia lists Khomeini as a member of this family and then asserts, plain as day: he descended from the Safavid dynasty. The Wikipedia page also lists Abbas al-Musawi, founder of Hezbollah, as a family member. The all too familiar name changes we have covered much, change of vowel or consonant and the hidden cloak is placed. Just like Bauer became Bayer, both of which is Rothschild. We have another Bauer pulling geopolitical strings, one Louisa- Marie Neubauer, she is the handler for Greta Thunberg, again another Rothschild clown. Neubauer just means new Rothschild, you are not new no matter how many letters you change. New boss same as the old boss, old and new lizard is just the same. On to Mahmoud Ahmadinejad or I'm a dinner jacket for easier pronunciation: As for the nascent 21st century, Iran's most famous and prolific leader has been Mahmoud Ahmadinejad. Could he be Jewish as well? The Telegraph, a mainstream newspaper, seems to think so: <https://www.telegraph.co.uk/news/worldnews/middleeast/iran/6256173/Mahmoud-Ahmadinejad-revealed-to-have-Jewish-past.html> A photograph of the Iranian president holding up his identity card during elections in March 2008 clearly shows his family has Jewish roots. A close-up of the document reveals he was previously known as Sabourjian, a Jewish name meaning cloth weaver. The short note scrawled on the card suggests his family changed its name to Ahmadinejad when they converted to embrace Islam after his birth. Those that took over Iran and Turkey with their fake religions we revealed in the book, they were called the Donmeh. Said to have hidden their Jewish religion due to persecution, but in reality, switched their religion to go under cover, infiltrate and destroy from within. The Sabourjians traditionally hail from Aradan, Mr. Ahmadinejad's birthplace, and the name derives from weaver of the Sabour, which just happens to be the name for the Jewish Tallit shawl in Persia. The name is even on the list of reserved

names for Iranian Jews compiled by Iran's Ministry of the Interior. Jewish controlled opposition: Donny Ahzmond's article tells us all of the above about the continuous 1000-year Jewish reign of Iran. It even posits that the Jewish roots of the Safavids and Komnene's that go back to 309 A.D. in modern-day Iran, which was once part of the Persian Empire. Further back it was part of the Rus and Aryans as we revealed, the name Iran means, land of the Aryans. This is why they have infiltrated it and attacked it. Who are those who attack it, the Jewish cult state of Israel or its real meaning of Isis Ra El and their military arm puppet state Washington DC under the banner of America. All of which reveals, America is ran by the same cult. The British Empire was also ran by this same cult also, hence they have a state within the country as well, that is not part of the UK in any way shape or form, called the City of London. That is the financial arm, the religious arm of it is in another separate state from the main country, the Vatican. Which is curiously defended by another fake state operating under the banner of neutrality, Switzerland. Whose name derives from Isis, that is ran by the Rothschilds cult, has the leading bank player of wars called the Bank of International Settlements, funny they have the word settlements in the bank name, given the Jewish cult create settlements everywhere and takeover people's land. Switzerland is also the headquarters of another cult group that everyone think is American, the way they operate suggests they are neither American, Swiss or human, but Switzerland is the headquarters of the CIA. In an update to the article posted 10 days later on June 13, 2019, we learn that Uber CEO Dara Khosrowshahi is a Pahlavi and that Dara's wife is Sydney Shapiro. Dara's brother is Kaveh Khosrowshahi. A whitepages.com search finds that Kaveh is related to Kathleen Grant Khosrowshahi of Seattle, as well as James Dover Grant, otherwise known by his pen name, Lee Child, the author of the Jack Reacher series of novels. It's a small, interconnected club, innit? And you ain't in it. Yes, we have covered the incestuous nature of these entities, who are largely devoid of empathy, compassion and love, likely due to the MK Ultra training they receive as children. They are then sent out with a steely resolve to rape and pillage the rest of humanity, including Jews themselves. This is the greatest conspiracy ever pulled on this planet. The author's conclusion: So could Iran and Saudi Arabia really be Jewish-controlled, controlled opposition? It seems so. It appears that Iran and Saudi Arabia have always been controlled opposition, probably to foment conflict and unrest in the Middle East, which subsequently raises oil prices. Who do you think controls all of the oil companies now? Jews, or non-Jews? Finally, we learned above that the Jews created Hezbollah. Ron Paul says that Hamas was created by Israel as a buffer to Saddam Hussein. Is there anything not controlled and run by the Jews anymore? The Jews have basically admitted that anything that happens, which is covered by mainstream media, is not an accident: it is created by them. So how easy would it have been for Israelis to have impersonated Hamas on October 7, captured several hundred Israelis and faked the crime scenes of Hamas attacks with fake blood and mannequins? Israel is grudgingly admitting now that they let their guard down for 7 hours to allow Hamas into Israel to kill hundreds of Israelis. Naw, I don't believe that for a minute. I don't think any Israelis were killed on October 7. We know perfectly well who is running these false flags and Pearl Harbor like events such as 9/11 and the October 7 massacre. A very interesting and confirming article I have to say. Henry made a disclaimer to that and said, I don't agree with Menez's contention that Israel casualties were faked. Zionists have no compunction about killing Jews, they killed millions in the holocaust. I agree with that statement, our book kept telling you they care not one iota for the average Jewish people. You wish to know why they will not fully reveal ET disclosure, here is why. In the 1800's the Draco stepped down or stepped back and said they were going to allow the humans to run

the planet, how nice of them – not. But typical of them they pulled a stunt on the largely oblivious people and just installed their own puppets into the system. Rothschild's, Rockefellers, Astor's, Wallenberg's and many others, all of whom were labeled as Jews, but with the hidden DNA of the Draco reptile group. The Rothschild's took over all the banks, which people will think of in terms of money, money is life force energy and they then controlled all of it. The Vatican church by then had capitalized every living human on the planet, via the Cest Que Vie act after a deliberate false flag fire in London in 1666. They controlled and capitalized every human being with their maritime law and declaring us all dead in the sea. Like a latter day Leviathan, Levi being the indicative part of that name. London is a fake name also, it really is BabyLon – don, don mean borough or district. But don is also a title of nobility, like Von and Van, in Italian it means lord, how convenient. King of Saud are Jews as well, created by Ibn Saud who had 146 children, for a human that is not physically possible, unless they were all created in a lab? Just like we discussed in the Cosmic Genetics series. Personally I think these Jews are not Jews at all, they are off-world creations in a meat suit. Just like the Jewish Wachowski brothers said in the Avatar 2 film, we came in the form of the enemy. Jews are portrayed as whites now, such is the genetic modification of some of them. Just like the original V series portrayed, reptiles in a meat suit. The Rothschild clan have the greatest amount of Draco reptile DNA of any family on this planet, that is why they are running most of the old system. They are Draco in human meat suits. Just like the bible told you Noah, Shem and Ham and many others all had scaly skin, like armor. The bible also told you about the people who say they are Jews but are not, they are the synagogue of Satan. Remember under Cosmic Law they have to tell you, they told you clearly in their book, their book is the Holy Bible. It is revealing their story, not our story, because our story was rewritten by them. Part of the problem is and which they have created with their media control is, the off-world issue. People are not willing into going too far into the possibility of life away from Earth. In fact they cannot contemplate never mind see the off world beings on our own planet, never mind off it. This then allows these beings to go about their business of controlling us uncontested. FHSTOS plus the Cosmic Genetics series affords people an ample opportunity to answer the age old question are we alone. No we are not and never have been, despite the bs coming out of the Jewish Cat-holic church in Rome. But the clock is ticking faster now and we are in.....the final countdown.

MYSTERY SECTION: I am sure you will all agree this show has been a massively positive mind blower and eye opener, but we are not finished yet as we are about to deep dive into some deep ponderings. OMG he is going to make me think again!! You cry, indeed it's what I do. Here are some more details to be added to the Cosmic Genetics series. Part of the problem for the book is that many of the names and terms were not familiar. Myself and the book team have been trying to add descriptions for them, which the final part is now edited for Volume 3. Many ask about the Arc of the Covenant, which in later aspects was an energy device, but it was not the original purpose. The Arc of the Covenant is a Time Portal passage between Earth and the Andromeda galaxy that was created 840,000 years ago by Guardian Races. The Arc of the Covenant, part of the Kristiac Network, is also known as the Arc auto-pilot emergency override mechanism. It was used to store and protect the Sphere of Amenti until the Sphere could be returned to Earth's core. The Arc allowed the Sphere of Amenti to descend from Andromeda when Earth' core reached a high enough vibration rate. Races of the 3rd Seeding were birthed into flesh through the Arc of the Covenant. Arc was originally called Arch of the Covenant of Palaidor, denoting the Palaidorian Covenant

through which the Amenti Rescue Mission was begun, 550 million years ago. A portal passage between D2 Earth and D9 Andromeda using Universal Star gate 9 system, that was created by Emerald Guardian Groups 840,000 years ago to enable the 3rd seeding of the Angelic Humans lineage on Earth. The Ark of the Covenant big gold box that has been part of humanity's legendary heritage and for which many have quested from ancient times, is a large box that was created after the 9558BC fall of Atlantis to house the radioactive Rod and Staff star gate/portal opening tools. Whilst it is not clear what is the rod and staff, my understanding of that is, it was the star maker and star breaker tool in the hands of the Draco, until around 2013 time when it was reclaimed back. It is my understanding that, the Sphere of Amenti is also linked to the restoration of Tara as well. Both the Arc think in terms of the electrical arc and the Ark think in terms of the gold box are real tangible, physical terms. Knowledge of the Arc passage and the Ark box star gate tools was intentionally hidden by various competing factions of the fallen Angelic's and the directed Leviathan-Illuminati of Earth, in order to allow them to continue their Arc passage dominion quest secretly, unbeknownst to the masses. The Arc of the Covenant or the Arc Zone is a Divine Blue Print sealed hologram within a hologram, which exist as a frequency modulation area within the Void, which is magnetic repulsion zone, between the Universal-Veca and Ecka systems. Another type of blueprint, now isn't that interesting? As above so below remember. The void is a center point of a torus system, that exists in many forms. Like within us, this planet, the sun and the galaxy, as within and so without applies there. When matter forms and enter the Arc of the Covenant or the Arc Zone, they seem to disappear from the manifest territories of their original hologram, as they enter the frequency shelter of the Arc of the Covenant through wearing the Golden Fleece. Like the cells of a new born, one disappears and two return etc. In the event of interdimensional politics reaching a point where there was a potential threat to the integrity of the God-worlds, God-Source created an in-built override system called the Arc of Covenant. This override system is also known as the Arc auto-pilot emergency override mechanism and it can prevent any portion of Earth and its related planetary systems that contain activated Shield of the Arc Codes, to prevent a Black Hole fall during a Stellar Activation Cycle. Some of you may remember back in 2014-15 time when I was on Cosmic Voice, me mentioning the blocking of the CERN system back then, to prevent them creating a black hole and also a portal out for the old dark forces souls. That blocking of CERN was successful and I stated it wouldn't work again for what they want it for, 8-9 years on that intel was proven to be correct. CERN still works, but not for what they want it to do. In response to the activation of powerful anti-Christiac currents into our Earth and related Universe, the Arc auto-pilot emergency override system was automatically upgraded to trigger what is called a Level-6 opening of the Arc of the Covenant. The Arc of the Covenant will now be transmitting frequencies from the levels closest to God-Source known as the Eckasha-Aah Universe. The energy life-force current associated with this level of Arc opening is referred to as the Double Eckasha-Aah 13th Pillar and this Pillar began activating within Earth's shields on May 27 2003. The 13th pillar, is that another example of the 12+1? Those frequencies were coming in but in a low dosage stream and explains why many in the alt media started to awaken to the truth at that time. In essence it was a pre-cursor to the higher frequencies coming in, that started in April 2023. Those are the frequencies many of you are beginning to experience. They will make you dizzy, light headed and woozy until you learn to embrace, integrate and then disperse them into the collective. Because of these events, the Guardian Alliance introduced Earth races to the Arc seal release codes and the Cosmic Krist Arc of the Covenant codes. The four Stanz Arc Codes were introduced in

November 2002 so we would have the opportunity to activate them into our own and Earth's DNA templates. Like I have said, we are the code. Do you understand the importance of that? If you don't learn quickly for Source sakes. We are the pillar, the code, the activation and the arc, all in one special package. Yet we devalue ourselves, talk shit, argue and waste energy with each other, all whilst Source, the URs and the Guardian Alliance awaits our stepping up to the plate. This is what we came here for, this is part of the bigger picture, this is the mystery school. What are you going to do about it? Wait for someone else to fix it, which is a savior program or participate yourself? These codes enable activation, during the transmission of the 13th Pillar frequencies of the Arc of the Covenant Golden Fleece buffer field, which is a highly specialized protection shield. The Golden Fleece buffer zone is a protection zone, an impermeable force field containing a mixture of frequencies from Dimensions 8, 12 and 14 that correspond to the color spectrums of gold, pale silver and pale-yellow gold respectively. Pale yellow is almost white, just like our sun is emitting, cohencidence? Me thinks not. The golden activation, the white gold activation and the silver activation are all key components of the soul development, as well as important markers placed around the world. The Golden Fleece buffer zone is a protection zone, an impermeable force field, ah the field, some of you may have heard of that before. A development of the self allows your shielding to be of a higher nature, that becomes automatic and part of you, when you develop the self, sufficiently. Activation of the specialized mathematical-geometrical shield program of the Arc of the Covenant, which is known as the Shield of the Arc scalar-shield program, is required for a universe, galaxy, star, planet or person to gain entry into the Arc of the Covenant Arc Zone. The Arc Zone is a half-step in frequency, a half-way house, between the frequency bands of the Veca Universe, in which we currently find ourselves, from the Ecka, the first level of the God Worlds. The Shield of the Arc program exists as a set of specialized Keylon Codes that are calibrated precisely to the Arc Zone and passage. The specialized Keylon codes of the Arc collectively form a Shield-within-a-Shield that is called the Shield of the Arc. You can be a part of all of that interesting stuff, if you just focus on the development of the self. A total awareness of the self, how you interact or how you don't interact, how you be and how you don't be. How you respond or how your react badly. The Santies shows you the way to be and not, honor them and you are on your way to higher development and understanding. Whilst the development of the self is a singular pursuit, although others can help you with it, it must be matched with an increase in service to others, not the self. Higher beings are always service to others, you cannot be anything else. So, out goes ego which is the promotion of the self over others and in comes balance where you are service to others. Is it a big leap of faith to make? Yes, because of the psychological and cultural programs that have been ran on us all. But the leap is not insurmountable and it is only as hard as you make it.

History is the ultimate weapon because it harnesses time itself, but used correctly the past can alter the present, what technology can do that? We can. Life is an inflection and also at an inflection point, a curve on the wave. Will it rise up or will it plunge? Which wave will each person take? Is the all-inner knowing path, but has not been declared externally yet. Truth, peace and love will ultimately prevail, but it will be painful and ugly to the destination. Until then more curating is needed, not the church cults definition of it. Curating is being able to shepherd visitors through transitional spaces clearly and easily, possibly drawing more attention to what the curator perceives as the most significant objects. Curate means to organize and oversee, to gather the public for an event. I warned 5 years ago or more about time speeding up before the

event horizon. That is unfolding. As the reverse baktun, now in the feminine pyramid and now closing in on the end of the first baktun in 2025. Timeline manipulation is not working, but changing the background of the scene or scenery is, some beneficial some not. Are things going missing in your life? have you considered it is you who has gone missing? Where did you go? Now ponder on that.

ENDING PIECE: This in part was written by one of the members, I have added to it minorly for balance in the classic divine masculine and feminine principals. The need to create the self-mastery within you is more prevalent now than ever. The observe don't absorb, the protection of your energy and field. We have had, are and will receive all the support we need to accomplish our individual and collective goals. The will of the creator works through us all. I am you, you are me and we are one. The frequencies flowing, it will seem like magic out of thin air. But remember this is what you came here for at this juncture of "time", it's all in the Divine plan, flow with it. Watch your thought now and learn to master them, we are all adept at this, just remember. Keep the connections open and familiar, choose happiness and joy, we all deserve to be happy and reside in the joy of it. Open your heart to love, it was meant and planned a long time ago, the oneness of it all. Do not fear it, open your heart because you came here to experience it and bring back the love, then you will know. Most of all, love yourself you are whole, worthy and so loved that may seem from afar, but is actually within. You are a magnificent specimen, a spark of the creator, you have just forgotten. We are loved by all of the light warriors above, they are supporting us. Now go ahead and remember who you truly are and shine on. As for the past, it is just a memory like an old movie, let it go as we are creating a new one now. Surrender the caterpillar, become the butterfly and learn to fly. Remember to learn to trust you, trust me and lets combine into the all. We do the works, we orchestrate it and we play it all through each other. Believe it through your heart and soul. One on one with the One. A fantastic piece and one we should all embrace and act upon. Many will have asked how he will he follow Tuesday's epic show, well, I guess oops I did it again! We will end with the same ending from Tuesday's show as a further reminder. At the end of the day it is all about love, the attainment of love, aspiring to love, the embracing of love, to be in love means one has to first to love themselves. One then has to dance in love, envelop in love, rise in love and when mixed with another being of higher love, then the sparks of creation flies. It bristles with excitement, joy and happiness, happiness creates and operates along the Golden Path, do you care to join it? The question then remains: Will you become and be love, my love, our love and the become part of love for the all. The solution? Is we all rise in love and take the Golden path together and create and manifest our own future.
