

NEWS:

After Saturday's booming show people will ask can he follow it? I guess time will tell in the next 3 hours or so. Plenty of positive and affirmative news going on currently as the tide has definitely turned on the narrative. As now five states — Texas, Utah, Kansas, Mississippi, and Louisiana are all suing Pfizer. For knowing and concealing the vaccine causing myocarditis, pericarditis, failed pregnancies and deaths. That's 10% of US states, what happens when that doubles, triples or quadruples?

In another exposure that now has gone public with a dramatic turn and possibly could be linked to the previous story. The Ashkenazi Jewish Zionist Sackler family has been stripped by the Supreme Court of immunity, related to all the opioid deaths their products have caused. This is a sign they will also strip Pfizer, etc. of their supposed immunity from vaccine lawsuits.

Meanwhile in Canada, the Ontario Court of Justice ruled a PCR test is an instrument that is inserted into the body and therefore contravenes section 14 of the Quarantine Act. Oops. Rumor has it Trudeau is in big trouble and may face criminal prosecution and worse.

As Hungary, N. Korea, China and now India are joining forces with Russia over Ukraine, rumors that NATO will step down altogether following the French psychopath and fake king of the world Macron and Germany Chancellor Olaf Scholz have declared NATO will not join the war.

President Joe Biden's Democrats are mobilizing against a possible governing agenda for Donald Trump if he is elected this November. Clowns are in deep panic over this and maybe the Election as we know it, will not unfold as planned. Echoes of 2016 again, but who will step in. I think if the current incumbents stay in the ballot by November, I suspect civil war to break out within this country.

In a desperate bid to stay in power and just as we forecasted, Netanyahu is desperately trying to start a war with Lebanon. As a result, the following countries have begun evacuating their civilians from Lebanon:
1) Canada 2) Kuwait 3) Germany 4) Netherlands 5) Saudi Arabia 6) North Macedonia 7) Russia 8) USA 9) Ireland 10) Jordan and 11) Australia.
A widened out war will bring destruction, but also a speedier end to things. I suggest religious people need to prepare themselves to what is coming, it won't be pleasant.

Shortly after the 15-16 June 2023 annual summit of NATO military bloc leaders last year in Brussels, this report details, one of its attendees. An Italian Army elite special forces commander Major General Roberto Vannacci, on 10 August 2023, self-published his bombshell book *Mondo al Contrario* meaning *The World Upside Down*. Wherein Major General Vannacci revealed that NATO is controlled by demons preparing to extinguish Christianity from the Western world, and his bombshell book quickly became a bestseller. His book was also controversial due to the statements expressed on feminists, immigrants, homosexuals, environmentalists and Jews, which brought him to the center of considerable media attention. In immediate response, Italian Defense Minister Guido Crosetto denounced Major General Vannacci for exposing the demonic truth about NATO and declared in rage: Disciplinary action will be initiated by the Defense Ministry. A declaration swiftly followed by the Italian Army firing Major General Vannacci, but a few weeks ago, he won a crushing landslide victory to become a member of the European Parliament. Demons in NATO? Bring it on. NATO already had a crushing blow last week as some of their missile systems no longer work like Mr. Putin revealed this week.

This has a hint of irony about it, as Prosecutors in Arizona could reasonably press homicide charges against big oil for deaths caused by a July 2023 heatwave, lawyers wrote in a new prosecution memorandum. The case for prosecuting fossil fuel companies for climate-related deaths, is strong enough to merit the initiation of investigations by state and local prosecutors, the document says.

The memo, published by the consumer advocacy non-profit Public Citizen on Wednesday, concludes that the state could pursue reckless manslaughter or second-degree murder claims for the extreme weather event, that killed hundreds of residents and which climate scientists found would have been virtually impossible but for the climate crisis, caused primarily by the burning of fossil fuels. I have said all along big oil and energy people should pay for climate change, perhaps with these lawsuits they will. In what could be the first case of a program the clowns brought forward, then backfiring on them with lawsuits. Personally I think it's hilarious.

Yet more evidence of the US military being exposed, for not only their involvement in bio-weapons, but collaborating again with the Chinese is revealed.

All of which makes a mockery of the MSM attempts to state that China are the enemy.

A recent audit of Pentagon funding of gain-of-function research outside the US may have shielded collaborations with Chinese biotech firms, including at least one linked to Beijing's military, a Republican senator alleged Tuesday.

Sen. Roger Marshall (R-Kan.) pressed Defense Secretary Lloyd Austin for answers about redactions that had concealed the firms, WuXi AppTec, Pharmaron Beijing Co. and Genscript Inc. from public scrutiny in the audit.

American taxpayers deserve transparency about the programs they are funding, and I am disappointed this OIG report does not provide that accountability, Marshall wrote.

Between 2019 and 2020, the US Army Medical Research and Development Command gave \$6.5 million to WuXi AppTec to test antivirals in cells and in animals infected with the SARS-CoV-2, dengue, Ebola and Chikungunya viruses.

In 2019 and 2020 they were testing SARS Cov-2? What a cohen-cidence that is.

According to the Defense Department Office of Inspector General audit, more than \$15.5 million in grants between 2014 and 2023 flowed through subrecipients to contracting research organizations in China, or other foreign countries for research related to potential enhancement of pathogens of pandemic potential.

However, the 20-page audit cited significant limitations with the adequacy of data and said the Pentagon did not track funding at the level of detail necessary, to determine whether the DoD provided funding to Chinese research laboratories or other foreign countries for the gain-of-function experiments.

Yet again the giant sinkhole for public funds called the Department of Defense, swallows whole swathes of our funds for nefarious purposes. Such research is classified as offensive biological work by the Pentagon, in our terms that is bioweapons against we the people.

Which Marshall said raises questions about National Institutes of Health (NIH) officials, having admitted this year to funding gain-of-function experiments at the now-debarred Wuhan Institute of Virology, through a since-suspended grantee, EcoHealth Alliance.

We exposed that very early in the Expose series.

Manhattan-based EcoHealth has denied that the experiments constituted gain-of-function research on bat SARS viruses, despite NIH officials and scientists testifying otherwise to Congress.

A case of admitting it and then lying about it, unbelievable.

They rejected the hypothesis that it may have led to the Covid-19 pandemic, except it wasn't a hypothesis at all, it was proven to be the case, even Fauci admitted the lab leak theory, now fact.

Marshall asked again in his letter for the Pentagon to complete a whole-of-government audit of gain-of-function research.

Good luck with that, out will come the National Security Act nonsense again.

Here is a brave church person and here is what happens when you endeavor to tell the truth as well.

Archbishop Carlo Maria Viganò, the former Vatican ambassador to the United States who, this past December, released a video exposing the truth about everything from Ukraine to the World Economic Forum and more.

A few weeks ago, the Washington Post reported: He has called Pope Francis a liberal servant of Satan, demanded his resignation and suggested that the Vatican's Swiss Guard arrest the 87-year-old pontiff now.

After receiving years of withering verbal attacks, Francis appears to have struck back against Archbishop Carlo Maria Viganò, the pope's most ardent internal critic, as recently, Archbishop Viganò revealed: The Dicastery for the Doctrine of the Faith has informed me, with a simple email, of the initiation of an extrajudicial penal trial against me.

With the accusation of having committed the crime of schism and charging me of having denied the legitimacy of Pope Francis of having broken communion with Him and of having rejected the Second Vatican Council.

I have been summoned to the Palace of the Holy Office in person or represented by a canon lawyer.

I assume that the sentence has already been prepared, given that it is an extrajudicial process.

One hopes it works out well for him, but perhaps he needs to expose the deeper Pope levels as well.

Pope Francis operating like a Belgian judicial group and trying to stifle or shut down the narrative.

Where in the holy book does that say is law, morally correct or righteous?

So the UK has another premier, all very predictable.

But the great question is, should that result be allowed?

Here is why.

There are lots of interesting stats and flaws in the first past the post system, but one stands out: 80% of the registered voters (48,214,128) did not vote for the new Labour government (which got 9,674,562 votes).

Turnout was only 60%, so 40% of registered voters didn't vote at all, but still, to phrase Labour's government mandate as only being backed by

20% of the voters is quite striking.

How can you form a government with only a 20% vote of the people?

You shouldn't in real terms, but the people keep going along with their politicians, their voting system and their media cover up of the facts.

The same applies in America, the last three elections at least, the highest vote was abstention.

So, the majority of the people are disenfranchised and did not vote for their candidate of choice.

If the people came together, we could create our own candidates, all vote for them and the clowns couldn't do a thing about it.

We would not need funding or have overheads, just pick a suitable The Peoples Club candidate and get all the members and people to vote only for that candidate.

Game over, all it requires is unity.

The slow creep of the Jewish EL-ites and their puppet governments we have highlighted since last year, with Argentina, Mexico and now the UK, more on that soon.

These are the lengths they will go to, to subvert the local populaces.

This is disturbing and will be rolled out further than just this country highlighted.

Western governments are pursuing increasingly disturbing avenues of eradicating ideas and speech that challenge pro-Israel narratives.

In the latest demonstration of such an over-the-top policy, German law now requires applicants for citizenship to affirm that the State of Israel has a right to exist.

So in legal terms what they are doing here is, gaining consent via privileged right of use, when we don't need passports to travel as we have free use of this planet.

Previously they used implied consent or consent by ignorance, now they are resorting to consent by coercion against the right of use.

New test questions have been added on the topics of antisemitism, the right of the State of Israel to exist and Jewish life in Germany, the interior ministry told the Financial Times.

The new law took effect on Thursday.

Two days earlier, interior minister Nancy Faeser said:

Anyone who shares our values and makes an effort can now get a German passport more quickly and no longer has to give up part of their identity by giving up their old nationality.

But we have also made it just as clear: anyone who does not share our values cannot get a German passport.

We have drawn a crystal-clear red line here and made the law much stricter than before.

What are those values Ms. Faeser? Did the people vote on those values or are they imposed upon them? Which is fraud.

The classic line of you can get something quicker by giving up your rights was used also.

The classic problem of lacking patience and the convenience tool they use against those that lack patience, then becomes a noose around their necks.

Here is a test questions for you Ms. Faesar.

1. Where is the respect for people's free will choice of thought and opinion?
2. By taking away that right, do you realize makes you a Fascist, which is a National Zionist.
3. Don't you think the German people have suffered enough lies, shame and guilt for what happened 80 years ago, why do you think adding to it is valid?
4. Have you learnt his story Ms. Faesar of the damage Jewish bankers did to your Germany?
5. Do you realize that dividing Germany under a false pro pagan da narrative of Communism, which is also Zionism, weakened your country for decades?
6. Who built the chimney in Auschwitz after 1945 and why?
7. Is your name Faesar or Caesar or Kaiser?
8. Is the crystal clear red line a reference to the Red Army attributed to Russia and Communism, when it was actually Bolsheviks and Jewish? Message to the Germans, run these people out of your country before 1920-1930 starts again.

Here in the United States, that same expansive IHRA definition was incorporated into the Antisemitism Awareness Act passed by the House of Representatives in May.

It exposes colleges to federal punishment if students or professors make a forbidden statement or argument about Israel.

Though it sailed through the House on a 320-91 vote, it has yet to be taken up in the Senate.

Americans, same message as to the Germans, these people do not have our best interests at heart.

They are parasitic in nature and spawned every act against we the people.

This is the tail end of it, the beginning was the political correctness act.

I warned people back then in 1996, they didn't listen, one hopes they listen now.

This is an interesting piece that you don't hear too often in the corridors of power, more interesting is this person received our Blueprint book. Alexandria Ocasio-Cortez slammed AIPAC for pouring tens of millions into Rep. Jamaal Bowman's divisive primary race, after Bowman lost

the primary to a more moderate Democrat.

Bowman, a second-term progressive, faced tough opposition from the pro-Israel political advocacy group AIPAC because of his criticism of the Israeli government.

The group, which has historically funded more Republicans than Democrats and rarely spent on Democratic primaries, spent at least \$14.5 million against Bowman.

Where is the Department of Justice and or the State Department in these matters? as that is as blatant election interference as you can get.

This was about \$20 million in big money being spent in a historic sum, unlike any seen in American history, point-blank. Ocasio-Cortez told reporters from the Capitol on Wednesday.

I think we need to have a real conversation about the AIPAC, she continued.

I think that what we do need to have a real conversation about is how a Republican, primarily Republican and largely Republican-financed organization is playing and dumping money and playing an extremely divisive role in the Democratic Party.

Ocasio-Cortez remarked that beyond impacting primaries, AIPAC's influence on Bowman's race and others could also bear fruit in the general election.

Rep. Cori Bush (D-Mo.), another progressive who faces her own primary challenge where Israel policy has played a key role, similarly denounced the influence of AIPAC on Bowman's loss on Wednesday.

AIPAC and their allies backed by far-right Donald Trump megadonors, poured a tidal wave of cash into this primary race, showing us just how desperate these billionaire extremists are in their attempts to buy our democracy, promote their own gain and silence the voices of progress and justice.

There should be no question about the need to get big money out of politics.

Just like our Blueprint advocated, Cortez has also received our book.

But that is not the last AIPAC reference either as the next piece reveals.

Thomas Massie who has received the Blueprint book has announced his wife has suddenly died.

Rhonda's death was sudden and the causes not yet revealed as to how a young woman of 51 died suddenly.

Turns out in the past month Rhonda has been exposing AIPAC and how every Senator has an AIPAC babysitter alongside them.

Actually it is around 13-15 per Senator or Representative.

Showcasing direct election interference and yet nothing is done about it.

Should this turn out to be a Mossad death hit, the blood is on the hands of the Justice and State departments for not dealing with this terrorist threat within our own borders.

Also every intelligence agency as well.

To Rhonda and her family we applaud your courage for speaking up and out and this song is dedicated to her.

SOCIETY SECTION:

Yet another story highlighting the atrocities of the Indian boarding schools committing atrocities and covering it up.

Other stories told of schools not protecting the native children, after this expose one must ask are they involved in the abuse and death of children?

This also plays into what I exposed with the Royals document on Saturday.

The movement to document Indian boarding schools in the U.S. and the harm they've caused over generations is growing, similar to a reckoning underway in Canada.

In the U.S., the National Native American Boarding School Healing Coalition produced its accounting in 2020, listing 367 schools across the country, followed in 2022 by the Interior Department's report identifying 408 schools across 37 states or then-territories.

Amid the horrors reported were over 500 child deaths in 19 schools.

The government also uncovered 53 marked and unmarked burial sites on these schools' grounds.

About half the schools were supported by the U.S. government, but were operated and staffed by Christian denominations, including the Catholic Church.

Church and State makes more sense now, it is another program.

Federal archives show the U.S. government coerced, induced or compelled Indian children to enter the schools, with treatment including, but not limited to solitary confinement; flogging; withholding food; whipping; slapping; and cuffing.

Absolutely disgusting and following on from the horrors of the world show, how can we ever again trust these institutions.

Who in the government and the church are going to take responsibility for this?

The Catholic Truth and Healing list has still more confirmation of the abuse.

The Catholic truth and healing is about as useful as ITNJ Robert David Steele and Sacha Stone was to ritual abuse.

Its website notes that the boarding school policy has been recognized by Tribal Nations, scholars and many others, including Pope Francis, as one of cultural genocide and a source of intergenerational trauma with continuing effects today.

Many tribal members suffered brutality at the schools where physical abuse, deprivation of basic necessities and sexual violence were rife, even

when tribes had cooperated with their formation.

The Quapaw originally sent their children to schools off the reservation, but their names were changed or they came home not speaking their language, Wilson said.

Many who returned no longer fit into their Indian world or that white world.

The Quapaw Tribe gave the Catholic Church 40 acres of land to build and operate St. Mary's to keep tribal children from being taken off the reservation, she said.

They absolutely believed education was important to survive in that white man's world.

The natives have to understand that the white man world is not a creation of white people, this is a disturbing off world programs as revealed by the Royals themselves.

But they didn't want to lose their children.

Yet some people still question my stance on religion, this is what the Catholic church has done the world over to children, to force them into their evil belief structure.

The sooner religion ends on this planet, the better all the people will be.

The schools have a well-documented legacy of suppressing Native languages: forcing students to speak and write only in English and severely punishing children who defied orders.

But Black Elk of the Pine Ridge Reservation, who graduated from Red Cloud in 2005, following his grandfather's path, described nuances therein.

Today the school is operated by his tribe as a Lakota-Catholic day school, named after an Oglala Lakota leader.

Really? Perhaps the natives need to understand that Oglala means to scatter one's own in Lakota language.

Just like the LORD of the bible did to the people in the Middle East, cohen-cidence? I think not.

Oglala are one of the seven subtribes of the Lakota people who, along with the Dakota, make up the Očhéthi Šakówiŋ the Seven Council Fires. Remember the Royals reference to the 13 Fires?

Before the school opened, he said, there was a strong relationship between the Lakota people and the Society of Jesus.

Yes because the Jesuits who back Christopher Columbus and the Sephardic Jews, did a similar campaign of forcing the locals into their biblical belief structure, all of which is built upon a lie.

The Catholic religious order for men had been in close contact with the Lakotas, learning their language and translating the Bible into Dakota and Lakota languages.

Red Cloud, the tribe's chief, traveled to Washington, D.C., in the early 1880s to request a special allowance for the Jesuits to create a boarding school on the reservation.

In other words the Jesuits took over the tribe, echoing the Royal Declaration of the aborigines.

The Jesuits who initially staffed the school emigrated from Germany, like an earlier version of Project Paperclip.

For the first decade of its operation, Lakota students and German-speaking priests learned English together, a tribal member who attended the boarding school in the 1950s told Black Elk in interviews for the research project.

At that time, it was known as the Holy Rosary Mission School.

It would be interesting to know if they were German priests or Israeli Cohens?

Asked about this community elder's retention of her native language, Black Elk said, she feels strongly that the boarding school never really beat it out of her, that she never lost it.

One of the Jesuits spoke fluent Lakota also, and he would talk with her regularly, she added.

That was a big part of her life's formation.

So it was the Catholic church that brought down the Native Americans, not the "whites" as portrayed in their story.

Echoing what we revealed in FHSTOS.

These next two stories continues the death toll created by following religions.

Each year it creates a mass of deaths because of these programs.

They are called pilgrimage, but for the people who die or suffer at these bizarre events, it is the age of the grim pill.

At least 116 people were killed in a stampede at a Hindu religious gathering in India's northern state of Uttar Pradesh on Tuesday.

The stampede happened in a village in Hathras district, about 125 miles southeast of the national capital New Delhi, where authorities said a large crowd had gathered on an area of open ground in response to a call from a local religious leader.

But it gets worse.

As more than 1,300 people died during this year's Hajj pilgrimage in Saudi Arabia as the faithful faced extreme high temperatures at Islamic holy sites in the desert kingdom, Saudi authorities announced Sunday.

When you add in the Gazan, Lebanese, Syrian and Yemenese sacrifices to the gods, one ponders just what drives these people to follow religions at all.

How many more deaths have to occur to worship fake gods they have never met and unlikely to ever meet either?

Where was their god saving and protecting them at these pilgrimages?

Another basic question left unanswered.

This is funny also, as another of the clown programs is about to be replaced, the electric vehicles. The electric vehicles are being ditched everywhere as they have been found not as efficient and certainly not as convenient as gas cars. Particularly when you factor in the cost of the battery replacement at some point, with batteries ranging from \$20-35K. The Future is Here: The First Hydrogen Energy Car. This hydrogen car can run all day on full. They are called fuel cell vehicles, the only emission from these vehicles is water. Several cities around the world have tested fuel cell vehicles, with over 5,600 buses in use worldwide, the majority of which are in China.

Hydrogen fuel cell buses have a greater range and longer run time than battery electric buses, with a range of around 450 kilometers (280 mi) before refueling compared to around 250 kilometers (160 mi) between charges for a battery electric bus. Hydrogen also has a higher energy storage density than batteries and does not rape the environment, because it does not contain cobalt or lithium. The only exhaust it emits is water, that's right, just pure H2O. Looks like Elon Musk needs to expand his horizons. When this catches on, the Tesla will go the route of the dinosaurs. It will also sting the fingers of the greedy shekel makers investing heavily in the electric vehicle market.

Just as THI forecasted many years ago of how the Jewish Keir Starmer would become the country's premier. As Britain's Prime Minister Rishi Sunak conceded defeat to the opposition Labour Party as voters in the UK general election delivered a devastating verdict on 14 years of Conservative rule.

As results poured in from around the UK, the center-left Labour Party was on course to win Britain's general election by a landslide. Party leader Keir Starmer celebrated the victory in front of supporters at the Tate Modern art gallery in London. Change begins now. It feels good, I have to be honest, he said. An exit poll predicted that Labour would win 410 seats, while the Conservatives will drop to just 131 seats, a rejection of the ruling party by Britain's electorate that had been anticipated for months. This will not end well for the UK, except to be asset stripped, austerity measures, judicial reform and war. You just can't teach the stupid. The irony should not be lost on our members in the fact an Indian hands over the power to a Jew. The empire lives on, but not the empire you thought. So, now you have a Jewish premier running the country and Jewish bankers running the finance and Jewish lawyers running the justice system and Jewish EL-ites running the Crown. Good luck with that. Keir promised changes, oh there will be changes alright, just worse than even the Tories where. Do you not find it a cohen-cidence in light of our book FHSTOS, that the UK a remnant of Atlantis had a premier who was Indian and then stepped down and a Jew took over? Oh the irony. The great question is, are they taking the piss? Starmer will not last as sweeping reforms in favor of IS RA EL will unfold there and many of the people there are beginning to notice the immigrant issue, all of which was funded by the Jewish Soros Foundation. Expect UK to get embroiled in a war and expect many wishing to flee the country.

EXPOSE:

[Text by Thomas Williams is in bold]

This is the second part of the NWO exposure, following on from the last THI show.
People said they couldn't work out which part was the author and which part my commentary.
That is a testament that the author Jens Jerndal of Global Research is on the same page as THI.
Jens Jerndal is a Swedish-born internationally recognized authority on the now occurring Paradigm Shift.
He has authored four published books.
He is a political scientist, economist, former diplomat, former investment counsellor and CEO, and a former professor of holistic medicine.
Now he is an author, speaker, coach, consultant futurist and holistic philosopher.

1992 was a key year for the New World Order agenda, with several long term, falsely labeled projects being launched. Here some of the operations put into action:

1) The most publicly and globally promoted of these projects was the so-called Agenda 21, where the number refers to the 21st century as a

whole.

It was the result of the United Nations conference in Rio de Janeiro in June of 1992, on the initiative of David Rockefeller and under the chairmanship of his right hand, the Canadian oil magnate and politician Maurice Strong.

Its full name was the Rio Declaration on Environment and Development, and the Statement of principles for the Sustainable Management of Forests and it was adopted by 178 Governments.

The majority of them probably had no clue of what its real purpose was.

It was an agenda built on the 100% false claim that the world was in dire danger from man-made global warming, caused by the human and livestock populations.

They then promoted with the help of a fear-mongering campaign, commissioned from former US vice president Al Gore, none of whose scary predictions are occurring.

Contrary to what globalist media's fake news tries to make you believe.

But fear is what the public feed upon, without realizing they are the ones being fed off.

All too easy to create a scare, fear or boogeyman and the public all fall for it.

The solution? 45/55, ask for proof and love not fear.

The idea of global warming justifying world government goes all the way back to 1968 when the Club of Rome was formed by David Rockefeller and two others.

The next step on that road was the United Nations Conference on the Human Environment in Stockholm in June 1972 when Olof Palme was Prime Minister of Sweden.

Incidentally the Rio conference in June 1992 was programmed to celebrate the 20th anniversary of the Stockholm conference which had also been organized by Maurice Strong on behalf of David Rockefeller.

Another climate conference was held in Stockholm in June of 2022, to celebrate the 50-years anniversary of the original Stockholm conference of 1972.

Why Sweden? The Wallenberg's who are Jewish run that country.

The UN, the EU, and many similar organizations were all created on a Rockefeller initiative for the ultimate purpose of creating a New World Order with One Global Government.

So was BRICS along with the Rothschild clan.

2) In 1992 the World Economic Forum began a program to train people from all over the world who already were, or aspired to become, politicians or high-level public servants.

The secret goal was to infiltrate the governments and centers of power in every country in the world with ambitious and obedient globalist puppets, much like Manchurian candidates.

They would grasp the power to execute the global coup in their respective country, ordering lockdowns and making sure everybody was duly vaccinated.

All of it supported by an intense fear campaign, whipped up by globally controlled mainstream media.

Some public figures considered powerful influencers in business, sports, entertainment etc, were also included among the trainees.

Notably the people controlling Facebook and YouTube.

Even members of royal families were recruited.

King Charles III of the United Kingdom, while still Prince of Wales, is one of them, and so are the heirs to the Swedish, Danish, and Norwegian thrones.

To date many thousand young men and women aged between 38 and 44 have completed this training, directly aimed at getting them elected as presidents or prime ministers, or appointed ministers or heads of important government departments in every country of the world.

They are instructed to betray their constituents who trusted them enough to vote for them, and instead obey orders from WEF.

Orders that violate constitutions and legal protection of citizens, along with inalienable human rights and freedoms.

Not to mention political party programs that got them elected into power.

In actual fact, this amounts to, high Treason and Genocide.

The author may not be aware of is the facts that there is no treason or high otherwise as they operate outside of the law.

Secondly, due to us all declaring ourselves as initially incompetent and then dead, how can you genocide dead people?

This is what people have to understand what we have consented to.

It is the same as Americans citing the Constitution, but which one? 1787 or the other three implemented since.

Saturday's show told you they implemented them all and so none apply to us.

So, the solution is, we have to create a new Constitution for and by the people and not by special interest groups, families, organizations, people or beings.

Here are some of the governments around the world that have been infiltrated and infected by the WEF virus: The USA, Canada, Germany, Britain, France, Italy, Spain, Austria, Netherlands, Finland, Sweden, Denmark, Norway, Argentina, Costa Rica, Haiti, Australia, New Zealand, Tanzania and South Africa, some more virulently than others.

The list is far from complete.

Jurisdictions and judges have also been infiltrated, so that attempts by brave people to prosecute the traitors are set to fail. Besides WEF's network targeting government levels, they also have in place a global network of young people called Global Shapers who work on provincial and municipal levels to push for Agenda 2030. There are over 10,000 of them working via nearly 500 hubs in 149 countries!

We have to match and surpass their Global shapeshifters, which is their true goal.

A shaper is a think tank clown and puppet, so we find out who they are and target them and remind them of the Divine Law of all are equal and no one is above the law.

We all have free use of the land and resources and our bodies are a sacred contract between the soul/spirit and the Divine Creator.

Everything they are doing is fraud, ab initio and so is null and void.

Sweden was, surprisingly, one of the first countries to get a kind of globalist puppet regime under Carl Bildt, already in 1990, even before the WEF's Young Global Leaders program was formally initiated in 1992.

Bildt is another Jewish puppet of the Wallenberg's, born into a nobility family line.

3) Meanwhile, a global consolidation of media outlets, both TV channels and press, has been going on by globalist media consortiums, to the point that now almost all media all over the world are owned by only six multi-billionaire owner consortiums, all of which are aggressively in the globalist camp.

The same goes for the news agencies, like Reuters and Associated Press (AP), whose news are copied word for word by media all over the world.

Reuters and AP are subsidiaries of the CIA and 5 eyes group.

That's how the response to the created Covid pandemic could be so swift and coordinated, in implementing uncalled for dictatorial restrictions and control measures all over the world.

Measures that in many cases directly violated both generally accepted scientific opinion, human rights, current laws, and even the very constitutions of their respective countries.

Purposefully wrecking the world economy, and the personal economy of all but the wealthy.

They think they are the economy, because we gave away all of our Estates.

4) Part of the plan was to infiltrate Muslim communities, via imams, mosques and schools, to create fanaticism that would cause conflicts.

This provides false culprits for false-flag state terrorism, such as 9/11, and justifies increased control and restrictions.

Osama bin Laden was a CIA asset, whose whereabouts was known at all times.

He was not brutally murdered by Obama and Hillary on foreign soil without any proof of guilt or legal procedure, as they bragged all those years later.

The reason for that publicity stunt and the time chosen for it, will have been to gain popular support as national heroes in the then upcoming presidential elections.

Osama died from kidney disease in December 2001 if memory serves me correctly, with none other than Donald Rumsfeld attending his bed in the hospital, so much for being the enemy.

The videos later shown with him were fakes.

The other side of this coin, the strategy to rule by dividing Divide et impera, is to plant fear and hatred in western populations against Muslims through media reporting, in order to get public support for aggressions against Muslim countries.

This has been going on since 1990, beginning with the first Gulf war and the creation, by the CIA and Pentagon, of the false flag Al Qaida terrorist organization they could then blame for their own secret terrorist acts.

In 1990 Papa Bush orchestrated the first Gulf war, invading Iraq after inciting Saddam Hussein to claim part of Kuwait.

Yes the US Military backed and supported the invasion of Kuwait as a set up to allow Israel to claim more land, resources and control. That was a signal for "the West" to start looking at Muslim countries as enemies, even when they had previously been allies.

The West is a Jewish consortium and nothing to do with the countries involved.

You have to understand there are no countries for these people, countries are just pawns to play off against one another, then kill one another so the Jewish Junta claims all of the spoils.

It is all to satisfy Israel.

The big exception being Saudi Arabia. Follow the money! And don't forget that it was the US that installed and supported Saddam Hussein as dictator of Iraq.

And that Saddam had dutifully fought a long and dirty proxy war with Iran on behalf of the US, Britain and Israel.

Saudi Arabia is another fake country built upon the House of Saud, who were not Arabs but a Jewish EL-ite family.

Ibn Saud had 146 children, which makes no sense, but that was for them to go and control all of the regions power, land and resources, that belongs to us all.

It's also only since 1990 that Muslim fundamentalism has flourished with demands for Sharia law, terrorist attacks, certain dress requirements for women, such as always wearing Hijab, even for little girls in elementary school.

1990 is also when terrorist acts became more common.

In my opinion the vast majority of them have been planted by CIA or other US-sponsored organizations.

Our show has shown that, that opinion is actually fact.

But the clowns played the ultimate piss take card after telling Americans and other Western nations to hate on the Muslims, they then installed a Muslim President of US Inc.

With a fake name almost identical to the two CIA agents names of Osama and Hussein, became Obama Hussein.

That was his stage name, his real name is Barry Soetero, which is awfully close to two other clowns in the Philippines, Suharto and Soekarno.

It is all theater once you see.

Each such event has offered the US globalists a new justification to increase control, restrictions and prohibitions, which are imposed on other countries as well, and move us all one step closer to the final takeover by the New World Order.

Except the One World Government existed many years ago, operating from underground.

All this fits in with US General Wesley Clark's revelation in 2003 of the plan by the US Ministry of Defense to take out seven Muslim countries within five years in the Middle East and North- Eastern Africa.

Starting with Iraq and finishing with Iran. Not counting Afghanistan.

Except as we have revealed, Wesley Clark is also a stage name.

His real name is Wesley J. Kanne.

His mother remarried and his name changed again to Wesley Kanne Clark.

Why the name changes? Because Clark was born to Jewish parents.

His paternal grandparents, Jacob Kanne and Ida Goldman, immigrated to the United States from Belarus, then part of the Russian Empire.

Wesley Clark rose to prominence not because of his skill sets, but because he was Jewish.

Now we see how this global coup has been planned, step by step, pervading every government, including provincial, municipal and NGO levels, in nearly all signatory countries of Agendas 21 and 2030.

Fortunately for Russia and the world, the US plan failed that assumed they could just step in and take over the entire Soviet Empire with all its vast resources.

They had not counted on Yeltsin appointing Putin his successor in a moment of soberness, when he realized what the Americans were trying to do with his Russia.

But the NWO launch had been done 10 years previously, and the project proceeded as scheduled in spite of Russia, 9/11 and all, till the crucial Covid moment in late 2019 - early 2020.

Losing control of Russia was a shock to the US doctrine for global supremacy and total domination, and now we understand why the US Deep State hates Putin with such venomous intensity.

Simply because he defended his country and stopped the US from taking over and destroying it.

Without a single shot, and without destroying a single other country.

Compare that to the long list of countries the US has destroyed, and the millions upon millions of innocent people who have died or had their lives entirely ruined by the American war machine in Korea, Vietnam, Iraq, Former Yugoslavia, Afghanistan, Libya, Syria, Yemen, and elsewhere.

Putin's surgically measured invasion of Ukraine was directly and intentionally provoked by the Biden government on behalf of the globalist mafia.

After two decades of continuous aggressive provocations by NATO.

Far from unprovoked as Western globalist media claim.

NATO has expanded to almost twice its size after the collapse of the Soviet empire, in blatant violation of a formal promise by the US not to move it a single inch to the East of Germany.

NATO, no longer a defense organization, has been creeping right up to the Russian frontiers with nuclear missile ramps and tried to achieve power or control over neighboring former Soviet republics, set up by the West as independent border states around Russia upon the dissolution of the Soviet empire.

Correct, neither NATO or the US are defense in our terms, they are an offensive group acting on behalf of these largely Jewish EL-ites in the promotion of world hegemony for Israel and the enslavement of their entire planet.

The Blueprint will stop that shit and steer us onto a better path.

Western media driving the NWO narrative hide the fact that the US government staged a coup in Ukraine in 2014 against democratically elected President Yanukovich, who had to flee to Russia to save his life.

Instead, the present president Zelenskyy was installed by the US government which de facto rules Ukraine since then.

Zelenskyy for those new is also Jewish, why would Ukraine have a Jewish leader? Indeed why does Argentina, Mexico and even the UK now have a Jewish leader?

It has brought vast amounts of U/S weaponry including nuclear-abled missiles right up to the Russian border, not far from Moscow.

To get a perspective on this, imagine how the US would react, if Putin did the same thing on the US border with Canada or Mexico!

One aspect of Washington's war-provoking policies is the fact that most people behind political decisions of the US, all make billions on every

war, as shareholders of the weapons industries, and they always make sure all their wars are on different continents from their own. From their safe US mansions they have been heard calling US soldiers dumb cannon fodder, as they are sent to die in other parts of the world so that their stock market profits may multiply.

That was Henry Kissinger, who is also Jewish.

Putin has respected international conventions and treaties, as opposed to the US.

He has also patiently tried to get to terms with the US through reason and negotiations, but the US has refused to negotiate.

It has continued its breach of agreements and relentless provocations until Putin saw no other way to protect his people and country than invading Ukraine, not to conquer it, but to:

1) defend ethnic Russians in eastern Ukraine, who have been subject to relentless warfare, bordering on genocide, by the US-controlled Ukraine government ever since the US took over by the coup in 2014.

2) close down the many bioweapon laboratories the US has established, funded and partially staffed in Ukraine, some of them also very close to the Russian border.

Which he tries to do as carefully as possible, respecting the safety of the civilian population.

Contrary to globalist propaganda.

As we now well know, the first victim of a war is the Truth.

These laboratories work on illegal biological warfare, outlawed by international agreements.

They are clearly directed against the Russian people.

It has been leaked that one of the things these high-risk laboratories are working with, is infectious agents that only attack specific ethnicities or genotypes, and are airborne, even spread by mosquitoes.

It is known that these laboratories have been collecting Russian DNAs.

This is in the category of genocide and crimes against Humanity.

We revealed all of that very early on in the proceedings, before even the vaccine came out in the Expose series.

Agenda 2030 is the first major interim goal on the way to completing Agenda 21, which refers to the entire 21st century.

Fascinating how globalists plan for centuries ahead, isn't it? Do they think they will become immortal before that, so they can enjoy it in their present body? I wouldn't be surprised.

I know some have bought a new service to have their dead bodies frozen in the expectation of a new technology, that can eventually wake them up from death and rejuvenate them to a new digitally turned-on existence.

What a waste of money!

Actually Jens it is not.

We the people have no idea of the scope of technology and have been brainwashed into thinking it is of the future, it is emphatically not the future, but long in the past.

The technology he is describing is already available, it is called uploaded consciousness technology and cryogenics, plus some have/had the time travel technology as well.

We have to begin to understand that fact and the technology comes from beings who live much longer lives than us, hence their plans are for centuries.

Some of the plans of the WEF globalist mafia have leaked out and become common knowledge among those of us who have access to independent truthful information.

Still very few realize the true purpose of the vaccines.

Apart from that of gradually killing us off, and make the rest infertile.

The prime reason to stage the fake pandemic was to force every man, woman and child on the planet to get vaccinated.

The truth is that these vaccines are NOT vaccines at all.

They do not correspond to the established medical definition of a vaccine, nor to its legal definition.

Besides, it has now been acknowledged that they neither prevent those injected from catching Covid or any other type of influenza, nor prevent them from spreading the infection.

Regardless, and in spite of a massive number of deaths and serious health injuries caused by these injections, WEF-hijacked health authorities everywhere and keep trying to force everybody to get injected with them, not just once, nor twice.

In Sweden we are at our 5th shot for the elderly and frail, if I haven't lost count.

And now the tune is new season, new injection, every 4 months.

Given we have a number of Swedish members, perhaps one of you could contact him and get him on board?

At least add him to the pdf list.

Moderna, one of the vaccine manufacturers sponsored by the US government, has called it a biological operating system and it is a new kind of genetic manipulation technique, the long term consequences of which have NOT been investigated, and are impossible to know.

Quite apart from the fact that some of the ingredients are kept secret!

Again for those new, all of this was revealed by our Expose series Parts 1-6 that was done in 2020, parts 7-10 in 2021 and part 11 in 2022, all available at THI-show.com

If you don't wish to hear a 3 hour shows, then we have the transcripts available for free, only those within the last 3 months comes with

a subscription.

Moderna was sent our money by Donald Trump remember, the vaccine king, yet people want to still vote for that clown even when he knew it was all fake?

What has become known by independent analysis, though of course denied by its pushers, is that it contains electronic self-assembling nano-particles, not declared on the list of ingredients, able to both receive and send all kinds of signals and information by 5G frequencies.

Which is why the Internet of Things now is called The Internet of Things and Bodies!

I can add more to that, it is using our bodies to harvest the energy required for their New World Order AI system.

So, dear friends, the true purpose of this WEF coup, is to reduce the world population and especially the non-white, undeveloped useless eaters whom they no longer need in their world.

That is not true as our part 9 of FHSTOS revealed in stark clarity, it is all people.

Just because the enemy look white, does not mean they are white as we also proved in the FHSTOS book.

This is the great mistake people make, they want us all gone, all the varying races that make up humanity on Midgard Earth.

Since the vast majority of all jobs are now done by robots, computers and AI software, which do the work faster, better and cheaper.

They don't have families, nor need to eat, sleep, rest or take holidays or stage protests.

The few people allowed to survive to serve the WEF Elite will own nothing and be happy, as they are crammed on top of each other in minute apartments in new smart cities.

But what the EL-ites don't get is, that very plan dooms them to failure as well.

It would take far too long to explain that here, but I am now open and pushing to speak with them to lay out not only their doomed plans, but a pathway forward for us all.

For those new I will describe why I call them EL-ites.

EL like AI and II means god, ites means followers.

These EL-ites have followed the dark path of fake gods.

Their country if choice is Israel, which is ISIS – RA – EL.

Israel's international code is II or perhaps it should ill(usion).

Three Egyptian gods of an off world nature who took over control of this planet, these EL-ites are their minions and they are not as powerful as you think.

Holy Nature will be off limits for all, except the Elite themselves, who will be free to rape it for their own gain or pleasure.

All according to Agenda 2030, which practically all governments have agreed to.

The globalist rulers leave nothing to chance: the self-assembling electromagnetic nanobots they secretly inserted into their vaccines give them complete control of everybody.

Via the 5G technology they are now able to send subtle signals to influence our moods, health, beliefs, feelings etc., either collectively or individually, and even turn us off, when we no longer serve any purpose for them.

In other words kill us.

We are all now frogs in a fast heating water pot, about to reach the boiling point of no return.

Do we decide to jump out of that pan we have been lured into, before we are cooked and consumed for dinner by the coup-maker globalist Elite?

For some of those vaccinated it is already too late, but they can join with us and others who are being assembled in the background and change this planet once and for all.

Unity – the pathway to redemption.

UNITY SECTION:

[Text by Thomas Williams is in bold]

Here are two pieces that turned up this week following our show last Saturday.

Synchronicities are off the charts now and it is difficult for me to keep up with it.

Or is it the unified system or spirit of the Races unfolding?

But we soldier on as the information ramps and the real truth is beginning to appear at not only alarming regularity, but with synchronicity and the flow as well.

Following the Unity- the pathway to redemption, suddenly a third new but linked aspects turned up on my desk to add to the narrative.

Here is a new piece from Anna Von Reitz, the timing of which I find very interesting, coming just after Saturday's show.

She stated: It has been the plan of the bankers-military schemers to crash the Federal Reserve and blame it on us for fifty years.

It is their habit to crash their own banks.

Listen and repeat: it is their habit to crash their own banks.

As anti-intuitive as this is, this is how they cheat you and yours.

They crash their own banks, set up new banks and skate right on with the same old criminals in control.

That is what the QFS system is, their replacement for the Federal Reserve System.

Of course we are familiar at THI with the Quantum Financial System due to my former connection to the Trustee Kimberley Ann Goguen.

Given Ms. Goguen provided the funds to Trump for the takeover of the Federal Reserve 4 years ago, going from Rothschild owned to the Black Sun group owned by Black Rock, although there are Rothschild's within that organization also.

This begs the question: Has Kim Goguen joined forces with the Black Sun, given she gave the funds to Black Rock to fund the Fed takeover? Also given she had access to the Quantum Financial System, does that implicate her further into the mire?

Remember Kim has a wrath problem and given the story we were told of how the Rothschild's murdered her family, is this a case of the enemy of my enemy is my friend?

Has she yet again sold out humanity with this move?

Now my understanding is, this will not be a problem as Kim lost access to the QFS system in 2020, just as we reported in December 2020 for misappropriation of the peoples assets.

Evidence of that came later when Kim stopped mentioning the QFS and talked about working on the CIA Omega system only.

There was a time back in 2020 though, which suggests a loop and the clowns talked of having a QFS of their own, which was false information, maybe this is one and the same and nothing to do with the main QFS?

They are advertising for people to hurry up and establish their accounts in the QFS System so that you will be locked down and dependent on them and their digital imaginary money.

And things will only get worse if we don't all see through this and expose them and their QFS for what it is.

The fact is that we, the living people, own every Federal Reserve Note either printed as a paper bill or entered into a ledger as Money of Account and we have paid for those Federal Reserve Notes many times over, so that the actual debt that these miscreants owe us is even greater than the bank balance sheets show.

All of which is correct.

Britain is behind this; the Government of Westminster is behind this (Inner City of London).

Anna has a deep dislike for Britain and blames all of the world's ill on Britain, yet never once mentions the fact the Jews have owned Britain along with the Vatican church since 1215.

The absence of her not ever mentioning the Jewish involvement in the fraud, leaves deep suspicions about her motives.

To some extent, the Vatican System is behind this, she said.

To some extent? No, they are fully behind it, but you see, Anna gives allowances to the Rome Cult as she was a former secretary to the Pope.

A Pope that was likely a family member, Reitzinger.

They are deliberately crashing the Federal Reserve because the lies and illegal processes underlying it became too obvious and too much of a liability.

Maybe the Federal Reserve is crashing as we warned 6 years ago, because there is not enough money in the system?

Maybe it has to crash for a new one to be created free of those greedy psychopaths.

That's why they promoted the whole transhumanism agenda to create more new assets by reducing living people to the status of Genetically Modified Organisms owned by the patentholders -- DARPA.

Instead, DARPA needs to be liquidated and all such claims recognized as the result of malevolent fraud against the living people.

I agree and our Blueprint covers that, yet curiously Anna won't support it?

The QFS system similarly needs to be bankrupted upon inception, because it is again dealing in illegal securitization of living flesh and purloining our assets and making False Claims in commerce, to the effect that they are representing the owners of the Federal Reserve Debt when they are not.

This can easily be demonstrated that none of the bank's assets were ever put at risk in the scam they perpetuated against us.

Our assets were put at risk, pillaged and plundered. Not theirs.

We own the debt of the Federal Reserve and we own the QFS as Successors of the Federal Reserve and we are calling for them to be arrested for criminal malfeasance, breach of trust, fraud, conspiracy against the Constitutions, inland piracy, unlawful conversion, and international bank fraud.

All assets being shifted to the QFS System are our purloined assets.

All those assets need to be shifted to the Global Family Bank without exception.

It is imperative to the welfare of all countries on earth that these crooks be stopped.

I agree 100% with her except the reference to the Global Family Bank, who is running and operating said bank? Anna Von Reitz.

I am more interested in who are the backers of said bank.

Because the word Family being in it, smacks of bloodline families bank to me, given she represents all bloodline families and their Estates.

If that is the case, then it is new boss same as the old boss.

But I am also willing and open to being wrong, but the evidence garnered from Anna over the years and in particular her demands for

the return of the bloodline families funds from the Trust.
Those bloodline families have raped us enough and need to step down, as our Blueprint revealed.

We referenced many things in last Saturday's show, but I wish to highlight one section unfamiliar to us all and bring it into the light. It highlights again the lies of the past that has been used to guilt and shame us all, based upon the behavior of our supposed ancestors. How can we be blamed for the behaviors of our ancestors? We can't, but for the religious program of the original sin.

Here is a common sense thinking line.

If a sin is original and so it has an origin, how can you blame the future generations for what was an original sin?

It is funny to me as to how people will not take personal responsibility, yet curiously take on collective sins of which they were not part of.

The classic case of that is the Germans and events during WW2.

How can you take responsibility for something your ancestors did or didn't, all in the name of a country that is a fake entity?

It is utter lunacy.

This is called The White Declaration of Independence and this reveals a far different story than what you were told in schools, books, documentaries and Hollywood.

It was actually printed in the Raleigh News and Observer, November 10, 1898, the chances of a piece being written and posted in the modern age is simply not possible.

This is what was revealed.

Believing that the Constitution of the United States contemplated a government to be carried on by an enlightened people; believing that its framers did not anticipate the enfranchisement of an ignorant population of African origin; and believing that the men of the State of North Carolina who joined in forming the Union, did not contemplate for their descendants a subjection to an inferior race;

We, the undersigned citizens of the city of Wilmington and county of New Hanover, do hereby declare that we will no longer be ruled, and will never again be ruled, by men of African origin.

This condition we have in part endured because we felt that the consequences of the war of secession, were such to deprive us of the fair consideration of many of our countrymen.

We believe that, after more than thirty years, this is no longer the case.

The stand we now pledge ourselves to is forced upon us suddenly by a crisis, and our eyes are open to the fact that we must act now or leave our descendants to a fate too gloomy to be borne.

What that reveals is after the Civil War in 1861 said to be about slavery of the blacks, was reversed into the whites for a time being enslaved by the blacks.

The thirty years after the Civil war takes it back to 1868 of blacks ruling over the whites, something never revealed in his story books. So, the Africans were the masters, not the slaves and the real slaves as we have attested to in FHOSTOS were the whites, mainly of Irish and Eastern European origins.

In fact the very first slaves in America where 100 Irish children.

There are many references of how Africans where the actual plantation owners, not slaves.

Eventually we all became slaves to the system and so we all fell.

While we recognize the authority of the United States and will yield to it if exerted, we would not for a moment believe that it is the purpose of more than 60,000,000 of our own race to subject us permanently to a fate to which no Anglo-Saxon has ever been forced to submit.

We, therefore, believing that we represent unequivocally the sentiment of the white people of this county and city, hereby for ourselves, and representing them, proclaim:

1. That the time has passed for the intelligent citizens of this community, owning 95 per cent of the property and paying taxes in like proportion, to be ruled by negroes.

2. That we will not tolerate the action of unscrupulous white men in affiliating with the negroes, so that by means of their votes they can dominate the intelligent and thrifty element in the community, thus causing business to stagnate and progress to be out of the question.

The "white men" they speak of are not white as we have found out in our book, they were Jewish EL-ites, bankers and merchants.

3. That the negro has demonstrated, by antagonizing our interest in every way, and especially by his ballot, that he is incapable of realizing that his interests are and should be identical with those of the community.

4. That the progressive element in any community is the white population, and that the giving of nearly all of the employment to negro laborers has been against the best interests of this county and city, and is sufficient reason why the city of Wilmington with its natural advantages has not become a city of at least 50,000 inhabitants.

So the whites where denied work in their own country, I guess not much has changed despite protestations otherwise, has it?

5. That we propose in the future to give the white men a large part of the employment heretofore given to negroes, because we realize that white families cannot thrive here, unless there are more opportunities for the different members of said family.

6. That the white men expect to live in this community peaceably, to have and provide absolute protection for their families, who shall be safe from insult for all persons whomsoever.

We are prepared to treat the negroes with justice and consideration in all matters, which do not involve sacrifices of the interest of the intelligent and progressive portion of the community.

But we are equally prepared now and immediately to enforce what we know to be our rights.

7. That we have been, in our desire for harmony and peace, blinded to our best interests and our rights.

A climax was reached when the negro paper of this city published an article so vile and slanderous, that it would in most communities have resulted in the lynching of the editor.

We deprecate lynching, and yet there is no punishment provided by the laws adequate for this offense.

We therefore owe it to the people of this community and of this city, as a protection against such license in the future, that the paper known as the Record cease to be published, and that its editor be banished from this community.

The gist of the complaint was that many white women at the time where getting raped by black men, when caught the blacks where lynched.

Lynching is not a practice that started with the Ku Klux Klan, it was brought to America by the Africans as had been that practice upon their own people for centuries.

The report took a different view stating white women were basically asking for it due to their infatuation with black men.

But they stressed that white men where seeking sex with black women as well, just not raping them.

The black report was stating about coming together and not tarring everyone en masse and how white and black should come together to rout out the evil ones in their midst.

Which is a valid point, as 8 weeks later there was a riot by the whites that left many black people dead.

We demand that the editor leave this city within twenty-four hours after the issuance of this proclamation; second, that the printing press from which the Record has been issued be packed and shipped from the city without delay; that we be notified within twelve hours of the acceptance or rejection of this demand.

If it is agreed to within twelve hours, we counsel forbearance on the part of all white men.

If the demand is refused, or if no answer is given within the time mentioned, then the editor, Manly, will be expelled by force.

Clearly it was ignored and the white people took matters into their own hands, with devastating consequences.

8. It is the sense of this meeting that Mayor S.P. Wright and Chief of Police J.R. Melton, having demonstrated their utter incapacity to give the city a decent government and keep order therein, their continuance in office being a constant menace to the peace of this community, ought forthwith to resign.

Clearly they failed to keep the peace within the community, again no different to now.

This was the reply they received from the colored committee.

REPLY OF THE COLORED COMMITTEE TO "THE WHITE DECLARATION OF INDEPENDENCE"

The Committee of Colored Citizens to Hon. A.M. Waddell, undated typewritten copy in Alfred M. Waddell Papers, Southern Historical Collection, University of North Carolina Library.

Dear Sir,

We the colored citizens to whom was referred the matter of expulsion from this community, of the persons and press of A.M. Manly, beg most respectfully to say that we are in no ways responsible for, nor in any way endorse the obnoxious article that called forth your activities.

Neither are we authorized to act for him in this matter, but in the interest of peace we will most willingly use our influence to have your wishes carried out.

Very respectfully,

The Committee of Colored Citizens

A fairly responsible and measured response and a shame that people did not seek to settle their differences in more adult and measured ways, without resorting to violence.

This is not a denigration of the African or black people and finger pointing at an event 126 years ago serves no one.

But we must learn the truth to be able to heal and progress forward together.

**Clearly all must realize that his story is a total lie by now and the truth must prevail, no matter how difficult it is to endure.
The lies of the books, magazines, media and Hollywood have all served to keep us divided.
The folly of following that has been devastating in both communities, at which point will common sense prevail?**

MYSTERY SECTION:

The cryptic piece and song in the last BP show, was confirmed by Mr. Putin in a speech this week.

The final piece of this trilogy that ties into the Unity show is who are these Royals?

Well a piece turned up yesterday and whilst I haven't gone through it all yet, one thing stood out.

It was stated by a lead scientist who has worked at high levels on genomes and DNA, has a deep knowledge of the Rus, stated that the Queen of England was of the negroid bloodline.

A monumental statement, yet within seconds I began connecting more of the dots.

This makes sense when connecting with the Luciferian Jet black race, the Royals based in Africa and Middle East and the Zionists who run the whole operation.

This is why the Royals from the Unity show where in standing with the natives of a set time period.

Claiming the land of America for the "tribal" people, these go back to the Indians of Dravidia.

Tribal is a funny word I will go into it more in another show, but tri is three, bal could be a reference to Ba'al, meaning then the three tribes of Ba'al.

Hence the term to Bal-kanize the Rus/Aryan and Slavic peoples.

Is it Baal – Khan – ize?

But if the Royals are the negroid race of Lucifer's army returning, remember Rosenthal or Finkelstein describing themselves as the comeback kings?

I mentioned in the show about the Royal aspect of the ICJ and how it was ran by Sheikh Zayed, he has to be another of these Royals.

The piece makes it clear that Arizona, which I dubbed I Ra zone has more than meets the eye.

What I was describing in that past show was an overlay of the Rus Ra-m-ha with the serpent entity and fake sun god Ra.

But the four corners is riddled with Rus symbolism, in particular in relation to the swastika and the sun disc.

Apparently there is evidence of which I will present in another show, that the 4 corners states and California where all Rus strongholds, long before the natives described in the Royal show.

Arizona is called Arya zone and there are whole village of ancient Rus, now passed off as the Hopi or other native clans.

No that was the overlay of history again and certain evidence contained within the runes and drawings, of the Smithsonian deleting the swastikas off of the rock art.

All what they call the pueblos are Rus villages, whether that is Mesa Verde, Aztec ruins or Chaco Canyon.

How interesting they overlayed the Solomon Seal called the Orion zone over the Rus lands.

I rest my case, native lands my ass.

What it also reveals in overview, the whites have been the slaves of the jet blacks for many hundreds if not thousands of years.

Genetics just made them look like us to blend in.

The line we came in the form of the enemy has never been more indicative than it is now.

Here is further evidence of people's in America that popped up this week in another amazing synchronistic way.

In light of our dismissal and rejection of the Royals claim as to the aborigines owning America based upon a specific timeline, right on cue, this piece will add further clarification.

As scientists have unearthed footprints in White Sands, New Mexico that date back to 23k years ago.

In the picture there is a set of footprints of what looks like human footprints, until you look at it closely.

What it reveals is, a 5 toe being, a 6 toe being and possibly a 3 or 4 toed being.

Scientists themselves never noted or made reference to the different foot prints, but we will.

This proves other species were here at that time alongside the various humans here.

As we do not have humans with 3, 4 or 6 toes, the only conclusion is, they were not from here.

See image "White Sands NM footprints.jpg" in Downloads section on the show page.

Here is an interesting quote from Bertrand Russell, that echoes what THI has said all along.

He said; Most people would rather die than think; in fact, most do so.

What does that tell us? We are too lazy to think for ourselves? Would rather other's think for us? Where does that fit into being a spark of the creator? What happens when people don't think?

Others will think for you.

Do you consider that all people are better or have more knowledge than you? Or their opinions are more important than your own? Why would you do that to yourself? It is classic victimhood mode based upon a false assumption that you are not good enough.

Again I ask why would you do that to yourself? When the Divine Creator created us all as equals.

As equals there are no singular leaders, as equals there are no hierarchies, as equals there is no lesser than or better than.
Your thoughts create the Universe, your thoughts create matter and yet you wish to not think?
Where is your creativity? Well if you have no thought, there is no creativity.
If you have no creativity, you are a waste of a precious vessel that brings life.
Most people would rather die than think, because without thinking there is no life.
But people don't future think either, in other words they have no thought of projection.
With no thought of the projection, where it is going and where it leads to, then failure will always repeat again.
What are you going to create and what are you going to manifest I guess has more meaning now, unless of course you choose to not think.

A couple of words to look at from overview and or a different pair of eyes.

First the word Ozone.

All reports of it in the stratosphere and more so at ground level state, it is harmful to living life.

Scientists reported that chest pains, irritation of the mucous membranes and difficulty breathing occurred as a result of inhaling ozone, and small mammals died.

During World War I, ozone was tested at Queen Alexandra Military Hospital in London as a possible disinfectant for wounds.

The gas was applied directly to wounds for as long as 15 minutes.

This resulted in damage to both bacterial cells and human tissue.

More evidence of medical human experiments done at that time, one of which produced the falsely titled Spanish flu.

Exposure of 0.1 to 1 $\mu\text{mol/mol}$ produces headaches, burning eyes and irritation to the respiratory passages.

Even low concentrations of ozone in air are very destructive to organic materials such as latex, plastics and animal lung tissue.

Current examples of cities with elevated ozone readings are Denver and Parker Colorado; Houston, Texas; and Mexico City, Mexico.

Houston has a reading of around 41 nmol/mol , while Mexico City is far more hazardous, with a reading of about 125 nmol/mol .

Is this the origin of lung issues?

According to the American Lung Association, the Denver–Aurora–Parker area is the 14th most ozone-polluted area in the U.S.

One large contributor to high ozone levels in the area is the oil and natural gas industry situated in the Denver-Julesburg Basin (DJB) which overlaps with a majority of Colorado's metropolitan areas.

Which means the oil and gas industries are the ones for creating the environmental issues and as such, should pay for climate change without passing it onto the consumer.

For the last few decades, scientists studied the effects of acute and chronic ozone exposure on human health.

Hundreds of studies suggest that ozone is harmful to people at levels currently found in urban areas.

Ozone has been shown to affect the respiratory, cardiovascular and central nervous system.

Early death and problems in reproductive health and development are also shown to be associated with ozone exposure.

Which begs the question of why people think ozonating water is beneficial?

All of which sounds like it is something inserted here for potential control purposes and raises the possibility of genetically modifying the planet for other species.

Just like chem-trails?

Scientists will tell you that the Ozone layer is beneficial as it blocks harmful rays of the sun, but how can the sun be harmful, when it is the life giver?

Remember scientists said sun blocker was beneficial, and it turned out to be cancerous.

Scientists told us to not look directly at the sun during the eclipse or bad things will happen.

THI members in Texas proved that to be nonsense.

Of course we all underwent the fear porn program of we are all going to die, due to massive holes in the Ozone layer 30 years ago.

Amazingly we are all still here.

But I was pondering again, yep here comes thinking time again.

Given how ozone appears to be harmful to us and the atmosphere, was it installed around this planet as a control grid like the veil?

Was it installed to genetically alter the makeup of the planet and change things for other species?

Given we have covered recently about the beings from Orion imposing money magic systems here and the Zetas came from there.

Is the O-zone the Orion Zone? The Orion zone of the sky, that matched the Orion Zones on the ground in Turkey, other regions and mainly across the four corner states, known as Solomons Seal?

That was dealt with in 2022 and so now reclaimed, no more Pheonix or Bennu bird overlays now.

But perhaps more people will understand why the village was placed where it is now?

We have spoken about people having boundaries a few times.

It is about people protecting themselves and not allowing others to interfere with them.

But I was pondering again and I looked at the word with different eyes and headed into a zodiacal thinking mode.

Is it suggesting the Aries is bound? Bound Aries?

This got me thinking as Aries is the first zodiacal sign running from March 21st to April 19th.

Of course March 21st is the important day as it is the first day of spring now, but it also has other more important connotations. March 21st was actually the first day of the year and also that day we revealed to be the actual Day of the Svarog in 2020. Top levels confirmed this by delivering global martial law on that date to control the populace, that was prevented until stupid people went into lockdown for a fake virus. With Aries being the first zodiac sign of twelve zodiac signs, but as we know one is missing, Ophiuchus. Do you know what sign number Ophiuchus would be if installed back in? yes, number 9. Ophiuchus is the serpent bearer, the snake who rules over the twelve zodiac signs. Hence with Aries being the first sign, Ophiuchus binds Aries, meaning Aries is bound or bound-aries.

ENDING PIECE:

I have just had a very successful and fruitful calls with "top" people.
We are expected to form a partnership, where other "top" people will be included and involved.
I have been asked for further calls.
Please don't bother asking who they are as it is disrespectful to those people and myself at this point.
This is a war and we must protect the people involved.
Things are unfolding and plans are being made for the Family of Nations group separate from the above.
I also did a recorded interview this week with the delightful character that is Richard Vobes, that has been posted today.
It is a much shorter interview than you are all used to, but it is packed with common sense and all things covering the Blueprint.
The object of which is to bring it to a wider audience, the people themselves.
Asking you all to go and follow Richard Vobes' channel as a pay it forward from us.
In the past and in the now, humanity had a great addiction called the lie.
The lie pervaded and perverted everything and became the all-consuming.
But a new addiction has been birthed particularly at THI, called the truth.
The truth frequency now is pervading every nook and cranny of the planet and it can't be stopped.
THI is being validated on steroids now and whilst that is a good thing for the listeners, we are only at the beginning of it.
The real work is beginning soon and in some cases already started.
It is time for reality not illusion, it is time for truth not lies, it is time for peace not war, it is time cooperation not division, it is the time for love not fear, it is time to march forward not languish in the past, it is time for the light not the dark.
I have given you all everything you need, time to pay it forward don't ya think.
Much work has been done but much more going forward, have or are you doing enough?
So I want to really know and see now is, whose really got my back now?
