

THI-SHOW TRANSCRIPT 2024-06-13

NEWS: The news is dominated in many sectors now surrounding Israel and we must highlight and document it, as this is gearing up for the final battle now, as it appears to me. I have been warning of it and referenced it in the last few shows, plus I gave warnings to those in the village and also the Common Sense zoom. Because there is so much news to report now and THI shows are only every two weeks, it is difficult to not include as much as possible, but other sections of the show will be missing. The last time we missed out the mystery and society section, this show will miss some of the normal sections as well. There may well be a need for me to do a half THI show in the second half of the Blueprint shows to cover all that is unfolding. I make no apologies for changing the show around, as we must document what is unfolding and highlight the main issues. So that you are all aware and also prepared for what is to come.

ISREAL SECTION:

Israel and the Jewish media are on the offensive now, with a range of shows, media and opinion pieces to pass them off in a good light. Most are not buying it, so out comes a plethora of antisemitic and victim pieces. Also history revision and religious pieces, all designed to change the narrative and pull the masses back in.

Further Israel atrocities are now coming to light, none of which has anything to do with Hamas. But all about dehumanizing people and creating fear. The Israeli military has told BBC Verify it will act against any soldiers found to have filmed and uploaded footage online of Palestinian detainees stripped, bound and blindfolded. A BBC Verify investigation analyzed hundreds of videos in Gaza since November 2023, including eight showing detainees. Legal experts say the filming and publication of such videos could breach international law, which says detainees must not be exposed to unnecessary humiliation or public curiosity.

The Israel Defense Forces (IDF) initially said it had terminated the service of one of the reservists identified by the BBC. Another video, posted by the same soldier on the same day, shows hundreds of Palestinian detainees gathered in a sports field. Most of those in the video have been stripped to their underwear, some blindfolded and kneeling in rows, while Israeli soldiers look on. At one point, a group including three women are seen kneeling and blindfolded behind a football goal with an Israeli flag hung above it. Two videos uploaded by another IDF soldier include pictures of blindfolded detainees, interspersed with images of soldiers posing with guns. All eight videos have since disappeared from social media platforms. Further showing that social media is a Jewish puppet platform and is deleting the truth and so why we must document it.

We had another embarrassment of a government official supposedly representing the country this past month. I exposed this person quite a few years ago as an Israeli puppet. She was actually running for President until recently, which is even more embarrassing to add to the previous story. Step forward Nikki Haley a fully paid up member of AIPAC, who goes abroad on a supposedly diplomatic mission, but it turned into a full genocidal

proposal for the Palestinian people. Where is the media outrage of that? Oh I forgot, the media are also paid up members of AIPAC as well. Haley who is not American I might add, is yet another of Indian descent who are now gaining prominent positions within traditional white countries. Where is the reciprocation for that? you know the we must all be multi-culturists, and yes I was being sarcastic. Haley said to the Israelis and the world, she wrote on Israeli missiles finish them off, which means eliminate all Palestinians. Irresponsible is the short end of that comment, out and out genocidal maniac at the other end. Another ridiculous politician in this country that is a warmonger and genocidal psychopath. She needs to be boycotted and shunned from sea to shining sea. Preferably I would like to see someone get that Israeli missile and stuff it up her backside with no greasing, sideways. It would be a fitting tribute.

You thought the previous story was bad, well here follows one that is even worse. Following certain countries now beginning to recognize Palestine as a state, this is the response from another top government official, who is actually the US Secretary of State. The Secretary of State is supposed to be ultra diplomatic and handle sensitive issues with other countries in that manner. What it is not meant to do is, dictate globally to other countries of how they manage their own affairs. But not the US State Department, as they appointed another fully paid up member of AIPAC to handle the affairs of the Israel and Palestine issue, with predictable bias in favor of Israel. But Mr. Blinken who I have exposed many times as an Israeli puppet, another of those born in New York and born to Jewish parents, excelled himself and embarrassed the nation of America to boot. Did he handle it diplomatically? No he issued dire threats on behalf of Israel. Blinken responded to his request of recognizing Palestine as a state by saying that, recognizing a Palestinian state could eventually lead to starvation in some poor countries. Because under U.S. law, if a Palestinian state is recognized, the U.S. has to stop all funding for the United Nations. Since the U.S. is the largest funder of the United Nations, children around the world may starve, Blinken said. Just staggering! Typically heartless, no compassion, empathy or love. At which point will the people run these goons out of town?

This is why Blinken reacted. This is a very positive and bold move by 3 countries and should be followed by dozens more. Ireland, Norway and Spain have all said they would recognize a Palestinian state. Since writing this Slovenia have joined in as well. Ireland today recognizes Palestine as a nation among nations with all the rights and responsibilities that entails, Simon Harris, the country's prime minister, said in a statement. The recognition by the Norwegian Government is an effort to keep alive the possibility of a political solution that might end the war in Gaza, Prime Minister Jonas Gahr Støre said in a statement. Two states, living side by side, in peace and security, Støre said. Wishful thinking unless the previously mentioned solution is enforced. Spain's prime minister, Pedro Sánchez, said his country will recognize a Palestinian state on May 28. Time has come to move from words into action, peace, justice and coherence are the basis of our historic decision. The announcement drew sharp criticism from Israel's foreign minister, Israel Katz, who said he'd been instructed to immediately recall Israel's ambassador's to Ireland and Norway for consultations. Consultations to them is retraining them at centers of mind control. Today's decision sends a message to the Palestinians and the world: Terrorism pays, Katz said. No genocide pays Mr. Katz, what a convenient name that is. Remember a

domesticated cat has been recognized as an invasive alien species. Fitting if you ask me. After the Hamas terror organization carried out the largest massacre of Jews since the Holocaust, after committing heinous sexual crimes witnessed by the world, these countries chose to reward Hamas and Iran by recognizing a Palestinian state. Except it was all pro pagan da and 8 months after those alleged events, zero proof of such claims has been shown. The media of course purposefully downplays the murderous Israeli atrocities, while hyping up the antisemitic protesters as hateful and violent toward victimized Jewish students. False headlines like Jewish student stabbed in the eye, is really no different from Hamas militants on October 7th chopping off the heads of babies and raping droves of Israeli women and girls, all later proven to be fabricated fake news propaganda. The students provided the convenient distraction, all done by paid actors from Tel Aviv in conjunction with Columbia University New York as we revealed in the last show.

The Jewish Junta does not like to be called out for anything and often react badly to it. Is this another case of their childish petulance?

This is how the petulant Israeli junta operate and these types of stories are increasing now, exposing them further. The former head of Israel's spy agency, the Mossad, allegedly threatened a chief prosecutor of the international criminal court and tried to coerce her into dropping a war crimes investigation. Yossi Cohen was personally involved in secret meetings with the ICC's then prosecutor, Fatou Bensouda, in the years running up to her decision to open a formal investigation into alleged war crimes and crimes against humanity in the occupied Palestinian territories. The inquiry led to Bensouda's successor, Karim Khan, announcing that he was seeking an arrest warrant for Israel's prime minister Benjamin Netanyahu. Cohen put pressure on Bensouda on several occasions against advancing a criminal investigation in the ICC's Palestine case, sources said. Sources close to the situation also told that the Mossad took a close interest in Bensouda's family. Like we have said all along, a Talmudic law unto themselves those people. Full disclosure for full disclaimer ends this nonsense.

In the latest attempt at genocide on innocent people. An Israeli airstrike killed at least 35 people in a tent camp in the Gaza city of Rafah, drawing condemnation from European leaders, who urged implementation of a World Court ruling to halt Israel's offensive. Firing on tent cities now, these entities are beyond despicable. The whole world is witnessing Rafah getting burnt up by Israel and no one is doing anything to stop it, Bassam, a Rafah resident. Following that they rolled out tanks. Despite a global outcry at the toll on civilians, Israeli tanks continued to bombard eastern and central areas of the city on Monday, killing eight, local health officials said. The Israeli made a response to those allegations but I am not repeating it here, so as to not insult our own intelligence. Israel has kept up attacks on Rafah despite a ruling by the top U.N. court on Friday ordering it to stop, arguing that the court's ruling grants it some scope for military action there.

Germany's foreign minister Annalena Baerbock and the EU foreign policy chief Josep Borrell said the ruling must be respected. International humanitarian law applies for all, also for Israel's conduct of the war, Baerbock said. Clearly it doesn't, but what are these people doing to stop it? On top of the hunger, on top of the starvation,

the refusal to allow aid in sufficient volumes, what we witnessed last night is barbaric, Ireland's Foreign Minister Micheal Martin said. Egypt condemned the Israeli military's deliberate bombing of the tents of displaced people, state media reported, describing it as a blatant violation of international law.

Saudi Arabia also condemned the Israeli attack and Qatar said the Rafah strike could hinder efforts to mediate a ceasefire and hostage exchange. They are not interested in ceasefires, they are a perpetual war machine, funded by the American taxpayers. Cut off their shekels, cut off trade with that state and deny them entry into any global committees or discussions. Then send a global force to force them back to the 1967 borders and place stringent policies upon them and sanctions until they learn to comply with the wishes of all decent people globally. Israel and the UN have been arguing back and forth due to countries objecting to the genocide Israel is imposing upon Palestinian's.

The UN chief condemned an Israeli strike on a UN-run school, that the Israeli military alleged housed a Hamas compound, as a Gaza medics said at least 40 people had been killed. It's just another horrific example of the price that civilians are paying, that Palestinian men, women and children who are just trying to survive, yet they are paying with their lives, UN Secretary-General Antonio Guterres' spokesman Stéphane Dujarric said. Of course he (Guterres) condemns this attack. There will need to be accountability for everything that has happened in Gaza he said. Yet nothing has happened and I will repeat again from the last few shows, the UN is defunct and appears incapable of addressing anything. It needs to be scrapped as our Blueprint advocated and sensible people with common sense installed to deal with the global problems.

Last Wednesday, three Jewish students filed a lawsuit against officials and regents at UCLA, for aiding and abetting a culture that has allowed calls for the annihilation of the Jewish people, Nazi symbolism and religious slurs to go unchecked. That is called the right to protest and is in the American constitution, just as Jewish people have the right to protest. If they don't like it, go back to Tel Aviv. I think this is a deliberate ploy and these students are agents of Israel sent here to cause issues. The Tel Aviv and Columbia University story shows it takes place and I don't think for one minute it is not happening all over America. Of course the lawsuits will be handled by Jewish lawyers, again designed to take the shekels. Is that belief cynical? yes, because the evidence supports it is why.

This piece will connect many dots. Israel organized and funded an influence campaign last year targeting the US to drum up support for its ongoing Gaza offensive, the New York Times reported on Wednesday, citing unnamed Israeli officials and documents related to the operation. The outlet claims that the country's Ministry of Diaspora Affairs, which is responsible for connecting Jews across the world with the State of Israel, commissioned the covert campaign and allocated some \$2 million for the operation, hiring the Tel Aviv political marketing firm Stoic. Stoic are a political marketing firm out of Tel Aviv. The campaign was apparently launched sometime in October. At its peak, Israel's influence campaign used hundreds of fake accounts that posed as US students, concerned citizens and local constituents on various social media platforms, including X,

Facebook and Instagram, the New York Times reports. Posing as US students? Remember the Tel Aviv and Columbia University NY piece in the last show? There is the evidence. But it gets worse. These accounts were allegedly used to post pro-Israel comments and articles backing West Jerusalem's position on the war, and were mainly focused on attracting the attention of US lawmakers, primarily Black Democrats, urging them to continue funding the country's military. Many of the posts were reportedly generated using the artificial intelligence-powered chatbot ChatGPT. Well I never, AI, ChatGPT and bots just as we had forecasted. Stocic, which was in charge of the campaign, also reportedly created three fake English-language news sites that predominantly featured pro-Israel articles, often stolen from outlets such as CNN and the Wall Street Journal. In March, the Israeli government's campaign was noted by FakeReporter - an Israeli misinformation watchdog. Last week, it was also reported on by Meta, which owns Facebook and Instagram, as well as ChatGPT's owner OpenAI; both said they had found and disrupted the influence operation. Bots creating the news, hits, trends, likes and shares and pushes them up the algorithm scales? This is why it is all over the news sites. Everywhere you look there is only positive news items about Israel on the MSM, but many in the alt media are now starting to see through the Israeli problem. Fake news became a meme in the alt media but was started by think tanks to stem the tide against so-called conspiracy theorists. Now we have technology running the news, bots running social media, is there anything that is authentic left at this point?

OTHER NEWS:

Here is another pointer of financial struggles at the top end of the clown system. Black Rock, Vanguard and Fidelity are the three top harvesters, investments in the multi trillions between them. Yet Vanguard are now reduced to advertising on the television, funny that.

The contradictory nature of New York, the city that bills itself as a compassionate sanctuary city. Yet New York City rejects more asylum seeker applications than any other city in the United States. While the city has a right to shelter law that has housed tens of thousands of migrants over the last year, it is the toughest place to win an asylum claim, as reported by The New York Times. New York is as fake as a glass eye and high time the rest of the country saw through it. Almost everything wrong with this country comes out of that State. Did you know that roughly between 1 in 7 of all Jewish people live in New York? I wonder how many there will be the day after tomorrow?

As mentioned in the previous show, the US, UK, France and NATO are now at war with Russia. Following on from the report that US, UK and French troops are fighting Russia, further reports indicate in France that many body bags of French troops are being returned to France under the cover of darkness.

As at the time of writing Donald Trump has been convicted of all charges. He faces a maximum sentence of four years in prison, though others convicted of that crime often receive shorter sentences, fines or probation. But here is the Hollywood style script line of the great American hero surviving against all odds. As

incarceration would not prevent him from campaigning, or taking office if he were to win. Have you ever heard such lunacy? How can a convicted felon be in the so-called highest position of office? What does that say about America? One hopes sanity prevails, but I don't expect to see it in this country, until radical changes of thinking by the people unfold. One half is in indignation, the other half are so corded to their political party they will have a criminal running for them, as long as they "win". But we the people never win in elections, it is all an illusion. They only people who do win are clowns and EL-ites laughing hilariously at our own stupidity. We could well face an election this November with someone in jail going up against someone who resembles the lead character of A weekend at Bernie's. Yet too few see the embarrassment of it all, as long as their choice of clown party "wins". A potential jail bird or weekend at Bernie's is the current choice for 300M+ Americans, notwithstanding an event in August. American politics the greatest comedy act ever invented.

As American people struggle with finances and making ends meet, the war machine funding just keeps rolling. What is worse is, this funding is not even supporting America. The Pentagon announced it has expanded a contract with arms maker Lockheed Martin to deliver M142 High Mobility Artillery Rocket System (HIMARS) multiple rocket launchers, increasing the value of the equipment ordered to nearly \$2 billion. All in house contracts you will notice, as Lockheed Martin along with Northrop Grumman and others are part of the clown system of control. The original \$861-million contract to procure the launchers was announced last month, with its conclusion expected by May 2026. But the clowns weren't happy with that, as they modified the contract and is now worth \$1.93 billion, with the completion date moved two years beyond the original schedule. Apart from the military hardware itself, the arms manufacturer will provide the Pentagon with associated support services. Associated support services? What does that entail? Is like Serco and their so-called support services? The US military did not disclose any further details about the procurement, such as the intended end-user of the launchers or even an exact number of the vehicles. Previous contracts, however, suggest the cost of a single system hovers around the \$21 million mark. For instance, in February 2019 Poland purchased 20 HIMARS launchers for \$414 million. Poland another country who are riddled with people struggling, but let's spend \$414M on weapons that is not for Poland's benefit, only NATO. \$21M can provide 100K struggling parents with a \$210 bonus to feed their children, that is just one unit. But the Pentagon would sooner spend our money on their childish game of let's attack Russia, based upon Jewish narratives.

Meanwhile Jewish puppet and transvestite Zelensky spent \$200M to buy himself a 5 star casino resort on the beaches of Cyprus, through his wife's company called Film Heritage Inc. The lengths the MSM have gone to denying this, shows there is something to it. Much surrounds the hotel, who contradicted their own contradictions when asking whether the Zelensky's owned it. They deny it, yet there is a company involved called Film Heritage Inc, which they say is a coincidence, yeah right. The question is, where is Zelensky getting all the money from?

California is now planning on taxing people to go on the roads, because they have a massive short fall in gas tax revenue. So now they are going to tax all the electric vehicle drivers to pay for the short fall. Classic

ouroboros and goes to prove you cannot teach the stupid. The same applied to the Nazi regime in New Zealand, banning the smokers. I warned it would cost the economy big revenue and lo and behold it did. Now New Zealand are asking their people to smoke again. I guess where it comes to shekels, anything goes, including healthy diets and the environment, according to them anyway. The ouroboros loop these stupid retards have got themselves into is embarrassing at this point. Do you know the only way out of it? The Blueprint.

Here is another encouraging sign of people no longer tolerating the so-called authorities. The Lee County Republican Assembly has passed a resolution declaring that the United Nations, the World Health Organization and the World Economic Forum are terrorist organizations. The resolution which was introduced by Joseph Samson. The Resolution passed by the Lee County Republican Assembly calls on the Florida Legislature and Governor to pass legislation declaring cooperation with the United Nations, World Health Organization, and World Economic Forum, an act of treason against the United States, and the State of Florida. The full text of the resolution follows: Whereas the United Nations, the World Health Organizations, and the World Economic Forum are terrorist organizations seeking to depopulate humanity, and to usurp the sovereignty of the United States and the State of Florida; and Whereas the World Health Organization, World Economic Forum, and the United Nations are actively involved in a global coup; and Whereas this coup is attempting utilize the Federal government and State Governments to implement United Nations, World Health Organization, and World Economic Forum policies; and Whereas legitimate international treaties have no jurisdiction over domestic policies. Interesting we did the descriptive piece about treaties and agreements recently, all word salad bullshittery designed for multiple choices, when anything backfires on them. More and more now are calling out in public, which once went under the banner of conspiracies. I guess those conspiracy theorists were right far more than the true conspiracy the MSM.

These are the tactics politicians have to endure to keep the failing West narrative on track with the public. But we stated over time more will get the courage to stand up and speak out, here is another example. German Parliament Member from Hamburg Olga Petersen has sought refuge in Russia, telling Bild Zeitung that she feared having her children taken by the German State over her perceived support for Russian President Vladimir Putin. Politics you see, is done with a boot on the throat or even a gun to the head, for us to be a civilized society that must change. The desperation of the clowns is increasing as well.

Russia's relations with Washington will not be impacted, no matter who is elected president said President Putin. Revealing neither candidate is suitable from an American, Russian or global perspective. The idea that Moscow has some kind of plan to attack NATO is a stupid attempt to maintain the West's global hegemony by fear, Russian President Vladimir Putin has said. Putin was asked about NATO's preparations to defend from a Russian invasion at the meeting with the heads of the world's major news agencies last Wednesday, on the sidelines of the St. Petersburg International Economic Forum (SPIEF). Putin said: Look, someone has imagined that Russia wants to attack NATO. Have you gone completely insane? Are you as thick as this table? Who came up with this nonsense, this bullshit? The Russian president suggested that the bullshit was in the service of

deceiving the people at home in the West, urging them to arm themselves and send more weapons to Ukraine. Why is this being done, really? To maintain their own position of greatness, that's why. There's nothing to these scary stories, intended for the townsfolk in Germany and France and elsewhere in Europe. In Ukraine, we're just protecting ourselves. Don't make up things and then form opinions about Russia on the basis of them. You only hurt yourselves this way. Putin repeatedly addressed the root causes of Russia's intervention in Ukraine, from the 2014 US-backed coup to the atrocities of the Kiev government in the Donbass and the failed Minsk peace process that Western leaders have admitted to being a sham. The US hasn't poured billions of dollars in cash, weapons, ammunition and equipment into Ukraine because it loves Ukrainians, but because of the belief that this will further American greatness and global leadership. Nobody in the US cares about Ukraine's interests. While Moscow has no intention of invading Europe, it will consider retaliating against the US and its allies for providing Kiev with long-range missiles, by supplying adversaries of the West with similar weapons in sensitive areas. I 100% agree, the pure folly and rank stupidity of European nations has become an embarrassment, just like the US. The reason the "West" is that stupid, is because they are puppets for those who hide in the shadows. Putin may not call out the Jewish instigators, but I will and until the West get a brain cell between and tell Israel and the Koshey's we are no longer doing your dirty work, then everybody will be under threat.

Putin delivered on his promise in this piece, as he has now positioned planes in a key strategic zone, tick tock.

SOCIETY SECTION:

This section has often highlighted programs and over the last year we have been reporting on them breaking down and or being exposed. Finally the entity known as Go-ogle has been heavily exposed in this article. What will be revealed is truly shocking to the average person, not so much in our group, but the depth will alarm people. A trove of leaked internal documents shows that Google collected children's voice data, and recorded license plate numbers and car pool routes including home addresses, according to a report. Recording children's voices has many concerns, just why would they record the voices of children? Two things springs to mind, A: AI based child pornography and B: clones, synths or bot development. Whilst those two sound extreme, there is no obvious non harming element to that action. It is a complete invasion of privacy on a massive scale. The privacy breaches included thousands of alarming incidents that were flagged by Google employees between 2013 and 2018, 404 Media reported last week. It comes on the heels of the previous week's massive leak, of some 2,500 internal documents related to its search engine's mysterious algorithm. Incidents reportedly included logging audio from roughly 1,000 children who used the speech command function to access the YouTube Kids app. Estimated 1K child speech utterances was collected. The Team deleted all logged speech data from the affected time period, the leaked report said. The banks are using that program as well for phone banking, asking to record your voice as a safety measure. 1. You should never use your phone for your banking and 2. We all know by know that their version of safety does not apply to us. Safety means more spying and more Draconian measures. The company claimed it was a bug within the Google Assistant feature that was soon fixed. Turn it in, we are not that stupid, ignorant of the fact yes, but not stupid enough to believe that excuse. These people

always blame a bug when exposed, the question is, what type of bug? Is it technological or a living being? In another incident, a Google employee reported that Google Street View was storing license plate numbers in a database, after the plates were detected by an algorithm that is used to pick up text, according to the outlet. Unfortunately, the contents of license plates are also text and apparently have been transcribed in many cases, the Google staffer who noticed the data breach wrote. As a result, our database of objects detected from Street View, now inadvertently contains a database of geolocated license plate numbers and license plate number fragments. The employee noted in the report that this was an accident and that the system that transcribes these pieces of text should have been avoiding imagery identified by our license plate detectors, but for reasons as-yet unknown, was not. Because someone or group within the department is writing in extra spying code via back doors and we all know who that will be, Clowns In America Langley Division. Google's has a history of collecting personal data and then that data being leaked because of security lapses. The data has since been purged, according to the company. What about the backup servers and the copies? Google also allegedly exposed the email addresses, geolocation information and IP addresses of one million users, among them children, after it acquired a company called Socratic.org. This exposure has been addressed as part of the closing conditions for this acquisition. However, the data was exposed for over a year and could already have been harvested, the report read. Google told 404 Media that all of the privacy breaches were addressed after the issues were discovered. At Google, employees can quickly flag potential product issues for review by the relevant teams, a company rep said. In some cases, these employee flags turned out not to be issues at all, or were issues that employees found in third-party services. Except third party services tends to be connected to CIA contractors sites. Google has had a history of notable privacy and data security lapses. In 2010, the company rollout of the now-defunct Google Buzz, the social networking and messaging tool, exposed user contacts without consent, leading to complaints and a settlement with the Federal Trade Commission. That same year, Google admitted its Street View cars inadvertently collected personal data such as email addresses and passwords from unencrypted Wi-Fi networks. That is why they got rid of the lead paint, so their technology can penetrate homes from quite a distance. Collecting wifi passwords? Oh my. Just like the convenience tool on the Internet of you can safely store all your passwords on one site, you do realize that is an agency site? In 2018, a software bug in the now-defunct Google+ social network, exposed the private data belonging to around half a million users. Another software bug compromised the data belonging to some 52.5 million users, leading Google to shut down the service in 2019. In 2020, users of Google's G Suite had their passwords exposed. In April, Google agreed to destroy billions of data records to settle a lawsuit, claiming that it secretly tracked the internet use of people who thought they were browsing privately. These people are perverts of the highest order, spending all day snooping on people for nefarious means. Because nothing has ever been reported of this catching thieves or high level criminals, indeed part of Google is Alphabet Inc, who are involved in high level criminality as a subsidiary of the CIA.

MEDICAL EXPOSE SECTION:

This next piece is a long study and exposure and something we covered in FHSTOS and also the Expose series. This goes deeper into the so-called Spanish Flu and epidemic in 1919, 100 years later it was done again under the banner of Covid. The Study of Influenza at Harvard University: It has been announced that exhaustive research into the causes, effects and complications of influenza, together with their prevention and cure, will be carried on by the laboratories of Harvard University. This work has been made possible by a gift of \$50,000 by a corporation that suffered losses during the epidemic last year. Notice they left the name of the corporation out? Likely the Rockefeller Organization or the Wilhelm Institute. The greater part of this sum will be used by Dr. Milton Joseph Rosenau who was Jewish, Professor of Preventive Medicine and Hygiene of the Harvard Medical School and a corps of assistants. The research will be carried on in connection with Dr. Rosenau's teaching in the medical school, and the students will benefit from his discoveries. - Boston Medical and Surgical Journal, 9 October 1919. 105 years later, they still have no cure for flu, despite so-called major medical advancements.

Summary of the Experiment in Public Health Report: Perhaps the most interesting epidemiological studies conducted during the 1918-1919 pandemic were the human experiments conducted by the Public Health Service and the U.S. Navy under the supervision of Milton Rosenau on Gallops Island, the quarantine station in Boston Harbor, and on Angel Island, its counterpart in San Francisco. The experiment began with 100 volunteers from the Navy who had no history of influenza. Rosenau was the first to report on the experiments conducted at Gallops Island in November and December 1918. His first volunteers received first one strain and then several strains of Pfeiffer bacillus by spray and swab into their noses and throats and then into their eyes. When that procedure failed to produce disease, others were inoculated with mixtures of other organisms isolated from the throats and noses of influenza patients. Next, some volunteers received injections of blood from influenza patients. Finally, 13 of the volunteers were taken into an influenza ward and exposed to 10 influenza patients each. Each volunteer was to shake hands with each patient, to talk with him at close range, and to permit him to cough directly into his face. None of the volunteers in these experiments developed influenza. Rosenau was clearly puzzled, and he cautioned against drawing conclusions from negative results. He ended his article in JAMA with a telling acknowledgement: We entered the outbreak with a notion that we knew the cause of the disease, and were quite sure we knew how it was transmitted from person to person. Perhaps, if we have learned anything, it is that we are not quite sure what we know about the disease. The research conducted at Angel Island and that continued in early 1919 in Boston broadened this research by inoculating with the Mathers streptococcus and by including a search for filter-passing agents, but it produced similar negative results. It seemed that, what was acknowledged to be one of the most contagious of communicable diseases could not be transferred under experimental conditions. What this reveals is, the medical people are lying to the public that these diseases 105 years later on, are not transferrable diseases from human to human. Who or what is then is the big question. It also reveals the pure folly of the social distancing lunacy 2020 to 2023. What is it about the Military and islands, that always seems to be involved in human experiments? Long Island the most prominent one or was. Who else are on or below those islands? Some interesting though unsuccessful attempts to transmit influenza experimentally. How great are the difficulties surrounding the study of the nature of the virus of

influenza is indicated by the following summary of two series of experiments recently carried out, one at Boston and one at San Francisco.

BOSTON EXPERIMENTS:

These experiments were carried on jointly by Lieut. Commander M. J. Rosenau, Medical Corps, U. S. N. R. F., and Lieut. W. J. Keegan, Medical Corps, U. S. N. R. F. and by Surg. Joseph Goldberger another Jewish entrant and Asst. Surg. G. C. Lake, United States Public Health Service, at the United States Quarantine Station, Gallop's Island, Boston, Mass. The subjects of experiment were 68 volunteers from the United States Naval Detention Training Camp, Door Island, Boston. These volunteers had been exposed in some degree, to an epidemic of influenza at the training camp or at some station prior to coming to Door Island; 47 of the men were without history of an attack of influenza during the recent epidemic and 39 of those were without history of an attack of such illness at any time during their lives. The experiments consisted of inoculations with pure cultures of Pfeiffer's bacillus, with secretions from the upper respiratory passages and with blood from typical cases of influenza. The study was begun on November 13, with an experiment in which a suspension of a freshly isolated culture of Pfeiffer's bacillus was instilled into the nose of each of 3 non immunes and into 3 controls, who had a history of an attack in the present epidemic. None of these volunteers showed any reaction following this inoculation. Another experiment was made at a later date with a suspension of a number of different pure cultures of Pfeiffer's bacillus, of which 4 were recently isolated. Ten presumably nonimmune volunteers were inoculated, with the same negative results. Three sets of experiments were made with secretions, both unfiltered and filtered, from the upper respiratory tract of typical cases of influenza in the active stage of the disease. In these experiments a total of 30 men were subjected to inoculation by means of spray, swab, or both, of the nose and throat. The interval elapsing between securing secretions from the donors and inoculation of the volunteers was progressively reduced in these experiments, so that in the third of the series the interval at most was 30 seconds. In no instance was an attack of influenza produced in any one of the subjects. An experiment was made in which the members of one of the groups of volunteers which had been subjected to inoculation with secretions, were then exposed to a group of cases of influenza in the active stage of the disease in a manner intended to simulate conditions, which in nature are supposed to favor the transmission of the disease. Each of this group of 10 volunteers came into close association for a few minutes with each of 10 selected cases of influenza in the wards of the Chelsea Naval Hospital. At the time the volunteers were exposed to this infection the cases were from 10 to 84 hours from the onset of their illness and 4 of them were not over 24 hours after the onset. Each volunteer conversed a few minutes with each of the selected patients, who were requested to, and coughed into the face of each volunteer in turn, so that each volunteer was exposed in this manner to all 10 cases. The total exposure amounted to about three-quarters of an hour for each volunteer. None of those volunteers developed any symptoms of influenza following this experiment. Advantage was taken of the opportunity for making this study, to attempt to confirm the reported positive results of transmission of influenza by Nicolle. Secretions from 5 typical cases of influenza were secured, filtered, and some of the filtrate was inoculated subcutaneously into each of the group of 10 volunteers.

At the same time blood was drawn from the same cases and pooled, and some of the mixed blood injected subcutaneously into each of another group of 10 volunteers. The time lost between drawing the blood and inoculating it in no case exceeded three-quarters of an hour. None of the men subjected to these inoculations developed any evidences of illness. In the foregoing experiments the patients serving as donors belonged to groups from epidemic foci either on shipboard or at institutions. The great majority indeed belonged in a group from an epidemic on board the U. S. S. Yacona. Of the personnel of this vessel, 95 in number, 80, or 84 percent, were stricken with the disease in an epidemic between November 17 and 29. All of which revealed what I have stated in previous shows, the so-called Spanish flu was an engineered bio-weapon tested upon their own so-called soldiers. That then went onto creating the pandemic of "flu". But what is "flu" is the greatest question of all time, are the Jewish immune to that as well? There is no historical evidence this disease started in Spain, the whole Spanish flu was fake news and pro pagan da. When wartime censors in the belligerent countries suppressed bad news to maintain morale, but newspapers freely reported the outbreak in neutral Spain, creating a false impression of Spain as the epicenter and leading to the "Spanish flu" misnomer. The first recorded case of which was at Fort Riley, Kansas, in March 1918. The first recorded in most countries was related to soldiers as well. One has to ask, what was WW1 really a cover for? As appears to be a soul dier experiment globally. Despite checking the records, there is no reference as to how many Jewish people died during this pandemic. Which also echoes other pandemics and plagues from the last one thousand years. After all Rosenthal said we are immune to all of the plagues and diseases, funny that.

SAN FRANCISCO EXPERIMENTS:

The following observations were carried out practically simultaneously with those described above. The work was done at the Angel Island Quarantine Station, San Francisco, Cal., utilizing volunteers from the Yerba Buena Naval Training Station, San Francisco. The experiments were carried on jointly by Surg. G. W. McCoy, of the United States Public Health Service, and Lieut. De Wayne Richey, United States Navy. The volunteers who were used in these experiments differed from those used at Boston in two respects. First, the personnel of the Yerba Buena Station had not been exposed to influenza in the present epidemic, and were therefore presumed not to possess any special natural immunity. Second, all of the men had been vaccinated with large doses of a bacterial vaccine containing Pfeiffer's bacilli, the three fixed types of pneumococci and hemolytic streptococci. We are not prepared at present to state what influence this vaccination may have had in promoting resistance to influenza infection, but if we may judge by the results of controlled experiments elsewhere, such vaccination may for the present purpose be ignored. Again no transmitting virus.

Editorial Note:

The foregoing experiments, though extremely interesting, do not, of course, warrant final conclusions. It was fairly conclusive to me, but remember it is all about the shekels with medical people. It is hoped that it may be possible to carry the studies further and that results may be obtained that will definitely settle the nature and the

modo of spread of the virus of epidemic influenza. The results already settled it, are they suggesting in the future they will manipulate the results? For the present the sanitarian will do well to continue to apply the general principles of control, that are based on the justifiable assumption that the disease is a droplet infection. Giving increased attention to a point that is suggested by these experiments. namely, an infective period at the very earliest stages of the attack. It would seem to be wise to give renewed emphasis to the importance of going to bed at the slightest indications of illness.

Abstract of the AMA Article, 1919

1377. Experiments to Determine the Mode of Spread of Influenza. Milton J. Rosenau. J. Am. M. Assn., Chicago, 1919, 73, 311. Experiments to determine the mode of spread of influenza were carried out on Gallops Island. One hundred volunteers were mostly between 18 and 25 years, while a few were about 30. Pure cultures of Pfeiffer's bacillus were administered to some of the volunteers but failed to produce the disease. Large quantities of a mixture of 13 strains of the Pfeiffer bacillus were suspended and the suspension sprayed into the nose, eyes and throat of 19 volunteers. This experiment was also negative. Next 1 cc. of the mucous discharges of patients was sprayed into the nostrils, throat and eyes, also without producing disease. The blood from patients suffering from influenza was injected in 10 cc. quantities into each of 10 volunteers without producing disease. Ten volunteers were then brought into close contact with 10 patients and though the patients breathed and coughed into the faces of the volunteers, no disease appeared. Similar experiments were conducted at Portsmouth with the result that half of the volunteers came down with fever and sore throat caused by hemolytic streptococci. The author concludes that we are still ignorant of the true mode of spread of influenza. - P. G. H. So if the medical fraternity cannot determine the cause or mode, does this suggest something potentially non-earthly? Another study done in 1921 also reported the same results and re-iterated what was stated by medical people in 1919, the virus did not transmit from human to human. The great unanswered question of what started it is yet to be revealed even over 100 years on. The fact that it started in America and was transported around the world, does echo the Covid scam of the last 4 years. US Military and fake health authorities and their gain of function games, begs the question of who are the US military, or is it what are they? With how they treat their own soldiers like cannon fodder, with questionable tactics at best and medical guinea pigs at worst. What boggles the mind is, parents encouraging their own off spring to join these death cults. In overview the US soldiers are just short of the Jewish ditty of Tomorrow belongs to me. The final conclusion is, a virus itself cannot be transmitted, ponder on that after the Covid scam. The ultimate conclusion is, you should avoid at all costs taking their poisons, HU-man heal thyself.

EXPOSE PART 1:

This piece plays into FHSTOS and also our Law Blueprint solution. Is this the beginning of the BAR Association? The year 1822 and the Treaty of Verona, which cannot be found in books. The Pope and the British Monarch were both Trustees of the American National Trust. They both agreed to that the

Representative form of Government in the Colony/ Corporation/Trust in the north Americas was incompatible with a Kings divine rights and incompatible with a Popes Papal supremacy. In secrecy they unveiled the Treaty of Verona in 1822 and they together breached the Trust. The King of England then assigned the British Crown Commercial Company many tasks. One task that was given to the Company was to issue license to Privateers to attack American vessels in International Jurisdictions of the Law. These licenses were given out after the British Monarch had issued Letters of Marque and Reprisal against the Members of the Colonies, and so heralding the beginning of the BAR. British Crown is the Inner City of London and not connected to the British King, it is a Jewish enclave, the specialists in Talmudic Law. They, the King and the Pope, we're playing with fire and legally they were playing with definitions. Definitions like Law, God, Divine, Supremacy, BAR, Association, Treaty, King, Monarch, Pope, British, Trust, Trustee, American, National, representative, Government, Corporation, Rights, Secrecy, Assign, License, Privateer, Crown, Commercial, Vessels, Jurisdiction, Accreditation, Registry, Marque, Reprisal, Seize and Merchant. To play with definitions the 2 were depending on lawyers. Law plus yer, yer means you or your, law you or reversed your law. Except it is not your law only their law. Their law then went onto creating a new whole religion, that is the hub for all other religions. Letter of Marque = License granted by a State to a private citizen to arm a ship to then seize Merchant Vessels of another State or Nation. Or, as with the West today, allowing a private citizen to seize goods or citizens from Russia or from Russian Citizens, State or Nationality. Corporations has today been given the extra definition as private citizens so that they can get away with crimes that previously were BAR-red from. They have the license to print money and also the license to create fake laws, all imposed by their fake government and fake militaries. The Treaty of Verona from 1822 onwards has been declared a forgery by modern day scholars and the media. Yet there are congressional records of US politicians debating it. I guess the Treaty of Verona is like the Kalergi plan, the Protocols of the Elders of Zion, the Talmud and many other books or writings of that ilk, are being written out of our story. But not quite, thanks to Anna Von Reitz as she has outed it in this piece. Anna though has a personal twist to it, as her bloodline family where not included in the new script and so her fight is to return to the reign of the Hapsburg's and the cross lineage and somewhat incestuous rule of the interconnected elite families. Hapsburgs and other Houses where replaced at this time by the Rothschilds clan. Kim Goguen and her family line where also replaced and in her case the family murdered, by the Rothschild's clan. Both have great interest in the Trust, and from a wider perspective now, appear to be vested interests and not the interests of the people. I wish I was wrong, but the evidence does not support it. Both are enamored with titles and both are wanting their family lines money. But their families wealth was created by the people and so all of it should be returned to the people in equal measures. Not loot out \$850B for alleged Romanov wealth, which is ironic as the Romanov line ended in the 1500's. This is Anna's piece and don't let my knowledge of her and intentions muddy what she has written, as you will find it enlightening.

Here it is, in black and white, the beginning of the whole web of treachery, deceit and Breach of Trust that has caused two World Wars, multiple international bankruptcies and the current plot to overthrow private property and self-government worldwide: CONGRESSIONAL RECORD - SENATE. 64th CONGRESS, 1st SESSION VOLUME 53, PART 7 Page 6781 25 April 1916, by Senator Owens: I wish to put in the record the Secret

Treaty of Verona of November 22, 1822, showing what this ancient conflict is between the rule of the few and the rule of the many. It has always been that way, as we will find out more later in this piece. I wish to call the attention of the Senate to this treaty, because it is the threat of this treaty which was the basis of the Monroe doctrine. It throws a powerful white light upon the conflict between monarchical government and government by the people. The Holy Alliance under the influence of Metternich, the Premier of Austria, in 1822, issued this remarkable secret document : American Diplomatic Code, 1778 - 1884, vol. 2 ; Elliott, p. 179. SECRET TREATY OF VERONA The undersigned, specially authorized to make some additions to the treaty of the Holy Alliance, after having exchanged their respective credentials, have agreed as follows :

ARTICLE 1. The high contracting powers being convinced that the system of representative government is equally as incompatible with the monarchical principles, as the maxim of the sovereignty of the people with the high divine right, engage mutually in the most solemn manner, to use all their efforts to put an end to the system of representative governments, in whatever country it may exist in Europe, and to prevent its being introduced in those countries where it is not yet known. So 102 years ago American politicians were aware of the overrule and overreach of these families, yet clearly it was all suppressed.

ARTICLE 2. As it cannot be doubted, that the liberty of the press is the most powerful means used by the pretended supporters of the rights of nations to the detriment of those princes, the high contracting parties promise reciprocally to adopt all proper measures to suppress it, not only in their own states but also in the rest of Europe. The press or now known as the media, which is another play on words and a tribute to the Goddess Medea, who was a descendant of a witch and black magic witchcraft, Hecate. Seems they were also a problem back then as well.

ARTICLE 3. Convinced that the principles of religion contribute most powerfully to keep nations in the state of passive obedience which they owe to their princes. The high contracting parties declare it to be their intention to sustain in their respective States those measures which the clergy may adopt, with the aim of ameliorating their own interests, so intimately connected with the preservation of the authority of the princes. The contracting powers join in offering their thanks to the Pope for what he has already done for them, and solicit his constant cooperation in their views of submitting the nations. Royalty and the Pope working together for their own ends.

ARTICLE 4. The situation of Spain and Portugal unite unhappily all the circumstances to which this treaty has particular reference. The high contracting parties, in confiding to France the care of putting an end to them, engaged to assist her in the manner which may at least compromise them with their own people and the people of France, by means of a subsidy on the part of the two empires of 20,000,000 of francs every year from the date of the signature of this treaty to the end of the war. This is describing a faction war between the kingdom powers, particularly with the Rothschild's House of Orange clan owning France at this point.

ARTICLE 5. In order to establish in the Peninsula the order of things which existed before the revolution of Cadiz, and to insure the entire execution of the articles of the present treaty. The high contracting parties give to each other the reciprocal assurance that as long as their views are not fulfilled, rejecting all other ideas of utility or other measure to be taken. They will address themselves with the shortest possible delay to all the authorities existing in their States and to all their agents in foreign countries, with the view to establish connections tending toward the accomplishment of the objects proposed by this treaty. Yet more evidence of the EL-ites divided up things between them.

ARTICLE 6. This treaty shall be renewed with such changes as new circumstances may give occasion for, either at a new congress or at the court of one of the contracting parties, as soon as the war with Spain shall be terminated. All of which suggests, the Spain war was another problem, reaction and solution event.

ARTICLE 7. The present treaty shall be ratified and the ratifications exchanged at Paris within the space of six months. Made at Verona the 22nd November 1822. For Austria : METTERNICH. Did you know at this point in time, there was a place called the Netherlands, which was under Austrian control via the Hapsburgs. What are the implications for the Dutch, of Holland being renamed the Netherlands? For France : CHATEAUBRIAND. For Prussia : BERNSTET. For Russia : NESSELRODE. I ask to have printed in the Congressional Record this secret treaty, because I think it ought to be called now to the attention of the people of the United States and of the world. This evidence of the conflict between the rule of the few verses popular government should be emphasized on the minds of the people of the United States, that the conflict now waging throughout the world may be more clearly understood. For after all said, the great pending war springs from the weakness and frailty of government by the few, where human error is far more probable than the error of the many. Where aggressive war is only permitted upon the authorizing vote of those whose lives are jeopardized in the trenches of modern war. Mr. Shafroth: Mr. President, I should like to have the senator state whether in that treaty there was not a coalition formed between the powerful countries of Europe, to reestablish the sovereignty of Spain in the Republics of South and Central America? Mr. Owen: I was just going to comment upon that, and I am going to take but a few moments to do so, because I realize the pressure of other matters. This Holy Alliance, having put a Bourbon prince upon the throne of France by force, then used France to suppress the constitution of Spain immediately afterwards. By this very treaty gave her a subsidy of 20,000,000 francs annually, to enable her to wage war upon the people of Spain and to prevent their exercise of any measure of the right of self-government. The Holy Alliance immediately did the same thing in Italy, by sending Austrian troops to Italy, where the people there attempted to exercise a like measure of liberal constitutional self-government. It was not until the printing press, which the Holy Alliance so stoutly opposed, taught the people of Europe the value of liberty, that finally one country after another seized a greater and greater right of self-government. Until now it may be fairly said that nearly all the nations of Europe have a very large measure of self-government. This shows further the deep influence and murderous intent the Rome church cult has. Ordering wars and collecting shekels from the spoils. Remember they were involved with the CIA during WW2 and the Nazis, at least one of which later became a Pope.

Just listen to this next list of crimes done by the Rome cult, yet this same country America adopts the church and state doctrine, despite knowing all of this. However, I wish to call the attention of the Senate and the country to this important history in the growth of constitutional popular self-government. The Holy Alliance made its powers felt by the wholesale drastic suppression of the press in Europe, by universal censorship, by killing free speech and all ideas of popular rights, and by the complete suppression of popular government. The Holy Alliance having destroyed popular government in Spain and in Italy, had well-laid plans also to destroy popular government in the American colonies. Which had revolted from Spain and Portugal in Central and South America, under the influence of the successful example of the United States. It was because of this conspiracy against the American Republics by the European monarchies, that the great English statesman, Canning, called the attention of our government to it. To our statesmen then, including Thomas Jefferson, took an active part to bring about the declaration by President Monroe in his next annual message to the Congress of the United States. Remember Thomas Jefferson was a pro French agent, as revealed within our book. That the United States should regard it as an act of hostility to the government of the United States and an unfriendly act. If this coalition or if any power of Europe ever undertook to establish upon the American Continent, any control of any American Republic or to acquire any territorial rights. This is the so-called Monroe doctrine. The threat under the Secret Treaty of Verona, to suppress popular governments in the American Republics is the basis of the Monroe doctrine. This secret treaty sets forth clearly the conflict between monarchial government and popular government, and the government of the few as against the government of the many. It is a part, in reality, of developing popular sovereignty when we demand for women equal rights to life, to liberty, to the possession of property, to an equal voice in the making of the laws and the administration of the laws. This demand on the part of the women is made by men, and it ought to be made by men, as well as by thinking, progressive women, as it will promote human liberty and human happiness. I sympathize with it, and I hope that all parties will in the national conventions give their approval to this larger measure of liberty to the better half of the human race. Senator Owens. Clearly American politician's back then stood up more and tried to make others accountable, something sadly lacking today. Thank you, Senator Owens, now and forever from a grateful American Public and from all the people of the world, for forcefully and with great foresight bringing this to our attention now, a full hundred years later. The threat has remained with us all these years. Having failed to win by military valor, the Popes and the failed monarchies of the European Continent have never repealed nor repented the content of this gross Breach of Trust.

The problem is all this debating was setting the stage for another even more corrupt group than the Royals, the black nobility and certain bloodline families. These families went onto becoming part of the control structure, all 301 families. Anna's comments on that is as follows: The same parties conjoined with corrupt British Government interests, have still conspired to wreck all the free people of the world via fraud, deceit, undisclosed contracts, unlawful conversion of property interests, bankruptcy fraud, probate fraud, false claims of abandonment and similar legal chicanery, to attempt to realize their goals and reduce the world to Commercial Feudalism. We have discovered the true enemies of freedom and human progress, deeply

embedded in the municipal and territorial governments of the world. Those governments are now bankrupt and we have the opportunity to peacefully and in an orderly way recoup the assets of each country and each Man and Woman, out of the dreadful snares that have been set for them and to return these assets to their lawful owners. The Popes and British and other European Monarchs who have pursued this course of action have been the principle cause of two World Wars. As they have sought to reduce the world to a form of modern feudalism, in which billions of people and their assets would be made slaves for an unaccountable and totally immoral few. Alas, that still applies to today, where a totally immoral few harvest up everything with insatiable greed and leave crumbs for the majority of the people. Leaving a majority of people to eke out an existence of living, which is totally unacceptable for an advanced level of species. The deceitful and duplicitous United States Congress has been a key component of this plan to overthrow all self-governing nations and most particularly, the fifty nation-state republics of the unincorporated United States of America. The entire world has been confused and deluded by these fraud artists, encouraged to think that they exercise valid power related to the American states and people. When in fact they are our employees and have no territorial or municipal authority over us and are strictly limited to the exercise of nineteen enumerated powers in the international jurisdiction of the sea. Their usurpation and trespasses and acts of fraud against us, have been fully researched and evidenced and they have been given Due Process and Summary Judgment. Their false claims in commerce against the American states and people stand forever and fully and conclusively rebutted, including all claims of abandonment and presumptions of citizenship. The Popes are not proud of this history, nor should they be. The kings and queens of Europe have acted more like floozies and gangsters, than men and women with any common sense, decency or heart. It is time that we all turned our backs on feudalism of any kind, and cherished the God-given freedom we were born with. It's time to make a new start. Their plan to use bankruptcy and probate fraud and false claims of abandonment in commerce as a means to defraud the entire world have failed. The Americans have returned to the land they never actually left, and their claim stands firm. Let all those people around the world who have been similarly mis-characterized and defrauded, come forward to claim back their assets and the assets of their lawful states and provinces. We call upon Pope Francis to repudiate the obnoxious Secret Treaty of Verona and the Breach of Trust that it represents against the American states and people. We likewise call upon the other Principals and Principles to honor their contractual obligations to our states and to us in every detail. I agree with what Anna has stated, we need a tabula rasa, no one individual above another, no fake titles, no reclaiming past family lines of wealth either. Get it all in one pot and distribute it equally, just as the Blueprint lays it all out.

EXPOSE PART 2:

This in part is a very good article, but as is often the case, it becomes skewed with a religious flavoring that spoils the overall message or intentions. Until people realize that all the religions are there to distort everything, rob us blind in terms of wealth and standing, but worse rob us of our inherent rights, knowledge, freedom and our natural spiritual connection to the god within. Then we will always flounder in the dark, ignorant of who and what we are. Never put anyone above your own heart, is the greatest observation and action anyone can

undertake. In the previous part we mentioned the word Feudalism that has a few descriptions, but I think this is the relevant one. Frankish which is a Jewish family line, term fehu-ôd, in which fehu means cattle and -ôd means goods, implying a movable object of value. Bloch explains that by the beginning of the 10th century it was common to value land in monetary terms but to pay for it with objects of equivalent value, such as arms, clothing, horses or food. This was known as feos, a term that took on the general meaning of paying for something in lieu of money. This meaning was then applied to land itself, in which land was used to pay for fealty, such as to a vassal. Thus the old word feos meaning movable property would have changed to feus, meaning the exact opposite: landed property. The subtle changes of a letter that then changes the whole connotation and meaning of the word, always at the people's expense. But there was another secret treaty of Verona in 1213, using the same methods as described earlier. Essentially the royals were kicked out and in came the black nobility families to rule. This describes the Magna Carta, that despite bitter and often acrimonious engagements with common law groups, is what really took place. The Kings and Queens of that time where the guardians of the people, the country and the treasurers, although not all were honest and truthful. But that was replaced by the weasely shekel makers families and they took over all the people, land and treasures. Once upon a time before the year 1066 the people of England held Allodial title, which is land freely held, without obligation of service to any overlord to their land. Not even the king could take the land without making a payment. In 1066 William the Conquer, conquered England. He took the Title of King and claimed possession of all the land in the name of the king, himself. The people accepted that the king owned all the lands and that they became his serfs. The people accepted it, is part of an ongoing problem to this day. We allow thieves to prosper within our midst, because they are deemed as the authority, whether that is royals, governments, churches, banks or tax agencies. We have to stop them stealing our money, land, homes and livelihoods.

This continued until King John came to the throne in 1199 after the death of his brother Richard. Meanwhile the Pope, calling himself the Vicar of Christ claimed all lands in the known world for the Vatican. An egotistical Pope, well I never. Who declared them the messengers of Christ or God? Where the people asked for approval of this measure? No, which means it is not valid and should be declared null and void. Under the premise we were not given any or the full facts, as our own Law team have ascertained. The Vatican also considered their parishioners to be mere serfs and so when they died their property went to the church. Serf means servant, serving-man, slave, from Old French serf meaning vassal, which is a description of feudalism, servant, slave. This created conflict between the king and the church as to who possessed the lands. 200 years later, King John owed money to the Vatican. Therefore, the Vatican claimed first title to all of England. To try and prevent this, the King invoked the Law of Mortmain, the dead man's hand, so people couldn't pass their land on to the church or anyone else without the King's permission. The Vatican replied in 1208 by placing England under Papal Blockade and the King was excommunicated. King John was humiliated and suffered in trying to regain his stature. He groveled before the Pope and offered the kingdoms of England and Ireland to the Pope and swore submission and loyalty to the Vatican. This was the Treaty of October 3, 1213, where King John surrendered his kingdoms to the Pope, and as the Vicar of Christ the Pope claimed ownership of everything and everyone on earth as was his belief. Where in the Bible did Jesus or any other deity, give any

man this kind of power over all men and all land? He didn't. He did not create a religion nor did he create the office of Pope. The Barons of England did not accept this agreement made between the Pope and King John so they forced him to sign the Magna Carta. Magna Carta, which means The Great Charter, established the principle that everyone is subject to the law, even the king, and guarantees the rights of individuals, the right to justice and the right to a fair trial. No it didn't, the clue was in the first line, The Barons, The Lords and the Nobility wanted their power and lands back, nothing to do with the people.

Pope Innocent III, however, declared the Magna Carta to be: unlawful and unjust. An innocent Pope? You must be joking. The Pope reasoned, because the Treaty of 1213 was only between, the King and the Vatican, the Barons had no say and therefore the Magna Carta was voided. The Barons coerced the king to sign under duress which would also make the charter void. In other words it was two factions fighting, the Jewish led mafia and the Templar Knights stealing everywhere for the power of the church and the Nobility who had amassed great wealth at the expense of the people as well. Everything was going along smoothly enough until the 1770's and the American Revolution. The people who fought in the American Revolution were unaware that the 1213 treaty over-ruled the Magna Carta. Unaware even to this day, it was two sides of the same coin. The Founding Fathers, which is a misnomer, despite being lawyers and professional educated men, didn't know they were still under the Pope's control. I believe they did, they were all agents of the Crown, which links back to the East and West Indie Tea companies and subsequently the House of Orange. They wanted peace, so under the terms of the Paris Treaty of 1783, they agreed to pay royalties to England, through the Virginia Company whose charters governed the settlement of America back in the early 1600's and whose shareholders included the City of London and the Vatican. The City of London is also referred to as The Crown. This is not to be confused with the king or the royal family, but they are among its shareholders. Crown lands throughout the commonwealth belong to the Crown and not the governments. The Crown operates world- wide and is said to be associated with the following groups. Committee of 300 Bilderberg Group Trilateral Commission Royal Institute of International Affairs its American Branch, Council On Foreign Relations (CFR) Club of Rome The City of London is the business heart of London and the world, every single credit card transaction runs through there before the payment is accepted, and is centered on the Knights Templar Courts. From here they have regulated laws and banking ever since 1066, for their own profit. The Templars were the first to issue paper money and cheques.

Businesses that have operation here include; The Rothschilds The Central Bank of England (controlled by the Rothschilds) All major British banks have their main offices here 385 foreign banks 70 banks from the United States The London Stock Exchange Lloyd's of London The Baltic Exchange (shipping contracts) Fleet Street (newspapers & publishing) The London Metal Exchange The London Commodity Exchange (trading rubber, wool, sugar, coffee) One of the Templar Courts is called Temple Bar and it controls the legal/court system of the Western Countries. Here all bar associations are directly linked to the International Bar Association and the Inns of Court. Anytime you hear somebody refer to the Bar Association, or being admitted to the Bar, they are talking about aligning themselves with this British/Masonic system, that has nothing to do with a country's sovereignty or the constitutional rights of its people but with the laws that benefit this enterprise. This is why, in

American courts, you see the U.S. flag with a gold fringe, denoting international rule. Another feature of the templar Courts is Cleopatra's Needle. This obelisk was transplanted from Egypt during the reign of Queen Victoria and erected on the banks of the River Thames. There is another Cleopatra needle in Central Park New York, that we covered in our book FHSTOS. The City of London is referred to as a City State. It is a private country within a country. Rome has the Vatican and Washington has the District of Columbia. These three make up the three city States of the Crown and each have an obelisk to denote their allegiances to each other and to their occult philosophies. These three city states run the world. But they are a three ring circus, filled with clowns and large beasts. They have their own flags they make their own laws and have their own police forces. Contained within these three cities is more than 80% of the world's wealth. Obelisks are phallic shaped towers which symbolize fertility. The base of the Obelisk is a sun wheel circle symbolizing the vagina and the 8-Fold path to Enlightenment. Together these represent male and female sexual union which is in honor of the Egyptian God Amen or Amen-Ra the spirit of the pagan. Which means they stole the Divine Feminine and Masculine from humanity and replaced it with the serpent race beings and entities from another solar system. So why would the Vatican use an Egyptian obelisk, a phallic monument, as their symbol? That lies in the Vatican's veneration of Mary, the mother of Christ. The power behind this is occult, arising from the Egyptian gods of Osiris/RA the Sun God, Isis – the universal mother and Horus – the divine child. Catholics believe that if Mary is the mother of God then she must be God also. Nowhere in the Bible does it represent Mary, the mother of Jesus as anything other than a young woman chosen by God to bare His Son. Because Jesus is Horus, is why. Mary is Isis, is why. And Osiris the father is Joseph, all done in the classic name changing antics this cult operates by. Osiris in the hieroglyphs has green skin, meaning reptile or serpent and so not our version of man or woman. The Vatican is about power and money; these are the root of all evil. They use religion to control and feed off the masses.

ARTICLE 3. of the secret Treaty of Verona, made on the 22nd of November 1822, between the Vatican and several European nations including Austria, France, Prussia and Russia states that, the principles of religion contribute most powerfully to keep nations in the state of passive obedience which they owe to their rulers. So 202 years ago they knew religion was a control system, and yet we think we are advanced? do ya still want to go to church? These three City States have a huge influence on global affairs, and their god is Mammon, the god of money. They do not honor the real Lord, Jesus or His government. The Lord or Jesus never had a government, the disciples of them created it for their own gains. They honor me with their lips but their hearts are far from me. Is.29;13 To validate the influence and ownership of Washington DC by both the UK and the Vatican, the obelisk and dome of the Capital Building, copies the Vatican and the Freemasonic Temple is an exact replica of the temple in the City of London. Didn't the Lord say to the people after coming out of Egypt, why do you want a king when you have me? (1 Sam. 8) Which Lord do you want to live under, a Pope, a King, President, or a real Lord called Jesus Christ? In the UK and Ireland there is a saying of exasperation when someone messes up of; Jesus H Christ. Perhaps the added H which is often used as a silent H in many places becomes indicative? H for Horus. Christians, are ridiculed because they read the Word of the Lord, but the Vatican has preached their word in Latin and taught that salvation only comes through their priests. The Pope

calling himself the Vicar of Christ is not scriptural. As Kings and priests of the Living God, we the true believers can use our God-given discernment and authority to bind the influence of these evil men and their evil laws. A Godly government would judge the unrighteous and defend the majority, so perhaps we can start with this contract between King John and the Pope from 800 years ago that has America still paying royalties to England and the Vatican. Shall the throne of iniquity, which devises evil by law. Have fellowship with You? They gather together against the life of the righteous And condemn innocent blood. (Psalm 94; 20-21) This is the problem with common law, they distort it with religion and fail to overview the details, because they start off the journey with a premise that religion is good. When there is zero evidence anywhere of that being the case. It is like stair stepping the knowledge, then eventually they will say, well I will accept reluctantly that the Vatican is corrupt, but will not allow that to deflect me from my religion. But the Vatican and their minions created all the books that many still believe in. Common sense not common law has to apply here, if they are bad, deceitful and corrupt in one area, does it not provide a logical conclusion they are bad in all areas? Half measures are not good enough anymore, it is time to grow up and rip off the band aid and reveal the full truth, no matter how ugly that is. It is ugly because we lived the lie for far too long and allowed those vehicles of evil to hold dominion over us. Fuck that, let's get real and exhibit our true selves and claim our Source given inherent rights and dominion back. The world is full of kings and queens who blind your eyes and steal your dreams, indeed. But the world is full of black nobility who blind your eyes and steal your upward mobility as well. The solution: we the people coming together.

Next Tuesday we will have another two-fer and the next edition of the Vedas Series, this will be FHSTOS Plus 25 The Vedas Part 5. I am sure you will all be looking forward to that, but in the meanwhile I have been pondering again. Oh no I hear the cry, he's going to explode our heads again – indeed. We finish this show with PONDERINGS:

This is a disturbing piece that I hope by highlighting it, it may cause a rethink for those doing it. It beggars belief what people will do for money, it really does. Many European White nations are now selling their most precious asset to the rest of the world, their genetics.

Denmark sell Aryan Trait sperm and eggs to China, India and other Non-European Countries! Aryan Trait? Means the Aryan white characteristics, for them to raise their genetics numbers we covered in FHSTOS Plus 24. If whites were all so inferior as stated in the MSM, why would these foreign nations all want our genes? If the Jews are all so superior and declared as god's chosen ones, why don't these foreign nations buy their sperm and eggs? All part of life's great mysteries it seems.

As war broke out within Israel this past week as the coalition government fell apart after Gantz resigned, Netanyahu reminded the world of what we are really dealing with, with this gem of a headline. My door will remain open to any Zionist party that is ready to get under the stretcher and assist in bringing victory over our enemies and ensuring the safety of our citizens. National Zionist party? Equals NAZI party.

Last year we highlighted the arrival of President Javier Milei of Argentina and we announced he was Jewish. This year we will highlight President Claudia Sheinbaum Pardo of Mexico. She was born in Mexico City to a Jewish family. Her paternal Ashkenazi grandparents emigrated from Lithuania to Mexico City in the 1920s, while her maternal Sephardic grandparents emigrated there from Plovdiv, Bulgaria. But that is not enough for this year, oh no the Jewish junta are on the march, as on the apt date of July 4th. I expect the UK to install a person I warned would be installed as premier there 2-3 years ago, called Keir Starmer. Keir Starmer is also Jewish. That is their definition of multi-culturalism, in case you didn't notice. Multi-culturalism is installing immigrants carefully placed into other countries and ultimately they end up at the head of those countries. The big question is, will Starmer, Milei and Pardo lead their adopted countries into war like the other Jewish premier in a foreign country, Zelensky?

Here is a little interesting pondering: The UK reign ends with Ukraine. UK equals Unentitled Kingdom and will lose its Crown. The US equals Unentitled State will be left in a state, small s, signifying a total mess. The West and its minions will go to the west gate, the left hand path of Set that was set for them. The sub grays will find themselves in the proverbial Black Hole of Calcutta from whence they came. Whether that will be like today, tomorrow or the day after tomorrow, your stupidity will become very costly.

I often hear people saying oh I never thought of that? But with our thought being the creative force behind everything, does our lack of thought create a largely empty Universe? Dark Matter, Black Lives Matter, err no, our thoughts matter, as they create matter. The saying what is the matter with you, has a whole new meaning.
