

## THI-SHOW TRANSCRIPT 2018-11-01

\* There stands now a real opportunity for the clowns to turn the page, that old book has ended and has missing chapters which can never be returned, we have a new book and chapters, preferably together, but either way we will prevail. Expect chaos to rain now and to the end of the year and possibly beyond depending on how things unfold. Cabal are in complete turmoil now as they dont know which way to turn. Some are now considering quitting the old system and going with a new one. Expect a raft of false flags particularly before and on Tuesday to disrupt everything that is going on. Expect to see more firings within the government, military and agency fields. Fear porn will ramp up heavily, dont give it energy. All alt media rogue elements are in and on the attack mode now, sent out by their paymasters to implement chaos strategy and confusion, virtually all groups this show has called out, are employing attack tactics against us, be wary. Message to our members, shield up as much as possible, this group is under heavy attack by various groups and entities currently due to our exposure of their lies, programs and illicit ways. We have already seen one group try that in Mewe this week more is expected to follow, we are aware of who is doing it and also why, and we will reveal more names and what they have been up to in due course, please do not ignore this warning as they will throw everything at you, me and us, our knowledge base within the shows has had a massive impact globally and people are acting upon it, this makes us all a target, if anyone is talking or saying things in private that is contrary to what this group is all about, please let me know via email or private message, they have agents everywhere now trying to take you and us off our path.

\*benjamin Netanyahu in big trouble I hear, I told you all recently watch Saudi, Israel and Yemen actions ongoing.

\*Numbers of arrests have taken place in Atlanta of rogue elements, Atlanta for reasons as yet undetermined is a hotbed, possible SSp related, remember the plane incident, shut down of the airports etc? all linked, will have more details when made available.

\*Big crackdown started 2 days ago on "Fake Indians" as in the Cherokee Tribes who are not cherokee and fake indian supposed sovereign banks. It is my understanding that top people in that tribe are Nazis, the 2 leaders one lives in Scotland the other in London. Those of you familiar with internet people Matt Schuller and Magan who have appeared on Tolec's and other shows are part of that tribe, diverting funds away from the tribal people. This is part of an ongoing global investigation, as most tribes have been taken over by rogue so called chiefs, to claim land, sovereignty and steal vast funds away from the people. The fake judge up in Alaska and her team I suspect will also come under scrutiny, she is another involved in fake operated tribal group, setting up fake banks with no license known as the Bank of Dene, whilst attempting to steal 1/3rd of America's

inground resources for transfer to Chinese Elders. Her latest rants are all against British establishment and alot of that is correct, and yet her partner Mr. Belcher is also British establishment - funny that.

\*Fulford also suggests to cash in 1934 fed bonds, except The Fed is broke so they cant cash them in, and also the fact that bonds are only created and valid during war time, and since the peace treaty was signed in August 2016, all bonds (which are war debt instruments) now are not valid, and can only be used as a bank asset. The lack of knowledge yet again rears it's head on many levels, most people including Govt and Central Bankers are totally unaware of how the monetary system and all it's components work or how to operate it, this needs to be corrected and quickly. All these bonds have been reconciled now and are not to be used for leverage and other rogue purposes.

\*Another sign of the failing Rothschild's empire following the sell off of their stocks earlier in the year and also some homes, now they are selling off further properties and also artwork, I hope everyone hardballs the sales to that parasite family. They have trampled all over humanity including their own minions, well now you all have the opportunity to trample back on them, as they slide into oblivion in wealth, assets and control.

\*October 31st there was a deadline set by all agencies, The Pentagon, the military and other factions within this country, where for the last week they were choosing to help neither the Chinese Elders/Rothschilds or MWHT, like a partial stand down. Chinese Elders/Roths were given orders by the aforementioned group until last night to come up with the funds or many would decide to go a new way with The Trust. We await to see what unfolds from all of that, but we expect many now to see through the illusion and step down, and hopefully take some actions against those who have committed treason and heinous acts against the public.

\*mirrors treasury Whilst negotiations and agreements were being made between The Treasury and MWHT some tweaking of the system was made to due interference in the transactions and also Kim tidying up more backdoors being ran out of the NSA and others into the Treasury. When suddenly the whole treasury screen changed and went live, as in real live, seems The Treasury has being operating on mirror screens like all the other depts. Predictably there was much less in several accounts, shell companies, shell people and shell organizations were within the system syphoning money. Embezzling funds is one thing that has gone on forever and needs to be dealt with accordingly, but this is a total national security issue and needs the severest actions to be taken out on those perpetrating it.

\*Fema and Mnuchin along with others have blocked and delayed an attempt by Manna World holding Trust to repair or replace every home in the damaged storm areas, replace electric grid, fix all the roads, bridges and traffic signals. Done in a manner that is totally transparent and 100% accountable. Everything was budgeted for and trucks, equipment, materials, temp power generators all sourced and ready for delivery which would have created many new jobs, but the clowns intervened, this package was a \$20B program, not including a possible full replacement of the air base Tyndall. A separate package was all sourced for the Carolinas storm as well, but FEMA was instructed to wait for Rothschilds pay out to fund the projects, predictably that never arrived. Meanwhile a month and 3 weeks have gone by and people are receiving no help. How much longer are American authority people going to allow this nonsense to continue? Mr. Mnuchin outed as being fired or resigned depending on how it is portrayed to the media, he was fired to be clear, will now be outed after midterms.

\*A federal judge ordered Tuesday that the U.S. Department of Education, led by Betsy DeVos, must implement immediately an Obama-era student loan forgiveness rule. Here's what you need to know. Attorneys general from 19 states, plus the District of Columbia, sued U.S. Secretary of Education Betsy DeVos and the U.S. Department of Education for delaying a borrower protection rule that was scheduled to take effect beginning July 1. The lawsuit was filed in federal district court in Washington, D.C. and alleged that DeVos illegally delayed the implementation of the borrower defense to repaying rule, which was intended by the Obama administration to make it easier for defrauded student loan borrowers to receive student loan debt forgiveness. The attorneys general claimed that DeVos violated the Administrative Procedures Act because she did not meet the standard for a delay, give proper notice or afford adequate time for public comment. The lawsuit asked the court to implement the borrower defense rule promptly.

\*2 signs pointing towards change within the old system Angela Hitler is not running for chancellorship after her Christian Social Union allies gained the worst election results in Bavarian history, and her own CDU suffered the same fate in Hesse's regional vote. In their stead, the anti-establishment Alternative for Germany has captured the last 16 state parliaments, reports said. Also in Brazil when a nationalist congressman Jair Bolsonaro wins the presidency in the latest Brazilian national elections, in another rebuke to hegemonic politics emanating from the cabal. Some have called him the Brazilian Trump, a populist candidate for the presidency. His mantra: "Brazil Above Everything, God Above Everyone". The professional political elites who rule within international circles have been throwing every attack possible at candidate Jair Bolsonaro. Two-months-ago his left-wing political opposition stabbed him in the liver in an attempted assassination. Bolsonaro believes in open market free-trade; Brazil-first nationalism, and protecting the integrity of the Brazillian national identity.

\*In response to crystals and how to clear them out..... I was taught to set crystal on table or ground if you prefer. Next, find the two largest, flattest spots. With feet on ground if sitting, put thumb on one flat spot and index finger on the other and hold, keeping contact with table or Earth for 1 minute while picturing it clearing. Now, remember that a crystal is like a computer. It stores data so make sure you put love into it. The more you hold it and show it love the more powerful it becomes. If you put hate into, that's what you will get out of it so be very mindful. Do not let anyone touch your crystal after you clear it because it will also have their energy as well. If you need to however, just clear it again. And do not wear next to your heart unless you can handle your powers because it will attract a lot of energy and next to your heart is not where you want it attracting to. I learned all of this the hard way when I was only a little kid. I had a medicine bag and put a crystal in it w/out knowing any of this and it made me deathly sick the 3 times I wore it. All 3 times after 1week I got deathly sick. Now I have many crystals and use them for healing.

\*Fulford calls for release of Winston Shrou, but the things is and why I kept telling people you cant go up against the current system unless ALL people do it, they just pick people off. No idea why the system went after Winston Shrou as he is part of Langley 2 team or was. Morton, Sheridan, Shrou all being jailed plus Jaraff she was the most stupid ever, she was warned of the different 6-7 Treasuries which were created to syphon funds out of the real Treasury, the real govt one was emptied back in the 30's, and she still went against the empty Govt one, she is lucky she only got a minor sentence, all of these people should be sentenced reduced except Sean David Morton who took a lot of money off people in that scam, but other more well known alt media personalities were involved in that, and yet walked away scot free. Going forward as largely in the case of Jaraff and Shrou they were set up to deliver funds for deeper layers of the rogue elements, and they are the real ones who should be put in jail.

\*I hear people saying what does your gut tell you often and felt I need to remind people this is a word spell program. Many people are trapped in the solar plexus layer which is the third energy center of the body, a bit like many people being trapped in the 3rd layer of the evolution planes on the astral, it is all by design, as the next layer is the heart center for the body and mental planes for soul evolution. The development of the heart center is were rapid development starts to take place, heart has as many if not more neural connections than the brain, the heart is where you develop empathy, soul connections, intuition and balance, it does not serve you wrong if you fully trust in it, that is the key. People will say I have had my heart broken and yes many of us have, but you will have been given warnings of what was to come, if you are really immersed and operate from the heart, but many choose to ignore it, I knew both times ahead of when Chloe left I could sense, I was shown it in visions, so I knew what was coming, despite verbal denials

to the contrary. Heart is where people get hurt the most, and too many choose to ignore that pain and lower it into the lower energy centers, and then they use the word spell magic to get you to say go with your gut or what is your gut saying, these are tricking you into the lower centers and ultimately blocking you off, from being the real you. This is why the inner and shadow work is more painful than it should be, even when many years have passed from that trauma, the lowering of the trauma and pain into the lower energy centers is in essence a city of light pill, forget the pain, forget the trauma and parcel it all the way further down, if it goes too far down it ends up in the sex energy center and people will develop sexual issues both physically and mentally. There is no easy path to operating from the heart, it is not a light switch moment, or something that can be developed too quickly, but as each onion layer of inner issues are stripped away, processed and released from the body, the closer you get to being and operating from the heart.

\*You have heard me mention program members so thought I would do a piece on it. So, what is a program member, well there are various programs done via mind control one of which we mentioned last week done by the CIA, they are not the only group doing it, just to be clear. These people could be born into one of the bloodline families or some elite family group, and they are trained from birth, they are tortured and disconnected from their families and the handler then becomes the family. They are then inserted into various programs which could be involved in military, corporate positions, banking, politics and any other fields where their skills are required, this is why nothing appeared to change over time, as all these people were programmed into their relevant positions. They are told they are special, told they are above and beyond ordinary humans and told a whole raft of hidden knowledge, magic and ways, except they were also lied to in case the program broke down and they started to remember portions of it, all illuminati children go through this process. But my concern has been those in the alt media and there is two operations running, a general program member and also what is known as Monarch program members. The general program members like Aug Tellez, Laura Leon, Lily Earthling and even Shane the ruiner, all have much to say and reveal with varying degrees of truth, they all believe they are telling the truth, except as Shane said himself to Aug Tellez "you do know we were all lied to" Shane's stuff has been of immense value overall and I thank him for stepping out, and revealing certain things, before being forced back into the program and the elite umbrella, as for the other 3 I am not so sure that their material really adds to what we know, as is heavily based in a divisive sidetracking nature and also riddled in fear porn. The Monarch program generally entails using pretty girls to do their dirty work in whatever field applies, there is at least 3 within the alternative community, they are programmed to do whatever it takes on the desired target whose roles go from getting information out of the target, distracting them from their mission, disrupting day to day life and their particular target's relationship, friends or family, these people are use their sexual appeal and sexual drive to cause mayhem, all of them have a

high sex drive or prone to over sexualizing aspects of their life and also the targets, the lure of a pretty girl with high sex drive appeals to many men, as they are often the target of these program girls.

\*I hear the fear porn drums banging again of nukes being fired or being threatened at one country or another, except their is one issue of the nuclear codes. Did you know that ALL launching nuclear codes for every country, was held by one country? Yes and that country was the USA. This will stagger most, some will remember me mentioning it prior, but we have new members now who will not be aware of this issue. What this declares is the whole nuclear arms deal and race between different countries was a total illusion, so if by chance the Russian fired nuclear weapons at America, the launch codes and button pressed would have been done from America. Marduk had control of the codes from America, he and they no longer have control of the final launch codes as they are housed within the Quantum system now, and no country, leader, family or cabal is getting anywhere near them ever again. So, the nuclear and cold war was all a complete sham, this should now show you that countries per se are not the problem, like say N.Korea, Iraq, Iran, Israel etc they have no say in the matter, they are not important, countries dont exist in the control structure plans, just pawns to be used in the game. America took over the role of global bullies from Britain, Holland and Spain, it is nothing to do with America and or its people and everything to do with playing the game. So next time you hear China or Russia or some other country is a big problem, recognize it for what it is, a global chess piece without the country label.

\*Feminism piece response

Excerpts from the Talmud\* Sanhedrin 59a

To communicate anything to a Goy about our religious relations would be equal to the killing of all Jews, for if the Goyim knew what we teach about them, they would kill us openly.

Libbre David 37

A Jew should and must make a false oath when the Goyim asks if our books contain anything against them.

Zohar, Toldoth Noah 63b

When the Messiah comes every Jew will have 2800 slaves.

Mas. Shabbath 31b

On the house of the Goy [Goy means unclean, and is the disparaging term for a non-Jew] one looks as on the fold of cattle.

Schulchan Aruch, Choszen Hamiszpat 156

If it can be proven that someone has given the money of Israelites to the Goyim, a way must be found after prudent consideration to wipe him off the face of the earth.

Zohar, Vayshlah 177b

That the Jewish nation is the only nation selected by God, while all the remaining ones are contemptible and hateful.

That all property of other nations belongs to the Jewish nation, which consequently is entitled to seize upon it without any scruples. An orthodox Jew is not bound to observe principles of morality towards people of other tribes. He may act contrary to morality, if profitable to himself or to Jews in general.

A Jew may rob a Goy, he may cheat him over a bill, which should not be perceived by him, otherwise the name of God would become dishonoured.

Sanhedrin 58b

[In other words, if a non-Jew kills a Jew, the non-Jew can be killed. Punching an Israelite is akin to assaulting God. (But killing a non-Jew is NOT like assaulting God.)

If a goy killed a goy or a Jew he is responsible, but if a Jew killed a goy he is not responsible.

Choshen Ha'mishpat 425:50

Everyone who sheds the blood of the impious [non-Jews] is as acceptable to God as he who offers a sacrifice to God.

Yalkut 245c

Extermination of the Christians is a necessary sacrifice.

Zohar, Shemoth

Tob shebbe goyim harog - Even the best of the Goyim (Gentiles) should be killed.

Zohar, Shemoth, Toldoth Noah, Lekh-Lekha

Jehovah created the non-Jew in human form so that the Jew would not have to be served by beasts. The non-Jew is consequently an animal in human form, and condemned to serve the Jew day and night.

Midrasch Talpioth, p. 225-L

Everything a Jew needs for his church ritual no goy is permitted to manufacture, but only a Jew, because this must be manufactured by human beings and the Jew is not permitted to consider the goyim as human beings.

Schulchan Oruch, Orach Chaim 14, 20, 32, 33, 39

A Jew may do to a non-Jewess what he can do. He may treat her as he treats a piece of meat.

Hadarine, 20, B; Schulchan Aruch, Choszen Hamiszpat 348

A Jew may violate but not marry a non-Jewish girl.

Gad. Shas. 2:2

A boy-goy after nine years and one day old, and a girl after three years and one day old, are considered filthy. After those ages are past it is ok to sexually use and abuse those children, this is known within the circle as pedistry, glorified pedophilia. Should we all denigrate Jewish people for reading and believing in this type of frankly disgusting narrative? Not really, the jewish people have been duped on a massive scale, told they are the chosen ones (a bit like Mr. Mnuchin and that never turned out well for him) used as pawns as the worlds pariah, created all the world religions via the talmud, the torah is the watered down version for the christians, this was all passed onto them by the former control system. In essence they are victims, but not necessarily fully guilt free either, it is passed down from generation to generation and it has turned many people against the so called jews. Anti - semitism is often used against people who are critical of their practices, except one important fact is often left out, is the jews are not semites, most originate from Southern Russia border countries and also India, this was covered in my series From Russia with love, and those people have been used as a political, religious football for many, many centuries now. Like in previous piece about nuclear codes, Israel as it was called by the elites mainly out of Britain via The Balfour declaration, where

they were paying homage to their "gods" Isis - Ra and El, El means god as does Al aka Al -lah, so when you hear it is the Jews doing this or that, think it is the system using jews to do this or that, not blame the people or the region. The Brits told all in their hymn they were creating what is essentially a military base in the Middle East with the song Jerusalem, and was Jerusalem builded here, in England's green and pleasant land. The current Jerusalem is the 3rd of that name, the original was Urusalem and was in Russia, the 2nd Jerusalem was created by Constantine (another Brit) and was more commonly known as Constantinople, so you see Jerusalem is not a fixed place but is transient. So dont blame Jews for all ills in the world, the issue were created for them in a massive finger pointing blame game, but the Jewish people really need to ditch The Talmud book altogether as it is beyond disgusting the narrative out of that book, a book that was not created by Jews, but given to them to follow by their Annunaki overlords like Abraham, Enoch, Moses and Noah. It is time the Jewish people started to see through the illusion and realize they have been played, badly.

\*Trump has gone on full scale attack on the media this week, but who cares what portal people say or think? this is the key, they have nothing to offer us, they know way less than us, so what value do they have for us? except wasting precious life force energy and time? those people are vacuous cretins they bring nothing of value to the table of life, and should be removed immediately, various ideas of how to do it, have been pushed forward from this show, it is way past time at least one of those suggestions was acted upon.

\*everything is connected or linked once you see the pattern, when you master the pattern it applies in most other fields, and you can then predict the "future" with it, future is the past once you see the pattern. We are creating new patterns for a new way for all life, whether clowns like that or not, we don't care what they say, do or think, as what they say, do and think is ALL flawed and a failed timeline. We told you back in 2013 you had failed and we have a new and better way for the survival and benefit of the all, you didn't listen, We told you your looking glass tech wouldn't work after 2012 - it didn't. We told you in the meeting your slow disclosure plan of 50 years would fail, you laughed, but you failed. We told you your WW3 would not happen, you didn't believe us, but again it failed. We told you your genocide program of eliminating 90% of us would fail - it did. Your chemtrail program, it failed and most are now immune to it. Your virus program operating out WHO Zika, H1N1, ebola etc all created and administered by WHO, we told you it would fail and it did. We told you your vaccine program would fail - it did, we told you your banking system would collapse - it did, Your attempts to crash the world economy program we said would fail - it did. We told you the Chinese Elders would never complete the RV, you laughed again - but it failed again. We told you your oil backed currency program using dinar would fail - it did. You laughed when we told you of the peace treaty being implemented - but we did it, not laughing now are you SSp. You never thought the Non Terrestrials would change sides when peace treaty was

implemented, most were only here to enforce martial law - but many did. Maybe it is time you started to listen to what we the people have to say and do, don't ya think, as everything you do now will ultimately fail, your arrogance has been your own undoing, we told you the people would rise up and you laughed, well, they did and the arrogant smile you all had has now turned to anger and more importantly fear, the one thing you all feared was, has now risen up and said to you all - fuck you.
