

## THI-SHOW TRANSCRIPT 2018-08-23

There is nothing concealed that will not be disclosed, or hidden that will not be made known. What you have said in the dark will be heard in the daylight, and what you have whispered in the ear in the inner rooms will be proclaimed from the rooftops

\*The desperation levels are now ramping up in many countries across the globe, more particularly in Africa and S & Central America. UN threatening, IMF and World Bank threatening them, but more and more countries are not buying their bs'ery anymore, this is a significant change and a further erosion of their old system ways. This includes threatening the children and families of the leaders but a significant number are not buying into their threats anymore and that is a major progress point.

Who funds IMF if it runs out of cash? The US is the biggest political player in the Fund; Congress has been asked to stump up \$18bn more for the coffers. WHEN A BANK runs out of money to lend, it represents a crisis for borrowers. When a central bank runs out of money, that is more serious still; it is a crisis for a nation, and anybody else who is financially exposed to that country. But what happens when the central bankers' central bank runs out of cash? That is precisely what seems to be happening to the International Monetary Fund. After rescue packages for Indonesia, Korea, and Russia, it is running short of cash, and plans to boost its resources have run into heavy opposition from the richest and politically most influential member: the US. Elsewhere doubts are being expressed about whether the cash is being well spent. German Finance Minister Theo Waigel said yesterday it was not possible for the IMF or anyone else to fix Russia's problems. It was up to the Russian government to take action. Mr Johnson calculates that the IMF has a total of about \$195bn in currency holdings provided by quota subscriptions from its 182 members. Of these, however, a significant chunk comes from countries whose currencies are not strong enough to allow their currencies to be used for lending, leaving about \$130bn. Of that, about \$70bn has already been used for credit arrangements, and a further \$17bn is committed, leaving \$43bn for operations.

\*Lots going on in Ecuador due to pressure to oblige with cabal elements demands over the economy and also the Julian Assange issue, remember Assange is in an Ecuadorian Embassy, but this is the type of skullduggery these clowns are resorting to, I cant say now as they have done this type of threats for hundreds of years and likely longer.

\*Threats in venezuela is about dropping off cheap or free of what is known as ISIS oil, plus also a dropping off of muslim brotherhood point also, meanwhile the people are suffering badly, TPC sent some food and essential items to a small village to keep them going for a bit, the trust has tried to get funds in but blocking continues in that country,

they are still trying to dupe the people with Chavez's daughter to fix the country but she is a Rothschilds trained puppet.

\*Clowns are attempting to pull off the RV again tomorrow morning, you all know the result by now, interesting tactic they have used this week, normally there is 2 or 3 attempts each week, this week there is a one week gap between attempts, why? because they are losing minions more and more each failed attempt, and now they know The Trust funds exist, they have an alternative to Rothschilds and fake non existent Chinese Elders. Minions in the back channels are all being threatened this week also to stick with their plan or die, to those people step out en masse, they can't kill you all, I will repeat again, their RV or GCR or NESARA or GESARA or ST. Germaine Trusts is all bullshit, 100%. So please spend this weekend after it all fails again tomorrow, considering where you stand, a failed project or a new beginning.

\*The 3 stages of truth and how it applies to Kim and MWHT on all the top levels in each country. First, it is ridiculed. Second, it is violently opposed. Third, it is accepted as being self-evident. so where are we at? well we have gone through stage 1 and it being ridiculed, the second stage of it being violently opposed has also largely been passed through. For stage 3 as being accepted as self evident, we need to split that into two categories by adding another stage, called ooh my what do we see there, it is real and it was the truth all along, we are in some aspects the first stages of that, an escalation of that and an event now will trigger stage 3 in full and will be accepted as self evident. Then the funding will begin.

\*there are 1.3 billion people alive today without electricity. A staggering statistic in today's modern world, when billions are spent laying pipelines for oil and trillions spent fighting over oil, the fact so many roughly 20% of the people don't have electric now is a humanitarian crime.

\*From 2001 to 2005 there was an ongoing investigation into the Clinton Foundation. A Grand Jury had been impanelled. Governments from around the world had donated to the "Charity". Yet, from 2001 to 2003 none of those "Donations" to the Clinton Foundation were declared. Now you would think that an honest investigator would be able to figure this out. Look who took over this investigation in 2005: None other than James Comey; Coincidence? Guess who was transferred into the Internal Revenue Service to run the Tax Exemption Branch of the IRS? None other than, Lois "Be on The Look Out" (BOLO) Lerner. Isn't that interesting? But this is all just a series of strange coincidences, right? Guess who ran the Tax Division inside the Department of Injustice from 2001 to 2005? No other than the Assistant Attorney General of the United States, Rod Rosenstein. Guess who was the Director of the Federal Bureau of Investigation during this time frame? Another coincidence (just an anomaly in statistics and chances), but it

was Robert Mueller. What do all four casting characters have in common? They all were briefed and/or were front-line investigators into the Clinton Foundation Investigation. Another coincidence, right? Fast forward to 2009....James Comey leaves the Justice Department to go and cash-in at Lockheed Martin. Hillary Clinton is running the State Department, official government business, on her own personal email server. The Uranium One "issue" comes to the attention of the Hillary. Like all good public servants do, supposedly looking out for America's best interest, she decides to support the decision and approve the sale of 20% of US Uranium to no other than, the Russians. Now you would think that this is a fairly straight up deal, except it wasn't, America got absolutely nothing out of it. However, prior to the sales approval, no other than Bill Clinton goes to Moscow, gets paid 500K for a one hour speech; then meets with Vladimir Putin at his home for a few hours. Ok, no big deal right? Well, not so fast, the FBI had a mole inside the money laundering and bribery scheme. Robert Mueller was the FBI Director during this time frame? Yep, He even delivered a Uranium Sample to Moscow in 2009. Who was handling that case within the Justice Department out of the US Attorney's Office in Maryland? None other than, Rod Rosenstein. And what happened to the informant? The Department of Justice placed a GAG order on him and threatened to lock him up if he spoke out about it. How does 20% of the most strategic asset of the United States of America end up in Russian hands when the FBI has an informant, a mole providing inside information to the FBI on the criminal enterprise? Very soon after; the sale was approved!~145 million dollars in "donations" made their way into the Clinton Foundation from entities directly connected to the Uranium One deal. Guess who was still at the Internal Revenue Service working the Charitable Division? None other than, - Lois Lerner. Ok, that's all just another series of coincidences, nothing to see here, right? Let's fast forward to 2015. Due to a series of tragic events in Benghazi and after the 9 "investigations" the House, Senate and at State Department, Trey Gowdy who was running the 10th investigation as Chairman of the Select Committee on Benghazi discovers that the Hillary ran the State Department on an unclassified, unauthorized, outlaw personal email server. He also discovered that none of those emails had been turned over when she departed her "Public Service" as Secretary of State which was required by law. He also discovered that there was Top Secret information contained within her personally archived email. Sparing you the State Departments cover up, the nostrums they floated, the delay tactics that were employed and the outright lies that were spewed forth from the necks of the Kerry State Department, we shall leave it with this..... they did everything humanly possible to cover for Hillary. Now this is amazing, guess who became FBI Director in 2013? None other than James Comey; who secured 17 no bid contracts for his employer (Lockheed Martin) with the State Department and was rewarded with a six million dollar thank you present when he departed his employer? Amazing how all those no-bids just went right through at State, huh? Now he is the FBI Director in charge of the "Clinton Email Investigation" after of course his FBI Investigates the Lois Lerner "Matter" at the Internal Revenue Service and he exonerates

her. Nope.... couldn't find any crimes there. In April 2016, James Comey drafts an exoneration letter of Hillary Rodham Clinton, meanwhile the DOJ is handing out immunity deals like candy. They didn't even convene a Grand Jury! Like a lightning bolt of statistical impossibility, like a miracle from God himself, like the true "Gangsta" Comey is, James steps out into the cameras of an awaiting press conference on July the 8th of 2016, and exonerates the Hillary from any wrongdoing. Do you see the pattern? It goes on and on, Rosenstein becomes Asst. Attorney General, Comey gets fired based upon a letter by Rosenstein, Comey leaks government information to the press, Mueller is assigned to the Russian Investigation sham by Rosenstein to provide cover for decades of malfeasance within the FBI and DOJ and the story continues. FISA Abuse, political espionage..... pick a crime, any crime, chances are..... this group and a few others did it: All the same players. All compromised and conflicted. All working fervently to NOT go to jail themselves All connected in one way or another to the Clinton's. They are like battery acid; they corrode and corrupt everything they touch. How many lives have these two destroyed? As of this writing, the Clinton Foundation, in its 20+ years of operation of being the largest International Charity Fraud in the history of mankind, has never been audited by the Internal Revenue Service. Let us not forget that Comey's brother works for DLA Piper, the law firm that does the Clinton Foundation's taxes. The person that is the common denominator to all the crimes above and still doing her evil escape legal maneuvers at the top of the 3 Letter USA Agencies? Yep, that would be Hillary R. Clinton. Now who is LISA BARSOOMIAN? Let's learn a little about Mrs. Lisa H. Barsoomian's background. Lisa H. Barsoomian, an Attorney that graduated from Georgetown Law, is a protégé of James Comey and Robert Mueller. Barsoomian, with her boss R. Craig Lawrence, represented Bill Clinton in 1998. Lawrence also represented: Robert Mueller three times; James Comey five times; Barack Obama 45 times; Kathleen Sebelius 56 times; Bill Clinton 40 times; and Hillary Clinton 17 times. Between 1998 and 2017, Barsoomian herself represented the FBI at least five times. You may be saying to yourself, OK, who cares? Who cares about the work history of this Barsoomian woman? Apparently, someone does, because someone out there cares so much that they've "purged" all Barsoomian court documents for her Clinton representation in Hamburg vs. Clinton in 1998 and its appeal in 1999 from the DC District and Appeals Court dockets (?). Someone out there cares so much that even the internet has been "purged" of all information pertaining to Barsoomian. Historically, this indicates that the individual is a protected CIA operative. Additionally, Lisa Barsoomian has specialized in opposing Freedom of Information Act requests on behalf of the intelligence community. Although Barsoomian has been involved in hundreds of cases representing the DC Office of the US Attorney, her email address is Lisa Barsoomian at NIH.gov. The NIH stands for National Institutes of Health. This is a tactic routinely used by the CIA to protect an operative by using another government organization to shield their activities. It's a cover, so big deal right? What does one more attorney with ties to the US intelligence community really matter? It deals with Trump and his recent tariffs on Chinese steel and aluminum imports,

the border wall, DACA, everything coming out of California, the Uni-party unrelenting opposition to President Trump, the Clapper leaks, the Comey leaks, Attorney General Jeff Sessions recusal and subsequent 14 month nap with occasional forays into the marijuana legalization mix .... and last but not least Mueller's never-ending investigation into collusion between the Trump team and-the Russians. Why does Barsoomian, CIA operative, merit any mention? BECAUSE...She is Assistant Attorney General Rod Rosenstein's WIFE! I did tell ya to watch the wives.

\*Did you know that the people who filmed Rodney King event were on their first visit to America but linked to Australian intelligence who are linked with CIA aka five eyes. The two people who were in the car with him that night died in that car, why has nothing been mentioned about that. Question remains is why King who was serving 8 year jail sentence was let out after 3 weeks later and then soon after that happened? They also gave him a lot of money to buy a house with a pool, funny that as Rodney couldnt swim, how did he die? he drowned.

\*Media yet again reacting to a comment without letting people explain what they mean, latest is Guilliani saying the truth isn't the truth, from a direct quote that doesn't make sense as a statement, but that is reading it as a headline statement and not looking at the narrative that follows. CNN, MSNBC all put out their version as the truth, but we all know by now it is not the truth, so in that context the truth isn't the truth. Keep digging your own graves msm, the countdown clock on your treasonous behavior and accepting blood money is coming to a close.

\*Portal people and their criminal enterprise backing them now want Trump impeached for payments to 2 slappers he slept with before the election, like 11 years before, quite why he felt he had to pay it to safeguard the election result is down to how we the people react to such indiscretions, how does sleeping with another woman equate to not being right to do a job? Well the role of a President is one of the highest moral jobs they say, really? we expect that? why havent all previous Presidents been held morally accountable then? Who Trump slept with is an issue between him and his wife only, when the other candidate can walk around with various peoples blood on her hands, various childrens lives ruined, heinous crimes on top of that, and the sole focus is whether Trump banged 2 slappers and gave them money, Clinton screwed every American by selling our inground resources to Russia with all monies going to Clinton Foundation. But lets focus on the past sex life of Trump shall we say the Portal people - I say lets focus on the private lives of the Portal people expose it and see how they like it.

\*Life when viewed from outside the box throws up all kinds of things to ponder on, some of which we have covered on the shows, but a repeated one crops up maybe every day for some, maybe a few times a week for others, and it all plays into perspective. Children get

much chastized and then often psychologically referred to so called specialists if they keep mentioning imaginary friends. A few things about that is, a child has more senses ages 0-6 and then has them dulled by society and under taught parents, I don't care how many levels of degrees you have, we have all been under taught, only recently have we delved into what is classed as para normal, interesting terms para means beyond, altered or against when merged with normal, it really tells you the term normal is a control system, beyond normal, altered normal or against normal, who decided what was normal to begin with? why haven't we really questioned what is normal? Normal defines boundary's and limits and is another way of reductionism I mentioned in a previous show, you could say normal is what is in the box, the box is the system that has limited everything, a bit like the term the sky is the limit, really? it might be your limit, but it is not mine. Everywhere you look in society it is all about reductionism and limitation and for too long too many have just consumed both far too easily. So, back to the imaginary friends, society tells us one thing but always covers up another, and it is all about perspective, perspective should be your view of the world, not somebody else's, or largely one that has been created for you to follow. The question is, is why are children who have imaginary friends treated with derision, ridicule or worse sent to book read psychologists, and yet 3B people or more can parade around the planet declaring a love for someone they have never met in person, entrusting and dedicating their whole lives to this one person called jesus, who in essence is an imaginary friend, funny that, but you see it is all about perspectives isn't it.

\*psychotic AI/magnetic field overlay frequency/veil/ simulation is gone or faded to a point of non interference, we are only experiencing the memory of it, those who hold onto the memory are holding onto the control system, a case of give it energy and it comes to you, don't and its not there. It is a bit like making a curry based meal, the meal, the dishes, the pans are all gone and clean, but the smell lingers for days or weeks. A further example is from one of the concentration camps in WW2, all the guards had left and gate was open and yet the prisoners stayed there for a number of days or weeks, why? because people are terrified of change, or stuck in the damaging cycle of victimhood syndrome. To me it all went down around 2014 through 2015, this was why the CERN project was important to them, that failed as well, lost count the number of doomsday posts and worried questions about CERN we answered back in CV, every answer came back, was ignore it, funny how it has hardly been mentioned since August 2015 isn't it, before Simon Parkes did his kumbaya session. I was in a fortunate position to experience or sense some of it, but those are my experiences and feelings, but they are not the experiences of everyone, so this is why there are some who believe it exists and some who don't. It's time to create a new reality and a new future or you can stay fixed in the loop, the veil, the simulation or the psychotic AI program, pick your poison or choose a new path.

\*We have become accustomed to others running our lives and handed over all of our personal responsibility, including ownership of our children, cars and homes, we allowed that to happen because we didn't pay attention, yes, there is evidence we have been interfered with on many levels, but once aware do we have the balls or gumption to correct those ills? well this is why we have an alternative media, we all came to this platform to learn the truth. It applies on all levels of any type of interactions, we spoke last week of energy vampirism of people around you and within your circle of influence and resonance. The same applies to cabal, govts, law, the order and the factions we allowed them to control us via vampirism, many will not see it that way, but it is the hidden reality of what has taken place. Lets take the most irrelevant of those groups government, over time we dissolved our responsibility and gave them control over every aspect of our lives, control of our money, how we can spend it, make laws to remove more of our money, decide to boom and bust economies, gave us illusion of voting for a different candidate or party is the right way forward, and the worst aspect is made virtually a whole population forget that the monies govt has is ours, not theirs. So we have a disconnect of society, where a lot of people rely on the government to run their lives and our money, and yet the govt people don't run their own lives, never mind ours. How many if asked would spend \$700B on military or \$700B on homeless, child poverty or other poorly run aspects of our lives? What have we the people got out of spending \$700B+ each year? where is our return on what is essentially our investment? are we safer? nope, new beneficial technology? nope, do they protect us? nope, so why do we allow it? Unless we are getting real benefit out of it, which would involve them going to war on criminal elites, not poor defenseless countries, then that money is being badly wasted.

\* wetiko is a fancy name for a walk in, described as a predatory monster thrives on greed and selfishness, like cannibals they consume the life force of the host, Native Americans have often portrayed the wetiko as having a frigid, icy heart, devoid of mercy. Wetiko meaning means solely for the self, but can only host on people who exhibit similar traits for greed, selfishness and service to self and excess, so the answer lies within you, if you are none of the above, then you have nothing to worry about, but 51% or more on the STS side is still service to self. 51% or more STO requires sacrifices in some part of your life, a sad reality but that is the way it works, but if everyone gave a little away of themselves, all the problems on this planet and the wetiko goes away, too few are really willing and are content to wait for others to fix things, hence issues roll on. The answer to that problem lies within each of us.

\*Alternative media has been called by many names largely some expletive followed by some media and agency driven meme, but we have plotted on through extreme turbulence in our world and many of extreme turbulence in our personal lives also, and we are still in here fighting, highlighting and exposing the crimes of the criminal elite. Unlike in the

past where we had vigilantes with pitchforks and spades, or more recently mercenaries doing their dirty work, we have carried on largely in a stance of non violence, time to give yourselves all a pat on the back for that stance, and recognize we are all the non violent vigilantes, lets hope we keep it that way

\*Caring and SHARING is a lost art it seems, those unwilling to share will always hold us back. Those who think everything has to be monetized and then spout about spirituality are stuck in the duality and non expansive progression of the self. Imagine if all of our higher selves demanded compensation for thoughts, ideas, warnings and intuition from the 3D version where we would all be? bankrupt. Society is morally bankrupt if people claim domain over ideas, writing, blogs or shows, then wish to monetize it for themselves, that is an exact replica of the current system!! do people not see that? all about me and f everybody else is why we are in this control system. THInk and act different is the way forward, not replicating the failed cabal system.

\*based on a question I answered in recent show and my concerns over Keshe stuff, I have received emails from people who bought certain items and none of them worked, doesn't mean to say all of them don't work, but reaffirms my suspicions about Keshe and his gadgets.

\*I posted an article of various places around the world this week that highlighted in stark terms the difference in living conditions between the have and the have nots. A plethora of places globally where a thin very defined wall divided you from nice living to abject slums. The key to changing that is those in the nice living areas demanding those on the other side of the wall be housed in a civilized manner, but is it not the case too many whose lives are reasonably comfortable have ignored the evils of the world because their life is fine, but one lost job, one medical issue or one bad accident puts you on the other side of the wall, so the world of living for everyone is balanced precariously, and that should be a driving force for us all, we can't all continue to believe it is ok if it happens somewhere else or to someone else, it is important whether it's an American, British, Muslim, Russian, African or native, there is no distinction.

\*Many people are intrigued exactly what we do in the team, well we are kind of operating on many levels currently, it does not only involve the surface world or this planet or even this solar system, but don't think for one minute we are the only ones doing this, we are not, each have their roles, but some from certain perspectives are deemed a bit more important than others, the key way to look at it is that you are doing important work, not the levels of how important you are, I said that when I was a co show host and it still remains today as the show host and working with the trust. It requires people to be prepared to sacrifice much, be prepared to face a barrage of attacks from known faces and enemies and unknown faces and enemies as well, it requires a minimum

of 75% or more of being service to others, which too few will allow themselves to be, 51% service to self is still service to self and is not conducive to what we are doing here, at 75% STO or more it requires sacrifice of a very heavy level, and being prepared for all possibilities and probabilities and preparing for those situations ahead of time, it helps those involved stay centered in a world, where many are determined to throw you off balance, because they can't handle the truth, too deeply programmed or just bad minded. Loyalty and trust on our part is limited, as we have seen too many jump ship when going gets tough and then play for the dark side, this is where the STS or service to self kicks in and why it required only certain ones to participate. There is much to be cleaned up, deleted, re-arranged or repurposed on this planet, to get to a better evolutionary stage in our development as a species, and all will have to participate on various levels to achieve that. In reality, with this plane we are breaking down many levels and many years of a control system, this is the inner war I speak of, but great progress has been made and much more to follow, but we have striven to provide the platform for us all to operate from under the following guidelines. Where there was divide and conquer we are building bridges, where there are lies, we are spreading the truth, where there is competition we are spreading sharing, where there is anger and hatred, we are dampening the fire, where there is despair we are creating hope, where there is illusion we are teaching reality, where there is service to self, we are teaching to be of service to others.
