

THI-SHOW TRANSCRIPT 2024-12-19

This year has been by your own words an epic year for shows, whether The Blueprint, THI or the extra Must Listen to series. Each year you say to me you cannot top the last year and then I go and do it again. The same applies to the shows themselves, as there has been more epic THI shows than normal as the convergence took a whole new twist. From converging from one show to another, to converging within the one show itself. I feel I stepped up the intensity of the shows this year and produced a lot of high quality, intensive, thoughtful and epic topics and pieces throughout the year. High energy, high triggering and some truly deep pieces scattered throughout the year, that kept you all on your toes, on the edge of your seats and at times pulling your hair out. This part of the review focuses on the ten extra shows often dubbed two-fers, which for those new is when I do two shows in a week. It goes much deeper into certain topics and pieces covered in the normal THI shows and does not hold back on the truth or the reality. Often deep dives into the narrative, exposing much of what has been wrong on this planet in the past and the now. We even delved into the future this year with The Future World Part 1 and 2.

First extra show this year continued a theme over from last year's parts 1-3 of The Vedas series, we added two more this year and there is more in the pipeline for 2025. February 20th FHSTOS Plus 24 The Vedas Part 4: It started with the decline of the State: The Vorog's knew that the power of the Power rests on the power of the lineage, so they began to destroy the ancestral ties from the inside. After Christianization, religious states appeared: Kievan Rus and Vladimir-Suzdal became Christian. The Christianization was the beginning of the end for the Rus/Aryan and Slavs.

Revival of the State - Holy Russia: For the revival of the Power, it is necessary to strengthen the family and unite. For it all starts with unity, not the last we would hear of that word this year. The next was the Faith of the Rus – Ingliism. In it, I brought up a controversial point regarding the male and female aspect and the terms Father or Mother Land. Where is the balance? Let us overview this aspect shall we. The solar being is a man, the planetary being is a woman, the countries are either named for man or woman? Why is that? And where is the balance on each level? Why can't we have a solar couple? A planetary couple? And a country couple? Surely that is more in balance and harmonic? Is that then, not defining the Divine Masculine and Feminine, all equal and all in balance?

This next section is all about the peoples, who are they? Where did they settle? Here are the names of the peoples or clans back then. 1. Skandy 2. Antes and Roses 3. Bozhya Rus 4. Pomorians and Dana 5. Bulgars 6. Mariitsy 7. Vans

It went into the several towns and cities built across Europe and how some of them were forced to move further afield to Scandinavia, land of the Skands. It also described several overlays of the names, often related to the so-called Jewish 12 tribes. Then it covered Greece and Hellas and described the Hellins as Semites and bandits. The Hellins were a robber people, a thief, a conqueror who plundered all other peoples. All of which sounds like the Jewish culture during this time. Are the Hellins, the Khazarians and or the Ashkenazis?

This next section was all about calendars. My belief is, they are off world calendars based upon the race of each humanoid or otherwise. In overview the calendar become a victory symbol of the oppressors, much

like planting a flag today. It described the forms of chronology and how temples erected then created the timeline. The Slavs have their own chronology, Summer 7531 S.M.Z.H. Creation of the World in the Star Temple, but it's not like the Christians from the Creation of the World, as if God created the Earth. No, for the Slavs the Star Temple is the name of Summer, a certain year when our ancestors defeated the ancestors of the Chinese. The Creation of the World is the conclusion of a peace treaty between the nations, the World was created on the day of the autumn equinox.

Next was The Lands of the Holy Race: 1. Kievan Rus, Prussia, Slavia, Scandinavia 2. Map of Slavic Lands 3. Slavs – Northern, Southern, Western, Eastern 4. Scythia and Gardarika

Scandinavia is the land of Prince Skanda the soul of Skand, isn't it a Slavic land? When we were dissecting Prince Skandus: he went to Dravidia (India), put things in order there, returned and Pater Diy Odin blessed him to relocate. Interesting he went to India as well, it is also of interest that their Jesus story was of him going to India. Is the Jesus story to India another of their stolen overlays of information?

Next was The Great Migration from Da'arya: According to ancient chronicles, 300,000 years ago, the appearance of Midgard was completely different. Da' Arya was connected with the Eurasian continent by a mountain isthmus, which on the Eurasian continent turned into the Ripeian Mountains now known Ural Mountains, UR – AI means the UR gods. The Sahara Desert was a sea and the Indian Ocean was land, there was a continent. That continent was the Land of Mu.

Race- The White Brotherhood was covered. They mentioned the East Sea, the East Sea I suspect was the Milk Ocean we covered in an earlier episode. Both the Aryan peoples Da'Aryans and H'Aryans plus the Slavic peoples of Rasen and Svyatorus lived together on the same territory. They lived in peace, ennobling the land, planting gardens and forests, creating together majestic Temples and Cities. The clans of the great Race helped each other in a fraternal way, hence the concept of the White Brotherhood, because in all creative deeds, conscience and pure thoughts were the measure of everything. A concept badly lost and missing in the modern-day age, yet over time they say there are advancements, yes in technology, but clearly not amongst the people.

Symbols of Russia – Swastika: Solar or Swastika symbols are a cross with curved ends pointing clockwise or counterclockwise. Today, all such symbols are called swastika in one word, which is fundamentally wrong, since each Swastika symbol has its own name, amulet power and figurative meaning. Solar symbols were depicted on Slavic clothes, household utensils, banners, weapons, houses and temples, as a sign of light, sun, life and prosperity. Of being in harmony with the Sun, it then seems to bring you deeper connections with the Cosmos, than people generally see or understand. The sun is the life giver remember, without it, all living beings die and the planet itself.

In the Gods of Russia: Our gods are our fathers and we are their children. The Slavs call their earthly parents and ancestors gods, because they created us in their image: the father and mother gave the spirit and the body and the heavenly gods gave the soul and conscience. Notice they include the father and the mother, unlike the Cat-holic church. The Slavs call the almighty: Ra-M-Ha is the unknowable supreme essence.

RACE – Ace clans, ace country and white people: Rasa the holy race or great race, are people with white skin color who come from four ancient clans: Da'Aryans, H'Aryans, Rasen and Svyatorus. The self-designation RASA means: Clans of the aces of the Land of the aces, since our ancestors were aces, lived as Genera and called their lands Asia, meaning the country of the Aces. Aces are highly developed people or gods. Our country was called Asiya, as the Country of the Aces, now overlaid with the term Asia. The name RACE refers only to people with white skin, there can be no black race, yellow race etc., as other peoples had their own names.

Resettlement to Midgard-Earth: The Aces flew to Midgard-Earth from space. During the Second Great Assa, a large intergalactic ship of the Vitmara type was damaged and stopped for repairs in the Yarila-Sun system. Two Earths (planets) were already inhabited here: Orea which is Mars and Dea the asteroid belt remained, space navigation and communication stations were located on them. But closer to the Vitmara was the unexplored Midgard-Earth, samples taken of air, earth and water showed its suitability for life and part of the crew landed on Midgard. After the repair, the Vitmara continued its journey and some of the settlers remained to settle on Midgard-Earth, at which time there were no people, but only plants and animals. The continent on which our first ancestors settled was located at the North Pole and was divided by rivers into 4 parts. They called the continent Da'Arya, meaning a gift to the Aryans, now it is better known under the Greek name Hyperborea. That is, our ancestors were the first to colonize Midgard-Earth and people with a different skin color of red, yellow, black, gray and green appeared here much later, only about 40,000 years ago. This is another piece that backs up our earlier claims of other races arriving here 40K years ago. The interesting aspect is the mention of gray and green, that will be the alien grays and or the sub grays now known as the Jews, the green will be one of the reptile races. As uncomfortable and groundbreaking as that may sound to all who hear or read this outside of THI, they are the facts. Why in so many Sci-Fi movies and shows are those two species shown the most? Because they are telling you is why. All sci-fi is fact, not fiction and is based on knowledge acquired or given to them by the off-world races. Sci-fi is not the future either, it is long in the past. White people have lived on Midgard for more than 600,000 years and lead the chronology from significant events.

RACE - Da'Aryans, H'Aryans, Rasen and Svyatorus. The crew of Vitmara consisted of representatives of the four clans of the allied Lands: Da'Aryans, H'Aryans, Rasen and Svyatorus, these are people with white skin, pure thoughts and a pure soul. The difference between them is only in the color of the eyes, their iris, since they originally lived in other star systems and depending on what spectrum the luminary had, this color of the iris was deposited in the DNA. Another feature is the blood type, initially white people had only 1 and 2 blood groups, this is like the northern types here.

Next came the controversial section called the blood system and the energons. This categorized out all the different races of humans via their DNA and purity. The white race is the most pure of the races with the 16 channels of energon, all other races had less than the 16 which then created the genetic mixing problem. The energon blood system of the Black peoples has 6 channels, the gray has 10 channels, the yellow has 12 channels, the red has 9 channels and they are closely related in type to the white race. The next groups of people and their mixing is called: Incest. The Grey and black, the Greys and Yellows, the Grey and red and finally the Grey and white.

The next section is about Rh Factor (Rh) and Blood Color: 1. Rh factor 2. The color of blood in different peoples 3. Blood transfusions are not allowed

Symbol of the Race: There is the Rune Ingilja in the picture the central swastika, means the primordial fire of Creation. There is also a symbol of the preservation of wisdom, this is a sword with a point down. So, the symbol of the Race was depicted as the imposition of the primordial fire on wisdom and the preservation of wisdom.

The Faith of the Race: No matter what Earth white people live on, they have only one faith and according to this faith, having lived in the manifest world. A person goes to the world of glory the bright Nav, then to the world of Rule and so on, in constant perfection, development and creation. The purpose of the Aces is to pass on the wisdom from generation to generation. The Spirit of different peoples: White nations are creators, the creators. Yellow peoples, they are like conservatives, they use the achievements of other peoples for the good of their own people. The red peoples are the guardians: They keep pure everything that their Ancestors have left them and everything that others have given them, but not necessarily given to them by humans. Black-skinned peoples are nature-creatures: Children of the wilderness or as our ancestors called them, people with dark-colored skin. The green-skinned peoples were experimenters at all levels, down to genetics: They conducted experiments with animals and experiments with humans. What was obtained as a result of experiments and the green skins themselves, our ancestors called the undead. The Grey Peoples, they were called the imitators as that was the first thing they did. Subsequently, they began to be called parasites and so on. There is not a single creator among the gray peoples, although there are many restorers. A very enlightening, disturbing, triggering and somewhat controversial show in many ways, but the truth is the truth no matter how hard to hear.

Next up was the long awaited Empowerment show on March 26th, which we will cover later in the show. The next was a three part series called The true horrors of the world, that was done on June 11th, July 2nd and the final part on September 15th. The true horrors of the world, that covers the seedy world of child molestation, rape, torture, mutilation and finally killing for snuff movies. For those not familiar with the word, a snuff movie is a filmed ritual event where the child is killed for the entertainment and sexual highs by mostly the EL-ites. A harrowing story to hear and also read, but we can't keep ignoring the uncomfortable truths. We can't keep ignoring the plight of children either and we as adults must take a collective responsibility to end these atrocities and bring to justice what the author described as monsters. Eight million children go missing every year on this planet for a range of reasons, yet barely is there a murmur in the mainstream media of this great loss. To put it into perspective is greater than the population of 130 countries around the world. It is greater than the population of all states in America bar 12. A staggering statistic yet completely ignored, despite an FBI document revealing 8-900K of them go missing each year in America alone. 18 Government agencies paid staggering amounts each year, yet none can stop this crime against humanity? As we have found out in this series, they don't wish to stop it, in fact they are actively involved in it. Once again we thank Joachim Hapogian for the courage to write this story in a book.

The story part of those three shows should need no recall, but I will summarize the three shows with my summary at the end of part 3. Summing up as this was the final piece of covering Joachim's work, but how do you summarize that cesspit of evil? Before that I wish to thank Joachim and the few others who had the courage to step up and forward and be the voice of the children. But many more people need to develop the

courage now to eliminate this scourge upon the planet. It is just not acceptable or adult to say, I don't want to hear about this, you and they at least had the option to say that, but the children didn't did they? We will never advance as a species until we learn to protect the children at all costs. That is not the remit of the few, that is the remit of us all. I have said in previous shows that no organization operates on behalf of we the people, in over view it is a staggering claim. But in these three shows we have seen the full and stark evidence of that staggering claim, being a harsh and sobering reality. Where Royals, Secret societies, politicians, police, judges, commissioners, intelligence agencies, militaries, governments, tv stars, child protection, social services, hospitals, churches, schools are all involved in it. Others were complicit in the cover up as well, none more so than the criminal mainstream media. They are supposed to report news, not cover up heinous criminal acts.

Summing up, if this leaves you in despair, you are not thinking right. If you are thinking this is a modern day problem and things are getting worse on this planet, you are not thinking right. This has gone on millions of years universally, tens of thousands here, but most of it was kept hidden, now it is being exposed. Being brought into the light and the one thing these evil monsters don't like is, the light. And so by exposing it, it ultimately reduces the events and the numbers of children who are suffering. That is the right way of thinking about it. Plus you are forgetting, it is we that have the power, not them. So, we don't have any so-called support from the authorities, well boo hoo, newsflash, we never have, like never. So that is nothing new, it is only new, if you dance in a complete illusion bubble world devoid of facts and reality. The same applies to religion, no one is coming to save you or I, it was always us all along. And remember the churches role in this heinous act as well, people of god my ass, just Satan's army in a dress. In case you didn't know, they hold these same ceremonies below the Vatican. Below the main floor is a darkened room with pentagram in a circle, with a sacrifice altar in the middle, replete with red and black robed priests waiting to sacrifice children, it is their entertainment. For those new, an altar means a sacrifice table.

Yet again the anti-humanity group play a heavy role in this, why? Because they have zero value of human life, zero respect for anybody bar themselves. I am glad Joachim made the reference to the off world creatures and programs involved in this, because they and their brethren the anti-humanity group are one and the same. They are not us, they are nothing like us, except their devious cheating, stealing and Cosmic level genetics manipulations. Because underneath their fake skin suit lies demons, reptiles, Satanic demiurges of pure unadulterated evil. Yes they came in the form of the enemy, yes they made some men and women in their image, using subterfuge, dark malevolent hive minded mindsets to initiate unimaginable horrors for their own twisted and evil pleasures. Describing them as Dark Forces just doesn't cover it, in fact words cannot describe the levels of evil these entities stoop to.

Here are the harsh facts of our current reality: A: We have no help or support from authorities B: A comatose public wish to play can't see and can't hear games. C: We have currently no direct help from above or below the planet. D: We are now in a phase of winner takes all.

If that reality leaves you helpless or dispirited, then snap the fuck out of it. We are supposed to be the Guardian's not covering mice. I get that trying to talk to people about this subject brings in rolled eyes, cries of I don't want to hear about that, particularly from women. That is them exhibiting a criminal neglect and negating their responsibility and guardianship. These shows should hit every woman square in the heart center, but instead we get a refusal to even hear about it. That has a much deeper connotations, in relation to

the planetary mother. How can a mother abandon her children? Do mother's and indeed father's really grasp the responsibility they have to the children? There are many who do, but scandalously there are many who don't. Remember earlier one mother sold her daughter into this satanic cult, it just beggars belief that a mother can stoop that low.

Here is what we do have or need to develop quickly. A: A backbone aligned with courage B. We are the creators of reality, what are you going to create? C: The Cosmos and the Universe helps those who are in service to others. D: We are the crown of creation and are envied by most other Universe and Multiverse races. E: We have a duty and moral obligation to protect those who cannot defend themselves. F: F because we should give a fuck and eliminate this evil amongst us.

They have run amok on this planet because too few cared, too few bothered their asses, too few spoke out, that has to change going forward. But the ones who did speak out got killed some will cry, yes that is correct, but it's not an excuse to ignore it. The Santies spoke of the bloodless sacrifices of being in service to others, that applies heavily to this scenario. As I would sooner die defending the children, people and the planet this lifetime, than being labeled a service to self only coward, defending myself only. It is that cowardice that got us into this mess to begin with, it cannot be replicated at this juncture in the "time-space" end event. Remember this is only one lifetime, in service to others it is just a mere blink of an eye. One lifetime in a million or more lifetimes, that has to be the thinking of the all going forward. We fight and survive or we fight and we die, both are operating in valor, truth, honor and integrity. Cowering is how humanity arrived at this point, cowering prolongs the tyranny, the death and the destruction. The children are the flower of life, that has to be protected at all costs. We cannot have a new blueprint for humanity, whilst ignoring the plight of the children, it's sacrosanct. The objective for us all now is to A: remove the alien entities B: save as many people as possible and C: save the planet for future and better more pure lives for the next generations. Devoid of these dark Koshey or Kosher Satanic off spawn of evil. Final word for this show comes from Regina herself, Silence is for Perpetrators. Each and every one should recognize that statement and plea for us all to speak up and loud on behalf of the children.

Next up was FHSTOS Plus 25 The Vedas part 5 on June 18th. This information will help you to wake up after the Night of Svarog, to learn the Faith of our Ancestors, to reveal the essence of the way of life; And you will understand many things and confidence, joy and peace will come into your hearts. Go back to your roots and you will open the gates to the Divine World. The first section we will delve into is all about the human body, what it entails and also its various functions.

The 9 Human Bodies: 1. The protective body aura or psi field 2. Manifest body 3. Dimensional body 4. Stellar body 5. Figurative body 6. Karma body 7. Soul body 8. The body of the Highest Form is the divine principle in man, the divine essence. 9. The Spirit for inhabiting the spirit realms. Next it described the light at the end of the tunnel and the death experience. Next discussed was between the worlds, describing the journey of the deceased person and their own personal journey. In Will and Conscience all nine bodies are governed by the Will. A free man is the one who has the power of will and the will forces him to observe the Laws of the Lineage, the Laws of the Ancestors. That is why in Russia they said: To the free is the will, to the saved is paradise, for an example the "Christian" Eden, which is an overlay of the true information. The Will is governed by Conscience. Conscience is above all, even the Gods are subject to Conscience.

Conscience is the law of knowing right from wrong, being considerate of others and not imposing yourself upon other against their will. In simple terms you are not a control freak.

The Force of Life and Life Force came next and echoed in many ways our What is life piece. The power of life helps a person to embody his thoughts and dreams in the World of Yavi in a complete form. This is what we call embodiment and creation. The power of life implies the totality of the many forces that Nature and man are endowed with. In other words, the concept of Power of Life includes: the power of Love, the power of Will, the power of Thought, the power of Nature, the forces of the Elements, the power of Images, the power of Creation, etc. The life force implies the more subtle energies of the Divine order.

Next was the Influence of Energies on Human Behavior. This section delved deep into all the hertz frequencies we are bombarded with day and night, some being helpful but drowned out by false frequencies to overlay them and cause us harm. We learned that speaking in a low tone can aid healing. The brain works at ultra-high frequencies, so in order for the ultra-high frequency control signal from the brain to enter some organ and it work normally, there must be a channel. If the energy channel is interrupted or disrupted, then bad things can happen, microwaves a primary use to alter the high frequencies. Of how the frequency set for a TV becomes tiring for humans, when there are other frequencies that can stimulate. Computers are set at a higher frequency and so less tiring, which is then turned into more production for those that use them. It then covered the 25th frame on tv's that people cannot consciously see, but sub-consciously do and this frame is used for mind control.

Slavic system of POSTS: Each Summer there are 5 Fast's and a One-Day Fast every week (fasting day). Called Holy Lent, Dazhdbog fast, Pure fast, Great Lent and Bright Lent One-day Fast is every 7th day of the nine-day Slavic week. According to the Commandment of Svarog: You shall honor three days in a week, the third, seventh and ninth. That is, three days off, of which the seventh day is Fasting. Unified System (Spirit of the Race)

The Unified System is the wisdom was next, the knowledge that is inherent in a certain people, in Russia it is the Spirit of the Race. It covered the Earth Matrix of how all the races fitted into certain boxes and examples of a unified system. And how to connect to the spirit of the race via certain keys. As a rule, the human brain tries not to store a lot of information, it is easier for it to process information, make some matrix keys and send all the information through the Fontanelle (9th chakra) to the Spirit of the Race. For those with good or exceptional memory, it seems they can instantly access the Spirit of the Race and recall so much more. The keys of information transfer came up next and was fairly extensive in describing how white people at various ages can develop certain skills and abilities. Those ages were 12-16-21-32-39-41-45-48-50-55-64-72-77-80-82-84-88-90-96-108-112-123-133-144 144 Years is one Round of Life, those who live longer, then there is an overlap of the second Round at the same interval, i.e. 156-160-165, etc.

Then we covered the 9 chakras of the Slavic system and how each layer has a developmental level. The 3 lower chakras are responsible for the physical development of a person. The 3 middle ones are responsible for mental development. The top 3 are responsible for spiritual development.

1. SOURCE (coccyx area) – this is where the energy of life is born. 2. GERM (pubic area) – this chakra is responsible for the Lineage, for the birth of life. 3. ZHIVOT (navel) life. 4. PERCY (breast, solar plexus) –

creativity. Creative energy is growing. 5. LADA (right shoulder) – love. 6. LELYA (left shoulder) – intuition. 7. USTA (throat system, up to the tip of the nose) – sound energy that materializes thought. 8. CHELO (between the eyebrows, forehead) – the chakra produces images and thoughts. This chakra is also responsible for energy vision. 9. SPRING (temechka) – through this chakra there is a connection with the Lineage.

This next section is all about the laws, rules and observations of each individual God, this is called: The Commandments of the Gods:

Commandments of the Light Gods: Ramhat, Svarog, Perun, Lada-Theotokos, Stribog, Odin, Ladaad, Chistobog, Dazhdbog and the two great Principles, so that a person can fulfill all the Commandments. I then asked all our members to study what they are saying, not just listening. These are important markers in your life and the principles of life are important for your progression. These are not just gods barking out orders, these are healthy tips for us all to embrace on the pathway to redemption. Most of it is basic common sense, yet it was lost in a sea of confusion. Integrate and embrace the messages, then work upon becoming them. Talk is cheap, actions only are applicable to the words. Honor the words and the lessons, for they will serve you and the collective in the coming times and beyond. I will not add any further words to these commandments, as they need to be in their pure form. The gist of all that is, everyone cared, trusted and looked after each other. A community or village spirit of oneness. Where all people helped and cared for one another, not competed and pitted against each other. How can you live a harmonious life pitted against friends, family and neighbors? You can't, because as without and so within. Life here is complicated enough, it can be lonely as well, as too few on this planet get or understand life or living.

These shows are an opportunity for us all to take a different path than we have been used to. A complete change of your life, being, lifestyle and ways. The old ways since the Santies have failed every race, but most in particular the white race. Change comes not externally, but within, you change you, you change the world. But change from within requires so much effort people say, yet you will spend hours each day talking shit, texting on a phone or watching movies for entertainment, when they are documentaries highlighting your own plight and destiny. When your focus should be self-development to become a beacon for others. When your focus should be to live by principles and morals, not vanity and shekels. When your focus should be about being a better person today, tomorrow and beyond. When your focus should be to first reach the mental planes and then keep rising. When your focus should be a shining example of the spark of creation, a spark of Source and a being of light shining amongst the vast sea of darkness and lost souls.

The next must listen to show went deep into a document by one group of our controllers who are now pushed out of the game. This was called Unity – The pathway to redemption on July 6th. This was the longest show in terms of time and words of THI, essentially 50% more than a normal show. In it we covered the whole letter of these private but controlling Royals, who were the power of the Royals in private and not the public Royals you see in Britain, Holland, Spain and other countries. In section 1 they explained they were the Keepers of the Royal Assets and how for millennia they have been looking after the planet, its treasures, its land and occupants under the covenant known as the Mandate from Heaven. They are answerable to the Galactic Councils. The Royals own the title deeds of all of the lands and are the ones who own the title of the Public Land, all the remaining land as being under Fair Use Keeping and are the backers

of all currencies in the system. As stewards of the planet, they sub-let the land to Implementers who look after the running of the land for the benefit of its upkeep and that of their occupants. Sometimes other Ancient Families become Implementers and if Implementers use force and coercion, then they are termed as Dragons.

Part of these treasures are those held for the future of humanity and others are brought from outside of the planet for safe keeping on behalf of the different Galactic Councils. So Governments are Keepers looking after the land called Countries and their people on behalf of The Royals. Some of my responses to that was 1. Who appointed them? 2. Who issued the Mandate from Heaven? 3. Who awarded all the land, treasures, titles and deeds to their control? 4. If you were stewards of the planet, why has the planet under your stewardship descended into a cesspit of fraud, corruption and deception? Of how they set up globalist corporations, operating as government, all set up to benefit the few and give control of the planet for and by the few. Where is the people's knowledge or input into this?

2. What are Global Agreements? The last 70-year agreement made with The Royals was in Bretton Woods Conference in 1944. This agreement included the agreement on the release of funds into to the system and the major global development programs to uplift the developing countries into a better state of being. This agreement ended 70 years on during 2014 with a temporary extension taking place, having the last funds made available as of the middle of October 2015. I responded to that by stating, The 70 year agreement is a set of projects, contracts and programs implemented by the control system. The reason it flips every 70 years, is in relation to our life longevity. Bretton Woods was a hijack of all the people's finances, so where is the said evidence of managing the funds for the people? They mentioned a new agreement is currently being put forward, The Global Peace Treaty. Yes we are aware of that and it was signed with the Galactic Councils in September 2016 if memory recalls correctly. What has taken place in the preceding 8 years in relation to the Peace Treaty? Why hasn't the Trustee Kimberley Ann Goguen proffered a plan to the public? Why do the Royals, The Rothschild's Clan and The Black Sun group have no plan? In part 3 they went onto explaining Keeper violations that involved misuse and misappropriate of the Assets and their various punishments.

My responses to that was. 1. Yes we agree there has been serious mismanagement of our funds. But you appointed all these greedy keepers, which is your remit to protect them, clearly that has failed. 2. Where is your responsibility in this, given you appointed the said keepers? What actual actions were taken against such aggressors? 3. Who mishandled the assets? Why haven't the names been made available to the public? Have they been charged lawfully for such mishandling? If not, why? 4. Exposing the assets without explicit authorization? Why have you not told the public about such assets? Surely if you are operating on behalf of the people, the people have the right to know under RITA, Cosmic and Trust Law?

There are a string of violations that have or about to be taking place, for which a stringent warning is now given with associated cease and desist and imminent declaration of loss of Keepership. My response was to call out those doing it, like the US Military, CIA and other Intelligence Agencies and with the support of Israel and Saudi Arabia. What actions have been taken against the above violators? When will the public be informed of actions of and the naming of those organizations that went against our assets? Then they said, there are currently authentic and tangible reports of planet Earth to shortly to go through an extended period of severe space-weather events, affecting the lives and livelihood of everyone on the planet, as well severe

disruptions to the normal way of life. My response was, What about the people? When will they be told of such space weather events? Perhaps the space weather events where the Day or morning of the Svarog and the Sun restoring its true power? What has also taken place is the negating of Rahu and Ketu, Rahu in the past was responsible for rock throwing incidents passed off as meteors and asteroids.

Reports that Royal Assets under the Keep of The Vatican is reportedly under threat of attack by other groups as a way of settling internal scores. My response was, Why would you give assets to the Vatican cult, when they have done everything to damage this planet and the varying races? They then gave a warning to those using Weapons of Mass Destruction by some of the Keepers, some of which has been brought into our realm via off world trading. The Royals themselves are ultimately responsible for such trades taking place, given they stated this earlier: Part of these treasures are those held for the future of humanity and others are brought from outside of the planet for safe keeping on behalf of the different Galactic Councils. That is where these trade deals take place and every interaction between the people of Midgard and off world races, has involved the US or U.S. Military, Russian Military, the CIA, the KGB, the Majestic 12 group. In my understanding of negotiations between the above and the off world, has always involved acquiring technology from the off world races in return for them abusing the people of Midgard Earth. The Royals then issued a warning for enforcement to return such Assets and stop damaging the planet. Our response was to send them our Blueprint, Claim of title script.

Next covered the ICJ. This is the declaration of the ICJ and the Banking and Redemption office located in Cairo Egypt under the remit of Sheikh Zayed family line. Another of the royal connections like the Saud family. The Intracourts Referendum document had the word Zeta and Pata and I asked whether this off world group running the show are the Zetas who are part grey, reptilian and clones. And was Pata father or Ptah of the Egyptian god fame.

Next was a series of Quo Warranto's. The first described how it was ok for mankind to suffer and the outrageous claim that America belonged to the Aborigines. Which is a complete fallacy, as all the so-called originals speak of the white man who taught, worked, played and even mated alongside of them, that was the Rus/Aryan/Slavs. In part 2 the Royals went one step further and claimed America is the original Sovereign Islamic Nation/States and to enact the American flag to the Star of David. In part 3 they spoke of a new Declaration of Independence and referenced the Draco! Part 4 spoke of the United States Bank as a private bank of which 2/3rds of the shares were held by the Bank of England, so much for independence then. Part 5 spoke of the fraud of declaring everyone a citizen, they described as a dead entity. Part 6 revealed The United States of North America under the 14th Amendment, and are therefore placed into permanent legal status as a Debtor and Surety for U.S. Inc.. And how all the people are slaves. Part 7 mentioned about fake amendments 16 and 17 being added to the Constitution without Congress approval. Part 8 declared the people as being a servant, the Bretton Woods agreement which made the IMF, World Bank and the inter-American bank as the holders of the funds. It also mentioned the atrocities of the CIA and the MK Ultra program. Part 9 describes how they made all states to change their name and status into subsidiaries of USA, Inc. It went from The State (of the national Union of States) to the STATE OF (X), a private corporation. How the Obamacare Health bill would all be tracked by a computer system titled B-E-A-S-T, the beast. Part 10 Spoke of strategies deployed by the thieves against we the people and in particular Americans.

It spoke of the Cestui Que vie and the Trust and how by: 1. Creating governmentally owned corporate franchises, such as a citizen of the United States and one's all-capital-letter name, with which people are deceived into identifying. 2. Regarding every citizen of the United States as contractually being: a. A corporate citizen, which is a corporate franchise; b. A co-trustee (with duties) and co-beneficiary (with privileges) of the 14th Amendment Public Charitable cestui que Trust; c. Pledged as an asset in the bankruptcy of US Inc., and therefore a co-surety for the debts of US Inc.; d. An enemy of the Creditors; e. Chattel property of the Bankers and Power Elite; f. A slave with no capacity for asserting any rights, no standing in law, and no capacity for contracting. We then posted the Sovereignty piece out of the Blueprint.

Part 11 spoke about law and the courts and they mentioned how the American aboriginals were the creditors and we the people, which we contested and dismissed. We then read out our own Law as per the Blueprint speaking of RITA, Cosmic and Universal Law, not Maritime or Talmudic law. Part 12 spoke of a public lien against USA Inc. that the President of the United States, Inc., and the Governors of the Federal "State" franchises are hereinafter notified and placed under Public Lien, required to release all color of law titles and liens registered under conditions of fraud against the original people and their Preamble Posterity General National Governments, in the Family of Nations, assets thereof. ITS FURTHER HEREBY ORDERED, that the Joint Chiefs of Staff stand notified that they are obligated under the Geneva Convention Protocols of 1949 as well as the "Original 1787" The Constitution for the united States of America to come to the aid and assistance of the original people. Once again we contested and dismissed their version of we the people.

Part 13 Delivered more step down orders to Congress and Senate, plus a string of agencies using mercenaries including NHS, FBI, BATF, NSA, FEMA, CIA, DIA, IRS, etc. The IRS to unblock all public trust funds equivalent to the national debt plus principle and interest. Warning the UN that the Federal Reserve and the UNITED STATES OF AMERICA are breaking their charter. The North American Water and Power Alliance is under Public Lien and is herein identified as the recipient of purloined credit owed to the original people and their governments thereof. Part 14 was about the fraudulent debt passed onto the people and the people retain the right to prosecute those responsible for creating fictional entities. The Royals then claimed: that the Aborigines [> We the People] Contiguous Nation-States {> Title 5, U.S.C.S. § 1501(1); and Article IV § IV of the "Original 1787" Const.] shall have "original jurisdiction" over the lands, Sea and Air of North America, and hereinafter, shall be known as Islamic States thereof, moreover, the United States, Inc., in the United Nations, Seal, Power, Authority and Jurisdiction hereinafter revoked, and any and all representations, are hereinafter null void, and the issues are hereinafter moot America to be known as Islamic States? Seriously, that is not going to fly. Therefore, the 13 Confederacies of North America, and 13 Fires of North America, are hereinafter incorporated and shall come under the control of the ancient original people and the government of The Republic of North America. We counteracted that with the following: The 13 Confederacies and 13 fires is based upon more fraud via The Crown. It is the 13 colonies of the Virginia Tea Company, started by the Colony of Virginia. The 13 Confederacies are those who seceded from the Crown Colonies until after the Civil War. The Aztec and the Mayans where not here on these lands first either, again the land belongs to us all not selective groups from selective time periods. We then did a letter to Mr. Rauthschild and outlined our case and the desire to meet with him. When sent the full transcript of this show, a preface letter and the Blueprint book by recorded mail. Although we never received any notification of delivery and we have not been contacted either. All in all it was a quite

extraordinary show on many levels and perhaps the first time a show has revealed the hidden Royals of the world in such detail.

The next show up was done on August 6th and was a shorter show called The current state of events. This delved into the extraordinary event surrounding the resignation or death of President Biden. Of how Biden went completely out of the protocols surrounding him stepping down, not even notifying his staff and also a false signature was prevalent. Nancy Pelosi had already signaled the removal of Biden just a few weeks prior. Predictably the step down was all handled by a Jew called Jeff Zients, suggesting Israeli involvement. Also just prior was the alleged assassination attempt against Trump, with the alleged shooter having links with the FBI. The speaker of the House Mike Johnson stated that Biden had disrespected his own voters. Others chimed in and said Biden didn't give up power and that donors had frozen his bank account. In stepped a complete novice that would also go against protocols and not take part in a primary, but was ushered in to replace Biden, Kamala Harris. Kamala Harris has Indian and Jewish links due to her criminal husband Douglas Emhoff.

I then went into a Q & A section all about the Trust and the Trustee. I spoke about one account with 46 zeroes on the end and went through a piece from Anna Von Reitz all about the White Spiritual Boy account. We ended the show with this warning. The gist of tonight's show is, things are very different going on now and for you all to be aware of it. Different can be good or bad and even neutral, but the different is revealing the old world and the old ways are collapsing at an increased speed now. All as predicted here on THI would unfold some time back. If you had any doubts, this next sentence will dispel them all in a chilling manner. So as it stands just listen to the length of this list: we have a banking crisis, market crisis, government crisis, migrant crisis, social disorder crisis, children crisis, looming medical crisis, jobs hiring crisis, border crisis, foreign policy crisis, genocide crisis, fear crisis and people crisis. But who is addressing it outside of THI, sadly the answer is no one.

All of you should be ready now for what is to come, you have been given all the knowledge and should have prepared accordingly. It will be ugly, can't be anything else. You will be in demand around your own circles, as coma people get their ultimate shock and realize the conspiracy theorists were right all along. They will want answers, in fact demand answers from you all, be prepared, be understanding and humble in your address to those people. We are swimming in uncharted waters now and many will drown, because they forgot they could save themselves. A harsh reality and a very harsh check of reality is about to unfold. Be prepared, be ready, be safe and never allow anyone to put you in fear, remember you have a and the choice of how to be, act and thrive.

Next up on October 8th FHSTOS Plus 26 was all about the Tavistock Institute and mind control called Have you lost your mind? We started off with the history of Tavistock in the 1800's that moved to Germany until Adolf Hitler of all people threw them out of the country. Then they headed to Britain and it was founded by John Rawlings Rees in 1947, just two days after the forming of the CIA. Coincidence? not a chance. Before all that there was a clinic in the UK. Founded in 1921, the Tavistock Clinic, as it was then known, has served as the psychological warfare arm of the British monarchy and has benefitted from the patronage of that monarchy and allied oligarchical networks. In other words the same types of "people" connected to the Belgian, British and American pedophile scandals, yes it is the EL-ites again. But it doesn't end there, as another familiar connection is also tied to Tavistock. Tavistock has always enjoyed a close

working relationship with the highest circles of Freemasonry: The current chairman of the center's board of directors is Queen Elizabeth II's cousin, the Duke of Kent, who is Grand Master of the United Grand Mother Lodge.

Then we did a piece on the modern day version of Tavistock. Of how the Tavistock clinic faces a complete overhaul, after a review found that its gender identity services are not a safe or viable long-term option for children and young people. Explaining it was the only UK children center for transgenders. In the next section we spoke of Tavistock involvement in schools. Tavistock has designed the brainwashing methods employed in so-called educational reforms, like outcome-based education, the World Core Curriculum and global education. Key to these reforms is the concept that teachers are no longer responsible for imparting knowledge and truth. Instead, their function has been changed to something akin to a therapist: They make a psychological intervention into the minds of children, shaping their personality, values and attitudes. In the current jargon 26 Feature they are called facilitators or change agents, but they are more properly called therapists. Therapists or the rapists? Whether teachers like this or not, as a facilitator and change agent, whether under woke management or not, you have been employed to rape the children of their minds and everything it means to be human. Through repeated sessions, or classroom experiences, often augmented through the inducement of hypnotic states, the young victims are turned into Satanists, mirroring the evil minds of their controllers. We will make man in our image that reveals, it cannot get more stark. Group dynamics teaches, or more precisely, preaches the following mind-bending concepts: 1) An emphasis on inner felt needs. This is accomplished through holistic brain centering, which includes hypnosis, to induce a state in which the mind appears to travel outside the body: a process known in the occult as astral projection. Inducing astral projection? That is to get people into a dream state trap, where they are harvested. Non-verbal communication, involving body movement, is considered preferable to language. In other words the silent treatment, like in prison the isolation unit. Again designed to break the mind, which is then easier to manipulate.

Kurt Lewin was a German-American psychologist, known as one of the modern pioneers of social, organizational, and applied psychology in the United States. He was director of the Tavistock Institute. Lewin is another version of Levine or Levi, because Lewin was Jewish. Yet again they are the head of the snake, like businesses, damaging humanity. Tavistock was also behind another program called Project Monarch. We spoke about Nazi mind control and the four leading proponents of this program. The Mystery Religions of ancient Egypt, Greece, India and Babylon helped lay the foundation for occultism, meaning hidden knowledge. No surprise those 4 names comes up with occultism, hidden knowledge it may be, but the connotations behind the words have a much darker flavoring than just hidden knowledge. All four are part of the Jewish Kabbalah and Talmudic death cult. By the 19th century, Great Britain and Germany were recognized as the primary geographic areas of Illuminati control. All controlled by the B'Nai B'rith(ish) group. Also Alister Crowley being involved as part of the cult The Order of the Golden Dawn. The Golden Dawn built temples to these people in Britain and France. The first was the Isis-Urania Temple in London, next was the Osiris temple in Weston-super-Mare, the Horus temple in Bradford (both in 1888), and the Amen-Ra temple in Edinburgh (1893) were founded. Also in 1893 Mathers founded the Athathoor temple in Paris. All of which reveals this is an off world cult.

Next came the pharmaceutical world into the mix using mescaline and LSD. To achieve that on behalf of the Vatican, the corrupt US Military launched Operation Paperclip to move the evil scientists and all of their

equipment to America, involving 1/4M flights. Then came the Evolution of Project MKULTRA: With the CIA and National Security Council firmly established, the first in a series of covert brain-washing programs was initiated by the Navy in the fall of 1947. The US Navy is also a cover for the SSP, the real Secret Space Program done long before Trump set up another fake agency under the same name. Project Chatter, Artichoke, Blue bird and Delta were all launched as an assault against the people. Project Spellbinder and Often followed but the Monarch program remained the top project. The various avenues used to control human behavior under MKULTRA included radiation, electroshock, psychology, psychiatry, sociology, anthropology, graphology, harassment substances, paramilitary devices and materials, with LSD being the most widely dispensed material. LSD is the red pill of the Q cult, and those people think they are awake? no they were sent into a Deep State of mind control unconsciousness. Occultic symbolism may give additional insight into the true meaning Psyche is the word for both soul and butterfly, coming from the belief that human souls become butterflies while searching for a new reincarnation. Psyche means soul, is it psy or psi they are attacking? psyche (n.) 1640s, animating spirit, the human spirit or mind.

Project MONARCH could be best described as a form of structured dissociation and occultic integration, in order to compartmentalize the mind into multiple personalities within a systematic framework. It is possible to fracture the mind into 12 different personalities. The most familiar one is the child alter, but one mind maybe an assassin, another mind often built in is the suicide alter. This is in case the host starts to remember things and or to talk about them to others. That then can set the mind trigger off for the host to kill themselves. Remember the highest form of gun crime in America is, suicide by a gun. Is it linked? I suspect it is. Next on the list of the Kabbalistic tree of death came the alters and the triggers. And how the gatekeepers (the programmers) manipulate the mind of the victim, using various means to fracture their psyche and create different personas in the one vessel. It comes with adjoining root systems, infinity loops, ancient symbols and letters, spider webs, mirrors or glass shattering, masks, castles, mazes, demons/monsters/aliens, sea shells, butterflies, snakes, ribbons, bows, flowers, hour glasses, clocks, robots, chain-of-command diagrams and/or schematics of computer circuitry boards. Hence the prominence in their world of infinity loops or the mobius symbol. Mazes are certain realms of the astral traveling, where you are trapped until you learn how to escape that mind based maze. To free yourself from the astral harvesting, one must develop themselves out of there by soul development only, onto the mental planes. Those carrying alters will not reach the mental planes.

Bloodline families and twins came next and the programming of the bloodline elites into psychopathy. Then we covered all the different levels of the mind control programming. Alpha, Beta, Delta, Theta, Omega and Gamma. Alpha is the left and right brain division. Beta is the sexual programming and can illicit cat alters, yes the furry snakes again. Delta is the killer program. Theta is psychic programming. Omega is the self-destructive and self-harming program known as Code Green. Gamma is the deception program which elicits misinformation and misdirection. It spoke of how it starts with children as young as 6 and sometimes within the womb. All kinds of electrotherapy and using Druid systems and the children's movies, particularly done by Disney. Pinocchio, Sleeping Beauty, Snow White, Beauty and the Beast, Aladdin, The Little Mermaid, The Lion King, E. T., Star Wars, Ghost Busters and many more where part of the MK Ultra program. Programmers and places was next and brought up names like Dr. Green, Mengele, Anton La Vey, Michael Aquino and a whole heap of Jewish doctors names. It named another lengthy list of all the Universities that were involved in it, for those new, all Universities are run by the CIA.

Next came another lengthy list of all the US Military bases that were involved in this program. Other places recognized as major programming sites are Langley Research Center, Los Alamos National Laboratories, Tavistock Institute and areas in or by Mt. Shasta, CA, Lampe, MO and Las Vegas, NV. Ah the legendary alt media cult center for conferences and alleged spiritual retreats, Mt. Shasta. When in reality it is a gateway to hell, figuratively and literally. Next up was the True Life Story of a CIA Slave by Cathy O'Brien. A horrific story naming loads of the so-called famous people as to being involved. It also touched upon the stage 3 Mk Ultra which is where the term Manchurian Candidates originates from. Dr. Corydon Hammond, a Psychologist from the University of Utah, delivered a stunning lecture entitled: Hypnosis in MPD: Ritual Abuse at the Fourth Annual Eastern Regional Conference on Abuse and Multiple Personality, June 25, 1992 in Alexandria, Virginia.

Notice it was held in Virginia, home of Langley and the CIA. He essentially confirmed the suspicions of the attentive crowd of mental health professionals, wherein a certain percentage of their clients had undergone mind control programming in an intensively systematic manner. Thirty years on mental health specialists still won't consider it or host possession as the main causes of mental health issues. Meaning that profession by default is a fraud. Hammond alluded to the Nazi connection, military and CIA mind control research, the Greek letter delta and color programming and specifically mentioned the Monarch Project in relation to a form of operative conditioning. Next highlighted for MK Ultra was two female singers, Lana Del Ray and Kate Bush, the latter of whom did an eerie song about MK Ultra called Experiment IV. Disney and the music industry has played heavily into the mind control programs, particularly on children. The songs that are triggers are many, but It's a small world and I would like to teach the world to sing are just two of the songs I am aware of that causes triggers in children. Alice in Wonderland Tactic.

The following excerpt is from KUBARK Counterintelligence Interrogation (CIA torture guide) dated July 1963: The aim of the Alice in Wonderland Tactic or confusion technique, is to confound the expectations and conditioned reactions of the interrogatee. Or in its current mainstream application, to force the controlled narrative onto an unsuspecting public, through the use of Psychological Operations tactics spread through the mainstream media. The programs within the Alice in Wonderland were Rule 13 for disinformation, Alice mind control and the symbolism aspect used heavily in the Wizard of Oz. Stress induction for mind control and then we covered the themes of the programs. Abandonment and loneliness, the child-swain and the children and animals program. It also covered death, nature and nurture, justice and time and space, all one in damaging so-called children's movie. The sad thing is, many knew about it and many kept quiet about it, allowing more to suffer, with a silent scream from within. It also brought up Pandora's box (1570s) refers to her gift from Zeus, which was foolishly opened by Epimetheus, upon which all the contents escaped. They were said to be the host of human ills escaping to afflict mankind, or, in a later version, all the blessings of the god (escaping to be lost), except Hope, which alone remained. Except hope? one hopes the highlighting of this further brings an end to this evil set of practices, and we go forward with hope that there will be no more victims, only justice applied to those within the programs. Forget the perpetual lies of the CIA, that it all ended, it didn't and is still in play today. The dream is to end the dream of the bad dream and to do that, we must accept the responsibility for this information and reality and highlight it far and wide.

Next up was two shows on October 27th and recently on December 5th FHSTOS Plus 27 and 28 called the Future World Parts 1 and 2. A harrowing peek into the dystopian future they have planned for us and we

have allowed these psychopaths to dictate our lives far too much. It fulfills their agenda to have complete dominance over us, and some will say they do now, but this takes it to a completely different level altogether. It will lead to the end of the organic human race on this planet. With the Covid scam also involved in this series, we highlighted that Covid was initiated by the Rockefeller Institute with Project Lockstep in 2010, ten years ahead of the fake virus. Yet several documents revealed in this series revealed the “virus” was first put forward by the Military and Agencies as a means to deliver another program in 2001. To the average person that would seem absurd on many levels. Statements they would have is A. Why would they do that? B: Nobody would go along with that C: our politicians would never agree to that D: are you a conspiracy theorist with a tin foil hat? These are the reactions of the general masses, as they blindly lead us all into these programs because they cannot conceive that the authorities are A: bad B: that evil and C: the media would never lie. Utterly delusional at this point, after 30 years of the internet and the ability to find out almost anything.

These shows are about exposing enhanced humans, transhumanism and total control of us, after a large cull. Klaus Schwab, Founder and Executive Chairman of the World Economic Forum said: Technology will in the end lead to a fusion of our physical, our digital and our biological identities. The technological determinist mindset behind all such pronouncements is designed to leave no room for resistance or contestation. Organized by transnational elites, the lockstep march of humanity into what has been called the Bio-Nano Age, the Virtual Era or the Fourth Industrial Revolution, reflects the transhumanist aspiration toward a post-human future. Did you grasp that last line? A post-human future, no humans that means. Are you truly taking that on board into your psyche and every fiber of your being? No humans.

The elites are speaking of a Utopia, but utopia means nowhere or no place, so it is not an idyllic setting, just a life longevity program for the elites. Their view about what transhumanism is: A worldview that seeks a quality of life that brings about perpetual progress, self-transformation, practical optimism, visionary solutions and critical thinking, the transhuman. The transhuman is a biological-technological organism, a transformation of the human species that continues to evolve with technology. The technological means in question could involve genetic engineering, synthetic biology, bioelectronics and human-machine interfaces among others, encompassing biotechnology, nanotechnology and bio-nanotechnology. The reengineering of human biology could occur directly or indirectly via transformations to the human habitat, such as through engineered adulterations of the natural environment, atmosphere, air, water, plant life, livestock, weapons and pharmaceuticals. The term itself was first proposed by Julian Huxley in 1951, reportedly to rebadge eugenics following WWII. They speak of reaching God-level: Divinity, according to the Jew Harari, is not far enough to describe what we are trying to do. But is that not a contradiction? Divinity or god head? Turning man into machine does not produce gods, does it? What it does produce is those who act like god using technology, which is why the god in the bible is an AI sky god, the man who sits on a cloud. A cloud is a storage device that collects all our energy and data, are you getting it now?

He spoke of turning man into Homo superior? Think deep again, Jews are allegedly the “chosen” race and consider themselves superior, homo or otherwise, to all other races here. Are you connecting the dots now? The two shows were riddled with Jewish people at the forefront of this program and is not a coincidence. We then went into a 2001 document formulated between NASA and Langley/CIA, what a collaboration of skullduggery that is. Its projections and predictions were derived from NASA’s futures work with 30+ other national security agencies, including DARPA, the CIA, the DIA, the US Army, the Air Force, and

numerous other national security bodies. The talk predicted that the underlying global explosion in technological revolutions would see the advent of a new era for humanity, slated to commence in 2020. Just when the Covid era started, which reveals it was a manufactured disease designed to introduce control based technology.

NASA Langley dubbed this new era the Bio/NANO Age. A Virtual Age, just as I had warned multiple times, it is going from 3d reality to a 2D illusion based world. The technological landscapes of the Bio/NANO and Virtual eras were to comprise genetic engineering of human beings prior to birth; implantable electronics for monitoring, computing and brain stimulation; cyber and artificial life; biocomputing; automatic/robotic everything; nanobots; smart dust; and ubiquitous immersive holographic and virtual environments. To comprise genetic engineering of human beings prior to birth they said, which would mean the medical industry would implement it.

Ten years later, in 2011, Bushnell told an audience of environmental scientists that the ongoing bio-revolutions in genomics and synthetic biology, offer the very real possibility of designer life forms including humanoids. Humanoids, like us but not us, don't they think we have enough of these types of humanoids already? What happens when the world finds out many people they encounter are not real? Clones, Synthetics, Bio-bots, that's without the non-humans in skin suits. The transhuman aspect has already unfolded with the transgender program, to a point where those who know and see, wonder just who is man or woman these days. A former President and his first man, plus many of the so-called movie stars being revealed as the opposite sex than they portray. All of which leads to confusion.

All about humans are becoming cyborgs, the NASA Langley Chief Scientist continued. We have put brain chips in about 10,000 people, DARPA is working on brain chips for super soldiers. Fifteen to 20 years out, if you don't have all of these chips in you, you can't compete, particularly with the machines. In fact we are merging with machines. 10K already chipped in 2011? And you all thought this was new with Elon Musk and his anti-human brain chipping technology? The question is why would people do this? This is not evolution at all, it is a complete desecration of a Source based living being. In his book *The Singularity* (2005), Kurzweil describes a 2030 scenario consistent with NASA-Langley's Virtual Era, under which Nanobot technology will provide fully immersive, totally convincing virtual reality. Nanobots will take up positions in close physical proximity to every inter-neuronal connection coming from our senses. Hence the requirements to take their fake Covid jabs, of which the spike proteins are what is extending from and to the neural connections. Nanobots will be capable of generating the neurological correlates of emotions, sexual pleasure and other derivatives of our sensory experience and mental reactions. Nanobots will be introduced without surgery, through the bloodstream and, if necessary, can all be directed to leave, so the process is easily reversible. They are programmable, in that they can provide virtual reality one minute and a variety of brain extensions the next.

So who and what is Ray Kurzweil, well he was born in New York and born to Jewish parents, a very common theme that. In 2015 NASA Langley's Dennis Bushnell was describing the possibility of uploading the brain into a machine, which would have god-like knowledge and would be connected to the emerging global sensor grid and global mind. That is the off world technology used for thousands of years and how these fake gods keep living over thousands of years as well. When their vessel is damaged or failing, they take another vessel and delete the consciousness of the host, then upload the consciousness of the fake

god/person and into the new vessel. A global sensor grid and mind? A hive mind anyone? Where everyone thinks alike, does as it is told and always follows orders like a robot?

We covered categories like Back to the Future 2020 which revealed rapid mass transition to the tele-everything described in the NASA Langley document (tele-medicine, tele-education, tele-commerce, tele-socialisation etc.) came into being, laying a practical social pathway to the Virtual Age, in which, the world and society will shift even more to tele-everything. But what does tele mean? Tele, before vowels properly tel-, word-forming element of Greek origin meaning far, far off, operating over distance, from Greek tele far off, afar, at or to a distance, related to teleos (genitive telos) end, goal, completion, result from PIE root *kwel- (2) far in space or time. The key words to that is far off, at a distance, end goal and far in space and time. All of which sounds like an off world program to me, have you considered that possibility? If not, why?

Social Engineers or Space cadets was next and revealed: By 2021, NASA had taken its space rationale sufficiently far to establish an international, interagency collaboration involving the Biomedical Advanced Research and Development Authority (BARDA), the Defense Threat Reduction Agency (DTRA), the Department of Health and Human Services (HHS), the FDA, the CDC, the NIH, eight international space agencies, a few universities, and a not for profit group with Google's Eric Schmidt and billionaire transgender transhumanist activist Martine Rothblatt on its board of trustees. They say that it is all about turning people into super humans, funny that, as they have done everything to reduce us. The 2021 NATO report reads, NBIC is a scientific project bringing together four previously distinct domains: nanotechnology (nanorobot technology, nano-sensors, nanostructures, energy, etc.), biotechnology (biogenomic technology, bio-engineering, neuropharmacology, etc.), information technology (computer science, microelectronics, etc.) and cognitive technology (cognitive science and neuropsychology). Neuropsychology and neuropharmacology are both involving interfering with the head or mind, which means they can control it. The project was formalized with the encouragement of the US Department of Defense (DoD) in 2002 and subsequently taken up by major international institutions and a number of nations, to bring together future technologies.

The Future World Part 2 went into the details more of what is and has unfolded. Cyborg Soldiers: Transhumanist Designs on the Military, Biologically fit: Using Biotechnology to Create a Better Soldier (2013), Cyborg Soldier 2050: Human/Machine Fusion and the Implications for the Future of the DOD (2019), Human Automation Integration for Supervisory Control of UAVs (Uninhabited Air Vehicles) (2006), Ideas Lab for Imagining Artificial Intelligence and Augmented Cognition in the USAF of 2030 (2019), Opportunities and Implications of Brain Computer Interface Technology (2020). In 2019, a paper sponsored by the DoD Under Secretary's office was advocating for the United States to pursue dominance in cyborg technologies, including through trial and error with military personnel. Trial and error with Military personnel? means they will experiment on your sons and daughters in the military, and not care about any negative outcomes, including death. Do Americans really understand what is playing out here and will you act upon this report to counteract it or just ignore it like every other problem in this country? Does calling for human lab-rats in cyborg experimentation fulfil some aspect of the US DoD recruitment process? We wonder.

In summary, each of these transhumanist soldier enhancement papers, which represent but a selection of similar documents, are consistent with the 2001 NASA Langley proposition that human beings are too large, heavy, tender, and slow for warfare, particularly compared to robots, which, NASA Langley points out, possess greatly improved lethality. Perhaps hu-mans where not designed for warfare in the first place? Do these psychopaths not understand the value of life? Clearly not. Why is everything about war with these people? The great question is, are they people at all? Are they the Draco warrior class of people called the CIAkars? The Draco were created as a warring race, are they trying to change man to be like them? All of which brings into question the line in the bible of, we will make man in our image. Cyborg Civilians: Deep State Designs on Global Citizens, involving Proteus.

So who or what is Proteus? Proteus's name suggests the first from Greek prōtos, meaning the first, as protogonos is the primordial or the firstborn. It is not certain to what this refers, but in myths where he is the son of Poseidon, it possibly refers to his being Poseidon's eldest son, older than Poseidon's other son, the sea-god Triton. Could it also describe the Levi-athan? This feature of Proteus comes the adjective protean, meaning versatile, mutable, or capable of assuming many forms. Protean has positive connotations of flexibility, versatility and adaptability. Not in this context it doesn't. Proteus took the forms of a lion, a serpent, a leopard, a pig, even of water or a tree. The lion and the serpent rings a Ba'al does it not? As for the water is again referring to the Leviathan that emerged from the waters? The tree aspect brings in the Kabbalah tree of death.

By 2008, Proteus had grown into an international consortium involving an alphabet soup of agencies under the aegis of the ODNI, including the Intelligence Advanced Research Projects Agency (IARPA), the National Security Agency (NSA), the Defense Intelligence Agency (DIA), the US Joint Forces Command (USJFC), the US Marine Corps (USMC), the US Navy and others, along with numerous universities, international bodies such as Canadian, Israeli, British, Australian, Italian, French and Swiss military-intelligence bodies and institutions, the UN, and private corporations including Lockheed Martin. Discussion revolves around leadership challenges associated with the anticipated emergence of three strata of beings: The Tweaked, the Freaked and the Geeked classes. Oh how they love their demeaning labels!

Next they decided that sex was no longer acceptable except for the elites with this statement: Sex is no longer the only generative force; that honor will be shared by the technologies that create the singularity. The thought of the military running this boggles the mind. But, one need only glance at divisions between the new government-funded and promoted social classes of updated, castrated, and otherwise adulterated non-binary tweaked versus the 'norms', or the geeked, to see where this grand operation is headed. The Proteus insights in 2000 for 2020 was next. And just what were Proteus' insights for the year 2020, advanced in the year 2000? What did the group foresee on the horizon 20 years hence? A pandemic of course.

In the years leading to 2020 The Virus™ of Proteus' storyline crippled societies and economies, saw revocation of citizens' rights and freedoms, created social divisions and, finally, reached a global dystopian level of intensity by 2020. All of which not only echoed Proteus predictions, but the NASA Langley slides in 2001 as well. It was forecasted about an asymptomatic transmission virus, that the media pushed heavily, yet a 10M person study revealed not a single case of asymptomatic transmission. It delved into the clever use of language used to persuade us into their programs. Then it was revealed the augmented enhanced

humans was not just for military use, but civilian use as well. How reproduction would have to be controlled by the state and the role of the female and motherhood deemed as, not required. The concept of the woman, known for millennia to be at the center of various forms of social and cultural power, is being erased. In its place is the form of some ambiguous sexless other, fully stripped of her feminine charisma, faculties of reason, emotion and allure along with her additional powers of reproduction. The problem is, that weapons of a war fought on a battlefield contain all the conventional signifiers we imagine when warfighters strive against an enemy invader. The stealth weapons of a transhumanist war against humanity, however, are hardly conventional and, thus, exceedingly difficult to recognize without appropriate laboratory tools and techniques. Plus when you add in people's limited perceptions that have been deliberately dumbed down, limited thinking patterns, a lack of critical thinking, a lack of understanding and then you have a recipe for disaster, which we are now facing.

The next section was Categories for Herding and Culling. Since the emergence of the Covid-19 narrative, the state-sponsored campaigns of fear, loathing and dehumanization, launched across the entire globe, have been integral to coordinating programs of successful cultural conditioning. Many members of the human community, fearful and continually agitated by the practices of social engineering, now put themselves in the category of synthetic objects ever ready for modification, rather than natural subjects possessing agency and sovereignty. To them, therefore, maintaining personal bodily integrity means little. Even many feminists, long advocates of a woman's right to choose what goes into her body, have handed control over their bodily integrity and autonomy to those pushing mandates and upgrades. Which then went into the language war upon us, as we just don't know their definitions of the carefully placed words too well.

In *Human Augmentation: The Dawn of a New Paradigm* (2021). In human or inhumane is the great question. A human platform they state, is relevant across society and Defense Designer babies, it says, may be likely within the next 30 years. Designer babies have already been implemented many years ago, synths and clones are more common amongst us than the public can comprehend of. 30 years takes us to 2051, but most of this technology was around millennia ago, it is not new. Down the path of augmentation, in *Cyborg Soldier 2050: Human/Machine Fusion and the Implications for the Future of the DOD* (2019), The US Army DEVCOM and its co-authors write: Introduction of augmented human beings into the general population, will accelerate in the years following 2050 and will lead to imbalances, inequalities, and inequities in established legal, security, and ethical frameworks. Then that tells us right there, this is not for our benefit, only theirs.

The Military and Covid-19 Injections: This involved Trump and Operation Warp Speed, of how to produce 300M doses of this mRNA fake vaccines for total control of the people jabbed. An organizational chart shows that 61 of the 90 leadership positions in OWS were occupied by DoD officials, including four generals. The military's role was not merely to assist with logistics; rather, the DoD was in full control of the vaccination program from its inception, including development, manufacturing, clinical trials, quality assurance, distribution and administration. Yet nobody questioned it outside of THI and SOTT.NET and therein lies the greatest problem. Under Operation Warp Speed, contracts were clandestinely awarded to vaccine companies via Advanced Technology International, which has close ties to the CIA, no surprise Langley were involved. To the top brass in the US Military the enemy lines are the Americans themselves.

Covid was a complete attack on humanity, yet so many went along with it, like Jews, Poles and Hungarian's getting on a train to camps. The final piece was Military Operations in Civilian Disguise. Cognition 2035: Surviving a complex environment through unprecedented Intelligence talks about enhanced Human Intelligence being compulsory in some scenarios by 2035, for instance as a condition of employment. But why? Is enhanced human intelligence even a thing? If they were remotely interested in raising human intelligence, they would have raised the bar in schools, instead they delivered the worst education system in history. The dumbing down program started in the 1930's and now not a single American who went to a public school, was taught to even a basic standard. This is why we are miles behind the rest of the world, including some 3rd world countries.

So, let's make it clear, they are not interested in humans becoming intelligent, just robotic entities with enough knowledge to operate jobs that robots cannot do. The document advocated a new governance model, that would involve public-private partnerships and a global convergence network. What they mean by public private is, the public pay for the private companies to commit crimes against us. Just like the CDC, USDA, FDA and many others. The 2013 CKTS document also advocated drawing on artificially augmented and inter-connected brains, which it referred to as convergent cognitive technologies, for future decision-making, particularly in the area of public health, and at all levels of society. That is the internet of things and we are the things and also the internet of bodies, where our bodies will be inserted inside of the network and operate only on the approval of the network.

By 2020, as public-private partnerships, including with CKTS report contributors Moderna, Johnson & Johnson and Microsoft, were gearing up for their military-style, lockdown-driven, bio-nano, injection-based higher level purpose war on a virus. You do realize they think we are the virus? If not you should do by now. The report added, almost as an aside, the major existential issue will then become Whither Humans? Who needs heavy, tender, slow, carbon-emitting, climate-changing humans on an over-populated planet anyway? A truly astonishing claim but here is our retort to that. Deleting aliens whether off or on world, who needs ugly, lizard breath, scaly, bug eyed, shapeshifting psychopaths that are over populating our planet anyway?

Final word tonight is from Dr. Robert Redfield, the virologist who served as CDC Director during President Donald Trump's first term, he said on a recent podcast that the Covid virus was intentionally engineered. As part of a BIO-defense Program and that the US role was substantial. Bio-defense or bio-warfare on the human populace, defense is a misnomer as these people or beings only attack. The attack is against us all, no matter what color, gender, sexual preference, race, country or religion you are.

Do you understand the words that are coming outta my mouth? So, what happens next? Is your choice.

The final summary of THI special shows tonight ends with the Empowerment show done on March 26th, yes almost 9 months ago. A show several years in the making and at least two years delayed due to the Blueprint roll out. But eventually it arrived and blew everyone's brains out. It was another show packed with details of enlightenment, spiritual advancement, soul advancement and how to unlock your junk DNA into special abilities which we all have. This whole planet has been in a reduction and retraction phase on all levels, what we are doing now is called expansion not retraction, it will be a long road ahead. But the road is now created and people can see it, before it never existed, that is the difference between now and then. The

path previously was created for you, it was the road to hell and we all walked blindly down it. This is why all have to take responsibility going forward, getting others to do all things for us, has clearly not worked, otherwise this show wouldn't exist.

Following the Day of the Svarog on March 21st, 2020, the dark is now into the light. The hidden background war is now won and I can confirm the war will now be played out in the public arena, it will reveal so much. You cannot expose, take down and reveal the dark without it getting or looking ugly, it was what they are, the masters of deceit. Do not fear this, embrace it as an achievement, we have forced them out of their shadows, it will get ugly there is no question of that. That world must crumble and remember everything that falls, must be replaced with anew. This world has a pandemic of low vibration, low self-worth and insecurity people, those three descriptions make up the vast majority of people around the world. It is the real pandemic and why we have to stop dragging each other down and instead lift each other up. But, these people always feel they have to prove themselves, did anyone ask why you have to prove anything to anyone but yourself? Why is the self-approval not sought? Yet people will often seek the external gratification or approval over themselves. That is a lack of trust of the self, you cannot soul develop in any meaningful way without near full trust of the self. Which requires inward love, trust, approval, not external versions most of which are fake anyway. People met each other whether in relationships or friends because they were both low vibration, low self-worth and insecure people, it is the magnetic attraction effect, the frequency effect, you were attracted to the same frequency. When you understand everything is about frequency, this makes more sense. But, here is the kicker, love is a higher vibrational frequency, so how can love operate in a low vibrational field? The answer is it can't.

It is a version of love we have adapted to, on a low vibrational scale, but it's not real love, it is a copy, a mirror image, an illusion of what is real. We have spoken in the past of you either choose love or fear, fear is low vibrational and an absence of love, love is higher vibrational and an absence of fear. So, you cannot love in a low vibrational, low self-worth and personally insecure status or frequency, you are only imagining it. How do we know that? Because they tell you in their words, they tell you to fall in love or you fell in love. Why do you need to fall to be in love? You don't and you can't. We all need to rise to be in love, change the terminology I rose in love, I have risen in love, I have elevated in love. The lack of personal responsibility: This topic has plagued humanity for thousands of years, both on an individual level and a collective level. It is on a collective level abject laziness, a child level program and demeaning to the soul. People all too content to let others do things for them, that means if things go wrong they have someone else to blame.

The next stage was Rules for a human: The rules for being human which is handed down from the URS and the Rus Sanskrit, which is not Indian. There is 9 rules for being a human. Next we delved into The I and WE, is it the true story King Arth of UR and the sword?: The story of self-mastery via the I and the we and how to install your own sword within you. All of which leads you out of the controllable mind brain and into the heart. Next up was the PSI or Auric field all organic beings have. The importance of doing shadow and inner work, the importance of doing the clearing, grounding, centering and shielding and the importance of protecting your own personal field. Never allow anyone else into the field.

Next up was mind thought contracts and how to counteract negative and dark thoughts that come to you. Recognizing them as contracts and then denying vocally or by thought of the consent to them. The

metronome and the balance was next which involves being in the 45/55 in your emotional state. Dealing with mood swings, over reaction to life and things, how to stay in the zone of the self without the distractions of others or life. The heart, not the mind thinking, acting and being.

Next up was the healing techniques. Get yourself into a meditation like state and visualize the area of disease, injury or trauma site, eventually you get to "see" where the problem is and you can address it. It requires a strong belief and trust of the self, no mind interactions before, when in preparation or during it. This is a heart center practice only. Pull in source energy and some of your own energy and push it into the area of concern and set the intention of healing. The next was clearing, center, grounding and shielding practice that must be done in that order to successfully achieve the desired outcome. It works a lot easier if you can see yourself, as holes in the psi field will be viewed and can then be corrected. Also when you can see yourself and your psi field, it will resemble a blue and white cone if done correctly.

Host possession was covered next and we detailed 14 ways in which a person can become host possessed. Alcohol, psychedelic drugs like pot, mushrooms, ayahuasca, tribal based ceremonies, witchcraft/paganism, praying, mediums or channelers, alchemists, wetiko, selling your soul, Indian guru practices, sex and yoga. It is my belief that all or most mental patients are actually host possessed.

Then came PSI-onics and natural abilities: Psionics it is said can be a bit confusing, which is why many people, even those with psychic powers, aren't fully aware of what it means and how to use the energy. Which is in part true, but another part is, people are frightened of their own power. Frightened of their own skills and abilities, learn to embrace them in a balanced way. Never use your abilities in a low vibrational way, hate, anger, revenge or retribution because you don't like someone or something, is not the cue for you to use your abilities in that way, or you will lose them. Use them not for the benefit of the self as well, it works best when done for the benefit of others.

Here is a list of what they called psychic and the word starting with psy, when it should be psi. These psi abilities are what one can attain by developing the self. Astral or Mental projection, automatic writing, bilocation, energy medicine, ergo kinesis, levitation, materialization, mediumship, petrification, prophecy, psycho or telekinesis, psychic surgery, pyrokinesis, iddhi, shapeshifting, thoughtography, xenoglossy, witnessing, inedia, extra sensory perception, clairvoyance, divination, dowsing, dream-telepathy, dermo optical perception, psychometry, precognition, remote viewing, retro or post cognition and finally telepathy. You do realize a phone is designed to replace telepathy?

How to deal with and what are psychic attacks. These are sharp pain attacks generally around the temples, but can occasionally go across the forehead and even more rarely be a whole head attack. This comes under the psychokinesis skill set for the sender. The pathway of life was next accomplished by the capital letter N, the left hand path of Set, the fall and the rise to the right hand path of which there is an open gate. I covered this deeper with the numbers section on a keyboard recently. We then went into what I call the library, others call it the Hall of Records and or the akashic records.

Then we covered the chakras, of how each had a purpose and is related to your own development. There is some debate as to whether we have 7, 9 or 12, personally I think the planetary phase of development is 7 matching the seven planes of soul development. The other two could be the transition away from the

physical seven and on your path to higher spiritual development. Then we delved into the self-mastery, accomplished by completing your own inner sword and was given a description by what I call the graphic equalizer test. With two boxes outside of your field, one is love, the other is trust and that determines your life, development and progress. The next stage is where your mental plane abilities kicks in and the real treasures of you begins to unfold. But, and it is a big but, one must heed this warning when acquiring these treasures and abilities. One must act in higher vibrational actions only, as one slip into the lower vibration field and thinking, will cause you to lose these skills very quickly and it can be a long road back to attaining them.

Examples of low vibration: Anxiety, sadness, guilt, shame, anger, greed, hatred, self-sabotage, argumentative, worry, complaining, negative, overly competitive, comparative and the greatest cause of organ failure, known as fear. Exhibit any of them and you are not ready for the mental planes. You can't have amazing skill sets operating within those parameters.

Examples of high vibration: Gratitude, joy, peace, compassion, understanding, playful, highly intuitive, present in the moment, patient, forgiving, positive and the opposite of fear, love. These are the dynamics you must obtain to develop the self onto the next levels.

The important thing to note about all of this show and I said it repeatedly. Once you attain the skills they have to be used with maximum personal responsibility and largely for the benefit of others. Service to self will cause instant losses of those skills and you are back in the Astral. The object to these skills sets, is to get you ready for a high percentage of service to others, which is what is required to become a god level being.

Update: radioactive material missing in New Jersey, alleged nuclear weapons missing in Ukraine, the US drones are a military psy-op. All staged by the Mockingbird media. Be prepared for staged event or a false flag in America, possibly this year around Xmas or before the inauguration. Members of S. Africa be prepared, the black leaders there are preparing for a white genocide program. That brings to a close Part 1 of this year's review, some fantastic reminders of the past year's extra shows.

Yes the shows went deeper this year and also longer in some cases. I will see what shows I can come up with next year as we delve into a year deemed significant over a decade ago. What will it bring? I guess time will tell, literally and figuratively. We have two more review shows to come, part 2 a week tonight and final part 3 on January 7th, 2025. Look forward to seeing you all listen in to them and I will be back next on Monday at the usual time with a tiny show. With two Vedas shows this year, perhaps the final song is appropriate? Are you ready to fly?
